PROCEEDINGS OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

MEETINGS OF THE COUNCIL / APRIL 26 & 27, 1976, AUGUST 27, 1976, NOVEMBER 8, 9, 10, 1976

1976

**230 ST. GEORGE STREET, TORONTO
OFFICE, OF THE ROYAL COLLEGE OF
DENTAL SURGEONS OF ONTARIO**

Officers of the R.C.D.S.	2-4
R.C.D.S. President's Report	5-6
Complaints Committee	7
Discipline Committee	8-11
Education Committee	12-18
Faculty of Dentistry University of Toronto	19-24
Faculty of Dentistry University of Western Ontario	25-34
Finance and Property Committee	35-37
Registration Committee	38-39
Professional Liability Insurance Committee	40
Report of National Dental Examining Board	41-42
Treasurer's Report	43-51
Statistical Report	52

MEMBERS OF THE COUNCIL/THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

L to R Front — Doctors E. J. Fox, Assistant to-the-Registrar, E. G. Sonley, R. Paul McCutcheon, P. P. Zakarow, K. F. Pownall, Registrar-Secretary-Treasurer.

Back — Doctors J. Berman, G. A. Shunock, R. D. Leuty, E. J. Siegel, Mr. E. Gudgeon, Mrs. W. Stratas, Mr. R. W. White, Drs. B. P. Martinello (Dr. R. E. Jordan replaced Dr. Martinello from March 31st, 1976), J. C. Dyer, D. A. Cheetham, A. J. Calzonetti.

1976

THE COUNCIL OF THE ROYAL COLLEGE OF DENTAL SURGEONS — 1976

District Representatives

1. J. BERMAN, D.D.S., Ottawa

(Dundas, Frontenac, Glengarry, Grenville, Lanark, Leeds, Lennox and Addington, Prescott, Renfrew, Russell and Stormont and The Regional Municipality of Ottawa-Carleton).

2. P.P. ZAKAROW, D.D.S., Oshawa

(Hastings, Northumberland, Peterborough, Prince Edward and Victoria, the Provisional County of Haliburton and The Regional Municipality of Durham).

3. G.A. SHUNOCK, D.D.S., Sault Ste. Marie

(Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Rainy River, Sudbury, Thunder Bay and Timiskaming).

4. R.D. LEUTY, D.D.S., Toronto

E.J. SIEGEL, M.D., D.M.D., Toronto

(The Municipality of Metropolitan Toronto and The Regional Municipality of York).

5. D.A. CHEETHAM, D.D.S., Owen Sound

(Bruce, Dufferin, Grey, Huron and Simcoe and the territorial districts of Muskoka and Parry Sound).

6. R. PAUL McCUTCHEON, D.D.S., London

(Elgin, Essex, Kent, Lambton and Middlesex).

7. J.C. DYER, D.D.S., Kitchener

(Brant, Oxford, Perth and Wellington and the regional municipalities of Haldimand-Norfolk and Waterloo).

8. A.J. CALZONETTI, D.D.S., Hamilton

(Halton, Hamilton-Wentworth, Niagara and Peel.)

University Representatives

E.G. SONLEY, D.D.S., University of Toronto

B.P. MARTINELLO, D.D.S., D.D.P.H., University Of Western Ontario to March 31st, 1976.

R.E. JORDON D.D.S., M.S.D. from March 31st, 1976.

An Act to Amend the Dentistry Act-1972 stated that

"The Board shall consist of elected members, each of whom shall be a member of the College, and three persons who are not members of the College appointed by the Lieutenant Governor in Council . . ."
Appointed in 1974 were:

Mr. Eric Gudgeon, Milton, Ontario

Mrs. W. Stratas, Scarborough, Ontario

Mr. Robert W. White, Agincourt, Ontario

Section 23, sub-section (2) stated *"The Council shall be composed of, . . ."*

(b) not fewer than three and not more than five persons who are not members of a Council under this Act or registered or licensed under this Act or any other Act governing a health practice and are appointed by the Lieutenant Governor in Council."

The above-mentioned, viz, Mr. E. Gudgeon, Mrs. W. Stratas and Mr. R.W. White, were re-appointed to Council in October 1975.

Statutory Committees

EXECUTIVE:

R. Paul McCutcheon, Chairman/P.P. Zakarow/
E.G. Sonley/Mrs. W. Stratas.

DISCIPLINE:

P.P. Zakarow, Chairman/D.A. Cheetham/R.D. Leuty/E.J. Siegel/R.W. White

Appointed following proclamation of Health Disciplines Act were:

A.J. Calzonetti/G.A. Shunock & Mrs. W. Stratas.

COMPLAINTS:

J. Berman, Chairman/J.C. Dyer/E. Gudgeon.

Standing Committees

EDUCATION:

B.P. Martinello, Chairman (To March 31st. 1976)
R.D. Leuty/E.g. Sonley.

FINANCE AND PROPERTY:

P.P. Zakarow, Chairman/B.P. Martinello (To March 31st. 1976/R.W. White.

LEGAL AND LEGISLATION:

D.A. Cheetham, Chairman / G.A. Shunock / E.J. Siegel.

REGISTRATION:

A.J. Calzonetti, Chairman / E.J. Siegel / Mrs. W. Stratas

PROFESSIONAL LIABILITY INSURANCE COMMITTEE:

R.W. White, Chairman / B.P. Martinello (to March 31st, 1976) / G.A. Shunock / N. Webster.

DENTIST-DENTAL ASSISTANT-DENTAL HYGIENIST LIAISON COMMITTEE:

D.A. Cheetham, Chairman / A.J. Calzonetti / E. Gudgeon / E. G. Sonley.

DENTIST-DENTAL TECHNICIAN-DENTURE THERAPIST LIAISON COMMITTEE:

J. Berman / J.C. Dyer / E. Gudgeon.

R.C.D.S. / O.D.A. LIAISON COMMITTEE:

R. Paul McCutcheon / B.P. Martinello (to March 31st, 1976) / P.P. Zakarow / Mrs. W. Stratas.

REPRESENTATIVES, ADVISORY BOARD, FACULTY OF DENTISTRY, UNIVERSITY OF WESTERN ONTARIO:

A.J. Calzonetti / R. Paul McCutcheon / K.F. Pownall.

REPRESENTATIVES, FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO:

R. Paul McCutcheon / E.G. Sonley / K.F. Pownall.

REPRESENTATIVE, CENTENNIAL COMMITTEE, FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO:

E.G. Sonley.

Officers - 1975-76

President — **R. PAUL McCUTCHEON, D.D.S.**

Vice-President — **E.G. SONLEY, D.D.S.**

Registrar

Secretary-Treasurer — **K.F. POWNALL, D.D.S.**

Assistant to the Registrar — **E.J. FOX, D.D.S.**

Solicitors — **SHIBLEY, RIGHTON & McCUTCHEON**

Auditors — **THORNE RIDDELL & COMPANY**

Inspector — **F.M. GREER**

PRESIDENT'S REPORT

R. PAUL McCUTCHEON D.D.S.

As I prepare these few remarks for the "Proceedings" my term as President of the College has concluded. Frankly, it has been two years of time-consuming, hard work. Nevertheless, when I look back at the advances that I believe the profession has made in that time, I have absolutely no doubt that it was all worth-while. Also, the task was a pleasant one when I recall the help and support given me by my fellow members on Council and the many friends I have made around this province during my term of office.

When I look back over the years 1975 and 1976, the first word that comes to mind is "change". We all know that "change" does not always mean progress . . . but progress usually requires "change" in one form or another. Personally, I do not consider change a threat but rather an opportunity to up-date our thinking and overhaul our skills.

The major change in 1975 was the proclamation of the Health Disciplines Act in July of that year, and we have now existed with the legislation for eighteen months. Whether or not the people of Ontario are

better served as a result of this new Statute is a debatable question. Undoubtedly, there was a need for a considerable amount of housekeeping changes in the old Dental, Medical, Nursing, Pharmacy and Optometry Acts. Many sections were archaic. In particular, the sections relevant to professional misconduct were inadequate and vague.

My main criticism of the new Act is that it seems to me to promote bureaucracy, and as a result it is much more costly to operate the College. I refer especially to the ease with which anyone with even the most frivolous complaint against a dentist has access to appeal to the Health Disciplines Board. Do you realize that a proposal by the Registration Committee to refuse to grant a licence to an applicant whom they deem to be unqualified can trigger off hearings that could last for days and cost the College thousands of dollars in legal and other fees? In the present-day consumer-oriented society it appears to me that there are no final decisions. No matter who decides what, there has to be a higher authority somewhere to whom to appeal! I do not really object to this principle but I emphasize that it is very costly, and in these days of financial restraint I often wonder if we can afford it.

While the introduction of the Health Disciplines Act has been the basis for many changes, it is not the only cause for change. Many aspects of the practice of dentistry are changing and we must adapt to change or lag behind. For example, the "Who", "What", "Where", "When", and "Why" of the dental

auxiliary question demands answers. It involves the lives of thousands of people. The policy of the College in regard to auxiliaries has been one of controlled expansion. While it is recognized that the dental profession requires an adequate number of well-trained staff, to train too many people - many of whom could not find employment - does not seem fair.

The changing attitudes of the public to dentistry is a cause of concern. Access to quality dental care at a reasonable cost is becoming a key issue in the public forum to-day. If one accepts the premise that access to dental care is the right of all individuals, then the dental profession must assume its share of the responsibility to ensure the availability of such care to all persons, regardless of income or geographic distribution. Working in harmony with our sister organization, the Ontario Dental Association, I feel certain that the profession can meet this challenge.

The reports of the various Committees of the College are included in these "Proceedings". I hope you will take the time to read them. A short report may represent countless hours of effort on the part of the members of the various Committees.

Are there clouds on the horizon for the dental profession? Yes, there are a few. For example, if general immigration remains restricted and if the birth rate continues to decline, it appears to me that the ratio of dentist to population will drop in a few years to a level where the time of many dentists will not be fully occupied. A new study of manpower needs, based on present conditions, should be considered.

One other safe prediction I submit is that in the future it is going to cost considerably more money

to operate the College. The amount of practically every budgetary item is increasing. The need for additional senior staff at our headquarters is urgent; Our people there have been overworked for some time.

In concluding these comments, I want to thank every member of Council for the services rendered by them to the College and for the assistance they have given me over the past two years. To the members of the dental profession, the dental hygienists, the preventive dental assistants and the dental assistants throughout the province, I say "You are the best". Finally, to the Registrar and the entire staff at 230 St. George Street, Toronto, I say "Thank you" - you made the position of President a sinecure.

R Paul McCutcheon

COMPLAINTS COMMITTEE

J BERMAN, D.D.S. (Chairman) / J.C. Dyer, D.D.S. / Eric Gudgeon

In 1976 the Complaints Committee met twenty-one times and reviewed 337 complaints; in 191 cases the patient and dentist involved appeared before the Committee. Seven cases were referred by the Committee to the Discipline Committee of the College.

Twenty-one cases were appealed to the Health Disciplines Board. In nine cases, the Board upheld the decision of the Committee; in one case they recommended that the amount of the refund to the patient be increased; in one case they directed further investigation and action be taken by the R.C.D.S. - they directed that one case be brought before the Discipline Committee; two others were referred back to the Committee for further deliberation; and in the reminder no decision has been handled down by the Board to date.

While the majority of complaints still involve the fitting of complete and partial dentures, the Committee is concerned about the increase in two areas, viz. the number of complaints involving unsatisfactory crown and bridge work, and cases where required treatment was not rendered and negligence charged.

DISCIPLINE COMMITTEE

P.P. Zakarow, D.D.S. (Chairman/D.A. Cheetham, D.D.S./

R.D. Leuty, D.D.S./E.J. Siegel, M.D., D.M.D./Mr. R.W. White

Members added following the proclamation of the Health Disciplines Act,
July 14, 1975: A.J. Calzonetti, D.D.S./G.A. Shunock, D.D.S./Mrs. W. Stratas

Five discipline hearings took place during the year 1976, viz. January 9th, 5th, 6th and 7th, August 27th, November 3rd (two hearings). In two hearings the Committee membership comprised Drs. Cheetham, Shunock, Siegel, Zakarow and Mr. White. In the remaining three hearings the members were - (a) Mrs. Stratas, Drs. Siegel, Calzonetti, Cheetham and Zakarow; (b) Drs. Cheetham, Leuty, Calzonetti, Zakarow and Mr. White; and (c) Drs. Leuty, Shunock, Siegel, Zakarow and Mrs. Stratas.

1. The Committee met on January 9, 1976 to consider and determine allegations respecting the conduct of:

Dr. Elsel S. White
151 Eglinton Avenue West
Toronto, Ontario

It was alleged that Dr. White was "guilty" of professional misconduct or incompetence in twelve matters with respect to the services he rendered to a patient.

Whereas Dr. White pleaded "guilty in respect to the following allegations:

(a) That he had been guilty of professional misconduct or incompetence with respect to his treatment of the patient in that as a part of the treatment he prepared a tooth, described by him as the lower right third molar (i.e. 81) for use as a

fixed bridge abutment, whereas the condition of this tooth was such that its use for the said purpose was inappropriate;

(b) He had been guilty of professional misconduct or incompetence with respect to this treatment of the patient, in that the temporary maxillary splint constructed and fitted by him was inadequate both functionally and aesthetically;

(c) He had been guilty of professional misconduct or incompetence with respect to his treatment of the patient, in that he failed to either diagnose or treat, or both, a lesion with respect to the lower left third molar (i.e. 18) or its surrounding tissue;

(d) He had been guilty of professional misconduct or incompetence with respect to his treatment of the patient in that he failed to diagnose a lesion with respect to the upper left first bicuspid (i.e. 14) or its surrounding tissue;

The Committee agreed that the other allegations contained in the Notice be withdrawn.

After consideration of all matters of evidence and findings, the Committee assessed the following penalties:

(1) That Dr. White be reprimanded and the fact of the reprimand be recorded on his personal record;

(2) That his certificate of licence be suspended for a period of four months, but that three months of

his suspension be remitted conditional upon compliance by him to the satisfaction of the College with the following terms and conditions:

(a) Payment of a fine of One Thousand Dollars (\$1,000.00) by no later than March 1st, 1976;

(b) Payment to the patient of the sum of Two Thousand Three Hundred and Fifty Dollars (\$2,350.00) by no later than March 1st, 1976;

(c) Attendance and completion by him at his own expense and to the satisfaction of the College, within a period of twelve months from the date hereof, of such courses of study and seminars as the College may deem appropriate, it being understood by him that such courses of study and seminars may take place outside the province of Ontario;

(d) That he refrain from undertaking any extensive oral rehabilitation treatment until his competence has been upgraded to the satisfaction of the College;

(3) That the suspension of his certificate of licence commence April 1st, 1976;

(4) That this hearing and the decision of the Committee therein be published in the annual proceedings of the College.

2. A meeting of the Committee was held on July 5th, 6th and 7th, 1976, to consider and determine allegations respecting the conduct of a dentist.

It was alleged that the said dentist was guilty of professional misconduct in that during the treatment of one of his patients, in or about the years 1971, 1972 and 1974 he did engage in conduct relevant to the practice of dentistry that having regard to all the circumstances is regarded by members as disgraceful, dishonourable or unprofessional, in particular, during the aforesaid period he demonstrated a gross lack of discretion with respect to his dealings with and treatment of the said patient.

Dr..... pleaded guilty to the charge.

With respect to the penalty, the Committee directed:

(1) That his certificate of licence be suspended for three months, with total remission in the event that he effects restitution to the patient in question within sixty days from the conclusion of the hearing of the sum of \$375.00 (Three Hundred and Seventy Five Dollars). In the event that this amount of \$375.00 is not paid within the said sixty days, suspension of his licence to go into effect immediately.

(2) That all dental services rendered by him for his female patients will be rendered in the presence of an adult third party for a period of five years from the date of the conclusion of the hearing. "Third party" is defined as a member of his staff, his wife or adult member of the family of the patient being treated by him.

That he be inspected from time to time to ensure compliance with this restriction on his licence.

(3) The imposition of a fine of One Thousand Dollars (\$1,000.00) to be paid to the College within sixty days from the conclusion of the hearing of the committee.

(4) That he be reprimanded and the fact of the reprimand be recorded on his personal record.

(5) The Committee ordered that the publication of this inquiry and hearing be included in the annual Proceedings of the College but that the identity of the defendant and the above-mentioned patient be omitted.

3. The Committee met on November 3rd, 1976; to consider and determine allegations respecting the conduct of -

Dr. Albert C. Rust
5193-A Yonge Street
Willowdale, Ontario

It was alleged that Dr. Rust was guilty of professional misconduct in that during the year 1976 in the course of engaging in his practice -

(1) He failed to maintain records that he was required by Ontario Regulation 576/75 under The Health Disciplines Act 1974 to be kept in respect of his patients or practice, and in particular those records described in clauses 37(b) and 41 of the Regulation;

(2) He failed to maintain adequate records with respect to his patients or practice, that are required to be kept under clauses 37(b) and 41 of the Regulation;

(3) That he did on a number of occasions improperly use his authority to prescribe a drug, namely demerol;

(4) He did on a number of occasions improperly use his authority to dispense a drug, namely demerol;

(5) He permitted a person not so authorized under the Act, the Regulation or Section 12 of the Dentistry Act, R.S.O. 1970, C. 108, so to do, to engage in the practice of dentistry; and

(6) He counselled a person not so authorized under the Act, the Regulation or Section 12 of the

Dentistry Act, R.S.O. 1970, C. 108, so to do, to engage in the practice of dentistry;

Dr. Rust was found guilty of the charge.

Following due deliberation and examination of the facts presented in the submission by both counsel with respect to penalty, the decision of the Committee was as follows:

- (1) That Dr. Rust's licence be suspended for a period of six months to commence as of December 24th, 1976;*
- (2) That he be reprimanded and the fact of the reprimand be recorded on his record;*
- (3) That a fine of \$1,000.00 (One Thousand Dollars) be imposed, payable by him within sixty days from the date of the hearing;*
- (4) That the following restrictions be placed on his licence to practice, viz. -*
 - (a) That he shall not administer a general anaesthetic, this restriction to commence immediately;*
 - (b) That his prescription privileges be limited to the use of antibiotics, this restriction to commence immediately;*

(5) That the proceedings of the Committee, including the name of the defendant, be recorded in the usual manner in the annual Proceedings of the College;

(6) That the name of the Assistant not appear in the Proceedings of the College.

4. The Committee met on November 3rd, 1976 to consider and determine allegations respecting the conduct of -

Dr. Margaret L. Parker
5193-A Yonge Street
Willowdale, Ontario

It was alleged that Dr. Parker was guilty of professional misconduct in that during the year 1976, in the course of engaging in her practice -

- (1) She failed to maintain records that are required by Ontario Regulation 576/75 under The Health Disciplines Act, 1974, to be kept in respect of her patients or practice, and in particular those records described in clauses 37(b) and 41 of the Regulation;*
- (2) She failed to maintain adequate records with*

respect to her patients or practice, that are required to be kept under clause 37(b) and 41 of the Regulation;

(3) She did on a number of occasions improperly use her authority to prescribe a drug, namely demerol;

(4) She did on a number of occasions improperly use her authority to dispense a drug, namely demerol.

Dr. Parker was found guilty of the charge.

Following due deliberation and examination of the facts presented in the submission by both counsel with respect to penalty, the decision of the Committee was as follows:

(1) That Dr. Parker's licence be suspended for a period of four months, to commence as of December 24th, 1976;

(2) That she be reprimanded and the fact of the reprimand be recorded on her record;

(3) That a fine of \$500.00 (Five Hundred Dollars) be imposed, payable by her within sixty days from the date of the hearing;

(4) That the following restrictions be placed on her licence to practise;

(a) That she shall not administer a general anesthetic for a period of two and one-half years, this restriction to commence immediately;

(b) That her prescription privileges be limited to

the use of antibiotics, this restriction to commence immediately and extend over a period of two and one-half years;

(5) That the proceedings of the Committee, including the name of the defendant, be recorded in the usual manner in the annual Proceedings of the College.

5. The Committee also met on August 27th, 1976, and heard an application under Section 39 of the Health Disciplines Act By Dr. Lawrence W. Marquis of Forest, Ontario, for the removal of the suspension of his licence.

Dr. Marquis' licence to practice was suspended indefinitely by the Committee on January 10th, 1975, and confirmed by the Board of Directors of the College on April 28th, 1975, under the Dentistry Act, for disgraceful conduct in a professional respect.

After hearing and deliberating upon the evidence presented by and on behalf of Dr. Marquis and the evidence presented by and on behalf of the College, the Committee ruled as follows:

(1) That the application of Dr. Marquis be dismissed;

(2) That a further application for the removal of the suspension of Dr. Marquis' licence not be made for a period of at least twelve months;

(3) That more psychiatric treatment be undertaken so that complete rehabilitation can be assured and can be readily monitored by the College;

(4) That Dr. Marquis endeavour to reside in Ontario.

EDUCATION COMMITTEE

B.P. Martinello, D.D.S., D.D.P.H. Chairman (to March 31st, 1976)/
E.G. Sonley, D.D.S. Chairman (from April 1st, 1976)/R.E. Jordan, D.D.S.,
M.S.D. (from April 1st, 1976)/R.D. Leuty, D.D.S.

112

1. 1976 was busy year for the Education Committee. It had many meetings dealing with a variety of subjects including dental auxiliaries and continuing education.

2. DENTAL AUXILIARIES

(a) *Dental Assistants:* The past year saw the continuation of the Challenge Examination for dental assistants leading to eligibility for certification.

These examinations, which are held throughout the province, have been highly successful and involve the co-operation of dentists, dental hygienists, dental technicians and dental assistants with the R.C.D.S.

Our thanks go to these individuals as well as to the Community Colleges and Collegiates that allow us to make use of their facilities.

In 1976, ten Community Colleges trained and graduated Certified Dental Assistants. An eleventh College, Cambrian in Sudbury, began a program in the fall with its first graduates scheduled for the spring of 1977.

(b) *Preventive Dental Assistants:* The first of these auxiliaries graduated from Community Colleges in

1976. As a study they were trained in two fashions. The first a fully integrated ten month program involved Durham College in Oshawa, and George Brown College in Toronto.

Other Colleges trained Certified Dental Assistants for a concentrated and varying period of time until they met the qualifications.

The time period varied according to facilities and staff/student ratio.

Following this test period, it was decided to drop the integrated program and continue with the so-called add-on module where this auxiliary was required.

(c) *Dental Hygienists:* The past year saw a great change in the training of this important auxiliary.

May saw the first graduates from a dental hygiene program from a Community College with the licensing of successful candidates from Algonquin College.

It also marked the beginning of the end for the program at the University of Toronto with the admission of its last class in September.

MAY THERE NEVER DEVELOP IN ME
THE NOTION THAT MY EDUCATION IS COMPLETE
BUT GIVE ME STRENGTH AND LEISURE AND ZEAL
CONTINUALLY TO ENLARGE MY KNOWLEDGE

1135 MOSES MAIMONIDES 1204

Also in September, the Ministry of Colleges and Universities authorized the training of Preventive Dental Assistants with scaling at all Community Colleges with dental auxiliary programs.

Before the first of these auxiliaries were graduated the legislation was changed eliminating this auxiliary. These students were now to be qualified and licensed as hygienists.

This involved hasty changes in the curriculum and the initiating of examinations by the R.C.D.S. to determine terminal competence. It also created unavoidable hardships for some of the candidates.

The overall result of these changes is that from one school graduating hygienists in 1975, and two schools doing so in 1976, there will be graduates from eleven facilities in 1977. Algonquin College, Ottawa; George Brown College, Toronto; Cambrian College, Sudbury; Canadore College, North Bay; Confederation College, Thunder Bay; Durham College, Oshawa; Fanshawe College, London; Georgian College, Orillia; Niagara College, Welland; St. Clair College, Windsor; and Seneca College, Toronto.

Whether there are additions or deletions from these training institutions will depend on employment opportunities.

All hygienists presently graduating from our

Community Colleges have had initial training as dental assistants.

(d) Extended Duty Dental Hygienists: Two Community Colleges were authorized to train this auxiliary with the first graduates expected in the spring of 1977.

Present limits indicate that a maximum of 30 hygienists will be trained in these additional duties at Algonquin College in Ottawa and George Brown College in Toronto.

In addition to the above sources of auxiliaries, examinations were held for graduates from programs in other jurisdictions to qualify for registration or licensing in Ontario.

Members of the Education Committee visited facilities in six of the Colleges offering auxiliary training.

3. CONTINUING EDUCATION

The Toronto Crown and Bridge Study Club has made a gift to the College of video equipment and cassettes. These are available for viewing at the College by appointment.

Eight two day seminars co-sponsored by the Ministry of Health of the Government of Ontario were offered in selected areas of the province.

Changes were initiated in the extramural lecture series.

The part day programs were dropped and full day clinics involving clinicians from the University of Toronto, University of Western Ontario, University of Michigan, McGill University and the Canadian Armed Forces were offered. Response to these programs seems to be good particularly in the smaller societies. The participation courses are having the weakest response.

The joint O.D.A./R.C.D.S. Education Committees have had many meetings leading to and subsequent to a successful Continuing Education Workshop held October 22 and 23, at the Skyline Hotel in Toronto.

A total of 35 recommendations were brought forward at the end of these meetings. These are being studied and will be referred at a later date to the respective Board and Council.

Liaison with O.D.A. Auxiliary Services Committee - areas of common concern:

1. Attrition rate of auxiliaries
2. Education of auxiliaries
3. Utilization by the profession
4. Job opportunities
5. Survey of auxiliaries and dentists
6. Results of a wage survey for auxiliaries by Dr. Green.

The Education Committee of the RCDS feels that at this early date it is impossible to decide what length and format that auxiliary teaching programs should follow. Accordingly, acceptance in principle is given to all qualifying programs that meet what must be termed very tenuous standards at this time.

As trends of utilization, etc., are returned as feedback from the graduates and the dentists hiring them, a much more definitive or "core" course outline will be able to be developed, with length of course, content and staffing being able to be better defined.

It will always be difficult to give similar programs in all Colleges and it is questionable whether that would be desirable at this time or at any time in the future. Universities are very protective of their individuality even in Faculties of Dentistry and Community Colleges will no doubt follow similar patterns.

It is necessary, therefore, that this College put considerable faith in the judgment of the dentists and personnel involved in these training programs and action would only be necessary should it be obvious that a College is graduating an inferior auxiliary or is exceeding legal limits of practice.

4. I would like to take this opportunity to thank the Committee members for their support and diligence during my term as interim chairman. It has been a pleasure to work with these gentlemen and I am truly sorry that they will not be standing for renomination at this time. I hope that this is not a reflection on my Chairmanship!

I would also like to thank our recording secretary at our frequent "festivities", Mrs. Olive Henry and

last but far from least, the one person that is the steadying influence and rudder when the sailing gets rough - Ted Fox. He has served many long hours and through evening meetings when I'm sure he would have been better off resting at home and has been the backbone of all the workings of this Committee. On behalf of all the members, a big "thank-you" to you both.

Mr. President, it has been my pleasure to serve on this Committee. There is an increasing interest, indeed, importance, being placed on education in all phases of dentistry, and the Education Committee of this College will therefore be playing an increasingly important role in the years to come.

DENTAL SEMINARS 1976

1. Lambton & District Dental Society - held on March 4-5, 1976. Clinicians - Drs. R.E. Jordan and D.H. Skinner.
2. Wingham & District Dental Society, held on March 12-13, 1976. Clinicians - Drs. R.E. Jordan and D.H. Skinner.
3. Cornwall & District Dental Society - held on March 12-13, 1976. Clinicians - Drs. D.G. Gardner and J.P. Sapp.
4. Sault Ste. Marie & District Dental Society, held on March 6-7, 1976. Clinicians - Drs. R. Wilko and G. Wieczkowski.
5. Oxford County Dental Society - held on March 12-13, 1976. Clinicians - Drs. J.A. Hargreaves and R.O. Fisk.
6. Porcupine Dental Society - held on March 26-27, 1976. Clinician - Dr. S. M. Fireman.
7. Kingston & District Dental Society - held on September 24-25, 1976. Clinicians - Drs. F. Zarb and V. Rausch.
8. Thunder Bay Dental Society - held on November 18-19, 1976. Clinicians - Drs. G.P. Wysocki and J.P. Sapp.

PARTICIPATION COURSES 1976

1. Cornwall & District Dental Society - held on September 16, 1976. Clinician - Dr. J.E. Chasteen.
2. Ottawa & District Dental Society - held on October 16-17, 1976. Clinician - Dr. J.E. Chasteen.
3. Thunder Bay Dental Society - held on November 5-6-7, 1976. Clinician - Dr. A.B. Hord.

FACULTY OF DENTISTRY UNIVERSITY OF TORONTO

Gordon Nikiforuk, Dean

This is the seventh, and my final, report to the Royal College of Dental Surgeons of Ontario as Dean of the Faculty of Dentistry, University of Toronto. I shall attempt in this submission to highlight the changes in priorities as they relate to the Faculty's programmes, to summarize the recommendations of the recent Faculty "Think-In" session at Talisman Inn, to comment on the new proposals and their potential impact on education, and to present an overview of the financial stresses and their effect on Faculty programmes.

SETTING THE COMPASS FOR NEW DIRECTIONS

Recently the Faculty held its second Retreat at Talisman Inn in order to assess the current programmes, and to make recommendations about major changes in the curriculum and in the clinical preparation of our students. The basic recommendations of the Retreat are attached (Appendix A). The major impact of these recommendations will be to significantly change the learning-teaching environment in the Clinic in the direction of emphasizing health education, prevention, use of auxiliaries, comprehensive care, and a team approach to health care.

SATELLITE CLINIC(S) AND COMPREHENSIVE CLINICAL TEACHING UNIT

On several occasions I have attempted to underscore that the clinical facilities in the Faculty are arbitrary in the sense that they do not simulate the dental care delivery system and therefore, students feel there is a major gap upon graduation between the environment in which they receive their clinical training and the one they will be practising. To offset this, the Faculty has proposed the concept of satellite clinics in settings that would provide an exciting clinical experience and which would tend to simulate the conditions in which general practice services are delivered to the public. Also, we have proposed a restructuring of the Clinic into smaller units, organized within a conceptual framework of a group practice in order to determine:

- (1) the educational and service benefits of the module compared to the present discipline structured clinical system;
- (2) the efficiency and productivity of a group practice setting versus a solo practice setting;
- (3) the optimal combination of dental auxiliaries with and without expanded roles;

- (4) the efficiency of dental auxiliary students in contrast to the certified dental assistants;
- (5) the most effective stage, i.e., third or fourth year, in a dental student's clinical experience, at which auxiliary utilization may be introduced;
- (6) minimum and optimum space requirements necessary to render all phases of dental services in this model;
- (7) the effect of equipment design and layout on efficiency and productivity;
- (8) the significance of "role" models as played by full-time and part-time staff.

In order to launch such a programme the Faculty has submitted a proposal to the University and to the Ministry of Colleges and Universities to fund a pilot project. We are awaiting a response from the Government.

CAPITAL DEVELOPMENT PLAN

The discussions relating to the renovation of the Faculty of Dentistry and the restructuring of the Clinic has been under discussion over a protracted period of time. The current status may best be summarized as follows:

- (1) The Governing Council of the University of Toronto has resolved that an amount of approximately 5.7 million dollars from the funds allocated to the University of Toronto from the Ontario Health Resources Development Plan Fund be allocated for renovation and expansion in the Faculty of Dentistry.
- (2) That these funds be designated for the completion of the following:
 - a) *Improvement of clinical facilities:*
 - ia) *Replacement of obsolete units.*
 - ib) *Development of a satellite clinic.*
 - ii) *Consolidation of academic and research activities.*
 - iii) *Improvement and expansion of research facilities.*
- (3) That the above allocation be approved, subject to no overall increase in operating costs and to the Ontario Health Resources Development Plan funding approval.

THE TRANSFER OF THE DENTAL HYGIENE PROGRAMME TO C.A.A.T.

The current Second Year Class in Dental Hygiene is the final one that will be graduated from the Faculty. The total programme as it relates to admissions and the didactic training has been transferred to The George Brown Community College, according to recent Government directives as they relate to

dental auxiliaries. Under a fiscal agreement between George Brown and the University, the Faculty will continue its involvement in the clinical training of the preventive dental assistant, and the dental hygienist. There will be inevitable problems in logistics during the first year of this operation, but it is anticipated that the interphase between the community college and the University and the Faculty will be more visible as the years go by, and that the joint approach to the clinical training will benefit not only the dental auxiliary programmes, but the students in dentistry and the patient.

ORAL SURGERY POSTGRADUATE PROGRAMME

As members of the Board are aware, the postgraduate programme in Oral Surgery was provisionally accredited by the Council on Dental Education over the past three years, and as of May, 1976 the programme has no accreditation status. It is to be re-surveyed by an accreditation team on October 25-27, 1976. I wish to list a number of developments in this area which are significant in relation to long-range projections.

Dr. Peter Smylski, the Chairman of the Department has resigned, effective July 1, 1976. He will continue as an Acting Chairman, assisted by an advisory administrative committee, until the appointment of his successor can be announced.

A Search Committee has been appointed, comprising staff of his Faculty, and the Faculty of Medicine, and will be chaired by Dr. Charles Munroe in order to recommend a successor to Dr. Smylski. This Committee has already been meeting and will be evaluating applicants at the earliest possible time.

While the Faculty will spare no effort in upgrading the postgraduate programme and in the preparation of the essential documents for the forthcoming accreditation survey, it is essential that we realistically and critically look at our deficiencies. In a nutshell, the dilemma of Oral Surgery has its genesis in the following: An inappropriate staffing pattern, both qualitatively and quantitatively; a lack of commitment to scholarship and research because of inadequate staff; and a coping with a difficult clinical environment which has an interphase with completing surgical specialties in the Teaching Hospitals in the region of Toronto. While much has been accomplished in the direction of improving courses, in the interaction with the Teaching Hospitals, in strengthening the research environment of the Faculty with spinoffs towards oral surgery, in an improvement admissions policy ensuring entrance of students into Oral Surgery Programme with a commitment for teaching and research, much still remains to be done to ensure that oral surgery is not an isolated discipline,

but one that contributes significantly to the biology and art of the discipline of surgery. It is recognized that persistent effort will be required in order to upgrade this programme to the same standard as now exists in other postgraduate activities of the Faculty of Dentistry.

THE FACULTY UNDER FINANCIAL STRESS

The financial stress under which the University system now labours clearly extends to the Faculty of Dentistry. Socio-economic circumstances, such as inflation, and a shift in priorities on the part of the Government have imposed serious financial constraints on the Faculty. This situation is made worse because of a previously inadequate base budget for the Faculty for full-time staff.

This Faculty has one of the worst full-time staff-student ratios of any School of Dentistry in Canada, but has a larger enrolment and has developed a greater diversity of programmes at the postgraduate and graduate level than any other School. Obviously such a situation cannot long be tolerated without a serious erosion in the quality of the programmes of the Faculty and the loss of its international status in Dentistry.

(1) COSTING OF THE CLINIC

The Faculty has, on numerous occasions, broached the subject of the cost of the service component of the Dental Clinic with the University, with the Ministry of Colleges and Universities and the Ministry of Health. The concern of the Faculty is that a significant portion of its operating budget is used to subsidize the service component. Dr. J.R. Evans, the President of the University, underscored the seriousness of the financial problem arising from the clinic service operations of the Faculty and has indicated that this item is clearly beyond the funding capabilities of the scope and level of the basic income unit level.

(2) PETCH COMMITTEE REPORT

Recently the Petch Committee Task Force Report relating to health research requirements in the Province of Ontario has also identified the service cost of the Faculty as a major problem and summarized their recommendations as follows:

"The Government of Ontario should provide additional and sufficient funds to meet the full costs of dental services performed by the Faculty of Dentistry in Ontario". Further, the Committee notes: *"Funds are supplied for teaching programmes only; no public financing is available for the development and operation of service programmes, even though . . . the Faculty allocates . . . a quarter of its budget to its service functions. (In contrast, medical*

schools in Ontario receive funds in support of teaching and service activities)"

The Faculty of Dentistry, University of Toronto, has, on the basis of the quality of its staff and programmes, attained international status in education and research, which status is reflected in the notable health achievement of its graduates. It would be sheer folly to jeopardize the quality of its contribution to the public health of this Province and Canada by failing to rectify what is an obvious anomaly - the failure of the Ministry of Colleges and Universities and the Ministry of Health to recognize and fund the clinical service component in dentistry as they do for other health services. I express concern that the undesirable student/full-time staff ratio in this Faculty, that the upgrading of programmes with major deficiencies, as in the case of Oral Surgery, and the development of some of the new programmes noted in this Report, may be jeopardized unless the base budget of the Faculty is improved.

SESQUICENTENNIAL PROGRAMME, UNIVERSITY OF TORONTO

The University of Toronto will launch a major appeal for private support in conjunction with the celebration of the 150th Anniversary of the University in 1977. The current Update Campaign is an ongoing activity that will not be confined to a brief period but will permit the University, on the basis of an improved financial position from the private sector, to meet the following objectives: redevelop existing facilities; initiate new studies in response to changing needs; enhance the quality of teaching and research.

The Faculty of Dentistry has submitted an Update Project relating to dental care for the physically and emotionally handicapped population in the Province. This proposal meets a Faculty education objective that students in Dentistry should receive preparation in the delivery of dental care to the handicapped population, as well as geriatric groups and hospital in-patients. The proposal involves the purchase and equipping of a mobile trailer dental clinic to permit servicing of a wide area. Further, in conjunction with the facilities of Medicine, Nursing and Pharmacy, this Faculty is a co-sponsor of a proposal to develop a multi-media learning centre in the health sciences. This would permit a significant portion of the curriculum to be available on a self-instruction basis by utilizing appropriate slide tape sequences, computer learning modules and library resources. A student would thus be able to proceed through the professional programme on a self-learning basis, with the staff serving as a resource personnel.

I urge the Alumni of the Faculty to endorse the Sesquicentennial Programme by supporting the University and the Faculty during the forthcoming campaign. This is an opportunity for graduates of the Faculty of Dentistry to contribute to a programme that helps students, staff and the citizens of the Province.

STAFF APPOINTMENTS AND PROMOTIONS

Dr. J. Kreutzer, after many years of distinguished service to this Faculty, culminating as Director of Clinics during the past six years, has retired from this duty and is now with the Faculty on a part-time basis. Dr. Kreutzer demonstrated an understanding of the complexities of the Clinic and of the needs of students, patient and staff. He served as his own ombudsman and has inspired a generation of students to achieve excellence in a clinical environment.

Dr. J. B. Houston has been nominated as the new Director of Clinics. He is a former graduate of this Faculty, and held teaching positions at the University of California, Faculty of Dentistry, and the School of Dentistry, University of Colorado. His diverse experience and background in several faculties, his commitment to the human dimension, and a knowledge of the application of technology to the solution of problems arising out of dealing with large numbers of students and patients, augurs well for the future of the clinic operations of this Faculty.

Mr. Barry Mitchell has been appointed as Secretary of this Faculty, replacing Mr. A. Read. He has completed a Masters programme in Modern History served as Executive Assistant to the Vice-President, Research and Planning, and was elected to the Governing Council of the University of Toronto.

Dr. D. A. Deporter has been appointed a Medical Research Scholar in the Division of Biological Sciences of this Faculty, effective September 1, 1976 to August 31, 1981.

Dr. J. D. Anderson was promoted to Assistant Professor, full-time, without tenure.

Dr. A. Bennick was granted tenure.

Mr. A. Brown was promoted to the rank of Tutor.

Dr. A. C. Dale was promoted to Assistant Professor, half-time.

Dr. J. D. Davidson was appointed Associate Professor, a cross-appointment with McMaster University.

Dr. R. P. Ellen was appointed Assistant Professor, full-time, without tenure.

Dr. A. Fenton was promoted to Associate Professor, full-time, without tenure.

Dr. H. L. Freedman was promoted to Assistant Professor, half-time.

Dr. A. B. Hord was promoted to Professor, full-time, with tenure.

Dr. J. W. Hu was appointed Assistant Professor for one year only.

Dr. G. E. Lucier was appointed Assistant Professor for one year only.

Dr. H. F. MacKay was promoted to Associate professor, full-time, without tenure.

D. J. T. Mayhall was appointed Assistant Professor full-time, without tenure.

Dr. C. O. Munroe was appointed Chairman, Department of Oral Medicine and Pathology.

Dr. H. J. Sandham was promoted to Professor, full-time with tenure.

Dr. B. J. Sessle was promoted to Professor, full-time with tenure.

Dr. C. D. Torneck was promoted to Assistant Professor, half-time.

Dr. R. S. Turnbull was promoted to Associate Professor, full-time, without tenure.

APPENDIX A

BASIC RECOMMENDATIONS FOR REVISION OF THE CURRICULUM

1. The course in dentistry within the Faculty of Dentistry should remain at four university years.

2. The academic program of each university year should comprise two semesters of sixteen effective weeks each. Selective lengthening for elective or supplementary clinical programmes may be required. The increase in curricular time should be devoted largely to increased clinical practice.

3. The course should be considered not as four separate years but as a continuous partly structured programme having a number of proficiency stages. For each clinical proficiency stage, vacation employment opportunities for practical experience should be studied with the R.C.D.S.

4. Introduction to clinic patients should be as early as possible in the course, preferably in the second term of first year. To this end, the feasibility of the introduction of chairside assisting, and simple restorative, preventive and prophylaxis procedures should be studied. This would provide student motivation, earlier development of clinical skills and easier development in patient communication.

5. The final phase of the programme would be a general practice period which will consist of a clinical clerkship. This necessitates completion of didactic instruction by the end of the third year.

6. Consistent with the increased time devoted to total patient care in a general practice approach expressed in number 5 and the earlier exposure to patients suggested in number 4, a more efficient use of didactic and laboratory time should be sought. In these areas the adjunctive use of printed material and audiovisual aids should be attempted. The appointment of a co-ordinator for such services should be considered when economically feasible. Further, the provision of technical services, perhaps through teaching technicians, should be studied.

7. During the general practice period, or earlier if appropriate, increased participation in hospital and emergency clinic programmes and increased utilization of dental auxiliaries should be sought. Second to other forms of outside experience such as public health clinics, industrial clinics and mobile clinics serving institutions for the handicapped and the homebound should be examined. Opportunities for research should be provided.

8. The possibility of a teaching elective programme for selected senior students should be studied.

9. The introduction of flexibility and the need for variable experience in the clinical programme should lead to the possibility of different programme completion times. This possibility would be a natural outgrowth of a flexible didactic/clinical programme.

10. The emphasis in the curriculum should be on courses of study rather than on departmentalised instruction. Where appropriate, additional conjoint courses should be mounted to minimise repetition and overlap and to promote more efficient use of staff.

The development of new combined courses dealing with oral health (e.g. normal growth and development, behavioural sciences and sociology, mandibular function) as well as oral disease (mandibular dysfunction, plaque biology) should be undertaken. A programme in practice administration given by specially qualified staff should be initiated.

11. Each course of study should have a course co-ordinator to reduce unnecessary repetition and ensure uniformity in the basic and clinical aspects of the subject area. To this end a course committee may be desirable. Further, regular in-service review discussions, especially involving part-time staff, should be established.

12. Greater integration should be sought between basic and clinical sciences with an oral science input extended into clinical courses.

13. The basic objectives for each course in terms of actual accomplishment should be clearly defined (especially for clinical practice).

14. Entrance requirements should be re-examined between the Curriculum and Admission Committees.

COURSES OF INSTRUCTION

In accordance with the foregoing principles the board outlines of the revised curriculum involve little or no time loss from the major dental subjects but only a reshuffling of time. Sequential timing and integration of subject areas is intended. Progression is from the normal to the diseased states, from the simple and simplified to the complex. It should be emphasized again that integration and co-ordination between so-called basic and clinical sciences is intended and combined courses are to be evolved.

In defining the objectives of courses, the priority to be given to various subject areas must be decided. Perhaps for future developments subject areas with similar interests should be grouped together to facilitate decisions on the allocation of time.

Clinical practice logistics are consequent on re-organisation and refurbishing of the physical plant.

REORGANISATION OF 4TH YEAR

The commitment of the dentist to serve the needs of the community must be ingrained whilst he is still a student. The present dental school clinic has no counterpart in practice and does not prepare the individual for the delivery of primary dental care in Canada. The emphasis in this final period of training should be on the following objectives:

(1) Clinical training and service to the community in an environment which simulates general dental practice.

(2) Clinical practice with meaningful integration with auxiliaries.

(3) Clinical training involving the team system with flexible supervision. Rotation of students and staff through different clinical treatment modules.

The implications of such a scheme indicate the following: —

(a) *The didactic dental programme to be completed*

and basic clinical skills to be acquired by the end of the 3rd year. This will necessitate restructuring back to the 1st year.

(b) *Development and identification of clinic sites for the programme, e.g. conversion of part or all of clinic number 1 into a community clinic, hospital clinics, satellite clinics, etc.*

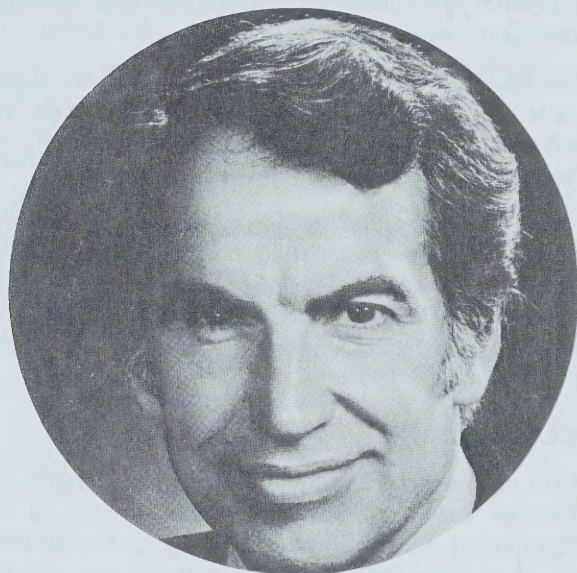

(c) *Development of a computerised scheme for rotating students through clinical assignment areas.*

(d) *Examination of the feasibility of rotation through Pediatric Dentistry and Oral Surgery assignments only in 4th year after most other dental skills have been acquired.*

(e) *The selection of teams of clinical educators with the necessity for in-service training procedures and the development of team teaching approaches. Preparation will necessitate that the 3rd year ends in May freeing staff for these academic pursuits in June and July.*

FACULTY OF DENTISTRY UNIVERSITY OF WESTERN ONTARIO

Wesley J. Dunn, Dean

THE LATE DR. ROGER J. ROSSITER

It was with the deepest regret that the Faculty recorded the death of its distinguished Vice-President, Health Sciences, Roger J. Rossiter, who died in Helsinki, Finland, on 21 February 1976. Although only a relatively short time in the position, it was obvious that Dr. Rossiter was making very significant contributions to Western's Health Sciences Centre, in general, and to the Faculty of Dentistry, in particular. He will be deeply missed by his colleagues in this Faculty.

MERGÈR – DEPARTMENTS OF PAEDIATRIC DENTISTRY AND SOCIAL DENTISTRY

It was with great disappointment that the Faculty received the resignation of Dr. Bruno P. Martinello who accepted the invitation of the Alberta Dental Association to become its Executive Director, effective 1 July 1976. In accordance with university custom, when the term of a department chairman is concluding or when a department chairman is about to retire to resign, consideration was given to the ongoing activities of the department which Dr.

Martinello had led with such distinction. A position paper was prepared which, for academic and administrative reasons, proposed a merger of the Departments of Paediatric Dentistry and Social Dentistry, effective 1 July 1976.

In terms of curriculum, the present offerings of the two departments would generally continue within the merged department. The current responsibilities of the Department of Social Dentistry would inure to a new Division of Community Dentistry. The responsibilities for orthodontics and paedodontics would continue to reside within the Divisions of Orthodontics and Paedodontics as constituents of the new department. It was considered likely that, given the participating interest of the existing departments in the subject of preventive dentistry, there could be a more effective co-ordination and sequencing of instruction in this discipline within the new structure.

As a consequence, too, of some of the recommendations of the Ad Hoc Committee on the Future Delivery of Dental Care and Its Implications on the Dental Curriculum, not only would there be

implications for preventive dentistry but the organization and implementation of a didactic and clinical program in dentistry for the special patient (physically and mentally handicapped, aged, and chronically ill) and the development and implementation of a didactic and clinical program in dental auxiliary utilization and administration would also, in all probability, fall to the academic jurisdiction of the merged department. Given the overlapping interests of the existing departments in these three important areas there is academic commonsense in assigning curricular responsibility to a Department of Paediatric and Community Dentistry.

On 24 September 1975, the Council of the Faculty gave approval to the merger, which action was subsequently approved and ratified by both the Senate and the Board of Governors.

A Selection Committee for Chairman of the new department was established and as a consequence of its deliberations, Professor W. H. Feasby was appointed Chairman of the Department of Paediatric and Community Dentistry for a five-year term, effective 1 July 1976.

CURRICULUM

One of the most prodigious undertakings within the Faculty has been the study and report of the Committee on the Future Delivery of Dental Care and Its Implications on the Dental Curriculum. The Committee submitted Part I of its report to the Committee on Undergraduate Dental Curriculum on 8 February 1974. The committee began its meetings toward the production of Part II of the report on 6 March 1974 and from that date until the final meeting of the committee the members were together in some forty-six sessions. After receiving written submissions and following in-depth interviews, the committee addressed itself to an examination of the current timetable with respect to sequence and relevance of the courses in the present curriculum and following that exercise prepared recommendations bearing on changes in sequencing and/or content of the current curriculum.

Part II of the report was completed in January 1976 and transmitted immediately to the Committee on Undergraduate Dental Curriculum. The report contains thirty-two recommendations.

Between the end of January 1976 and mid-March, the Committee on Undergraduate Dental Curriculum addressed itself to some of the major recommendations of the committee, recognizing that if implementation were to be achieved in the reasonably near future certain fundamental decisions would have to be made. The Council of the Faculty endorsed the CUDC recommendation that it adopt a

"diagonal" structure for the undergraduate curriculum. It agreed, as well, that, as one of its major objectives, it proceed to the implementation of formal programs in the areas of preventive dentistry, dental auxiliary utilization, treatment of special patients, and nutrition.

The Council also agreed with the CUDC recommendation that significant changes in the terms of reference of the Committee be approved. The new terms of reference, in essence, make provision for the CUDC to be responsible for recommending on content, sequencing, hour allotment, and primary responsibility for teaching particular subject areas.

CUDC is working assiduously in the hope of having curricular recommendations made in time for implementation in the 1977-78 academic year. Certain of the proposals are reasonably readily implementable and to the extent possible there will be some changes in the 1976-77 curriculum.

Because of the extent and scope of the report of the Future Delivery Committee no attempt can be made in this report to cover its content. The report is, however, available for anyone who would care to peruse it.

ADMISSIONS - SEPTEMBER 1975

The Admissions Committee gave consideration to 657 applications. Fifty-six students were accepted, 5 women and 51 men.

The following are the qualifications of the admitted applicants:

2. At least two years of "B" average in pre-professional university training. 56

2. Two best years preceding admission

i) class average - 80.1%

(ii) range - 75-86.5%

(iii) Degrees: Bsc — 26

BA — 2

MA — 1)

MSc — 1) each also has Bsc

(iv) Without degrees:

26 (17 with 2 years university; 8 with 3 years; 1 with more than 3 years).

3. Marital Status: 11 married students

4. Age: (a) Range - 20-30

(b) Average - 22.3

The 56 admitted students represent some 17 counties or districts in Ontario. All applicants are Canadian citizens but eight were born outside Canada.

The "pre-dental" university experience of the class was acquired in 10 universities — 9 from Ontario and 1 from the United States.

COURSE EVALUATIONS

It has been a long-standing practice within the Faculty to elicit student evaluations of those who teach. However, no formal mechanism for course evaluations has been in existence. Council gave approval to a recommendation from its Executive Committee to implement a system for student evaluation of course content in addition to the instructor evaluation already in place. An appropriate instrument was developed and was made available, on a volitional basis, to each of the academic departments to employ as it saw fit.

STUDENT PERFORMANCE

The following is a brief synopsis of the academic performance of the students in each of the four years of our program:

Fourth Year

Number of students	— 50
Number with honours	— 1
Number passed	— 48
Number with conditions	— 0
Number failed	— 1

Honours:

Mr. H. S. Moser (to graduate with distinction)

Awards:

The American Academy of Dental Radiology Award — H.S. Moser

The American Academy of Oral Pathology Award — P. J. Peebles.

American Association of Endodontists Award — H. S. Moser.

The American Association of Orthodontists Award in Oral-Facial Growth — M.D. Pus.

The Association of Prosthodontists of Ontario Award — F. R. Lovell

The Dr. George Bedrosian Award in Restorative Dentistry — I. J. Bolta

The Michael Brooke Award in Oral Medicine — G. K. Markarian

The Canadian Academy of Periodontology Award — C. L. Consky.

The Canadian Society of Oral Surgeons Award — Cynthia J. Armstrong.

Clinical Paedodontic Award — P. J. Powers

Dental Sciences Research Award — M. D. Pus

The Fixed Prosthodontics Award — I. J. Bolta

Johnson & Johnson Award (Operative Dentistry) — D. R. Hunt

London and District Dental Society Award — H. S. Moser

Pro Liberis Prize — R. L. Allingham

The Removable Prosthodontics Award — B. R. Taylor
W. B. Saunders Book Award (Social Dentistry) — G. K. Markarian

The Senior Award in Oral Surgery — C. L. Consky

The Senior Award in Oral Biology — G. K. Markarian

The Senior Award in Paediatric Dentistry — R. L. Allingham

The University of Western Ontario Gold Medal — H. S. Moser

Third Year

Number of students	— 57
Number with honours	— 3
Number passed	— 34
Number with conditions	— 19
Number failed	— 1

Honours:

Mr. I. L. Delorey

Mr. S. J. Dixon

Mr. E. W. Mitchinson

Awards

American Dental Society of Anaesthesiology Award — T. W. Mara

Centennial Paediatric Dentistry Award (Ladies' Auxiliary to L&DDS) — W. G. Lindley

Hamilton Academy of Dentistry Award in Oral Medicine — H. A. McLachlin

International College of Dentists Award — O. B. Plotzke.

Oral Surgery Award (Elgin Dental Association) — O. B. Plotzke

Restorative Dentistry Award — B. A. J. Markham

Second Year

Number of students	— 55
Number with honours	— 9
Number passed	— 37
Number with conditions	— 9
Number failed	— 0

Honours:

Mrs. P. A. Cook

Mr. S. F. Cremasco

Mr. L. J. Deimling

Miss. S. J. Godo

Mr. A. L. Gureckas

Mr. T. R. Johnston

Mr. A. G. Marshall

Mr. D. E. Noble

Mr. G. C. Smith

Awards:

Royal College of Dental Surgeons of Ontario Scholarship — D. E. Noble.

Royal College of Dental Surgeons of Ontario Award in Oral Biology — I. J. Bourke.

Johnson & Johnson Award (Operative Dentistry) — S. J. Godo.

Mosby Book Awards in the subjects of:

(a) *Oral Pathology* — L. J. Deimling

(b) *Restorative Dentistry* — D. E. Noble

Faculty Association Scholarship

— Miss S. J. Godo and Mr. J. A. Gerrow (split award)

First Year

Number of students	— 55
Number with honours	— 4
Number passed	— 46
Number with conditions	— 1
Number failed	— 0
Number required to withdraw for one year	— 4

Honours:

Miss D. M. Gregorash

Mr. S. W. Treehuba

Mr. R. J. Voth

Mr. R. Wong

Awards:

Royal College of Dental Surgeons of Ontario Award — D. M. Gregorash

C. V. Mosby Book Awards in the subjects of:

(a) *Anatomy* — R. Wong

(b) *Occlusion* — R. J. Voth

(c) *Physiology* — K. S. Hebel

TRANSFER STUDENTS

For the first time since the Faculty was established, transfer students from other dental schools were admitted to the program. There had always been some concern that, notwithstanding all Canadian dental schools have met the necessary standard for the accreditation status of "approval", there could be a significant handicap placed upon a student who, having completed a first year program in another dental school, is admitted to the second year of this one.

In September 1975, two transfer students were admitted to second year, one from McGill University and the other from the University of Toronto. It can now be reported that this transition was accomplished smoothly, the students were assimilated without discernible difficulty, and each performed well in the second year program.

RESEARCH ACTIVITIES WITHIN THE FACULTY

The following research projects, funded by various granting agencies, applied within the Faculty during 1975-76:

Department of Oral Medicine

Dr. R. H. Johnson, Dr. J. Rozanis — a Clinical Laboratory Investigation Evaluating Spiramycin as a Plaque Control Agent — MRC General Support Grant — \$2,000.

Department of Paediatric Dentistry

Dr. G. Z. Wright, Dr. W. H. Feasby, Dr. D. W. Banting — A Clinical Study to Determine the Caries Prevention Ability of Dental Flossing Procedures in the Primary Dentition — Health and Welfare Canada grant — 1 April 75-31 March 76 — \$8,000.

Department of Restorative Dentistry

Dr. L. N. Johnson and Dr. R. E. Jordan — Rheological Studies of Pre-Set Dental Restoratives — Ministry of Health — 1 April 1975-31 March 1976 — \$15,340.

Dr. R. E. Jordan — Arrest of Carious Lesions by means of Fissure Sealant Application — MRC General Support Grant — \$3,500.

Dr. R. E. Jordan and Dr. L. N. Johnson — Amalgam Alloy Restorations — Ministry of Health — 1 April 1975-31 March 1976 — \$9,700.

Dr. M. Suzuki, Dr. R. E. Jordan and Dr. A. J. Gwinnett — Acid Etch Restorations — Ministry of Health — 1 April 1975-31 March 1976 — \$15,000.

Department of Social Dentistry

Dr. D. W. Banting — Investigation into Fluoride Concentration of Root Surfaces — MCR General Support Grant — \$650.00.

Dr. D. W. Banting and Dr. R. P. Ellen (University of Toronto) re Carious Lesions on the Roots of Teeth (paper in press).

MEDICAL RESEARCH COUNCIL — RESEARCH SUPPORT

The Faculty was deeply concerned following its receipt, in January 1976, of a letter from the President of MRC reporting on the cut-back in support of research activities. At that time, MRC's budget was being maintained at the 1975-76 level of \$48.8 million dollars with no provision for an inflationary increase. This had the effect, on a country-wide basis, of reducing the number of new grants available as well as increasing the number of grants terminated during the course of the next

year. Of particular concern to this Faculty was the fact that the MRC Summer Undergraduate Research Students' Scholarships had to be abandoned in the 1976-77 year.

The Faculty, in co-operation with many other interested organizations and agencies, conveyed its concern for the consequences to appropriate legislators and agencies and to the public.

CO-ORDINATOR OF RESEARCH

Considerable discussion took place within the Faculty concerning the most effective method of promoting research within its walls. On 24 November 1975, the Executive Committee gave approval to a recommendation that Dr. J. Philip Sapp, Associate professor of Oral Pathology, be immediately appointed Co-ordinator of Research for the Faculty of Dentistry, that the term of appointment be for three years, renewable, with the first term to end on 30, June 1979 and that for the purpose of necessary stenographic and secretarial support, the Co-ordinator of Research be attached to the Office of the Dean.

The following terms of reference for the Co-ordinator of Research were approved:

1. to encourage and stimulate research within the Faculty of Dentistry;
2. to collect and maintain data concerning the research interests of members of the Faculty;
3. to collect and disseminate information regarding research funds and their acquisition;
4. to assist members of the faculty to find needed research facilities;
5. to assist the University Research Officer in matters relating to the Faculty of Dentistry;
6. to assist the Committee on Human Experimentation where dental research is involved;
7. to represent the Faculty of Dentistry on the Health Sciences Research Committee;
8. to serve as an *ex officio* member of the Committee on Undergraduate Research Students' Selection and the Committee on Visiting Professors;
9. to report at least annually to the Council of the Faculty of Dentistry.

Dr. Sapp has assumed his responsibilities with effective enthusiasm and the Faculty looks forward to the leadership it knows Dr. Sapp is capable of providing.

CONTINUING EDUCATION

Again, this year, several valuable continuing education programs had to be cancelled because of

inadequate participating interest on the part of the profession. The following eight announced courses were withdrawn even though considerable effort had been made toward their presentation:

1. Psychological Aspects of Facial Pain
2. Management of Dental Materials as Applied to Fixed Prosthodontic Procedures
3. Oral Medicine in General Practice
4. Radiologic Interpretation
5. The Temporomandibular Joint and Facial Pain — New Approaches to Diagnosis and Treatment
6. Oral Cancer: A Diagnostic Challenge
7. Basic Principles of Oral Surgery for General Practitioners
8. Occlusal Anatomy.

Sixteen courses were presented during the 1 July 1975 to 30 June 1976 period. The following are the courses, the dates on which they were held, and the number who attended:

Title	Dates	No. Attended
Anterior Restorations: A New Era of Operative Dentistry	27-28 September 1975	9
Common Oral Diseases: A Refresher Course for the General Practitioner	24-25 October 1975	10
Radiology for Dental Assistants	24-25 October 1975 20-21 February 1976	12 12
Periodontics, Oral Diagnosis and Oral Medicine Applied to General Practice	7-10 November 1975	12
Fundamentals of Occlusion	13-15 November 1975	10
Removable Partial Dentures	21-23 November 1975	12
What's New in Operative Dentistry	29-30 November 1975	38
Operative Dentistry for the General Practitioner	9-12 January 1976	18
Cancer of the Mouth	14 January 1976	40
Occlusal Correction of the Natural Dentition Part I and Treatment of T.M.J. Pain Dysfunction	5-9 March 1976	4

Radiographic Technique for the General Practitioner	12 March 1976	3
Operative Dentistry and Endodontics for the General Practitioner	13-14 March 1976	19
Removable Partial Dentures	1-3 April 1976	17
Fundamental Fixed Prosthodontics	9 April 1976	1976
Occlusal Therapy Part II	7-8 June 1976	20
Orthodontic Diagnosis, Treatment Planning and Appliance Therapy in General Practice	17-18 June 1976	11

It can be observed that the total number of participants was 265.

The Committee on Continuing Education, being deeply concerned about the justification of the resources of the Faculty being employed in a program obviously not meeting with significant success, plans to give in-depth attention, during the coming academic year, to the on-going responsibilities of this Faculty within the total continuing education program for the dental profession in Ontario.

It is virtually the unanimous view of the full-time members of the academic staff that it is not the responsibility of the university to maintain the standards of the practising profession in this province. That duty lies to the Royal College of Dental Surgeons of Ontario and, voluntarily perhaps, to The Ontario Dental Association. It must be the responsibility of the profession to assume a participating interest in the program, identify the courses required, and financially undergird the exercise. *The university should be everything in its power effectively to respond.*

Irrespective of what may occur in the future, the 1976-77 program has been prepared and has been announced.

FACULTY HOSTS NATIONAL DENTAL EXAMINING BOARD OF CANADA EXAMINATION

The Faculty was pleased to act as the "host institution" for the National Dental Examining Board of Canada Examination. The examination was conducted from 3 May 1976 through 21 May 1976, consisting of a written, pre-clinical and clinical component.

GRADUATE PROGRAM IN PERIODONTICS

Dr. B. J. Zulqar-nain, Associate Professor and Chairman of the Division of Periodontics, has worked

assiduously over many months to produce a *Proposal for a Graduate Program in Periodontics*. On 2 June 1976, the Council of the Faculty of Dentistry gave approval, in principle, subject to the availability of the necessary additional funding. The document was then referred back to the Committee on Advanced Training in Dentistry for attention to detail prior to transmitting the Proposal to the Faculty of Graduate Studies.

The submission recommends a program of two calendar years, the successful conclusion of which would provide a Master of Clinical Dentistry (Periodontics) degree to be awarded by the Senate on the recommendation of the Council of the Faculty of Graduate Studies.

It is hoped that early in the 1976-77 academic year the Proposal, as refined by the Committee on Advanced Training in Dentistry, will be transmitted to the Faculty of Graduate Studies for the necessary internal and external appraisals.

COLOMBIA EXCHANGE PROGRAM

Following a successful first year of the approved three-year exchange program with the Facultad de Odontologia of the Universidad de Antioquia, the Faculty of Dentistry was pleased to act as hosts to four members of the academic staff of our South American exchange partner. A like number of Western Professors will visit in Medellin, Colombia for the purpose of offering whatever assistance they can and to acquire knowledge and information which could prove to be useful within our own program. The Exchange is funded by the Canadian International development Agency and the general consensus, both here and in Columbia, is that it has been highly valuable.

DENTAL HYGIENE AND PREVENTIVE DENTAL ASSISTANT PROGRAMS

Fanshawe College of applied Arts and Technology has developed plans for mounting a dental hygiene program and a preventive dental assistant program. The latter employed the facilities of the Dental Sciences Building for a six-week period in May and June 1976. The six-week program made provision for dental assistants who sought the opportunity of upgrading their qualifications.

Negotiations between Fanshawe College and the University are continuing to take place for the purpose of attempting to establish the PDA Program (Level II) within the clinical facilities of the Dental Sciences Building but under the academic jurisdiction of the College. Considerable optimism exists con-

cerning the likely establishment of the PDA Program but no substantive developments have taken place in regard to the Dental Hygiene Program (level III).

CENTENNIAL SEMINAR

On 6 November 1975, as one of the events in the celebration of the Centenary of Dental Education in Canada, A Toronto-Western Seminar Day was held. The program was presented by Dr. R. E. Jordan, Chairman of the Department of Restorative Dentistry, and several members of that department.

The guest of honour was Dr. George T. Kennedy, a distinguished member of the dental profession whose birth predated the enrolment of the first class in dentistry in Canada by approximately seven weeks.

The Centennial Committee graciously presented the Faculty of Dentistry of The University of Western Ontario with an oak tree which was planted, in the circle in front of the Dental Sciences Building during an appropriate ceremony arranged for that purpose. A suitable plaque was also prepared and it is now affixed to a large boulder which has been positioned near the centennial oak tree.

DENTAL INTERSHIPS AND RESIDENCIES

The Ministry of Colleges and Universities had advised that it is the policy of the Ministry of Health that requests for dental internships are to be considered within the over-all number of positions allocated to Medicine. Within the University of Western Ontario, this allocation had traditionally resided within the jurisdiction of the Committee on Postgraduate Medical Education of the Faculty of Medicine. The Faculty of Dentistry had not, heretofore, been represented on that committee. Following an invitation from the Dean of the Faculty of Medicine, the Faculty of Dentistry named the Chairman of its Hospital Services Committee to be the representative to that committee.

The Ontario Council of the Faculties of Medicine, having been informed of dentistry's concern in this matter, recommended that the Committee on Manpower, under the chairmanship of Dr. J. E. Boone, include a study group for dental postgraduate manpower in a manner analogous to study groups which had been established for other disciplines.

In due course, it was agreed that Dr. J. H. P. Main, Professor of Oral Pathology at the Uni-

versity of Toronto and Chief of Dentistry at Sunnybrook Hospital, would present both Faculties on the Boone Committee. It is hoped that through this arrangement the needs of dental education for dental internship and residency posts will be more objectively and knowledgeably considered.

POLICY – ACTIVE STAFF HOSPITAL APPOINTMENTS

In consonance with the Faculty of Medicine, the Council of the Faculty of Dentistry adopted the policy that full-time and part-time clinical faculty may normally hold an active staff appointment at only one affiliated teaching hospital but may hold consultant staff appointments at one or more other affiliated hospitals.

CHIEF OF DENTISTRY – VICTORIA HOSPITAL

The Faculty was pleased to learn that Dr. W. H. Feasby was appointed Chief of Dentistry of Victoria Hospital for another five-year term.

REPRESENTATIVE – ODA HOSPITAL SERVICES COMMITTEE

Recognizing the provision for a representative from the Faculty of Dentistry of The University of Western Ontario to the Hospital Services Committee of The Ontario Dental Association, the Faculty appointed the Chairman of its Committee on Hospital Services to represent this school on the ODA Committee. Unquestionably, the policies adopted by the Hospital Services Committee of The Ontario Dental Association can and do have a bearing on the undergraduate and graduate teaching programs of a Faculty of Dentistry in affiliated hospitals. It is, therefore, appropriate for dental schools to be represented on such a committee. The Faculty is most grateful for the co-operative interest of The Ontario Dental Association.

PROFESSIONAL CONDUCT CODE

An Ad Hoc committee on Professional Conduct, established in the previous academic year, presented a comprehensive report to the Executive committee of the Council on 27 October 1975. The ad hoc committee, after defining what it considered to be appropriate standards of professional conduct, attempted to identify non-professional conduct. It then proceeded to suggest the establishment of a professional code which could be administered within the Faculty by a Committee on Professional Code and by a Disciplinary Court. An appeals mechanism was also proposed.

After being received by the Executive Committee, the report was considered carefully and conscientiously by all segments of the Faculty. For several reasons, the report was eventually tabled, no definitive action was being taken on it.

In view of the provisions of the Statutory Powers Procedure Act, and in view of the fact that the university — on a university-wide basis — has been attempting to develop acceptable mechanism for dealing with unacceptable conduct of one kind or another, it was not deemed appropriate to proceed with this exercise at this time. The report is, however, available and could be reintroduced in the future should it be considered necessary or desirable to do so.

ADVISORY COMMITTEE TO THE FACULTY OF DENTISTRY

The eighth annual meeting of the Advisory Committee to the Faculty of Dentistry was held on 29 October 1975. Fourteen members were present. Dr. Harvey W. Reid, the representative of the Canadian Dental Association, was, again, unanimously elected to chair the meeting.

As in previous years, the committee accepted as the basic resource document for the meeting, the Faculty's Annual Report to the Royal College of Dental Surgeons of Ontario. The Committee expressed interest in the Faculty's planning of graduate programs in clinical disciplines suggesting that in addition to the specialties already under consideration, endodontics and prosthodontics be included.

The Advisory Committee shared the Faculty's concern with the problems associated in the mounting of continuing education programs which would enjoy high participation among members of the dental profession.

Each item in the report was carefully reviewed by the Committee following which there was an effective exchange of information and views between the faculty representatives and the other members of the Committee.

The Faculty of Dentistry continues to derive great benefit from the contributions of the Advisory Committee and is deeply appreciative of the efforts expended by all the members.

DR. GEORGE BEDROSIAN AWARD

Through the generosity of the Department of Restorative Dentistry the Dr. George Bedrosian Award was established within the Faculty. The late Dr. George Bedrosian was a distinguished member

of the important part-time faculty of this school whose contributions were of such significance that the department wished to recognize them in the establishment of this award.

The Dr. George Bedrosian Memorial Award in Restorative Dentistry will be presented annually, on the recommendation of the Department of Restorative Dentistry, to a fourth year student who has demonstrated over-all excellence in the four combined disciplines of operative dentistry, endodontics, fixed prosthodontics, and removable prosthodontics.

NEW BURSARIES ESTABLISHED

It is with considerable pleasure that it can be announced that, through the generosity of donors, bursaries have been established within the university for deserving dental students who demonstrate financial need.

Through the kindness and generosity of the family of Dr. Leonard V. Shankman and in recognition of his sixtieth birthday, the Dr. Leonard V Shankman Bursaries were established through a generous gift of Five Thousand Dollars from Mrs. Shankman and her daughters, Phyllis Steidman and Linda Chud, and her son, Dr. Lorne Shankman, a 1972 graduate of this Faculty.

The Faculty was the benefactor of the Estate of the late Mrs. Ivy Radway Magee, a sister of the late Dr. Frank S. Radway who, for several years, practised dentistry at Westminster Hospital in London. The late Mrs. Magee's estate provided for a bequest of Ten Thousand Dollars for the purpose of establishing bursaries for deserving dental students.

AMENDMENTS TO AWARDS

A few, relatively non-substantive, amendments were made within the terms of certain awards:

(a) W. B. Saunders Book Award

The W. B. Saunders Book Award was transferred from the third to the fourth year because changes in the program in Social Dentistry provided for an evaluation at the end of fourth year rather than at the termination of third. The award, therefore, is available to the fourth year dental student who shows the greatest proficiency in Social Dentistry.

(b) Royal College of Dental Surgeons of Award in Oral Biology

With the approval of the Council of the Royal College of Dental Surgeons of Ontario, the award was amended to reflect the fact that neuroanatomy and neurophysiology are now combined into Integrated Neurosciences in second year. The award,

therefore, will be presented annually on the recommendation of the Examinations Committee to the second year dental student who achieves the highest standing in the integrated neurosciences course.

DR. BRUNO P. MARTINELLO RESIGNS

Dr. B. P. Martinello, the original Chairman of the Department of Social Dentistry, tendered his resignation to become effective 1 July 1976, at which time he would assume the post of Executive Director of the Alberta Dental Association. Although the Faculty deeply regrets Dr. Martinello's resignation it extends to him every good wish as he undertakes the important responsibilities of the position to which he has been appointed.

VISITING PROFESSOR – MEDICAL RESEARCH COUNCIL

The Faculty of Dentistry considered itself both fortunate and privileged to enjoy the very significant contributions of K.J. Paynter, D.D.S., Ph.D., who, during the week of 29 September 1975, served as the 1975-76 MRC Visiting Professor. Dr. Paynter maintained the tradition of the MRC Visiting Professor giving the Annual Public Lecture which was held on 30 September 1975.

LIBRARIAN-IN-CHARGE, HEALTH SCIENCES LIBRARY

It was with considerable regret that the Faculty learned of the resignation of Miss M.A. Seheult from her position of Librarian-in-Charge of the Health Sciences Library. At her own request, Miss Seheult is to become Collections' Librarian.

Miss Seheult has been the Health Sciences Librarian since the Faculty of Dentistry was established in 1965 and has worked heroically to develop a "dental" collection of high quality. The Faculty of Dentistry is deeply appreciative of Miss Seheult's highly effective contributions.

CLINIC DAY

On Wednesday, 10 March 1976 the Faculty held a Clinic Day for all full-time and part-time members of the academic staff. There were presentations embracing most facets of clinical interest to members of faculty. All who attended agreed that the day was both beneficial and enjoyable and, as a consequence, significant benefit should accrue to the teaching program of the Faculty.

UWO CLINIC NIGHT

Again, the Faculty was privileged to be requested to present a Student Clinic Night as part of the formal program of the London and District Dental Society. On 4 December 1975, five students offered the following topics for the interest of the members of the society:

<i>"Indications for use of the monoblock in treatment of a Class II Division I malocclusion"</i>	Messrs. C. L. Conskey and J. D. Wilcox
--	--

<i>"Clinical indications for use of direct pulp capping procedure"</i>	Mr. B. J. Markham
--	-------------------

<i>"The cyanoacrylate bonded temporary bridge"</i>	Mr. R. H. Midgley
--	-------------------

<i>"Diabetes mellitis and its implications for the dental profession"</i>	Mr. J. P. Demarco
---	-------------------

The presentation of Mr. Brian Markham was adjudged to be the most meritorious and, as a consequence, Mr. Markham had the privilege of being selected to represent this Faculty at the Student Table Clinic program to be held in conjunction with the Annual Convention of the Canadian Dental Association being held, this year, in September in Edmonton Alberta.

AMERICAN DENTAL ASSOCIATION'S STUDENTS' RESEARCH CONFERENCE

Mr. James A. Gerrow, a student of the second year, was selected to represent the Faculty at the annual ADA Students' Research Conference held in Chicago on 8-9 April 1976.

APPOINTMENTS, RETIREMENTS, RESIGNATIONS

It is a pleasure to report on the following appointments effected during the 1975-76 academic year:

Dr. J. Keith Hunter, Assistant Professor, Department of Restorative Dentistry, effective 1 September 1975.

Dr. Ralph A. Latham, Professor, Department of Paediatric Dentistry, effective 1 September 1975.

Dr. Alan R. Mills, Assistant Professor, Department of Restorative Dentistry, effective 1 July 1975.

Dr. Russell G. Stephens, Professor, Department of Oral Medicine, effective 1 September 1975.

The Faculty looks forward, with considerable anticipation, to the contributions of these colleagues over the years to come.

It is always sad to report on the departure of respected colleagues whether through retirement or resignation. The Faculty records, with considerable regret, the following resignations from the part-time faculty complement:

Dr. Ralph W. Adams, Clinical Instructor, Department of Restorative Dentistry, effective 1 February 1976.

Dr. J. H. Greenfield, Clinical Lecturer, Department of Oral Medicine, effective 30 April 1976.

Dr. H.I. Holmes, Clinical Instructor, Department of Oral surgery, effective 30 June 1976.

Dr. D. K. Russell, Clinical Instructor, Department of Restorative Dentistry, effective 30 April 1976.

Dr. Charles Ruttan, Clinical Instructor, Department of Paediatric Dentistry, effective 1 November 1975.

Dr. B. J. Williams, Clinical Instructor, Department of Paediatric Dentistry, effective 30 June 1976.

APPRECIATION TO THE COUNCIL OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO.

It would be remiss, in concluding this annual report, not to convey, once more, the very deep appreciation of Western's Faculty of Dentistry to the Council of the Royal College of Dental Surgeons of Ontario for its support in so many of this school's activities. The various grants are, of course, of great practical benefit but, even more importantly, is the knowledge that the participating interest of the Council of the College and of its Executive Officers is always present and is available anytime it is sought. The involvement of the College's representatives within the Faculty's Advisory Committee and the effective participation of the Registrar in the deliberations of the Admissions Committee both contribute enormously to the welfare of this Faculty.

FINANCE AND PROPERTY COMMITTEE

P.P. Zakarow, D.D.S., (Chairman) / B.P. Martinello, D.D.S., D.D.P.H. (to March 31st, 1976) / and R.W. White

Property – 230 St. George Street, Toronto:

Early in September 1976 our tenants, viz. the Ontario Dental Association and the Academy of Dentistry, moved to 234 St. George Street, Toronto, the property newly acquired by the O.D.A.

At a special meeting of Council on August 27th, 1976, it was agreed that extensive renovations be made to RCDS. headquarters to provide a Council Chamber and other offices required to conduct the business of the College.

The College has received countless compliments on the appearance and functioning of our property, and we are very proud of it.

The property budget for 1977 is included in this report as Appendix A.

General Budget:

A copy of the budget for 1977 is also included in the report — (Appendix B.). It calls for expenditures to be in excess of receipts.

Due to the ever-increasing work-load of the College, it may be necessary to revise several budgetary items at the Council meeting in April 1977.

APPENDIX A

PROPERTY BUDGET 1977

EXPENDITURES

	1977	76 Estimate
Property Manager	5,000	4,000
Caretaker	2,000	6,000
Insurance	1,100	—
Taxes	7,650	6,797
Renovation	2,000	68,000
Contingency	1,000	—

REGISTRATION COMMITTEE

A.J. Calzonetti, D.D.S. (Chairman) / E.J. Siegel, M.D., D.M.D. / Mrs. W. Stratas

38
1. The Committee met on March 12th, June 16th, June 28th and October 6th, 1976.

2. Oral Radiology — Specialty Recognition

The regulation pursuant to the establishment of Oral Radiology as a specialty was approved by the Lieutenant-Governor-in-Council on December 22nd, 1976.

The Committee approved the applications submitted by the following for certification in this specialty, viz. — Drs. H.G. Poyton, J.A. Reid, A. Ruprecht, D.W. Stoneman and S. Fireman.

3. Prosthodontics

The Committee spent considerable time endeavouring to determine the best method of resolving the problems related to the establishment of the specialty of Prosthodontics. At the meeting of Council in November 1975, the Committee was requested to consider regulations whereby Prosthodontics would consist of three divisions, — (i) *Removable Prosthodontics*; (ii) *Restorative Dentistry (operative dentistry and fixed prosthodontics)*; and (iii) *Maxillo-facial prosthodontics*. However, on receipt of advice from several sources, the Committee felt the public would be better served if Prosthodontics was considered as one specialty. While it was agreed that anyone recognized as a specialist ought to have

knowledge and expertise in all branches of prosthodontics beyond that of the general practitioner, it was understood that certain candidates might have had stronger emphasis in their graduate training in one branch of the subject than another.

The "Grandfather" provisions for those dentists who because of experience, peer respect, short courses and other study feel qualified to sit for a certification challenge examination — albeit they have not fulfilled the educational qualifications mentioned in the regulation — have proved difficult to resolve.

At the meeting of Council held in April 1976, it was agreed that a committee, consisting of Dr. O. Yule, Dr. D.B. McAdam and Dr. P.S. Sills, prepare a memorandum outlining the terms by which eligible dentists may be examined in order to qualify for certification. "Eligible dentists" means those dentists who graduated before recognized graduate courses in prosthodontics were available, and who have attained a high level of competence as the result of experience, short courses, etc.

The above-mentioned memorandum was reviewed and approved by the Committee.

The Secretary was directed to inform all dentists of the content of the memorandum and request that anyone interested apply for additional details. To date over 200 dentists have asked for such details.

National Portability of Specialty Certificate:

In 1975 R.C.D.S. Council approved in principle a proposal presented by the National Dental Examining Board of Canada whereby specialists might acquire national portability of their certificate. This was an arrangement to be made in conjunction with the Royal College of Dentists of Canada.

The Committee met with representatives from all the specialty groups recognized in Ontario at this time, to obtain their views on this matter.

Following discussion at its meeting in November 1976, Council agreed that the R.C.D.S. not recognize the national certificate of specialty certification at this time; and that this question be referred back to the Registration Committee for further consideration and subsequent report to Council.

Supplemental Examinations – National Dental Examining Board of Canada:

It was brought to the attention of the Committee that a candidate for the N.D.E.B. examinations, Part III, had been successful in all but one section. This candidate appealed to the Committee, and because of the special circumstances he was permitted to sit for a special examination conducted on behalf of the R.C.D.S., in which he was unsuccessful.

Because of this experience, however, R.C.D.S. Council approved a recommendation of the Registration Committee "That the R.C.D.S. ask the National Dental Examining Board of Canada to consider a supplemental examination in the one single component of the practical portion of the N.D.E.B. examinations in which an applicant has failed; and further, that this examination be held at a time and place mutually agreeable to the examiner and the candidate; and further, that the full cost of this examination be borne by the candidate."

Oral Surgery Graduate Program, Faculty of Dentistry, University of Toronto – Training in General Anaesthesia

As directed by the Council in April 1976, the R.C.D.S. President, Vice-President, and Dr. E.J. Siegel, a member of Council, had discussed with Dean G. Nikiforuk, Faculty of Dentistry, University of Toronto, the training in general anaesthesia given to graduate students in oral surgery. As a result, it was felt that an honest effort was being made to provide proper training in this area.

Applications for Certification approved by R.C.D.S. Council:

Oral Surgery

Dr. Kenneth W. Lawless
Dr. Peter Lukacko
Dr. Eric K. Orpana
Dr. Douglas J. Paterson
Dr. Larry L. Raley
Dr. William A. Rubenstein
Dr. Robert B. Van Winckle
Dr. John R. Wallace

Periodontics

Dr. Howard B. Belfand
Dr. Leo Gerczuk
Dr. Timothy R. Gould
Dr. Chaim Nayot
Dr. Jon D. Perlus
Dr. Douglas W. Pettigrew
Dr. Richard H. Yamaoka

Orthodontics

Dr. Graham W. Hall
Dr. Maurice R. Lyn

Paedodontics

Dr. Howard J. McIsaac

Dental Public Health

Dr. G.D. Atkins

Endodontics

Dr. B. Harvey Wiener
Dr. Wayne H. Pulver

The Registration Committee expresses its sincere thanks and appreciation for the valuable assistance and co-operation given by our specialty consultants during 1976.

As Chairman, I want to thank the Committee members, Dr. E.J. Siegel and Mrs. Stratas for their help and support throughout the year. Also, I extend to our very capable President, Dr. R. Paul McCutcheon, and our dedicated Registrar, Dr. K.F. Pownall my appreciation.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE

R.W. White (Chairman)/B.P. Martinello, D.D.S., D.D.P.H.
(to March 31, 1976)/G.A. Shunock, D.D.S./N. Webster, D.D.S.

1. The day-to-day operation of the plan is proceeding very successfully in every respect. Both the public and the dentists benefit from the prompt and efficient methods of the adjustment of claims.

2. The plan sustained a major loss in 1976. In total, this one incident will cost the plan over \$100,000. However, that is why we have insurance to protect both the public and the profession.

3. Because of the increase in the number and value of the claims in 1976, the insurance carriers requested an increase in premium for their share of the risk that amounted to almost a 600% increase.

4. Notice of the increase in premium for 1977 was not communicated to the College until October 18th, 1976. The Committee was not content to accede to the increase until they had obtained bids from other acceptable companies.

5. A more realistic premium for 1977 was obtained from the Gestas Corporation, albeit this was more

than a threefold increase over the rate for the previous year.

6. The R.C.D.S. program involves a self-insuring principle. Claims up to an amount of \$25,000 per individual are paid from funds set aside by the College for that purpose; all larger amounts are paid by the insurers, for which the College pays a premium. If in any one year total claims exceed \$100,000 from the College portion, the insurers pay all the excess. In time, the College hopes to build the reserves in its part of the plan to an amount where the interest from the fund will cover a major portion of the cost of operating the plan.

7. Considerable credit for the excellent operation of the plan is due to our Insurance Adjusters, The F.C. Maltman Company Limited, and our Insurance Consultant, Mr. P.D. Norman. Our headquarters staff also deserve our commendation. They are available at all times to answer questions and assist you should you have any problems.

NATIONAL DENTAL EXAMINING BOARD OF CANADA

E.G. Sonley, D.D.S., R.C.D.S. Representative

41

1. The Annual Meeting of the National Dental Examining Board of Canada was held in Ottawa June 9th and 10th, 1976.

2. 442 current Canadian graduates applied for the National Dental Examining Board certificate in 1976 — 39 more than 1975 — representing 97% of the total number of graduates.

3. 25 National Dental Examining Board/Royal College of Dentists of Canada specialists certificates were issued in 1976.

4. Graduates of Approved Schools — (Canadian and American) — writing the N.D.E.B. examinations totalled 36; of these, 33 (92%) were successful.

5. 28 graduates of Non-approved Schools (formerly termed "Foreign Dentists") wrote the N.D.E.B. examinations in November 1975. 16 (57%) were successful, with 3 supplementals and 9 failures.

The comprehensive examinations (Practical, Clinical and Pre-clinical) for graduates of Non-approved schools differed in 1975 in that **(a)** *they were held at the University of Western Ontario; (b)* *Patients were supplied by the University for the candidates; and (c)* *there was almost double the usual number of candidates.* While candidates could supply their own patients, the University, upon request, would do so, the candidate paying \$100.00 for an operative patient, and \$25.00 for a prosthetic patient. There was also the option to examine the patient the Friday before the commencement of the clinical examination, when the candidate could decide whether or not to accept the patient. This orientation Friday also gave the candidates an opportunity to do snap impressions, impression trays and occlusal rims for their denture patients.

Of the 47 candidates for the Pre-clinical examinations, (including supplementals from previous years), 24 were successful, 22 failed and one withdrew.

Of the 48 candidates for the Clinical examination, 16 passed, 7 passed with one supplementary, and 25 failed.

These figures are approximately the same as in previous years in respect to the percentage of failures.

6. A ten-day course under the auspices of the University of Western Ontario, will be offered to dentists of Non-Approved Schools, for a maximum of fifty individuals. The only prerequisite is that the applicants for this course must have passed the N.D.E.B. written examination.

7. Comprehensive examinations will continue to be held in Ontario and Quebec, as logistics and language problems arise if they are held outside these areas. Also, the majority of candidates who obtain the N.D.E.B. certificate remain in the East, particularly in Ontario and Quebec.

8. A committee under the chairmanship of Dr. D. Proctor and including Drs. R. Jordan and P. Sills, has been established to review the whole area of comprehensive examinations in both the pre-clinical and clinical areas, and to make recommendations for improving this series of examinations.

9. Two sessions of Pre-clinical and clinical examinations will be held in 1977 — in May at the University of Western Ontario, and in August at McGill University, Montreal, provided there are sufficient applicants.

10. The N.D.E.B. rejected the idea of mounting written examinations outside Canada, as it was felt

this might be looked upon as recruitment of dentists in other countries.

11. It was indicated that the Canadian Dental Association survey team would conduct fourteen surveys in 1976/77. Guidelines for the surveying of graduate specialty programmes are being finalized; meantime only interim guidelines are being utilized.

12. The N.D.E.B. renewed its lease at its present location in Ottawa for a further year. Negotiations will be reopened with the C.D.A. as to the possibility of occupying space in the new C.D.A. headquarters in the future.

13. A request was made to the N.D.E.B. by Alberta "That the National Dental Examining Board be requested to change the regulations so that candidates for examinations from accredited dental schools outside Canada (e.g. U.S.A.) be fully examined clinically as well as by a written examination, for those provinces requesting both examinations."

TREASURER'S REPORT

K.F. Pownall, D.D.S.

43

1. Financial Statements:

(a) *The Auditors' Report and Notes, the Balance Sheet and the List of Investments for the R.C.D.S. as of December 31st, 1976, are attached — see Appendix A.*

(b) *The Statement of Revenue and Expenses, and Surplus of the General Account as of December 31st, 1976, is attached — see Appendix B.*

(c) *The Balance Sheet and the Statment of Revenue and Expenses and Surplus for the Professional Liability Insurance Plan are attached - see Appendix C*

(d) *The Auditors' Report and the Balance Sheet for the Harry R. Abbott Memorial Library Fund are attached — See Appendix D.*

(e) *The Auditors' Report, Balance Sheet and the Statement of Revenue and Expenses for the R.C.D.S. Centennial Fund are attached — see Appendix E.*

2. Revenue:

The increase in revenue from licensing reflects the increased number of licensed dentists and dental hygienists. The income from the dental assistants' course is a net figure based on the course and examinations for 1975 and 1976. It does not take into consideration the countless hours of staff-time necessary for the success of the programme. The income from interest is increased because rates on short-term certificates were high in 1976, and, in addition, this is now listed on an accrual basis.

Property rent income is lower because of the College's need for added space, and the O.D.A. and

the Academy of Dentistry (Toronto) ceasing to be tenants as of September 1976.

"Sundry" revenue is derived mainly from the sale of copies of the list of members.

3. Expenses:

Expenditures in 1976 increased by nearly \$200,000 over 1975. The main reason for this was the increase in the allocation to the Malpractice Insurance fund of over \$100,000. Major renovations were necessary in 1976 within our headquarters' building to better equip it for our use.

Other increases reflect the usual increases in an inflationary economy.

The item "professional fees" includes both legal and auditing expenses. "Enforcing the Act" includes the costs of Discipline hearings and the costs of investigations of the illegal practice of dentistry.

4. Excess of Revenue over Expenses:

It is pleasant to report that there was an excess of revenue over expenses in 1976 of nearly \$50,000. Nevertheless, it should be noted that the rate of increase in expenses exceeds the rate of increase in revenue over 1975.

5. Surplus:

Our surplus at the end of 1976 is just over \$200,000. While this is a substantial figure, it represents less than one-third of one year's expenses.

6. Professional Liability Insurance Plan:

The plan established in January 1973 continues to be very successful, both financially and in the best interest of the public and the profession. The revenue represents the sum of \$50.00 per licensed dentist plus the usual revenue from interest.

The expenses of the plan are increasing. Claims listed reflect the amount of money actually spent in 1976, but does not include potential claim settlements for events which occurred in 1976. The College has stop-loss insurance for this purpose if the sum should exceed \$75,000.

7. The Harry R. Abbott Memorial Library Fund:

This Fund continues to assist the library at the Faculty of Dentistry, University of Toronto. The revenue from this fund is the interest on a capital fund established by the late Mrs. Dorinda Tully as a memorial to her brother, Dr. H. Randolph Abbott, a former President of the College.

The following is an excerpt from an article on Dr. Abbott printed in the 1906 edition of *Hya Yaka* (the undergraduate magazine of the students of the R.C.D.A.):

Dr. H. R. ABBOTT

Hya Yaka, with more than ordinary pleasure, presents this month a short biographical sketch of Dr. H. Randolph Abbott, of London, President of the Board of Directors of the Royal College of Dental Surgeons, and President of the Dominion Dental Council. A glance at his picture will show that he is "well favoured and good to look upon."

Since his election to the Board, perhaps no man in the Province has done more for the College, and the profession generally, than has Dr. Abbott. Possessing, as he does, push, tack and ability, he has in addition to these, the faculty of impressing upon people, the fact that he is transparent, and honest in his dealings. Perhaps his chief strength lies in this: that he can "say his say" forcibly, yet with becoming dignity, and always with courtesy.

Dr. Abbot graduated from the R.C.D.S. in 1877, and in 1901 Trinity University conferred upon him the degree of Doctor of Dental Surgery. The fact that Dr. Abbott has held every office in the gift of the profession in Canada, is perhaps the best proof of his worth and popularity. Dr. Abbott holds the unique record of having attended every meeting of The Ontario Dental Society, with one exception.

The President, however, does not confine all his time and attention to dentistry. While he has one of the largest and most lucrative practices in the Province, he very wisely makes time for "the sound mind in the sound body." He rides a "horse" not a "hobby," and his motto is: "The best thing for the inside of a man is the outside of a horse." He was first secretary of the London Hunt Club; for two years was Master of the Hounds, and holds a cup won at the Hunt Club steeplechase.

In matters military Dr. Abbott is something of an enthusiast. He joined the militia in 1897, and now holds the rank of Major, commanding "A" Squadron of the 1st Hussars, and has been recommended for the position of second in command of the regiment. He volunteered for service in South Africa, but was not fortunate enough to be sent to the scene of action.

As a Mason, Dr. Abbott is in possession of nearly all the secrets peculiar to the "Craft," being a "Scottish Riter," a member of Rose Croix Chapter 18th.

8. The Centennial Fund:

This fund was established in 1968 to commemorate the Centennial of the R.C.D.S. The purpose of the fund was to provide and up-date the Dentistry Exhibit in the Ontario Science Centre in Toronto.

9. Re-Appointment of Auditors:

The firm of Thorne Riddell & Company continues to provide very efficient and capable auditing services. It is recommended that they be re-appointed R.C.D.S. auditors for 1977. (This was approved by R.C.D.S. Council).

10. Appreciation:

Presenting this report provides me with the opportunity to bring to your attention the fact that the College is privileged to have a staff of loyal and devoted individuals. Despite the many problems caused by over-crowding and the renovations that were necessary in 1976, the staff remained cheerful and effective.

The work-load of the College is increasing at a rapid rate and additional staff will be required if we are to maintain our usual high standard.

APPENDIX A

AUDITORS' REPORT

To the Directors of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the General Account and the professional Liability Insurance Plan of the Royal College of Dental Surgeons of Ontario as at December 31, 1976 and the statements of revenue and expenses and surplus for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the General Account and the Professional Liability Insurance Plan of The College as at December 31, 1976 and the results of their operations for the year then ended in accordance with accounting principles described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 1976

1. ACCOUNTING POLICIES

The College follows generally accepted accounting principles except that the cost of furniture, equipment and leasehold improvements is included in expenses as incurred (1976, \$78,357; 1975, \$4,797).

2. LONG TERM LEASE

In 1972 the land and building at 230 St. George Street was sold to The Ontario Dental Association for \$2. The Royal College of Dental Surgeons of Ontario has leased the land and building from The Ontario Dental Association for a period of twenty-five years expiring September 30, 1997 for \$1 plus various operating charges as specified in the lease with an option of first refusal on any offer for purchase of the property.

APPENDIX D

AUDITORS' REPORT

To the Directors of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Harry R. Abbott Memorial Library Fund of The Royal College of Dental Surgeons of Ontario as at December 31, 1976. Our examination for the year ended December 31, 1976 was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet presents fairly the financial position of the Harry R. Abbott Memorial Library Fund of the College as at December 31, 1976 in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

AUDITORS' REPORT

To the Directors of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Centennial Fund of The Royal College of Dental Surgeons of Ontario as at December 31, 1976 and the statement of revenue and expenses for the year then ended. Our examination was made in accordance with generally auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centennial Fund of the College as at December 31, 1976 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

(Halton, Hamilton-Wentworth, Niagara and Peel).

University Representatives

E.G. SONLEY, D.D.S., University of Toronto

R.H. JOHNSON, D.D.S., University of Western Ontario

An Act to Amend the Dentistry Act 1972 stated that:
"The Board shall consist of elected members, each

of whom shall be a member of the College, and three persons who are not members of the College appointed by the Lieutenant Governor in Council."

Appointed in 1974 were:

Mr. Eric Gudgeon, Milton, Ontario

Mrs. W. Stratas, Scarborough, Ontario

Mr. Robert W. White, Agincourt, Ontario

Section 23, sub-section (2) stated *"The Council shall be composed of....*

(b) not fewer than three and not more than five persons who are not members of a Council under this Act or registered or licensed under this Act or any other Act governing a health practice and are appointed by the Lieutenant Governor in Council".

The above-mentioned, viz. Mr. E. Gudgeon, Mrs. W. Stratas and Mr. R.W. White, were re-appointed to Council in October 1975.

BOARD ELECTIONS

1. In accordance with the Health Disciplines Act and Ontario Regulation 576/75 an election of the Council of The Royal College of Dental Surgeons of Ontario was held from October to December 1976.

2. On October 8th, 1976, nominations were called for by circular letter to each Licentiate resident in Ontario on October 1st, 1976.

Valid nominations were received as follows:

District No. 1 — **Dr. J. Berman**, Ottawa

District No. 2 — **Dr. James I. Fawcett**, Lindsay
— **Dr. Gary A. Kindree**, Oshawa

District No. 3 — **Dr. George A. Shunock**,
Sault Ste. Marie

District No. 4 — **Dr. Robert D. Leuty**, Toronto
— **Dr. Norman Levine**, Toronto
— **Dr. W. John Ramage**, Willowdale
— **Dr. Elliott J. Siegel**, Toronto

District No. 5 — **Dr. Claude A. Doughty**,
Huntsville
— **Dr. W. Bruce Hudgins**, Alliston
— **Dr. R. Gordon Woolidge**, Orillia

District No. 6 — **Dr. R. Paul McCutcheon**,
London

District No. 7 — **Dr. Roderick N. Jack**, Kitchener

District No. 8 — **Dr. Albert J. Calzonetti**,
Hamilton

3. All candidates were informed of their nominations, and there were no withdrawals. As no additional valid nominations were received for Districts No. 1,3,6,7, and 8, Dr. Jack Berman, Dr. George A. Shunock, Dr. R. Paul McCutcheon, Dr. Roderick N. Jack and Dr. Albert J. Calzonetti were declared elected by acclamation.

4. Elections were held in Districts Nos. 2,4 and 5.

5. On November 22, 1976, ballots, together with necessary instructions, were mailed to all qualified Electors in the districts in which elections were

being held. The officially appointed Returning Officers, Dr. R.J. Godfrey and Dr. Mark Boyes, counted the ballots on Wednesday, December 8th, 1976. The report of the Returning Officers (Appendix 1 to this report) indicates that the following were elected:

District No. 2 — **Dr. James I. Fawcett**

District No. 4 — **Dr. Norman Levine** and
Dr. Elliott J. Siegel

District No. 5 — **Dr. Claude A. Doughty**

6. The Faculty of Dentistry of the University of Toronto and the Faculty of Dentistry, University of Western Ontario, have appointed Dr. E.G. Sonley and Dr. R.H. Johnson as Faculty representatives on the R.C.D.S. Council

7. Accordingly, the duly elected members of the Council of The Royal College of Dental Surgeons of Ontario for the ensuing biennial term are:

District No. 1 — **Dr. J. Berman**, Ottawa

District No. 2 — **Dr. James I. Fawcett**, Lindsay

District No. 3 — **Dr. George A. Shunock**,
Sault Ste. Marie

District No. 4 — **Dr. Norman Levine** and
Dr. Elliott J. Siegel,
both of Toronto

District No. 5 — **Dr. C.A. Doughty**, Huntsville

District No. 6 — **Dr. R. Paul McCutcheon**,
London

District No. 7 — **Dr. Roderick N. Jack**, Kitchener

District No. 8 — **Dr. Albert J. Calzonetti**,
Hamilton

Faculty (Toronto) — **Dr. E.G. Sonley**, Willowdale

Faculty (U.W.O.) — **Dr. R.H. Johnson**, London

8. According to notification received from the Ministry of Health, the following lay members appointed by Government continue as members of R.C.D.S. Council:

Mrs. W. Stratas
Mr. E. Gudgeon **Mr. R.W. White**

RETURNING OFFICERS' REPORT ON ELECTIONS – 1976

District No. 2

Number of ballots received 158
Number of valid ballots 158
Number of invalid ballots

The 158 valid ballots were marked as follows:

For Dr. James I. Fawcett 81
For Dr. Gary A. Kindree 77

Showing a majority of 4 for Dr. Fawcett
Dr. Fawcett is thereby declared elected.

District No. 4

Number of ballots received 967
Number of valid ballots 964
Number of invalid ballots 3

The 964 valid ballots were marked as follows:

For Dr. Robert D. Leuty 484
For Dr. Norman Levine 572
For Dr. W. John Ramage 143
For Dr. Elliott J. Siegel 556

Dr. Levine and Dr. Siegel are thereby
declared elected.

District No. 5

Number of ballots received 140
Number of valid ballots 140
Number of invalid ballots

The 140 valid ballots were marked as follows:

For Dr. Claude A. Doughty 65
For Dr. W. Bruce Hudgins 39
For Dr. R. Gordon Woolidge 36

Dr. Doughty is thereby declared elected.

(Signed) Dr. R.J. Godfrey

PRESIDENT'S REPORT

E.G. SONLEY D.D.S.

For Canada, 1977 will certainly go down in history as a year of change - the Quebec debate on separatism became truly a national issue, the world-wide economy continued its downward tumble, while inflation proceeded on a steady upward spiral.

For dentistry in Ontario, 1977 was also a year of change - some good, some not so good, but all of it important to our profession and to the public served by it. In the next few paragraphs I shall attempt to outline to you the concern and achievements of the Council of the College over the last twelve months.

In late 1976, the Canadian Dental Association completed its move to Ottawa, with the Ontario Dental Association migrating next door, to 234 St. George Street. This left the R.C.D.S. as the sole occupant of 230 St. George Street, where internal renovations were subsequently carried out on the building to improve space utilization for the College. With the reallocation of space, the installation of a computer, and an on-going revision of existing files, it is our expectation that the day-to-day business of the College can be carried out more efficiently with a minimum of staff.

By mid-year it was becoming increasingly apparent that one additional Assistant to the Registrar would be necessary to deal with Auxiliary Programmes in particular, but also many other facets of the day-to-day operations of the College. Dr. John Brick, formerly with the Canadian Forces Dental Services, became a member of our staff in August, and has been a great asset to us.

As the numbers of dentists in the province continue to expand and the public seeks more services, one also finds the work-load of all committees of the College increasing tremendously. Only three years ago, the Complaints met approximately once a month; in the past year its meetings have been scheduled twice and sometimes three times a month. Also, the complexities of the complaints seem to be enlarging, and satisfactory resolutions are much harder to achieve. The members of this Committee have done an excellent job, often under trying circumstances, and I recommend close examination of their report.

The Discipline Committee has had one of the busiest years in the history of the College, with many of the hearings lasting several days. However, this, too, is to be expected as the numbers of practitioners in Ontario continue to expand beyond 4,000.

The Registration Committee had a particularly busy year, preparing the necessary legislation and examinations to launch the new specialty of Prosthodontics. This was an extremely important achievement, culminating several years of negotiation and preparation, and I particularly commend the Committee for completing a long and difficult task.

The College has become increasingly concerned with developments at the two Faculties of Dentistry in Ontario. Because of current Ontario Government policies, particularly in relation to all Universities, both Dental Faculties are faced with budget restraints, even cut-backs, and deteriorating student-staff ratios. A student appeals mechanism, makes failing of students who are below standard difficult to uphold in many cases. These actions can do nothing but dilute the quality of the education of our graduates. Considering the current economic picture in this province, one has to assume that our Universities will have to labour under "cut-back budgeting" for some time to come.

Manpower, as it relates to dental practitioners and to dental auxiliaries, has also been a high priority concern of the College over the past year. It would appear that the Community College programmes will shortly be graduating more Dental Assistants and Hygienists than can be readily absorbed by the job market. Attempts are being made to bring about reductions in the number of candidates accepted for these courses. Unofficial approaches have been made at the government level, suggesting that serious consideration be given to the possibility of reducing the numbers of graduate and undergraduate students at both Dental Faculties. This would have to be accomplished so that Faculty funding would not be adversely affected, and would require some alternate form of a grants system to that which presently exists. This would also improve student-staff ratios and hopefully help the Faculties to live within budget cut-backs.

The Education Committee has spent much of 1977 attempting to bring order out of the chaos in the whole area of Auxiliary Training Programmes. Changes in course directors, staff, and a student selection mechanism that is still in its infancy, have combined to make it extremely difficult to equate the graduates from all the courses from all the Colleges across the province. As a result, last Jan-

uary, it was decided by the College that it would be necessary to require the graduates of all hygiene programmes to pass a licensing examination prior to qualifying for licensure. The Community Colleges are taking an active approach to developing a core curriculum and establishing standards that will meet the minimum requirements of the R.C.D.S. for the practice of Hygiene in this province.

The Health Disciplines Act of 1974, although only three years old, is at present under review by the Ontario Government, and one of the priority items being put forward by this College for consideration at this time is professional incorporation. Our lawyers have been busy drafting proposals to be placed before the Minister of Health. Also, active support of this endeavour has been put forth by the Ontario Dental Association.

Still pending before the courts are thirty charges of illegal practice of dentistry - for the most part, individuals fabricating partial dentures without direct supervision.

Since early last spring, a judge has been pondering the question whether these cases should go forward as breaches of the Dentistry Section of the Health Disciplines Act, or breaches of the Denture Therapists Act, and to date has not rendered a decision. Unfortunately, this delay has severely impeded the disposal of all pending cases, but our Inspector, Mr. Frank Greer, is continuing to lay charges as before, and bringing forward new cases to the courts.

It has been a privilege for me to be able to visit many areas of the province in 1977, and to attend the many varied and interesting functions of the local Societies. I consider these trips a pleasure, and am looking forward to more of them in 1978.

Without an efficient and helpful staff, no organization can survive for long, and this Council is fortunate to be so ably abetted by its personnel. All of these people give selflessly of their time, performing tasks and putting in hours well beyond the

requirements of duty, and I would like to list our staff for you:

Dr. K.F. Pownall	Registrar-Secretary-Treasurer
Dr. E.J. Fox	Deputy Registrar
Dr. J.C. Brick	Assistant to the Registrar
Mr. F.M. Greer	Inspector
Mr. W. Tabbitt	Accountant
Mrs. K. Shand	Senior Secretary
Mrs. G. Holder	Secretary, Complaints Committee
Mrs. O. Henry	Secretary, Education Committee
Mrs. S. Mykijewicz	Secretary, Registration and Licensure
Miss Barbara Keiller	Receptionist
Mrs. A. Kemp	Clerk

On behalf of the Councillors of the College, to all of the above our deep appreciation for your wonderful support.

This is a very brief overview of 1977 in retrospect. There are many other matters of importance pending, such as Faculty Accreditations in Ontario, Union Clinics, Report of the Steering Committee for X-Ray Program Development, to name but a few, and I am sure you will be hearing more about these and other matters over the next twelve months. Without exception, your elected representatives spend many hours of their time dealing with all matters of the College, and I have nothing but praise for every one of them and all their efforts.

While 1977 was a year of change, I am sure that with the continuing diligence of all members of this Council, and the support of Dentistry as a whole, 1978 will be a year of achievement.

COMPLAINTS COMMITTEE

Left to Right: J.I. Fawcett, D.D.S., J. Berman, (Chairman) D.D.S., Eric Gudgeon

In 1977 this Committee had meetings that lasted one full day on twenty-one occasions. As anticipated, the number of written complaints received by the College showed a marked increase from previous years and totalled 397.

Notwithstanding our comprehensive report in the 1975 Proceedings outlining the main causes and effects of complaints, the nature of complaints remains almost constant.

Perhaps an analysis based on our experience will further emphasize the need for dentists to devote more time in explaining to their patients the nature of their treatment, the time it will take and the fee for the service prior to commencing treatment. It is also our hope that this report will encourage you to better acquaint yourself with The Health Disciplines Act and particularly the Regulations under the Act.

We will discuss the problems in order of frequency of occurrences:

Alleged unsatisfactory dentures -

We find in many cases the dentures in question are acceptable. What is often unacceptable is the fact

that the patient has not been adequately informed of the potential problems of adjusting to new dentures. This has resulted in expectations by the patient that can not be fulfilled.

A small amount of additional time and effort spent in explanation by the practitioner would, in many cases, better inform the patient as to what to expect or what not to expect.

Procedures such as impression taking, try-in, completion, occlusal adjustments, relieving sore spots, relines, etc., are within the comprehension of most people. An enlightened patient is a happier patient. The fee involved should also be fully discussed before treatment begins so that financial obligations are clearly understood at that time.

Crown and bridge procedures and extensive rehabilitation -

We are witnessing an increasing number of complaints in this branch of dentistry. A number of extensive cases have been attempted without the use of adequate diagnostic x-rays or study models being properly articulated. Inferior fitting crowns, lack of proper occlusion, poor shade selection are

some of the obvious problems we see. Cases have been commenced by practitioners who, we feel, are not adequately qualified to venture into this exacting area of dental treatment.

Much thought and skill must go into the planning of such procedures. Guesswork usually results in failures. We have no doubt that extensive crown and bridge procedures can be carried out by general practitioners. However, it is important that these practitioners have a comprehensive knowledge of the principles of occlusion, including the use of articulators, and, in addition, an understanding of dental materials. One must be confident that with his knowledge good results will ensue.

Again, of significant importance, is the patient's awareness of the fee involved and the payment plan.

Insurance -

We feel strongly that in many cases the request by insurance carriers for predeterminations are both valid and necessary. This protects both the patient and the dentist. It assists third-party carriers to assess their liability under the terms of the contract. This allows all parties concerned to know in advance their responsibility with respect to the case under consideration.

Since claim forms must be signed by the dentist, he must assume total responsibility for their content. Several complaints which have been received with respect to such improperly completed forms have proven to be valid. Where simple misunderstandings have existed, our Committee has been able to resolve them with a minimum of inconvenience to either party.

We wish to reiterate the fact that third-party carriers are informed that any matters involving peer review are the sole prerogative of this College.

Fees -

It would be repetitious to again discuss our experience in this area. It should be sufficient to mention that complaints with respect to fees fit into our report in fourth place of the total numbers.

Advertising and unethical newspaper articles -

More flagrant violations of the regulations have been occurring lately. It should be noted that complaints in this area originate mainly from fellow

dentists. This indicates the sensitivity of the subject. The College had dealt rather leniently with the violators in the past. Because of the increasing numbers and severity of complaints, coupled with an economic climate which is conducive to this type of activity, we can no longer accept the standard excuse which is ignorance of the regulations.

Another word of caution involves interviews with newspaper and other media reporters. Many times the result of the interview is not what the dentist anticipated.

Surgical procedures -

Paraesthesia and jaw fractures are more common than we would expect to encounter. In most cases these are inadvertent and accidental in nature. However, a patient who is fully informed of any risks prior to surgical operations is better able to cope with and understand postoperative sequelae.

Drug and / or alcohol related problems -

Remember, comprehensive records must be maintained with respect to the purchase and distribution of drugs from the office supply as well as prescriptions written.

These records should include drugs used in the administration of local anaesthesia, general anaesthesia and conscious sedation as well as drugs prescribed for the control of infection, pain, apprehension, etc.

Guidelines concerning general anaesthesia and conscious sedation have been distributed by the College and we recommend that they be read and complied with.

There seems to be an increasing number of dentists who have become personally involved in drug and alcohol addiction problems. Frequently this information is brought to our attention by patients.

It goes without saying that these problems are considered to be very serious by the College as our aim is to protect the public.

Disputes between practitioners -

Probably the least number of complaints fall under this heading but when they do occur, they can be serious in nature. Basically they involve misunderstandings arising out of the dissolution of the associateship arrangement. The disagreeing parties argue over the patient distribution. A

written contract at the commencement of the agreement, unpalatable as it may seem to some people, would have avoided this confrontation. In many cases the patient is in the middle of the dispute and suffers more inconvenience than either dentist.

Conclusion -

It is our opinion that without the help of the Mediations Committees of our local dental societies the workload of the Complaints Committee would become almost untenable. Our appreciation is extended to the many people who are members of the Mediations Committees across the province.

As a Committee we are not dedicated to creating unnecessary hardships for our confreres. Rather, our attempt is to maintain the integrity and high esteem of the licence under which the dentists and dental hygienists of the province practise. In the main we direct our efforts towards areas of compromise and intelligent resolution.

Many members of the profession when they foresee a potential problem or they are not certain of the interpretation of a regulation, phone or write the Registrar of the College or his staff. This we heartily recommend. We do so with the knowledge that preventive actions of this nature will reduce the workload of this Committee.

DISCIPLINE COMMITTEE

Left to Right: G.A. Shunock, D.D.S., C.A. Doughty, D.D.S., E.J. Siegel, M.D., D.M.D., Mrs. W. Stratas, R.N. Jack, D.D.S., R. Paul McCutcheon, D.D.S., (Chairman) R.W. White, N. Levine, D.D.S.

Thirteen discipline hearings took place during the year 1977, viz. March 9th, March 10th, March 16th and 17th, April 4th and 5th, May 16th and 17th, May 25th (two hearings), May 26th, 27th and 28th, June 16th, June 22nd, July 14th, July 26th and October 28th.

In four hearings, the Committee membership comprised Drs. Doughty, Shunock, Siegel, McCutcheon and Mr. White. In two hearings, the members were - Drs. Jack, Levine, Shunock, McCutcheon and Mrs. Stratas. In the remaining seven hearings, the members were - (a) Drs. Doughty, Jack, Shunock, McCutcheon and Mr. White; (b) Drs. Doughty, Siegel, and McCutcheon; (c) Drs. Doughty, Jack, Levine, McCutcheon and Mrs. Stratas; (d) Drs. Doughty, Levine, Siegel, McCutcheon and Mrs. Stratas; (e) Drs. Levine, Shunock and McCutcheon; (f) Drs. Doughty, Siegel, McCutcheon and Mr. White; and (g) Drs. Doughty, Siegel, Shunock, McCutcheon and Mrs. Stratas.

1. The Committee met on March 9th, 1977, to

consider and determine allegations respecting the conduct of:

Dr. Charles A. King
1950 Yonge Street
Toronto, Ontario

It was alleged that Dr. King was guilty of professional misconduct in that during treatment of three of his patients in or about the years 1973, 1974 and 1975, he failed to maintain the standards of practice of the profession.

A plea of guilty was entered on behalf of Dr. King. The Committee, pursuant to the terms of a "Consent to an Order" filed, made the following order:

(a) The proceedings herein be disposed of by the Committee without a hearing and without compliance of the minimum rules of procedure as contained in the Statutory Powers Procedure Act, S.O. 1971, Chapter 47;

(b) Dr. Charles A. King is guilty of professional misconduct in that at his dental office located at 1950 Yonge Street, he did with respect to each of three of his former patients, fail to maintain the standards of practice of the profession;

(c) The licence of Dr. Charles A. King, as a member of The Royal College of Dental Surgeons of Ontario, be and the same is hereby revoked;

(d) Dr. Charles A. King shall not apply for the issuance of a licence pursuant to Section 39 of The Health Disciplines Act or any predecessor thereof, for a period of twelve months from the date of this Order;

(e) In the event Dr. Charles A. King should at any time apply for the issuance of a licence pursuant to Section 39 of The Health Disciplines Act or any predecessor thereof and should the College issue any licence, it shall contain the following restrictions and conditions:

1. Dr. Charles A. King shall only be permitted to practise under the direct supervision and control of a licensed member of the Royal College of Dental Surgeons of Ontario.

2. Dr. Charles A. King shall not in any event be permitted to practise dentistry in the following areas:

- (i) operative procedures under I.V. sedation
- (ii) N2 techniques for root canal treatment;
- (iii) any or all types of fixed bridge-work;
- (iv) Class I or Class II composite restorations.

(f) Any application by Charles A. King for the issuance of a licence as defined in paragraph (e) above shall be accompanied by the following:

1. Certificate from the National Dental Examining Board or any equivalent examining body as set and approved by the College that he has, since the date of this Order, successfully passed all required examination and is qualified to practise dentistry in the Province of Ontario.

2. Two medical opinions from Ontario psychiatrists, one chosen by Dr. Charles A. King and one chosen by The Royal College of Dental Surgeons of Ontario stating that after having fully examined him he is not, at the time of the application, suffering from any physical or mental condition or disorder of a nature and extent that would make it desirable in the interests of the public or Dr. Charles A. King that he not be permitted to practise dentistry.

(g) Dr. Charles A. King hereby waives his right to appeal under the provisions of The Health Disciplines Act, Statutes of Ontario 1974, Chapter 47 of the Order of the Committee in the terms hereinbefore set forth.

Dated at Toronto this 9th day of March, 1977.

2. A meeting of the Committee was held on March 10th, 1977, to consider and determine allegations respecting the conduct of -

Dr. Laird G. Joynt
120 Glenholme Avenue
Toronto, Ontario

It was alleged that Dr. Joynt was guilty of professional misconduct with respect to two of his former patients on September 30th, 1976 and between the period of December 7th, 1974 to February 18th, 1976 respectively, in that he failed to maintain the standards of practice of the profession.

Dr. Joynt pleaded guilty to the charge.

With respect to the penalty, the Committee ordered:

1. That he be reprimanded and the fact of the reprimand be recorded on his personal record;

2. That his certificate of licence be suspended forthwith for a period of four months, upon the following conditions:

(a) That after four months he present medical evidence to the College from a duly qualified medical practitioner that he is at the time of application completely fit and capable, both mentally and physically, to resume the practice of dentistry;

(b) That he present himself for examination to a duly qualified medical practitioner chosen by the College, whose professional opinion after conducting all appropriate examinations and tests, verifies that he is capable of returning to practice;

(c) That he present evidence satisfactory to the College that he is prepared to conduct his practice in such a manner as to comply with the standards of practice of the profession;

3. Upon failure to comply with any of the above, the Committee will re-convene, to re-consider this matter at that time;

4. When and if his licence is reinstated, the College will from time to time, for a period of not less than two years, direct the Inspector to examine his office, records and equipment, to ensure that he complies with the standards of practice of the profession.

On July 26th, 1977 the Committee re-convened to consider the case of Dr. Laird G. Joynt.

Evidence was given that Dr. Joynt was completely fit and capable, both mentally and physically, to resume the practice of dentistry.

Following due deliberation and examination of the facts presented in the submissions by both counsel, the Committee removed the suspension of Dr. Joynt's licence, effective immediately, subject to the following conditions:

(a) That he undertake regular treatment by Dr..... until such times as Dr.....considers such treatment is no longer necessary. It is understood Dr..... will send written reports to the Registrar of the College at one month, three months, six months and twelve months intervals and at such times as Dr.....deems it necessary.

(b) that he enrol in continuing education programs; choice of courses to be established with the assistance of the Deputy Registrar, on a regular and continuing basis;

(c) that he shall practise in the company of a dental assistant;

(d) that his office be inspected immediately to ensure that he complies with standards of practice of the profession.

3. The Committee met on April 6th, 1977, to consider and determine allegations respecting the conduct of a member.

Following due deliberation and examination of the evidence, the member was found not guilty of the professional misconduct alleged.

4. A meeting of the Committee was held on May 16th, 1977, to consider and determine allegations respecting the conduct of:

Dr. Gilbert D. Morandi
Hilltop Plaza
Bolton, Ontario

It was alleged that Dr. Morandi was guilty of professional misconduct in or about the years 1972 to in or about 1976 in that he failed to maintain the standards of practice of the profession during the treatment of certain patients.

A plea of guilty was entered by Dr. Morandi, in accordance with a "Statement of Allegations taken as Proven" filed with the Committee.

Following due deliberation the Committee accepted as proven fact the "Statement of Allegations taken as Proven".

After further deliberation, and following submissions made by both counsel on the question of penalty the Committee ordered:

1. That Dr. Morandi be reprimanded and the fact of the reprimand be recorded on his personal record;

2. That he be fined \$1,000 (One Thousand Dollars) payable to the Treasurer of Ontario for payment into the Consolidated Revenue Fund; this fine to be payable within sixty days of the date of the hearing;

3. That his certificate of licence be suspended for a period of three months;

4. That this suspension of his licence be remitted if he complies with the following conditions:

(a) participates in or attends courses in Oral Diagnosis, Operative Dentistry, and Oral Radiology;

(b) seeks and receives services in the area of Practice Management.

It is the responsibility of Dr. Morandi to seek out the above (a) and (b) and then confirm the appropriateness of (a) and (b) with the Registrar of The Royal College of Dental Surgeons of Ontario.

5. The above (a) and (b) must be completed not later than May 16th, 1978.

5. The Committee met on May 25th, 1977, to consider and determine allegations respecting the conduct of:

Dr. Romanita Streza
1526 Ouellette Avenue
Windsor, Ontario

It was alleged that Dr. Streza was guilty of professional misconduct in that during the years 1976 and 1977 she did engage in the practice of dentistry without being licensed under Part 2 of the Act.

Dr. Streza was found guilty.

Following due deliberation an examination of the facts presented in the submission by both counsel with respect to penalty, the Committee ordered:

1. *That she be reprimanded and the fact of the reprimand be recorded on her personal record;*

2. *That she be fined \$1,000 (One Thousand Dollars) payable to the Treasurer of Ontario for payment into the Consolidated Revenue Fund; this fine to be payable within sixty days of the date of the hearing.*

6. A meeting of the Committee was held May 26th, 27th and 28th, 1977 to consider and determine allegations in respect to the conduct of:

Dr. Dennis Corbasson
93 Dundas Street East
Mississauga, Ontario

It was alleged that Dr. Corbasson was guilty of professional misconduct in that:

(1) *During the year 1976 he did on a number of occasions improperly use his authority to prescribe a drug, namely Nitrous Oxide;*

(2) *During the year 1976 he did on a number of occasions improperly use his authority to dispense a drug, namely Nitrous Oxide;*

(3) *Other allegations in respect to which Dr. Corbasson was found not guilty. He pleaded guilty to Charge (2) and after a full hearing was found guilty of Charge (1).*

Following due deliberation and examination of the facts presented by both counsel with respect to penalty, the Committee ordered:

1. *That he be reprimanded and the fact of the reprimand be recorded on his personal record;*

2. *That his certificate of licence be suspended for a period of twelve months on charge (1) and twelve months on charge (2). The twelve—months' suspensions on charge (1) and charge (2) are to run concurrently;*

3. *That the period of his suspension commence August 1st, 1977;*

4. *That eight months of his suspension on each count be remitted upon the following condition:*

(i) *That he present himself for an examination to a duly qualified medical practitioner chosen by the College, whose professional opinion after conducting all appropriate examinations and test verifies that he is no longer addicted to or relying on Nitrous Oxide or any control drugs. The cost of the physician's services are to be borne by Dr. Corbasson.*

5. *That the following restrictions be placed on his licence to practise, namely:*

(a) *that he shall not administer any form of conscious sedation or general anaesthesia, this restriction to commence immediately;*

(b) *that his prescription privileges be limited to the use of antibiotics, this restriction to commence immediately;*

The above mentioned restrictions, i.e. 5(a) and 5(b) are to be for an indefinite period of time.

6. *Upon failure to comply with any of the above-mentioned conditions and restrictions, the Committee will re-convene to re-consider this matter at that time.*

7. The Committee met on June 16th, 1977, to consider and determine allegations respecting the conduct of:

Dr. Mark L. Hatt
628 Davis Drive
Newmarket, Ontario

It was alleged that Dr. Hatt was guilty of professional misconduct in or about the period October 1974 to February 1976 with respect to one of his

former patients, in that he failed to maintain the standards of practice of the profession.

Dr. Hatt pleaded guilty.

Following due deliberation and examination of the facts presented in the submission by both counsel with respect to penalty, the Committee ordered:

1. That Dr. Hatt's certificate of licence be suspended for a period of two months;

2. That his suspension of licence be remitted if he complies with the following conditions:

(a) That he pay for remedial work to be done for the involved patient, such work to be performed by a practitioner approved by the Registrar, and to be completed and paid for not later than June 16th, 1978;

(b) That if intends to perform full mouth rehabilitation and extensive crown and bridge work (anything larger than four units) he take courses in continuing education approved by the registrar.

8. A meeting of the Committee was held on June 22nd, 1977, to consider and determine allegations respecting the conduct of:

Dr. Howard E. Ironstone
18 Mary Walk
Elliott Lake, Ontario

It was alleged that Dr. Ironstone was guilty of professional misconduct, in that during the years 1970, 1971, 1972, 1973, 1974, 1975, 1976 and 1977, he did from time to time permit, counsel and assist persons employed by him in his practice and who were neither licensed to practise dentistry under Part II of the Act (and regulations thereunder), nor licensed to practise dental hygiene under Part II of the Act (and regulations thereunder), and S. 12 of the Dentistry Act, R.S.O. 1970, C. 108, as amended (herein called "The Dentistry Act"), nor registered as a preventive dental assistant under Part II of the Act (and regulations thereunder), to engage in the practice of dentistry, namely, to engage in the polishing of teeth.

Dr. Ironstone pleaded guilty to the charge.

The Committee ordered that in respect to the twelve charges against Dr. Ironstone, the following penalty be levied:

Counts No. 1, 2, 3,

(1) That he be reprimanded and the fact of the reprimand be recorded on his personal record;

(2) That he be fined \$500.00 (Five Hundred Dollars) payable to the Treasurer of Ontario for payment into the Consolidated Revenue Fund; this fine to be payable within sixty days of the date of this hearing;

(3) That his certificate of licence be suspended for a period of two months, commencing July 1st, 1977.

Counts No. 4,5,6:

As above

Counts No. 7,8,9:

As above

Counts No. 10,11, 12:

As above

And further, that the suspension of licence be concurrent.

9. The Committee met on July 14th, 1977, to consider and determine allegations respecting the conduct of:

Dr. Robert E. Leigh
10 George Street North
Cambridge, Ontario

It was alleged that Dr. Leigh was guilty of professional misconduct in that during the year 1976, in the course of rendering dental treatment he did commit sexual improprieties with patients.

Dr. Leigh pleaded guilty.

Following due deliberation and examination of the facts presented in the submission by the counsel with respect to penalty the Committee ordered:

(1) That he be reprimanded and the fact of the reprimand be recorded on his personal record;

(2) That his certificate of licence be suspended for a period of six months, this suspension to commence August 1st, 1977;

(3) That his licence be restricted on an indefinite basis; that he must treat patients only in the presence of a third party;

(4) That three months of the suspension of his licence be remitted if he complies with the following conditions:

(a) That he continue with psychiatric treatment so long as this is deemed necessary by his psychiatrist;

(b) That he release to this College psychiatric reports every two months during treatment;

(c) That prior to reinstatement, he submits to a psychiatric assessment by a psychiatrist chosen by the College, and at his own expense.

10. A hearing was conducted on March 16th and 17th, 1977, in regard to an allegation of professional misconduct by a member of the College. The member was found guilty as charged and a penalty, by order, imposed. Subsequently, the member appealed the decision of the Committee respecting its findings of guilt and the penalty imposed. As the said appeal is pending, no report on this matter will be made until after the appeal is disposed of.

11. A hearing was conducted on May 25th, 1977, in regard to an allegation of professional misconduct by a member of the College. The member was found guilty as charged and a penalty imposed. Subsequently the member appealed the decision of the Committee in respect to penalty only. As the said appeal is pending, no report on this matter will be made until after the appeal is disposed of.

12. The Committee also met on October 28th, 1977, to consider an application by Dr. Lawrence W. Marquis for reinstatement of his licence.

Following due deliberation and examination of the evidence, it was the decision of the Committee that the application by Dr. Marquis for reinstatement be dismissed.

The Committee recommended that:

A further application for reinstatement not be made by him for a period of not less than twelve months, providing the following conditions have been complied with in full:

(1) That a psychiatric course of treatment be conducted on a regular and methodical basis, at his expense, and that a favourable psychiatric report be received from not less than two (2) psychiatrists, one of whom will be selected by The Royal College of Dental Surgeons of Ontario;

(2) That his financial affairs, particularly with respect to his bankruptcy, be put totally in order;

(3) That he show proof of passing a clinical competency examination as set by the College.

EDUCATION COMMITTEE

Left to Right: E.G. Sonley, D.D.S., C.A. Doughty, D.D.S., N. Levine, D.D.S., (Chairman), Mrs. W. Stratas, R.H. Johnson, (Mrs. P. Johnson)

This past year saw the beginning of a new era in dental education and even the delivery of dental services. The reason that I say this is that it was the first year for a completion of many courses in dental hygiene offered throughout Ontario's eleven community colleges. Prior to 1977, all dental hygiene training in Ontario took place at the Faculty of Dentistry, University of Toronto. In addition, it also marked the beginning of expanded duty auxiliary training. This expanded and accelerated auxiliary programme had its beginnings but a mere seven years ago, and within this short space of time the number of hygienists graduated in this first year equalled almost half of the previous total. In addition, it is now possible for a certified dental assistant to proceed to a course in dental hygiene and ultimately, if she so desires, become a hygienist with expanded duty functions.

The second area of change in attitude towards education concerns a new type of dental assistant who is called a "preventive dental assistant". She represents what might be considered an intermediate step in the vertical training programme which takes the students from an assistant to a hygienist.

The impact of this type of auxiliary has not yet been fully felt with respect to the role of the hygienist and I will discuss both of these auxiliaries further on in the report.

The third area of concern has involved continuing education for the dentist as well as the auxiliaries. There has been much debate over voluntary continuing education or mandatory continuing education by some authorities other than the R.C.D.S.

Let me discuss the dental auxiliary first. With respect to the dental assistants, the original course for them was started in 1919 at the University of Toronto. This was discontinued in 1952. Early in the 1960's night school programmes on a part time basis commenced at several centres around the province. At about the same time dental assisting courses were set up in secondary schools, mainly in the Toronto area. The 1970's saw the introduction of courses in the community colleges and eleven colleges now have courses in dental assisting. The anticipated number of dental assistants to complete courses has increased markedly to the point where perhaps many will not be able to

acquire positions in a dental office. In addition to this formal training programme there has been for many years a Challenge Examination for persons who have worked in dental practices and after a duration of employment and study have been able to write exams for certification. It is interesting to note that since 1975, 1500 candidates have sought certification as dental assistants via this route. It is also important to point out that as of May 1979 there will be no further challenge exams and now training for dental assistants leading to certification must be in a formal programme in one of the eleven community colleges. The implications of such a large number of dental assistants can be seen immediately with respect to the number of positions available in dental offices. The next factor in this regard is that whereas prior to 1975 all hygienists (50 per year) were trained at the University of Toronto, we now have eleven community colleges training dental hygienists and in addition many of the assistants are eligible to apply for positions in the course of dental hygiene. Following from this, some of the hygienists can then proceed to additional formal training and become a dental hygienist with expanded duties.

At the current rate of auxiliary production, primarily dental hygienists, the numbers have increased from 753 in 1976 to 1003 in 1977. This represents a ratio of one hygienist for every four dentists. In terms of employment opportunities and utilization of the auxiliary by the profession, this becomes a problem of serious concern.

No less an important problem in this regard is the control of the educational standards for eleven community colleges. The Education Committee has been preoccupied with this aspect of auxiliary training for a major portion of the past year. An attempt to standardize the curriculum, coupled with standardization of examinations for licensing has been a real concern and a great deal of progress has been made towards this end. However, the final solutions are still to be ratified. What will be eventually an over-production of auxiliaries within a few short years, is a problem that the R.C.D.S., the O.D.A. and the government will have to meet head on.

Continuing education for the profession is an aspect that has never been monitored with any degree of accuracy or regularity. And so, your Education Committee has set out a new method of doing this; when supported by the profession, this will prove invaluable in determining our future in this regard. It is a question that cannot be taken frivolously. As in the past, the Education Committee has been responsible for many extramural lectures and seminars and it will continue to provide this service as an adjunct to the individual's own personal commitment to continuing education.

We have had representation with the O.D.A. Auxiliaries Services Committee and the areas of common concern seem once again to be:

1. Attrition rate of auxiliaries
2. Education of auxiliaries
3. Employment opportunities for auxiliaries
4. Utilization of auxiliaries by the profession, and
5. Dental manpower resources, supply and demand.

All of these areas will receive our attention in the forthcoming year.

I would like to take the opportunity to thank my Committee members for their support and guidance in my first year as Chairman. It has been both an education and a pleasure to work with these ladies and gentlemen. I would also like to thank our recording secretary, Mrs. Olive Henry, for her time and patience, and Dr. Ted Fox who has been a guiding light in the first half of my term of office.

I also wish to acknowledge the efforts of Dr. John Brick over the past six months with respect to his work in the Education Committee. I am sure that all members of my Committee wish to express their gratitude as well to all three of you.

To Dr. Ken Pownall, whose tireless efforts seem to go on and on, I can only say a simple "thank you" for your wise counsel over the past 12 months.

To you, Mr. President, it has been my pleasure to serve on this Committee and on your team. Once again, it has been a most stimulating and rewarding year.

FACULTY OF DENTISTRY UNIVERSITY OF TORONTO

A.R. Ten Cate, Dean

This is my first report to the R.C.D.S. and, I am writing it with the wisdom and experience of three months in office.

I must begin by acknowledging the debt the Faculty owes Dr. Gordon Nikiforuk, the previous Dean, for his leadership during the past seven years. Many of the changes alluded to in this report were initiated during his stewardship of the Faculty and should be so recognized.

The Faculty is presently experiencing a significant turnover of its senior staff. Dr. J.A. Hargreaves Chairman of Paedodontics, resigned to take up the Chairmanship of Paediatric Dentistry at Harvard. Dr. A.T. Storey resigned to assume the Chairmanship of the Department of Preventive Dental Sciences at the University of Manitoba. Dr. G.W. Thompson, Associate Dean, has just been appointed Dean, effective July 1, 1978, at the University of Alberta. Dr. Guy Poyton, Chairman of Radiology has retired from the full-time staff and Dr. E.M. Madlener will be retiring at the end of this academic year. Whilst the contribution and presence of these individuals will be sorely missed, turnover is healthy for any academic institution. It permits the introduction of new faculty who bring with them new ideas and perspectives to challenge the established faculty.

The Faculty welcomes Dr. J.M. Symington on January 1st, 1978 as Professor and Chairman of Oral Surgery. Dr. Symington comes from the University of Manchester with superb qualifications. He is an experienced oral surgeon who has recently received his Ph.D. degree. He brings not only his surgical skills but also a research talent which should enable him to initiate a research programme in the Department of Oral Surgery and thereby remedy a deficiency indicated by past accreditation teams.

Two search committees have been established. One is searching for a new Chairman of Paedodontics and the other for a Head of Endodontics. Other search committees will be established shortly.

I am also happy to report the following Appointments and Promotions:

Dr. Donald L. Anderson has been promoted full-time Professor with tenure.

Dr. Richard P. Ellen has been promoted to full-time Professor, with tenure.

Dr. Ross O. Fisk has been promoted to full-time Professor, with tenure.

Dr. John T. Mayhall has been promoted to full-time Associate Professor without tenure.

Dr. D. Blake McAdam has been promoted to full-time Professor, with tenure.

Dr. Charles O. Munroe has been promoted to full-time Professor, with tenure.

Dr. Douglas W. Stoneman has been promoted to Professor and Acting Chairman, for 1977-78 only, with tenure.

Dr. William C. Sturtridge has been promoted to Associate Professor without tenure, half-time.

Dr. Gordon W. Thompson has been promoted to Professor, full-time, with tenure.

Dr. Steven C. Small has been promoted to Assistant Professor for one year without tenure, part-time.

Dr. David J. Kenny has been promoted to Assistant Professor, part-time without tenure.

Dr. Margaret Hatton has been promoted to Associate Professor without tenure. (Status only).

Dr. Rolf Majer has been promoted to part-time Research Associate, without tenure.

Dr. Mary K. Foster has been appointed to full-time Assistant Professor, without tenure to 1979 (status only).

Dr. James W. Hu has been promoted to full-time Assistant Professor, without tenure (status only).

In last year's report Dean Nikiforuk highlighted our capital development plan, the Sesquicentennial Programme curricular revisions and the proposed establishment of a Comprehensive Care Unit. I would like to report to you the developments which have occurred in each of these areas.

A Users' Committee for the expansion and remodelling of the Faculty has been established by the President and it will report to him by the end of January 1978. A tentative time-table has been proposed by this Committee and it is hoped that construction will begin on an extension of the Faculty in late 1978 or early 1979 with completion by the beginning of the 1981 academic year.

The Faculty's major Sesquicentennial project, the provision of dental care to the physically and emotionally handicapped population by means of a mobile trailer, has been funded in its entirety for a three-year period due to the generosity of the Atkinson Foundation.

Curricular revision, as outlined in last year's report, is continuing and has been completed up to the end of the third year. The introduction of a fourth year clerkship is now receiving intensive study by our curriculum task force.

Finally, the experimental Comprehensive Care Unit is functioning after much delay due to the electricians' strike. This delay has been particularly unfortunate as information required from the C.C.U. is significant for both the Users' Committee and the Curriculum Task Force.

Thus, from these few remarks, the Council can appreciate that the Faculty is in a period of change. Unfortunately, we are also in a period of financial stringency and continuing budget constraints are not only forcing change but, unhappily, are also dictating it. I would like to take this opportunity of anticipating, for the Council, the effects of continued

fiscal restraint upon the Faculty and its programmes.

First, the Council should be aware that no relief can be anticipated until at least after 1981 in the University funding. The University's response to diminishing dollars has been, up to now, to seek across the board cuts for all divisions, including the Faculty of Dentistry. This is perhaps the fairest and certainly the easiest way of implementing budget cuts, but it is a policy which must eventually lead to mediocrity.

The Faculty has an excellent programme in provincial, national and international terms and, in my considered opinion, this eminence is now being seriously threatened by progressive budget cuts. Presently we are being asked to take a 3% budget cut and I would like to interpret what this means.

Eighty percent of the Faculty's budget is for salaries therefore, to achieve any significant savings staff positions must be reduced. However, unlike many other divisions of the University, we do not have the option of eliminating a programme as Dentistry itself is a single programme. Thus, budget cuts mean a dilution of staff. Already the staff/student ratio in this Faculty is at a level which causes concern. Overworked staff have to supervise too many students to allow any meaningful teaching role and this is especially serious when it is remembered

that students of dentistry do not normally serve an internship before entering practice. Thus, our educational programmes must suffer.

The dilution of staff has other consequences. We require a large and varied pool of patients and presently we get such patients by virtue of the fact that the fees we charge are lower than those charged by the general practitioner. However, the patient has to donate time for this treatment. The introduction of third party insurance dental plans has recently tended to eliminate the economic incentive for many who are our potential patients and, as I anticipate nothing but a steady increase in third party insurance, it is possible that we will soon be experiencing increasing difficulty in attracting patients to the Faculty to meet our educational needs. Therefore, not only do we have to maintain the quality of our services, but also have to improve it, and this in face of decreasing staff/student ratio. Anticipated budget cuts will mean not only a decrease in the quality of our programmes but also the provision of less service which, in turn, will cost us the patients we need to fulfill our educational role. This is a vicious circle we cannot afford to establish.

It has been suggested that we compensate for budget cuts by improving clinic management and

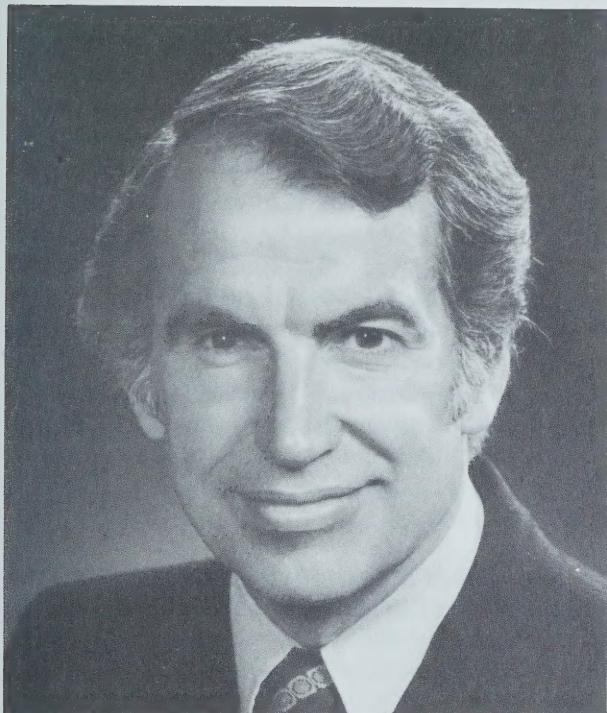

increasing student productivity, and thereby increasing clinic income. I can accept some improvement in clinic management and some increase in student productivity, provided this increased productivity is linked to an educational goal of giving our students increased clinical exposure. What I cannot accept is increased student productivity as a mechanism for solving budgetary problems if it in any way interferes with educational objectives.

The solution to the dilemma is perhaps for government to recognize that a Faculty of Dentistry, as well as being an educational institution, is also a hospital providing service to the public, and that 25% of our education dollar is presently being spent on the provision of service. If we had the full value of the educational dollar I am sure that we would be able to maintain excellence.

Gentlemen, I apologize for presenting this, my first report, in this vein, but you should be aware of the possible effects of continued budget cuts on the ability of this Faculty to educate dentists acceptable to the Royal College of Dental Surgeons of Ontario for licensure. I assure you that I, as a new Dean, will be doing everything I can to ensure that our standards are not diminished.

FACULTY OF DENTISTRY UNIVERSITY OF WESTERN ONTARIO

Wesley J. Dunn, Dean

It is a privilege to present the Thirteenth Annual Report of the Faculty of Dentistry of The University Of Western Ontario to the Council of the Royal College of Dental Surgeons of Ontario.

CURRICULUM

In February 1976, the Council of the Faculty adopted Part II of the *Report of the Sub-Committee on the Future Delivery of Dental Care and Its Implications on the Dental Curriculum*. In March 1976, the Council endorsed a subsequent recommendation from its committee on Undergraduate Dental Curriculum to adopt a "diagonal" structure to the undergraduate curriculum. Council agree, as well, that as one of its major objectives it proceed to the implementation of formal programs in the areas of Preventive Dentistry, Dental Auxiliary Utilization, Treatment of Special Patients, and Nutrition. Thus the scene was laid for almost heroic efforts by the Committee on Undergraduate Dental Curriculum during the past academic year. Fifteen official meetings of the committee were held along with almost countless meetings on department, student,

and individual levels in an attempt to design a timetable that would have input from all parties involved and be "diagonal" in nature.

Because of the limitations of time and in the interests of making a good curriculum better by a process of evolution rather than revolution, the main thrust for the 1977-78 academic year has been focused on the first year program. To accomplish this, however, some alterations in the second, third and fourth year schedules were necessary and were included with the recommendations arising from the deliberations of CUDC.

The Committee's report essentially consisted of amendments to timetables. These amendments, however, reflected the hours of discussion with all parties concerned and provided for the early introduction of first year students to the clinical environment.

The task of the curriculum committee, now, will be to develop the new second year program in similar depth. The implementation of any new system is

always traumatic because it cannot be applied to all years at the same time. It must evolve from year to year. Thus it will not be until the 1980-81 academic year that the diagonal curriculum will be fully operational throughout the school.

EDUCATION WORKSHOP

One of the academic highlights of the year was the Faculty's Education Workshop organized by the Committee on Teaching Methods and Materials and supported, in part, by a grant from the Canadian Fund for Dental Education as well as from a portion of the Ontario Universities Program in Instructional Development Grant to Western's Health Sciences.

Three highly effective resource persons participated:

Dr. H.G. Murray, Department of Psychology, UWO - "The Lecture"

Dr. John Townsend, Faculty of Dentistry, McGill University - "Clinical Instruction-A Multi-disciplined Approach"

Dr. John B. Houston, Faculty of Dentistry, University of Toronto - "Clinical Evaluation"

Thirty-six members participated and all derived great benefit from their involvement.

REORGANIZATION OF CLINICAL PROGRAM

Having ascertained, with deep regret, that the Director of Clinics would be retiring from his position at the close of the 1976-77 academic year and in keeping with the university policy applicable to academic departments prior to the end of a term for the retirement-resignation of chairmen, an ad hoc Committee of Review-Department of Clinics was established. Its purpose was to review the structure, relationships, and operation of the department and also act as a Selection Committee for the appointment of a successor to Dr. K. M. Baird.

In August 1976 the committee presented its report to the Executive Committee of Council at which meeting the report was approved and was referred to the 22 September 1976 meeting of the Council for ratification

Following early and broad-ranging discussions there was a general feeling that perhaps rather than have a specific Department of Clinics, with a Director, it would be preferable to have the general

operation of the clinics conducted as a budgetary division within the Office of the Dean. This plan would presuppose a divided Office of the Dean's budget, the current dental general budget operating as it does now and a clinical budget with supervision of that operation assigned to a lay Clinic Administrator who, in his administrative role, would be directly responsible to the dean. There would then be a Director of Patient Services who would have a substantial academic appointment in at least one department and whose position description would be the basis of approved terms of reference which, among other responsibilities, would confer a high degree of authority on such a Director when the welfare of patients is at issue. Academic/clinical policy, however, would clearly be vested in the respective clinical departments of the school. Thus, effective midnight 30 June 1977, the Department of Clinics ceased to exist as a separate administrative unit. Dr. Donald F. Mulcahy was appointed Director of Patient Services, his appointment to take effect on 1 August 1977. Mr. Max B. Fisk, the former Administrative Assistant to the Director of Clinics, became Clinic Administrator on 1 July 1977.

Dr. Mulcahy will be an *ex officio* member of the Committee on Clinical Policy and Mr. Fisk will be its Secretary.

ADMISSIONS - SEPTEMBER 1976

The Admissions Committee gave consideration to 550 applications. Fifty-six students were accepted, eight women and forty-eight men.

The following are the qualifications of the admitted applicants:

1. At least two years of "B" average in pre-professional university training-56

2. Best two years preceding admission

(i)	Class average	- 81%
(ii)	Range	-89.1 - 75.8
(iii)	Carving Dexterity Average	-5.6
(iv)	Manual Average	-6.1

(Based on scores obtained by 47 of class on 1976 DAT at which time scores were not "normalized" as is now the case).

3. Degrees:

BSc -19
BA -3
MSc -2 (1 has BSc; 1 has BA)

Without Degrees: 32 (26 with 2 years university;
6 with 3 years)

Over-all Total = 56

Eight of the admitted students were married at the time of admission and the age of the class ranged from 19 to 29 years with the average being 22.5 years.

The 56 admitted students represent some 19 counties or districts in Ontario and one from Quebec. Fifty-four of the applicants are Canadian citizens and two are Landed Immigrants. Ten applicants, however, were born outside of Canada.

The "pre-dental" university experience of the class was acquired in eight universities--7 from Ontario and 1 from Quebec.

STUDENT PERFORMANCE

The following is a brief synopsis of the academic performance of the students in each of the four years of our program:

FOURTH YEAR

Number of students	- 55
Number with Honours	- 5
Number passed	- 45
Number with conditions	- 3
Number failed	- 2

Honours

I.L. Delorey
S.J. Dixon
W.G. Lindley
R.H. Midgley
A.M. Ringel

THIRD YEAR

Number of students	- 56
Number with Honours	- 4
Number passed	- 33
Number with conditions	- 18
Number failed	- 1

Honours

P.R. Brett
P. A. Cook
L. J. Deimling
D.E. Noble

SECOND YEAR

Number of students	-52
Number with Honours	- 6
Number passed	-35
Number with conditions	-11
Number failed	- 0

Honours

D.M. Gregorash
A.K. Israel
D.J. Tomlak
R.J. Voth
B.W. White
R. Wong

FIRST YEAR

Number of students	-56
Number with Honours	- 9
Number passed	-37
Number with conditions	- 8
Number failed	- 2

Honours

R.R. Bubola
D.A. Caine
C.A. Cook
P.A. Deyell
R.F. Faye
S. Koczerginski
D. Marko
W.J. McGregor
M. Szweras

GRADUATE PROGRAM IN PERIODONTICS

The proposed Graduate Program in Periodontics was submitted, during the year, to the Faculty of Graduate Studies. The Faculty has provided an in-depth internal examination of the program including the consideration of a report prepared in respect of it by Dean J.W. Neilson of the Faculty of Dentistry of The University of Manitoba, who examined the program.

The Internal Appraisals Committee of the Faculty of Graduate Studies is satisfied with the program in its present form and, at the very end of the academic year, referred it to the Ontario Council on Graduate Studies for its external examination.

The Faculty continues to have hopes that the Graduate Program in Periodontics can be launched in the summer of 1978.

POSTGRADUATE MANPOWER COMMITTEE

The Council of the Ontario Faculties of Medicine established, under the chairmanship of Dr. James E. Boone, a Postgraduate Manpower Committee of Ontario. As the report would have strong implications for residencies and internships, it was deemed appropriate that dental specialties be included, as well. Accordingly, it was agreed between the two Faculties of Dentistry in Ontario that Dr. J.H.P. Main of the Faculty of Dentistry of the University of Toronto would be dentistry's representative on the Postgraduate Manpower Committee.

Under Dr. Main's direction, a study group on postgraduate manpower in dentistry was established with initial attention being directed to Oral Surgery and Oral Pathology. Western had three representatives on this study group--Dr. D.G. Gardner, Dr. A.G. Parnell and Dr. G.Z. Wright. In April 1977, the draft report was completed and was subsequently submitted to the COFM Committee on Postgraduate Manpower, then to COFM itself and, finally, to the Ministry of Health. At about the same time, there was general agreement that similar studies should be done on provincial manpower needs in the other dental specialties. Accordingly, the following representatives from the Faculty were appointed to the study group on dentistry:

Dental Public Health	- Dr. D.W. Banting
Endodontics	- Dr. D.H. Skinner
Oral Radiology	- Dr. J.A. Reid
Orthodontics	- Dr. W.S. Hunter
Paedodontics	- Dr. G.Z. Wright
Periodontics	- Dr. J.E. Stakiw
Prosthodontics	- Dr. P.S. Sills

CONTINUING EDUCATION

Again, this year, several valuable continuing education programs had to be cancelled because of inadequate participating interest on the part of the profession. The following four courses were withdrawn even though considerable effort had been made toward their presentation:

Common Oral Diseases
 Management of Dental Material in Restorative Dentistry
 Participation Course in Hospital Dentistry
 Utilizing the Hospital for Oral Surgery

Sixteen courses were presented during the 1 July 1976 through 30 June 1977 period. The following are the courses, the dates on which they were held, and the number who attended:

Title	Date(s)	Attendance
Sedation in Dentistry	20-22 October 76	16
Anterior Resin Restorations: A New Concept of Operative Dentistry	22-24 October 76	9
Radiology for Dental Assistants/ Hygienists	22-23 October 76 25-26 February 77	12 12
Periodontics, Oral Diagnosis, and Oral Medicine Applied to General Practice	4-8 November 76	13
Fundamentals of Occlusion and Articulation	11-13 November 76	13
Operative Dentistry Today	26-28 November 76	28
Endodontics and Preventive Endodontics	10-12 December 76	18
What's New In Operative Dentistry?	14-16 January 77	8
Occlusal Correction-Part I (held in Oshawa)	3-7 March 77	4
Operative Dentistry and Endodontics for the General Practitioner	18-20 March 77	14
Dentofacial Orthopedics	7 April 77	19
Removable Partial Dentures	31 March-2 April 77	14
Anterior Restorative Dentistry	15-17 April 77	9
Orthodontic Diagnosis Treatment Planning and Appliance Therapy	16-17 June 77	14
Occlusal Correction (Part I)	16-20 May 77	4
Dental Anatomy and Occlusion	23-25 June 77	6

UWO CLINIC NIGHT

Again, the Faculty was privileged to be requested to present a Student Clinic Night as part of the formal program of the London and District Dental Society. On 2 December 1976, five students offered the following topics for the interest of the members of the society:

"Immunology re Periodontal Diseases" Mr. D. E. Noble

"Drug Abuse" Mr. B.J. Adler

"Marginal Integrity of Amalgam" Mr. P.E. Graham

"Electronic Determination of the Length of Root Canals" Mr. E.W. Mitchinson

"Hypertension as it Relates to Dentistry" Mr. E.S. Philips

The presentation of Mr. Donald E. Noble was adjudged to be the most meritorious and, as a consequence, Mr. Noble had the privilege of being selected to represent this Faculty at the Student Table Clinic Program, a portion of the scientific program of the Annual Convention of The Canadian Dental Association being held in October 1977 in Toronto.

RESEARCH ACTIVITIES WITHIN THE FACULTY

The following research projects, funded by various granting agencies, were initiated or approved for on-going support during 1976-77:

DEPARTMENT OF ORAL MEDICINE

Dr. J. A. Reid - "Comparison of Panorex and Intra-oral Surveys for Routine Dental Radiography", Richard, Ivey Foundation, \$1,000.

DEPARTMENT OF PAEDIATRIC AND COMMUNITY DENTISTRY

Dr. D.W. Banting - "A Longitudinal Study of Dental Root Surface Caries", Department of Health, Education and Welfare, \$21,805.

Dr. G.Z. Wright - "Dental Floss Study", Johnson and Johnson Ltd., \$13,949.50

DEPARTMENT OF RESTORATIVE DENTISTRY

Dr. L.N. Johnson and Dr. R.E. Jordan - "Rheological Studies of Pre-Set Dental Restoratives", Ministry of Health, 1 April 76-31 March 77, \$20,092.

Dr. R.E. Jordan - "Arrest of Carious Lesions by Means of Fissure Sealant Application," Ministry of Health, 1 April 76-31 March 77, \$19,120.

Dr. R.E. Jordan and Dr. L.N. Johnson - "Amalgam Alloy Restorations", Ministry of Health, 1 April 76-31 March 77, \$12,700.

Dr. M. Suzuki, Dr. R.E. Jordan, and Dr. A.J. Gwinnett - "Acid Etch Restorations", Ministry of Health, 1 April 76-31 March 77, \$12,100.

In addition to the above, various other non-funded research activities took place in the Faculty, as well. The MRC General Support Grant was employed for the following projects:

Dr. D.W. Banting, Department of Paediatric and Community Dentistry, "Study of Fluoride Content of Cementum in a Fluoridated Area" \$600.

Dr. R.I. Brooke, Chairman, Department of Oral Medicine, "Myofacial Pain Dysfunction Syndrome" \$1,000.

Dr. K.A. Galil, Department of Anatomy and Dr.

R.E. Jordan, Chairman, Department of Restorative Dentistry, "Arrest of Carious Lesions by Means of Fissure Sealant Application" \$850.

Dr. R.H. Johnson, Department of Oral Medicine, "Clinical and Laboratory Investigation Evaluating Spiramycin as a Plaque Control Agent" \$640.

Dr. B.J. Zulqar-nain, Department of Oral Medicine, "Study of Gingival Crevice Fluid Flow" \$250.

In addition, an amount of \$1,200 was provided for Graduate Orthodontic Research under the direction of Dr. W.S. Hunter, Department of Paediatric and Community Dentistry.

MRC VISITING PROFESSOR

The Faculty was privileged, during the year, to enjoy and benefit from the contributions of its 1976-77 MRC Visiting Professor, Dr. Colin Dawes, Professor of Oral Biology of the Faculty of Dentistry of The University of Manitoba. Dr. Dawes visited the Faculty early in October and in addition to the usual contributions within the school he delivered the Annual Public Lecture, "Biological Rhythms" on Wednesday, 6 October. The Faculty expresses its gratitude to Dr. Dawes for his excellent contributions and to MRC for its sponsorship.

MRC SUMMER UNDERGRADUATE RESEARCH SCHOLARSHIPS

In February 1977 the Faculty was advised by MRC that the Summer Undergraduate Research Schol-

arships had been reinstituted for the summer of 1977. A total of five scholarships was available to successful applicants from the first, second, or third years. Following receipt of applications and review by the Committee on Undergraduate Research Students' Selection, the following scholarships were awarded:

Donald Farquhar, II Year	-Oral Pathology
Debbie Lonsdale, II Year	-Restorative Dentistry (Division of Dental Materials)
James Parker, II Year	-Bacteriology
Cathy Carter, III Year	-Oral Surgery
Lee Hickling, III Year	-Oral Surgery

AMERICAN DENTAL ASSOCIATION'S STUDENTS' RESEARCH CONFERENCE

Miss Donna M. Gregorash, an honour and award-winning student of the second year, was selected to represent the Faculty at the 13th Annual Dental Students' Conference on Research held in Bethesda, Maryland on 2-3 May 1977.

CANADIANS FOR HEALTH RESEARCH

The inaugural meeting of the London Chapter of Canadians for Health Research was held on 22 September 1976. The fundamental purpose of the organization is to enlist public support in encouraging an improvement in the status of health science research funding in Canada. This national organization, in a startlingly brief period of time, has made its influence felt at the Federal level.

THE COLOMBIA EXCHANGE PROGRAM

The second year of the three year exchange program with the Facultad Odontologia of the Universidad de Antioquia was successfully concluded. Four members of the academic staff of our South American exchange partner visited us during the year. They were: Dr. J.M. Castrillon, Dr. R. Jimenez, Dr. M. Posada, Dr. L.F. Uribe.

The following members of the Faculty of Dentistry of The University of Western Ontario both enjoyed and benefited from their visit to Colombia: Dr. W.H. Feasby, Dr. R.H. Johnson, Dr. J.A. Reid, and Dr. I.D.F. Schofield.

The third and final year of the program will take place in the 1977-78 academic year.

SENIOR AWARD IN ORAL BIOLOGY TERMINATED

It was with regret that the Faculty learned that the Senior Award in Oral Biology will be terminated with the 1976-77 academic year. Dr. K. Hoshino, the donor of the award, has taken up an academic position in the Department of Anatomy of Kyoto University and has, therefore, found it impossible to continue the award.

Dr. Hoshino, a former Professor of Anatomy at Western, has been the donor of this annual award since leaving Western to assume academic responsibilities in the University of Manitoba. The Faculty of Dentistry expresses its warmest appreciation to Dr. Hoshino for his encouragement of academic excellence in this Faculty.

ADVISORY COMMITTEE TO THE FACULTY OF DENTISTRY

The Advisory Committee to the Faculty of Dentistry held its ninth annual meeting on Wednesday, 27 October 1976. For the first time since the committee was established, Dr. Harvey W. Reid, the representative of The Canadian Dental Association, was unable to be present and was unable, therefore, to serve as chairman. Dr. R. Paul McCutcheon ably served in his stead.

Although no recommendations were forthcoming from the Advisory Committee, some concern was expressed on the matter of continuing education. Also, it was hoped that the Faculty would continue to keep under advisement the possible development of additional graduate programs.

PROFESSIONAL CONDUCT CODE

Although the ad hoc Committee on Professional Conduct Code had earlier hoped to establish appropriate tribunals within the Faculty of Dentistry, it became obvious that the university's involvement with the Statutory Powers Procedure Act precluded the establishment of specific arrangements for individual Faculties. The ad hoc Committee then recommended that its existence be terminated. The Council, however, requested that the committee remain until such time as it produced a definition of professional and non-professional conduct of dental students.

The ad hoc committee presented its recommendat-

ions to the Executive Committee in November 1976 at which time definitions were approved and the ad hoc committee dissolved.

PROFESSIONAL CONDUCT

Professional conduct of the student-dentist embraces characteristics of honesty and integrity and is demonstrative of such deportment and attitude that maximum consideration is given to the reasonable needs, interests, and concerns of his patients his colleagues, his school, his profession, and society.

NON-PROFESSIONAL CONDUCT

Insofar as the Faculty of Dentistry has been entrusted by the public, through legislation, to instruct and to certify students capable of performing certain tasks proficiently and to have sufficient knowledge and skill to carry out the ordinary functions of a dentist, it is considered non-professional conduct to attempt in any way to subvert the means of evaluating student progress or accomplishments. Without limiting the generality of the foregoing, such conduct shall include plagiarism, falsified records, and cheating.

The conduct of students within the scope of the teaching and treatment activities of The University of Western Ontario's Faculty of Dentistry should be that which is ordinarily expected of morally-competent individuals carrying out their work as students and student-dentists. Conduct which deviates from this shall be deemed non-professional conduct. In particular, conduct that impinges upon or endangers the property, freedom, or safety of others within the teaching and treatment activity of the Faculty of Dentistry, The University of Western Ontario, shall be deemed to be unprofessional conduct. Without limiting the generality of the foregoing, such conduct shall include assault, theft, wilful damage to property, performance while impaired, embezzlement, disruption of university function, improper recording or accounting with intent to defraud.

SANCTIONS FOR SUBVERSION OF THE EVALUATION SYSTEMS

During the 26 September 1976 Meeting of the Council a motion was moved and seconded relative to sanctions for subversion of the evaluation sys-

tems of the Faculty. The motion was tabled to allow greater time for consideration.

At a special meeting of the Council held on 1 December 1976, the matter was reopened and debated in considerable depth.

The Motion on which the debate ensued is as follows:

"Whereas our graduates can proceed directly into independent private practice and whereas we have a responsibility to people of Ontario to graduate qualified dentists of integrity

Therefore be it resolved...

That those students found guilty of premeditated subversion of the evaluation systems be expelled, and

That the minimum penalty for subversion of the evaluation systems shall be automatic failure of the year with the opportunity of repeating the year."

Unquestionably, all members of Council were supportive of the general intent of the resolution. None would condone the subverting of the Faculty's evaluative mechanisms. However, the majority was concerned about the lack of flexibility in the sanction without having any regard to the particular circumstances pertaining. In addition, there was considerable difficulty in attempting to define precisely the meaning of the word "premeditation." The resolution was defeated.

REGULATIONS AND PROCEDURES

During the year, considerable attention was given to the clarifying of certain, regulation and procedures within the school.

The dean, acting as a committee of one, produced a position paper which was considered by the Executive Committee during its October 1976 meeting.

The following areas of the Faculty's regulations and procedures were addressed in the report:

- a) Academic Requirements
 - (i) Defining "Subject"
 - (ii) Incomplete Status
- b) Fourth Year Written Examinations
- c) Format of Supplemental Examinations

- d) Reporting Grades to Examinations Committees
- e) Informing Students of Their Final Performance Evaluations
- f) Grades for Repeating Students
- g) Scheduling of Term Tests and Final Examinations

The clarification resulting from this exercise have considerably improved the regulations and procedures governing examinations, term tests, grading, reporting of results, and the like.

RELATIONSHIP BETWEEN COUNCIL AND ITS EXECUTIVE COMMITTEE

"The Executive Committee may act in the name of, and on behalf of, the Council between regular meetings of the Council." Although the constitutional provision is clear, the implementation of that provision has not always been readily apparent. The Chairman of the Council and Executive Committee was asked to prepare a position paper on the relationship between the Council of the Faculty of Dentistry and its Executive Committee in the hope of having Council clarify duties and responsibilities. The purpose of the position paper was to suggest a relationship between the Council and its Executive Committee which would permit the Council to exercise its prerogatives as the determiner of policy while permitting the business of the Faculty to be performed effectively and efficiently consistent with the policies approved by Council and by the Senate of the University.

As a consequence of the position paper, several actions were taken:

Firstly, a quorum for meetings of the Council of the Faculty of Dentistry was established at 25.

Secondly, any member of Council is entitled to attend meetings of the Executive Committee provided that he/she has informed the Office of the Dean at least 24 hours in advance of the scheduled meeting of the Executive Committee of his/her intent to attend.

Thirdly, the Council conferred on its Executive Committee authority to act for and in the name of the Council in dealing with results of examinations at such times that meetings of Council are impractical.

TIMING OF FOURTH YEAR EXAMINATIONS

Toward the end of the academic year, consideration was again given to the appropriate timing of the written examinations applicable to fourth year. For the past few years, the examinations have been written at the end of the third quarter thus leaving the fourth quarter totally free for the completion of clinical assignments. Although there are some advantages to this method there are disadvantages, as well. Accordingly, the Executive Committee of Council directed that the Committee on Clinical Policy be requested to give consideration to procedural problems bearing on the completion of the Faculty of Dentistry's longer than normal university fourth year in juxtaposition to the need to inform the Office of the Registrar of the results in time to involve our students in Convocation.

It has been suggested that if the written examinations are delayed until the end of the fourth quarter, there will be less likelihood of students having incomplete clinical requirements at the time a judgment must be exercised concerning a recommendation to Senate for graduation.

USE OF ANIMALS IN CLINICAL FACILITIES

In November 1976, during the inquiries portion of the Executive Committee meeting, a question was posed inquiring if there were a policy within the Faculty bearing on the use of animals, either living or dead, within the clinical facilities of the Dental Sciences Building. As, at that time, none existed, the subject was referred to the Committee on Clinical Policy for consideration. During the February 1977 meeting of the Executive Committee a policy was presented, adopted by the Executive Committee and, in March 1977, ratified by the Council:

"That animal tissue, either alive or dead, not be allowed within patient treatment areas of the Faculty of Dentistry, and

That in the event living or dead animals or animal tissue must be utilized for continuing education purposes, the first year preclinical laboratory may be utilized for the purpose upon application to the Committee on Clinical Policy, such application to be made four weeks in advance to the Director of Patient Services indicating the exact protocol for the introduction of animal tissue into the area, and

That instruments or supplies used in animal quarters and on living or dead animals or tis-

sue must not be reintroduced into clinical areas of the Faculty, and

That in the event clinical apparatus such as electro-surgery units, x-ray machines, etc., are needed for animal-centered techniques, a written application must be submitted in advance to the Director of Patient Services, such application including the format of usage of the requested material together with a specific outline on the exact method by which non-contamination of the apparatus will be guaranteed before reintroduction into the clinical area."

HEALTH SCIENCES' LIBRARY

Considerable discussion has taken place during the year on a proposal which may eventually amalgamate the Health Sciences' and the Natural Sciences' Libraries. The Chief Librarian and his staff seem to favour the amalgamation on the basis that they believe better services can be provided the users with a concomitant exercise in greater economies. The Chairman of the Health Sciences Library Committee has independently sought views and opinions from other universities in which there are such amalgamations in order to assist the Health Sciences Library Committee in deliberating upon this important issue.

LIBRARIAN—IN-CHARGE, HEALTH SCIENCES LIBRARY

After a decade of service, Miss M.A. Seheult, Librarian-in-Charge, Health Sciences Library, at her own request, asked to be relieved of the position in order that she could assume the post of Collections Librarian. Although the Faculty deeply regrets Miss Seheult's departure from the position of Librarian-in-Charge, it enthusiastically welcomes, as her successor, Mr. Larry Lewis, formerly of the Faculty of Music Library. Mr. Lewis brings to his new assignment an appropriate academic background and a wealth of practical experience.

FACULTY CREST REGISTERED

Following a request from the Office of the President, the Faculty of Dentistry Crest was transmitted to Federal governmental authorities for the purpose of having the crest registered. On 29 September 1976, the publication of the Faculty's crest in the *Trademarks Journal* gave public notice that the crest was duly registered and thus protected.

CHAIRMAN, DEPARTMENT OF ORAL MEDICINE

Dr. R.I. Brooke's first term as Chairman of the Department of Oral Medicine concluded on 30 June 1977. It is a pleasure to report that after following all procedures required by the Senate Dr. Brooke was unanimously selected for and agreed to undertake a second five-year term. Dr. Brooke has given superb leadership to his department and the Selection Committee had no difficulty whatsoever in enthusiastically recommending a second term

APPOINTMENTS, RESIGNATIONS, RETIREMENTS

It is a pleasure to report on the impending arrival of the following two colleagues joining the Faculty:

Dr. David I. Johnston, Assistant Professor, Department of Paediatric & Community Dentistry, effective 1 August 1977

Dr. Donald F. Mulcahy, Director of Patient Services and Assistant Professor, Department of Restorative Dentistry, effective 1 August 1977

The following accepted appointments to the part-time faculty during the 1976-77 academic year:

Dr. R.L. Allingham, Clinical Instructor, Department of Paediatric & Community Dentistry, effective 15 October 1976

Dr. Cynthia Armstrong, Clinical Instructor, Department of Oral Surgery, effective September 1976

Dr. M.D. Pus, Clinical Instructor, Department of Restorative Dentistry, effective September 1976

Dr. O.A. Tucker, Clinical Instructor, Department of Paediatric & Community Dentistry, effective September 1976

Dr. G.R. Walker, Clinical Instructor, Department of Restorative Dentistry, effective December 1976

The Faculty looks forward, with considerable anticipation, to the contributions of these colleagues over the years to come.

It was with regret that the Faculty experienced its first retirement from the academic staff of the school during 1976-77. Dr. K.M. Baird, Associate Professor and Director of Clinics, retired, effective 30 June 1977, following ten years of appreciated service to this Faculty. By action of the Board of Governors, Dr. Baird has had Emeritus status conferred on him.

The Faculty, with regret, records the following re-

signations from the part-time and full-time faculty complement:

Full Time

Dr. H. Goldberg, Assistant Professor of Oral Surgery, effective 30 June 1977

Dr. J.E. Ryan, Associate Professor of Restorative Dentistry, effective 30 August 1977

Part Time

Dr. B.W. Neable, Clinical Instructor, Department of Restorative Dentistry, effective 30 April 1977

Dr. G.M. Sears, Clinical Instructor, Department of Restorative Dentistry, effective 30 April 1977

Dr. I.M. Simon, Clinical Instructor, Department of Restorative Dentistry, effective 30 December 1976

PRESIDENT D. CARLTON WILLIAMS RETIRES

It is with the deepest regret that the Faculty of Dentistry records the retirement of Dr. D. Carlton Williams on 30 June 1977. The decade of service contributed by Dr. William to the University of Western Ontario has, quite correctly, been called "The Lively Decade." Dr. Williams had given Magnificent leadership to the university and was particularly effective in acting as the university spokesman before groups as wide in their diversity as they were broad in their interests. He will be deeply missed.

The Faculty of Dentistry is happy to welcome Dr. Williams' successor, Dr. George E. Connell, Vice-President, Research and Planning, of the University of Toronto. Dr. Connell, during his chairmanship of the Department of Biochemistry of the University of Toronto was an active participant in the delivery of dental education and the fact that both his parents were dentists, graduates of the School of Dentistry of the Royal College of Dental Surgeons of Ontario, provides, perhaps, some justification for this Faculty's even more heightened pleasure at his coming.

APPRECIATION TO THE COUNCIL OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

As always, Western's Faculty of Dentistry finds itself much in debt to the Council of the Royal College of Dental Surgeons of Ontario. Not only is the school deeply appreciative of the interest of the Council but it is also grateful for the very tangible

Main Dental Clinic Area of the University of Western Ontario

support which the Council provides. R.C.D.S. grants make possible support to deserving students, the awarding of scholarships thus encouraging academic excellence, and provide, as well, for a small contingency fund to make it possible to finance certain academic endeavours which would not be possible within the strictures of the Faculty's operating budget.

The Faculty, too, is appreciative of the involvement of the College's representatives on the Advisory Committee. The Deliberations of the Committee provide, annually, an opportunity for a sharing of views and opinions thus providing and opportunity for each to be more cognizant of the interests, concerns, and problems of the other. Although it has become repetitious to make this observation it is nonetheless a fact that in no jurisdiction anywhere is there a more co-operatively effective relationship between the licensing authority and the educational institutions. For our part, we wish to do everything within our power to maintain and, if possible, enhance this relationship.

FINANCE AND PROPERTY COMMITTEE

Left to Right: E.G. Sonley, D.D.S., R.N. Jack, D.D.S., A.J. Calzonetti (Chairman) D.D.S., J. Berman, D.D.S. (K.F. Pownall, D.D.S., Secretary)

1. The Committee met on October 20th, 1977
2. The Budget-Appendix A and B to this report was prepared after long and careful consideration by the Committee.
3. Receipts-We estimate an over-all increase in registration during 1978 of 100 dentists, to a total of 4,259. We have a large number of out-of-province members at this time, and it is difficult to be certain that they will renew their licences. At present, we have 969 hygienists registered. We expect that number to increase by 200.
Examination fees for hygienists have been set at \$100, commencing in 1978. This amount does not cover the costs of conducting these examination, which approximate \$1,000 a day.
4. Expenditures-Increases in costs of operation reflect the general inflationary spiral which af-

fects all businesses and people these days.

We have decided to purchase a mini-computer to increase our capacity to maintain the types of statistics we are required to produce. We were exempted from paying federal sales tax on this purchase.

Professional fees are legal and auditing fees for all aspects of the College's operation. Previously, the part of the fees involved with "Enforcing the Act" were listed separately. There is no designation entitled "Enforcing the Act", as we have decided to list this under committee expenses-the majority of these funds were costs and expenses of the Discipline Committee.

The grants that we make were discussed in depth. The Committee recommended an increase in the grant to the C.D.A.—which is used for accreditation — from \$2.00 to \$5.00 per licensed dentist, providing they give us a full accounting of this part of their operations, including the sources of other funding.

We were pleased to learn that the Insurance Carriers for the Professional Liability Insurance did not anticipate a major increase for 1978. An amount of \$122.50 per dentist is designated for the fund.

Salaries and benefits were discussed with our senior staff. Satisfactory arrangements were accomplished. It is certain that if every business or corporation had staff such as ours, our country would be flourishing.

As Chairman of this Committee, I want to thank the members of the Committee and the members of the staff, all of whom are most helpful.

I present the following recommendations to Council:

1. That the budget as presented be adopted;
2. Whereas it appears to be evident that for the year 1978 we again will be in a deficit financial position; and

Whereas the Minister of Health has approved in principle that the licence fee for 1979 be increased by \$25.00 to \$300.;

Therefore be it resolved that this Council approves that at the appropriate time the Registrar be directed to request the Minister for a change in regulation 576/75, Section 54, to effect this change.

APPENDIX A

PROPERTY BUDGET 1978

EXPENDITURES

	1977	1978
Caretaker	1,000	3,000
Insurance	1,100	1,100
Taxes	7,650	8,700
Renovations	3,000	8,000
Contingency	1,000	2,000
Utilities - Water	110	200
Gas	2,600	3,000
Hydro	3,900	4,700
Laundry	300	400
Window Cleaning	340	500
Gardening	400	500
Snow Removal	300	500
Fire Extinguishers	100	100
Cleaning Materials & Supplies	1,200	1,500
Heating, Air Conditioning & Electrical Contractor	4,000	5,000
	\$27,000	\$39,200

APPENDIX B

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

BUDGET 1978

	Actual 76	Budget 77	Estimate 77	Budget 78

BALANCE: (15,300)

REGISTRATION COMMITTEE

Left to Right: R.W. White, E.J. Siegel, M.D., D.M.D., (Chairman), G.A. Shunock, D.D.S.

1977 has been an eventful year for the Registration Committee. The Health Disciplines Act, with the addition of the Health Disciplines Board, has added a new dimension to the decision of this Committee. Every decision may be subject to scrutiny, review, and possible reversal. In certain instances this could be disastrous for the College and the whole concept of self-government.

A case arose during the year involving the appeal of a foreign dentist against a decision of the Registration Committee "to propose to refuse to grant a licence to practise dentistry" which is illustrative of this principle.

The dentist, a foreign graduate, had failed the National Dental Examining Board examinations on two occasions. The N.D.E.B. certificate is necessary for this Committee to assure itself of competency in a candidate, sufficient to protect the public. The dentist, under the Health Disciplines Act, appealed to the Health Disciplines Board against

this decision, alleging discrimination by the N.D.E.B. and certain hospitals. What quickly became obvious, that was at stake, in this case was:

1. the credibility of the N.D.E.B.
2. the credibility of the Registration Committee
3. the principle of self-government insofar as fairness and ability of the R.C.D.S. to adjudge a competent level of dentistry.

In short, the whole *raison d'être* of the R.C.D.S., became, in the minds of the Council members, at least, the real issue.

The proceedings covered four days and involved the calling of many witnesses -- the members of the N.D.E.B. examination team, hospital staff, expert witnesses in various dental fields. The cost to the dentists of Ontario -- about \$30,000.00 -- the cost to the people of Ontario, probably a like amount.

The final decision completely supported the posit-

ion of the Registration Committee on the basis of the evidence.

Was it worth it? The R.C.D.S believes that our very reason for existence was at stake and that anything less than a full effort could have been disastrous to the future of the profession.

A second case before the Health Disciplines Board involved the granting of a specialist certificate. Certain conditions are laid down in the regulation and it is the job of the Committee to make sure that reasonable adherence has occurred. The certificate was denied, again to a foreign dentist and a one day hearing resulted before the Board. A decision will be forthcoming shortly.

The presence of the Health Disciplines Board imposes an additional onus on the Registration Committee to be professionally, legally and morally correct to a degree far beyond that which heretofore existed. This is a good thing, because it makes us aware that in everything we do, we are answerable for our same actions -- this is the true essence of the democratic process, and it is the real strength of the R.C.D.S., to prove ourselves before an impartial authority.

Thanks are due to fellow Committee members: Dr. George Shunock and Mr. Robert White for helping to keep the Committee on the path of truth, justice and fairness.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE

Left to Right: E.G. Sonley, D.D.S., R.W. White (Chairman), C.A. Doughty, D.D.S., R.H. Johnson, D.D.S.

1. The R.C.D.S. program involves a self-insuring principle. Claims up to an amount of \$25,000.00 per individual are paid from funds set aside by the College for that purpose; all larger amounts are paid by the insurers, for which the College pays a premium. If in any one year total claims exceed \$100,000.00 from the College portion, the insurers pay all the excess. In time, the College hopes to build the reserves in its part of the plan to an amount where the interest from the fund will cover a major portion of the cost of operating the plan.
2. The self-insuring limit has increased from \$25,000.00 in 1973 to \$100,000.00 at present.
3. The limit of liability has increased from \$250,000.00 in 1973 to \$500,000.00 for any one person in any one case in 1978.
4. The insurance covers claim settlement, legal and adjusters fees.
5. There was a 20% increase in the number of claims in 1977 over 1976. This represents a 186% increase in the fifth year of operation of our plan as compared to the first.
6. The self-insuring limit has been met for both 1973 and 1974. In addition the insurance carrier has paid out to date \$141,275.38 in settlement of claims initiated in those years.
7. Ten claims from 1973 and 1974 are still being negotiated.
8. There is a \$21,000.00 balance to meet the self-insuring limits of 1975 and 1976. Thirty-one cases are still outstanding.
9. The committee recommends that in order to reduce or prevent claims members should:
 - (a) Keep records as outlined and required by the regulations.
 - (b) Inform patients of costs, alternative treatments, available, and prognosis.
 - (c) Inform patients of possible side-effects to treatment, e.g. tooth fracture, root canal therapy, paraesthesia, etc.
 - (d) Inform patients of your findings on examination - do not speculate on past treatment.

NATIONAL DENTAL EXAMINING BOARD OF CANADA

E.G. Sonley, D.D.S., R.C.D.S. Representative

The Annual meeting of the National Dental Examining Board was held in Ottawa on June 28 and 29, 1977. Present were all members of the Board as follows:

President - Dr. J.M. Calvert - Alberta
Past President - Dr. D.B. Proctor - Manitoba
Vice-President - Dr. N.J. Layton - Nova Scotia
Executive - Dr. R. Coulombe - Quebec
 Dr. G.A. Freeze - British Columbia
Members - Dr. R.B. Gilliland - Saskatchewan
 Dr. A.L. MacIsaac - Prince Edward Island
 Dr. W.J. O'Driscoll - Newfoundland
 Dr. L.G. Zed - New Brunswick
 Dr. E.G. Sonley - Ontario
 Dr. E.R. Ambrose - Council on Education, C.D.A.
 Dr. W.H. Feasby - Council on Education, C.D.A.
Registrar - Dr. G. Kravis
Executive Secretary-Treasurer - Ms. J.B. Matte

N.D.E.B. Certificates were granted to three categories of candidates as follows:

1. Graduates from Canadian Faculties of Dentistry, 1977

Of a total graduation of 433 students from Canadian Dental Schools in 1977, 411 or approximately 95 per cent chose to take out their N.D.E.B. certificates, granting them portability across the provinces. The certificate was available upon the payment of \$175.00 certification fee.

2. Applicants that had graduated from Approved Schools

(Canadian graduates prior to 1977 who did not take out a certificate, and all U.S.A. graduates)
These candidates were required to pass the written portion of the N.D.E.B. examination for certification, and of the 54 U.S.A. graduates, 50 or 93 per cent were successful, while 1 out of the 2 Canadian graduates was successful.

3. Graduates from Unapproved Schools - (Foreign Dentists)

These candidates were required to take a three-part comprehensive examination consisting of a Written, Preclinical and Clinical Component. Each component must have been successfully completed before progressing to the next one. Again, the results of the Spring examinations were as follows:

Written	59 Candidates,	37 successful (63%)
Preclinical	64 Candidates,	35 successful (55%)
Clinical	36 Candidates,	19 successful (53%)

The Total number of candidates granted an N.D.E.B. certificate in Canada in the Spring of 1977 was as follows:

Graduates, Canadian Faculties, 1977	411
Applicants, Approved Schools, 1977	
(a) Canadian	1
(b) U.S.A.	50
Applicants, Unapproved Schools, 1977	19
Total	481

For the first time this year, a course of instruction was offered at the University of Western Ontario under the direction of Dr. R. Jordan and staff, available to any dentist from an unapproved school who wished to attend. The ten day program was designed to demonstrate standards in dentistry that are expected in Canada, and was very well received, and, I believe over-subscribed. It was held prior to the Spring examinations, was both didactic and practical and Dr. Jordan and the staff at U.W.O. deserve special commendation for this new approach to helping make potential N.D.E.B. candidates aware of the standards of practice in this country.

The new President of the N.D.E.B. is Dr. N.J. Layton of Nova Scotia, with Dr. R. Coulombe of Quebec becoming the Vice-President.

I consider it a privilege to represent this Council on the Board of the N.D.E.B. and appreciate its confidence in nominating me for a further term

Attached as Appendix A is the Auditors Report of the of the N.D.E.B.

DENTISTRY REVIEW COMMITTEE

N.L. Diefenbacher, D.D.S. - Chairman

This Committee was appointed by the Ministry of Health under "The Health Insurance Act", in March of 1975. The Committee consists of Mrs. Frances Botham, Huntsville, Mr. W.E. Allen, Woodstock, Dr. V.N. Direnfeld, Toronto, Dr. J.A. Guest, London and myself as Chairman.

One of the first request from the Ministry of Health was to provide the Ministry with specific definitions of the procedure codes under which oral surgeons and general practitioners submit claims to OHIP. This was accomplished after consultation with the O.D.A. and the Ontario Society of Oral Surgeons. The Committee has been complimented by the Ministry for providing the necessary guidelines required to assist staff, as well as practitioners, to fully comprehend the meaning and interpretation of the procedural codes.

In addition to formulating definitions of procedural codes, the other area of responsibility of the Dentistry Review Committee has been to review specific concerns with respect to individual practitioners submitting claims to OHIP, to determine if billing practices are within acceptable guidelines, or if under review some adjustment might be recommended.

The basis under which our Committee has operated is as follows:

- (1) A specific problem area concerning a practitioner is referred to the Committee;
- (2) The Committee has reviewed the concerns raised by the Ministry of Health, and has determined whether the matter should proceed to further investigation, to be reviewed by inspectors for the Committee;
- (3) If the Committee believes the concerns are unfounded, the appropriate comments are returned to the Ministry;
- (4) If the Committee believes that research of the pertinent material (i.e. dentist's records, hospital records, OHIP records) is required to make a qualified assessment, inspectors are appointed to do the necessary review of all available documented records.
- (5) The Committee reviews the report of the inspectors, affords the practitioner and opportunity to meet with the Committee, accompanied by counsel if he so desires, to respond to the observation, opinions and findings of the inspectors who always are his peers (i.e. only oral surgeons review oral surgeons, only general practitioners review general

practitioners).

(6) Based on the report of the inspectors and the interview with the practitioner, the Committee makes specific recommendations to the General Manager of OHIP for the proceedings they deem to be appropriate.

(7) If the practitioner is not in agreement with the recommendations of the Dentistry Review Committee, he has the privilege of appealing the recommendations of the Committee.

It is important to advise this Council that all members of the Committee "shall preserve secrecy with respect to all matters that come to his knowledge in the course of his employment or duties pertaining to insured persons, and any insured services rendered and payments made therefor, and shall not communicate any such matters to any other person except as otherwise provided in the Act" 1972, C. 91, s. 44(1); 1974, c. 60, s.9.

As a result, I can only speak in generalities with respect to matters considered by the Committee pertaining to individual practitioners. We have had matters referred concerning oral surgeons and general practitioners. The Committee has utilized two inspectors on most cases, to attempt to receive a very objective report, one less likely to criticism both from the profession and OHIP, which also hopefully would reduce the possibility of an appeal.

My records indicate that the Committee has had specific requests for review of five (5) oral surgeons, one of which has been referred for a second review. As well, there have been three general practitioners referred to the Committee for review. Of the oral surgeons, in only two of the cases was the Committee advised by its inspectors that a restitution of funds would be recommended. Of the general practitioners, two of the three practitioners reviewed apparently also had been over-paid, and certain funds were recommended to be recoverable.

It is my opinion that the future activities of the Committee will be significantly reduced, particularly as a result of the change in legislation concerning hospital dental surgery, effective July 1, 1976. The restrictions placed on dental admissions to hospital will be quite self-limiting. Also, I believe that the existence of the Dentistry Review Committee is a deterrent in itself, to make certain that procedures performed in hospital are properly coded and easily substantiated. The chief problem area to date has been in-appropriate coding for services performed.

TREASURER'S REPORT

K.F. Pownall, D.D.S.

Because of the decision to circulate these Proceedings as early as possible in 1978, the Auditors' Report and Financial Statements for 1977 had not been finalized at the time of publication. These will be forwarded at a later date.

Council Meetings: May 1-2 and November 6-8, 1978

the council

District Representatives

The representative for Eastern Ontario, **Jack Berman, D.D.S.**, was born in Montreal. District 1 includes the counties of Dundas, Frontenac, Glengarry, Grenville, Lanark, Leeds, Lennox and Addington, Prescott, Renfrew, Russell and Stormont and the Regional Municipality of Ottawa-Carlton.

Jack received his high school education at Baron Byng in Montreal, his pre-dental B.Sc. degree from Sir George Williams College in 1950 and his D.D.S. from McGill in 1954.

A general practice in Ottawa, a keen interest in music (Jack plays clarinet and piano), an enjoyment of boating, skiing and skating and active membership in the B'nai B'rith Youth Organization keeps this father of three busy.

In addition, Jack has served as chairman of the Complaints Committee for two terms and is a member of the Finance and Property Committee. He also is past president of the Ottawa Dental Society and the Eastern Ontario Dental Association.

Toronto-born **James I. Fawcett, D.D.S.**, is the representative for District 2. This district is made up of Hastings, Northumberland, Peterborough, Prince Edward, Victoria and Haliburton counties as well as the Regional Municipality of Durham.

After attending Toronto's Vaughan Road Collegiate, Jim graduated with his D.D.S. from the University of Toronto in 1959. A dental internship in Philadelphia for one year after graduation was followed by general practice in West Toronto for 1-1/2 years. He then re-located to Lindsay, Ontario, where he established a general practice.

Jim was president of the Peterborough and District Dental Society in 1966-67, is active in local politics, is a director of the Academy Theatre Foundation and the Lindsay Golf Club and is a member of the Rotary Club. He even finds time to teach Sunday School. His College duties include membership on the Complaints Committee.

Northern Ontario's representative is **George Shunock, D.D.S.** from Sault Ste. Marie. His constituency includes the Districts of Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Rainy River, Sudbury, Thunder Bay and Timiskaming.

George graduated in 1957 from Sault Collegiate Institute and obtained a B.Sc. degree from Assumption University in Windsor. He received his D.D.S. from McGill in 1965 and

associated in a crown and bridge practice in Montreal until 1967. He then returned to Sault Ste. Marie where he now practices.

He is a former president of the Northern Ontario Dental Association and has held all offices in his local dental society. He is a trustee on the Board of Education, a Kiwanian, a sports enthusiast and photographer. He is married and is the father of three children.

The Discipline, Registration and Legal and Legislation Committees have all had the benefit of George's service during the past term.

District 4, consisting of the Municipality of Metropolitan Toronto and The Regional Municipality of York, has two representatives. They are **Norman Levine, D.D.S.** and **Elliot J. Siegel, M.D., D.M.D.**

Norm Levine was born in Whitby and attended high school there, graduating in 1950. He received a B.A. from University College in 1955 and a D.D.S. from Toronto's Faculty of Dentistry in 1960. Further study led to a Diploma in Paedodontics in 1962 and a M.Sc.D. in 1967. At present he is Professor and Chairman of the Department of Paedodontics at the University of Toronto.

Norm has a special interest in handicapped children and has written many articles and briefs on the subject. He also has given numerous clinics and lectures.

Chairmanship of the Education Committee and membership on the Discipline Committee are his major Council responsibilities.

Elliot Siegel was born in Toronto and is the son of a dentist. He attended Westdale Secondary School in Hamilton, graduating in 1939. He received his M.D. from the Faculty of Medicine in Toronto in 1944 and interned at the Hamilton General Hospital until February 1945. He practiced general medicine in Watson and Spalding, Sask., before moving to British Columbia.

He received a dental degree from Harvard in 1951, and this led to a further two year appointment at Bellview Hospital in New York. In 1953, he returned to Ontario, became certified as an oral surgeon, and commenced practice in Toronto.

Elliot's activities in dental politics are well known, especially in the O.D.A. His special achievement was the warding off of dental service corporations. He has had a long-time interest in the R.C.D.S. and has served two terms.

He is married with two children and has an interest in antique cars and sailing. He is chairman of the Registration Committee and sits on the Discipline and Ad Hoc Anaesthesia Committees.

5 **Claude Doughty, D.D.S.** is a Bruce County native and represents that county as well as Dufferin, Grey, Huron and Simcoe and the Districts of Muskoka and Parry Sound. He was born in Walkerton and graduated from Walkerton District Secondary School in 1966. He received his D.D.S. from Toronto in 1971 and commenced practice in Huntsville in that year.

Claude is an active member of the Muskoka-Simcoe Dental Society and has served on the Discipline, Education and Professional Liability Insurance Committees during the past term.

In addition to his general dental practice, an interest in building keeps this bachelor busy.

6 London-born **R. Paul McCutcheon, D.D.S.** represents Elgin, Essex, Kent, Lambton and Middlesex counties, including the city of London. He attended Riverview Public School and London Central Collegiate Institute. The son of Dr. J.O. McCutcheon of the class of 1917, he enrolled in the Faculty of Dentistry at the University of Toronto in 1951 and graduated with a D.D.S. in 1956.

Paul started practice in London with his father after graduation, an association which continued until 1976 when his father retired. He was president of the London and District Dental Society in 1967 and has served as chairman of the Western Ontario Study Club.

He was first elected to the R.C.D.S. in 1971, served as Vice-President in 1973 and served as President in 1975 and 1976. He has been chairman of the Discipline Committee for the past two years and is a member of the Executive Committee.

Paul is married, has three children and is a lay reader in St. Peter's Basilica in London. He is an excellent golfer and is past master of Tuscan Lodge A.F. and A.M.

7 The representative for District 7, **Roderick Jack, D.D.S.**, was born in Listowel. He represents the dentists of Brant, Oxford, Perth and Wellington counties and the Regional Municipalities of Haldimand-Norfolk and Waterloo.

Rod attended Listowel District High School and received his D.D.S. from Toronto in 1959. He practiced in Guelph from 1959-1961 and then returned to the University of Toronto, where he obtained a Diploma in Periodontics in 1963.

He practices in Kitchener and has taught at both Faculties of Dentistry in Ontario. He is a member of the Granite Club and local racquet, golf and ski clubs.

His College responsibilities include membership on the Discipline, Finance and Property and Legal and Legislation Committees.

8 **Albert Calzonetti, D.D.S.**, the Vice-President of the Council, is the representative for District 8, which incorporates the Regional Municipalities of Halton, Hamilton-Wentworth, Niagara and Peel. He was born in Hamilton and graduated from Cathedral High School in 1948. He received his dental degree from the University of

Toronto in 1953 and commenced practice in Hamilton after graduation.

He has held all offices in the Hamilton Academy of Dentistry, serving as President in 1972-73. One of his early achievements was a Dental Manpower Study in Hamilton in 1968-69. This resulted in a referral service to younger dentists who were not busy.

Albert is an energetic churchman, having served for many years as Vice-President of St. Anthony of Padua Church. He has headed many successful fund-raising campaigns and has been Vice-Campaign Chairman of the United Appeal. Albert is also a noted sportsman, having coached and managed baseball and hockey teams.

He has been a member of Council since 1973 and at present is Chairman of the Finance and Property and Legal and Legislation Committees and serves on the Executive Committee.

University Representatives

The University of Toronto's representative to Council is **Edward G. Sonley, D.D.S.** Ed was born in Toronto, attended Lawrence Park Secondary School and graduated with honours from the Faculty of Dentistry at Toronto in 1956. From 1956-57, he worked on the Red Cross Dental Coach at Bruce Mines, Bar River and Echo Bay. In 1957, he established a general practice in Willowdale where he still practices.

He was President of the North Toronto Dental Society, O.K.U. Honour Dental Society and has been chairman of several O.D.A. committees. He was President of the Ontario Society of Dentistry for Children in 1969-70.

Ed is married, has three children and is an avid gardener, wood-worker and fisherman. He has been chairman of many R.C.D.S. Committees over the years, and is completing his term as President of the College.

Robert H. Johnson, D.D.S. represents the University of Western Ontario. He was born in Montreal, attended high school there, and received a B.Sc. cum laude from McGill University in 1958, majoring in chemistry. He obtained a D.D.S. from the same university in 1962 and studied Oral Diagnosis and Medicine at Indiana, receiving a M.Sc.D. degree in 1964.

He served as Assistant Professor in Oral Pathology at McGill from 1964-66 and as Assistant Professor in Oral Diagnosis and Medicine at the University of Kentucky at Lexington from 1966-1969. Bob obtained his Certificate in Periodontics at the University of Washington in Seattle in 1971.

From 1971 to the present he has been on staff at the University of Western Ontario's Faculty of Dentistry, and currently holds the rank of Professor in the Division of Periodontics, Department of Oral Medicine. He is actively engaged in dental research and has lectured and published extensively.

He is a member of the Education, Professional Liability Insurance and Ad Hoc Anaesthesia Committees.

Lay Representatives

Provincial legislation provides that the Council shall include between three and five persons who are not members of the College. The current lay representatives, appointed by the Lieutenant-Governor in Council are **Mr. Eric Gudgeon**, **Mrs. Diane Stratas** and **Mr. Robert W. White**.

Eric Gudgeon of Milton, was born in England and attended Appleby College upon moving to Canada. He graduated with honours in textile chemistry from Philadelphia Textile Institute. He later attended the Wharton School of Finance. He held several positions with the family-owned Canadian Aniline and Extract Co. Ltd. becoming General Manager and President. His company pioneered several organic chemical products.

After retiring, Eric was asked to help organize the Association of Canadian Chemical Producers. He is active in community affairs and local politics, having served as Deputy-Reeve. He also was one of those instrumental in the formation of Joseph Brant Hospital in Burlington. An active Kiwanian, he presently owns a golf course on his estate north of Burlington where he enjoys visits from his three children and three grandchildren.

He is a member of the Complaints and Executive Committees.

Diane Stratas of Scarborough, was born and educated in Saskatoon. She studied hotel and restaurant administration

at Ryerson Institute of Technology in Toronto, graduating in 1954. She returned to Saskatoon as a manager and became active in the Saskatchewan Hotel Association and the Canadian Restaurant Association, serving on the National Board of Directors of the latter from 1955-56. She is active in politics, having been nominated as a candidate in the next federal election.

Diane is married to a veterinarian and is the mother of three boys. She is active in All Saints Greek Orthodox Church and has served in the Toronto Branch of the National Ballet of Canada. She is a member of the Art Gallery of Ontario, Ontario Museum and the Canadian Guild of Crafts. She also skis and golfs.

She sits on the Discipline and Education Committees.

Robert White, of Agincourt was born and educated in Scarborough. He has had a long career of service to Scarborough, serving on the Board of Education, as an alderman, Deputy-Reeve, Senior Controller and Mayor. He has also served as acting chairman of Metropolitan Toronto.

Bob had a distinguished military career serving as a pilot in the R.C.A.F. in Canada and in Europe. At present, he serves on the Board of the Metro Toronto and Region Conservation Authority and the Board of Governors of Scarborough General Hospital, and is an active Kiwanian. He has four children and two grandchildren, and when not involved with public service and his florist business, he likes to golf.

He serves on the Discipline and Registration Committees and is Chairman of the Professional Liability Insurance Committee.

COMMITTEES

Statutory Committees

Executive: E.G. Sonley, Chairman; R. Paul McCutcheon, A.J. Calzonetti, E. Gudgeon

Discipline: R. Paul McCutcheon, Chairman; C.A. Doughty, R.N. Jack, N. Levine, G.A. Shunock, E.J. Siegel, Mrs. D. Stratas, R.W. White.

Complaints and Liaison with Auxiliaries: J. Berman, Chairman; J.I. Fawcett, E. Gudgeon

the president

Report of R.C.D.S. President Edward G. Sonley, DDS

“Faculties face
almost a
life-and-death
struggle
for existence”

The preparation of the Proceedings of the College always gives the President a time to reflect upon the year that has almost past and to attempt, on a few short pages, to acquaint the profession with past successes and future hopes.

1978 was a year of increasing concerns about many topics that undoubtedly will become major issues over the next few years - Dental Manpower, Faculty Funding, Union Clinics and Dental Insurance, to name a few.

1978 was also a year of achievement for the College, with many working papers being brought forward and changes in existing government legislation being discussed.

The Guidelines on Anaesthesia document was further revised by the Committee and circulated by Newsletter to acquaint all dentists using any of the modalities with the recommended procedures supported by the College.

The R.C.D.S. position in relation to third party carriers was described in the Report of the Ad Hoc Committee on Third Parties and circulated to all parties with an active interest on the subject of dental insurance.

Revisions to the Public Hospitals Act and the Health Disciplines Act are ongoing at this time and it is hoped that these changes will be adopted by the government of this province as soon as possible.

In your perusal of the Proceedings may I particularly draw your attention to the reports of the deans from the Faculties of Dentistry at the University of Western Ontario and Toronto. At one, they bring to your attention the increasing difficulties that those excellent schools face during these times of budget reductions and curtailment of programmes. One wonders how much longer a Faculty can continue to function efficiently when funding becomes almost a life-and-death struggle for existence.

The Discipline Committee will have set a new record for hearings by the end of 1978 - more hearings in one year than any other committee before it. This is understandable, however, when one considers we have approximately 4,200 dentists and 1,200 hygienists treating a population in Ontario approaching 8,500,000. Seen in perspective, the dental profession has an extremely high public image of integrity and professionalism.

The Complaints Committee, also, has held more meetings and attempted to mediate more disputes than any of its predecessors and this is a sign of the times. With more dentists treating more patients with more complex procedures than ever before, it is inevitable that complaints will occur.

Dental manpower has become the number one issue in 1978 and there are serious questions to be asked and answered if we are to forestall the same fate that has engulfed the professions of Teaching, Nursing, Law and Medicine. For the first time in three centuries, the civilized world has recorded a negative population growth rate. This, coupled with a student enrolment in our Faculties that was balanced to the "Baby Boom" of the fifties and early sixties, has produced the growing realization that dentistry, too, may be added to the list of professions with an excess of practitioners. Is this a problem of numbers of practitioners, distribution, fluoride effectiveness, a declining birth rate, or are we "crying wolf"? A study is being undertaken at this time to attempt to come to grips with this problem and it will require the help of every dentist in the province if it is to be a relevant report.

Approximately one-third of the population in Ontario is covered by some form of dental insurance and every practitioner is affected by this trend to varying degrees. Undoubtedly, as more patients become participants in insurance programs, problems can develop and dentists must

become informed so that both they and their patients may benefit.

Prepaid dental plans are here to stay, and the day is not too far distant when most of Ontario's population will be covered by some form of dental insurance.

What of the future? Besides some of the issues facing us at this time, what must the dental profession be prepared to address in the coming years?

Dentistry for the Aged - Geriatric dentistry will become increasingly important and we must face the challenge now. As the birthrate falls, and improved medical sciences prolong life expectancies, it is estimated that in twenty years, there will be far more geriatric patients than paediatric ones. This shift must be reflected in a

“Dentistry may join
the list of
professions with
an excess of
practitioners”

redesigning of the curriculae within our Faculties and a new awareness of the geriatric patient in our practices.

Advertising and the use of Credit Cards in dental practice are already being sought by some within the profession itself. Traditionally, these items have been thought to be outside the sphere of a profession, but changing times and lifestyles will require that the College take a positive stand, one way or the other, on both these issues.

Within the next year or two, the R.C.D.S. must make a progressive move toward the implementation of a "new look" in *Continuing Education* for dentists and auxiliaries. Some of the groundwork has been laid with a Workshop sponsored in association with the Ontario Dental Association in

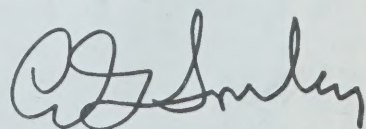

1976 and an ongoing questionnaire in each dental office. However, because of developments in auxiliary training programmes, the College has had to devote much of its time to resources in this area and continuing education for the dentist and hygienist has been less than ideal. This lack, will, I am sure, be attacked in the near future.

Over the past year, it has been my pleasure to visit many diverse areas throughout Ontario, Windsor to Kirkland Lake, Ottawa to Fort Frances and may I say that the welcomes and hospitalities afforded me have been extremely gracious and very much appreciated.

December 1978, then, is the end of two years for me as President of your College. It has been an eventful time with its full share of successes and failures and I have been fortunate in being blessed with a Council, which, without exception, carried out the tasks assigned to it without hesitation.

The College is indeed fortunate in having a most efficient and pleasant staff, without whom the day-to-day running of the affairs of the R.C.D.S. would be impossible, and to all of them, "I thank you very much". I also would like to personally welcome our new Assistant-to-the-Registrar, Dr. Don McFarlane, and at the same time wish our former Assistant-to-the-Registrar, Dr. John Brick, well on his "complete" retirement. Last, but not least, Dr. Ken Pownall, whose valued and valuable assistance during my two years in office made every task a pleasant one. Without "Mr. Registrar", the president of the College would find his duties almost overpowering.

Finally, to the dentists of Ontario, my sincere thanks for allowing me to serve you as your President - it has been both a challenging and rewarding experience.

council notes

Change of Name of Specialty

The R.C.D.S. Council has approved a change in the specialty designation of Oral Surgery to Oral and Maxillofacial Surgery. It was felt that this change in title more appropriately describes the area of training and practice of most of Ontario's Oral Surgeons. This change will require amendments to the Regulations under the Health Disciplines Act and so will not become official until after government approval is obtained.

New Representative Chosen

After consultation with the O.D.A., the Council has appointed Dr. Edward G. Sonley as dentistry's representative to the Ontario Council of Health. Dr. Sonley replaces Dr. Mel Charendoff, who resigned in October, 1978, from this important position.

Credit Cards and Dentistry

The Legal and Legislation Committee has been given the task of reviewing the possible use of credit cards as a mechanism for payment of dental services. The main stumbling block in the past has been the refusal of the credit card companies to assure that the names of dentists using these cards would not be advertised. There are also matters relevant to collecting of accounts, unsatisfactory service etc. that must be resolved.

The R.C.D.S. and Third Party Insurance

The position of the R.C.D.S. in the matter of third party dental insurance is firm and clear:

1. The R.C.D.S. is not and will not become the arbitrator to referee questions respecting the "necessity" of treatment and/or the efficacy of "optional procedures" which may from time to time arise; and

2. The responsibility and obligation of the R.C.D.S. is to respond to and deal with matters of formal complaint and matters of discipline (professional

misconduct or incompetence), as provided for in the Health Disciplines Act and Regulations thereunder.

Committee Suspended

At the request of the Governing Board of Denture Therapists, the Liaison Committee with the R.C.D.S. and O.D.A. has been suspended. The Denture Therapists did state, however, that they are prepared to meet with the representatives of the profession whenever a mutual problem arises. At the same time, they expressed pleasure at being included in the O.D.A. Convention and cited past co-operation between the groups.

X-Ray Protection Improving

The X-ray Inspection Branch of the Ontario Ministry of Health are pleased with the response of the dentists of Ontario to their inspectors' visits and recommendations for improvement. They are encouraged by what appears to be a new spirit of co-operation between the profession and the Ministry.

Deans Approve Student/Complaints Committee Liaison

At the November Council meeting, the Deans of both Faculties of Dentistry enthusiastically endorsed the idea of meetings between the members of the Complaints Committee of the College and fourth-year dental students. It was felt that such meetings could re-inforce the areas of concern of the Complaints Committee and might minimize possible problems after graduation.

The Hygienist in Continuing Care Facilities

Recognizing the importance of continuing dental care throughout life and realizing that dental hygienists may have a role to play in the maintenance of the oral health of patients in continuing care facilities, the R.C.D.S. Council has referred this matter to the Legal and Legislation Committee for study.

Manpower

Realizing that there are a great many unknowns in trying to project the future needs of the Ontario public for dental services, the Council has endorsed the manpower study underway by Dr. D.W. Lewis and associates at the University of Toronto. The Council urges the cooperation of every member of the profession so that definitive answers will be forthcoming to the many questions that have been raised concerning the current and future dental manpower needs in Ontario.

RNs in the Dental Office

The R.C.D.S. Council has reconfirmed its guideline that Registered Nurses must be present in dental offices where general anaesthesia and I.V. sedation are administered. Although RNs are used for monitoring vital signs and for cardiopulmonary resuscitation, their training and experience in intensive care units, recovery room situations and life-threatening emergencies, is the major reason for this decision.

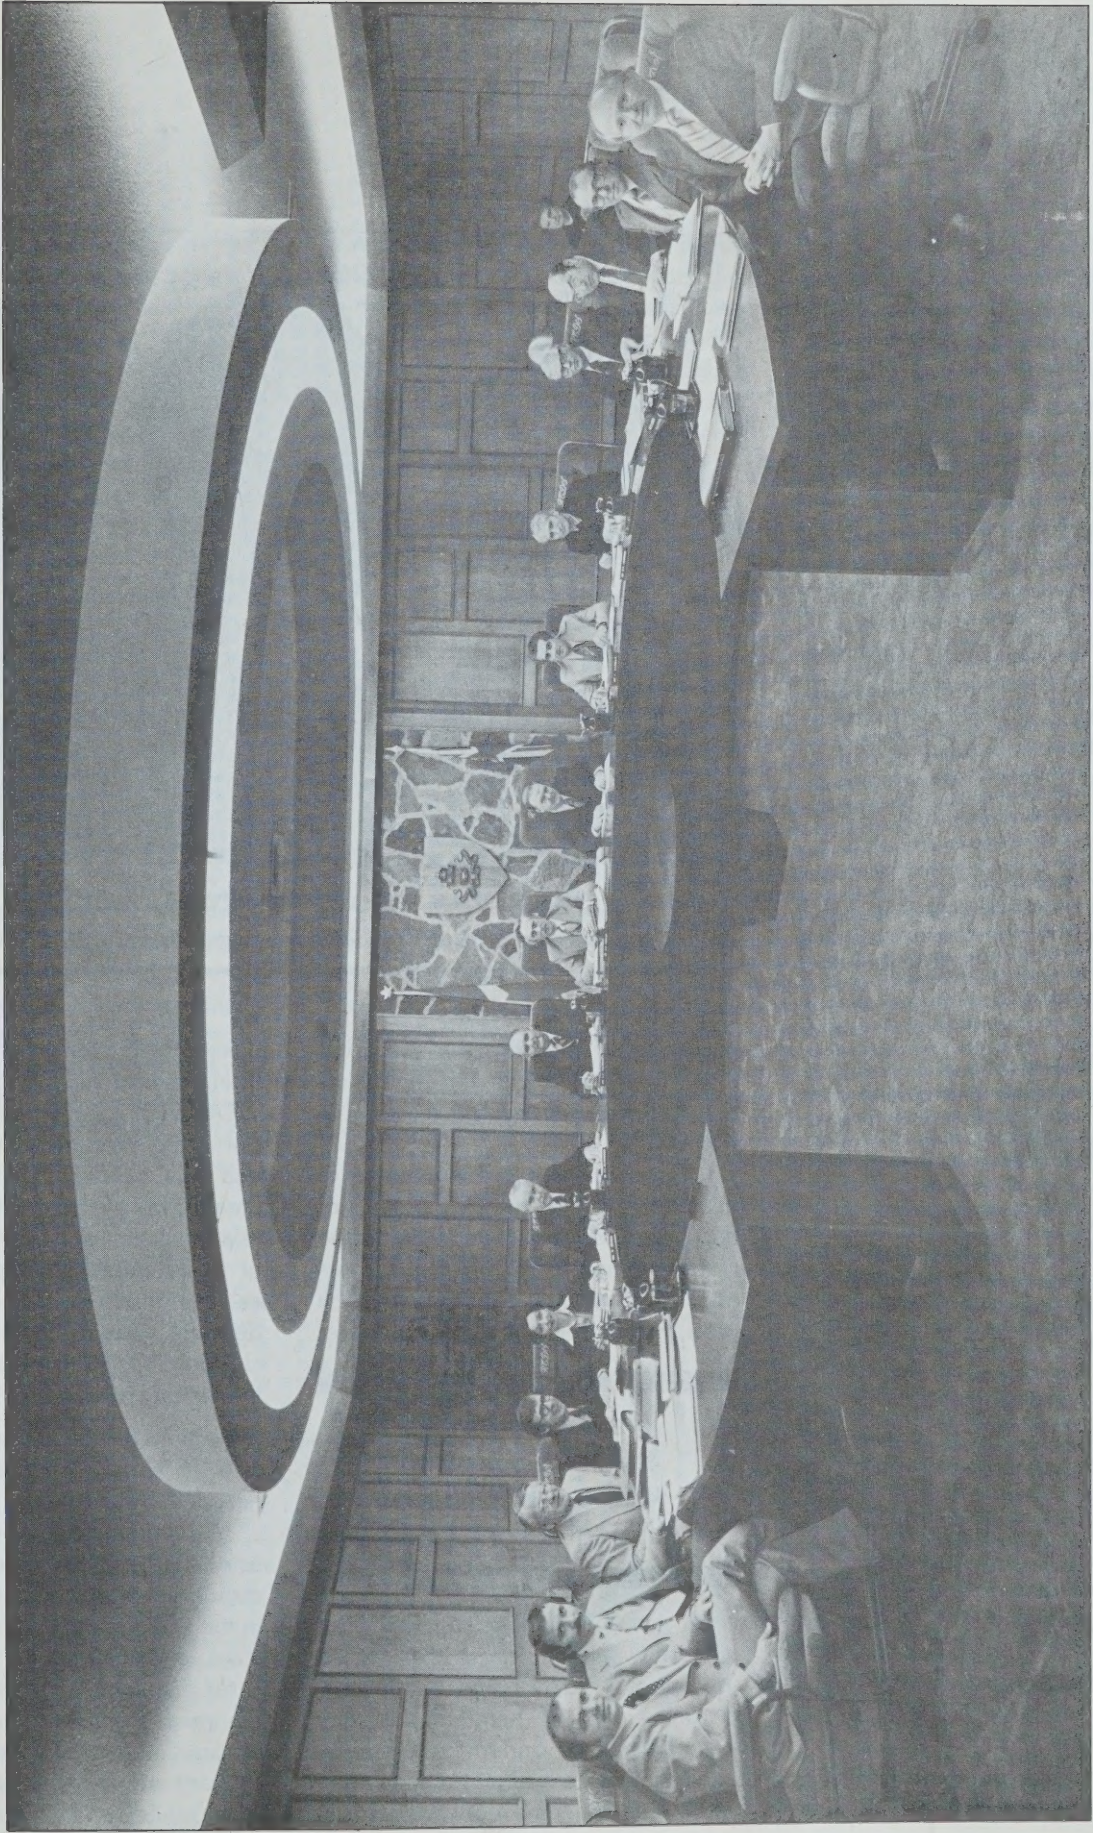

N.D.E.B. News

The R.C.D.S. Council has endorsed the N.D.E.B.'s decision to allow licensed Canadian dentists who graduated from Canadian dental schools and who seek the N.D.E.B. Certificate to be given the choice of taking either the N.D.E.B. written or clinical examination.

Anaesthesia Committee

Questionnaires have been approved by Council and will be sent to practitioners using General Anaesthesia and/or I.V. conscious sedation and/or Nitrous Oxide sedation early in 1979. The information obtained will be used to get a feeling for the manner in which these modes of practice are being carried on in Ontario today and to assist in developing future guidelines.

COUNCIL OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO 1977-1978

L to R: G.A. Shunock DDS, C.A. Doughty DDS, Mr. E. Gudgeon, J.I. Fawcett DDS, Mrs. D. Stratas, R.P. McCutcheon DDS (Past-President), A.J. Calzonetti DDS (Vice-President), E.G. Sonley DDS (President), K.F. Pownall DDS (Registrar-Secretary-Treasurer), J. Berman DDS, R.H. Johnson DDS, Mr. R.W. White, N. Levine DDS, E.J. Siegel MD, DMD, R.N. Jack, DDS. Back: Mrs. K. Shand (Secretary)

complaints

Workload Increasing

During 1978, the Complaints Committee met for 25 full day sessions and one special evening meeting.

193 complaints have been handled by the Committee of which over 60% involved an interview with the patient and/or practitioner. As well, approximately 85 complaints have been given a preliminary review by the Committee.

The following statistics are noteworthy:

1. In 1978, 16 dentists were referred to the Discipline Committee by the Complaints Committee.

2. Less than 10% of the decisions of the Complaints Committee are appealed to The Health Disciplines Board.

3. Of these decisions, over 90% are upheld by the Health Disciplines Board. The few that are returned to the Committee are usually for clarification purposes only.

Types of Complaints

The following is a list of types of complaints reviewed by the Committee in order of their frequency of occurrence:

- (a) alleged unsatisfactory dentures;
- (b) alleged unsatisfactory crown and bridge prosthesis and other extensive rehabilitation procedures;
- (c) misunderstandings concerning fees;
- (d) unethical advertising;
- (e) matters related to surgical procedures, e.g. paraesthesia and jaw fractures;
- (f) misuse of drugs and alcohol by the practitioner;
- (g) disputes between practitioners;
- (h) apparent abuse of O.D.A. fee guide.

The underlying reasons for many complaints can be summarized as follows:

"Failure of the dentist to properly explain the nature of the treatment,

Report of the Complaints Committee

James Fawcett DDS, Eric Gudgeon, Jack Berman DDS, Chairman

the length of time required for treatment, the fee involved and the results that a patient could reasonably expect."

Of great concern to the members of the Committee is the fact that there has been a significant increase in the number of complaints involving crown and bridge failures. This appears to be most prevalent in the graduates of re-

New Graduates try rehabilitation without sufficient clinical experience

cent years. We must conclude that while new graduates are exposed to the basics of crown and bridge procedures, many of them feel that they are qualified to undertake extensive and complicated rehabilitation cases without having involved themselves in

postgraduate courses and without sufficient clinical experience.

Our findings are that the cases are not being properly diagnosed, planned and treated. This results in the breakdown of the restorations. Other related factors include the introduction of post-treatment complications such as TMJ problems, porcelain fractures, deficient margins, lack of proper occlusion, loosening of abutments and individual crowns, etc.

Section 37 of Ontario Regulation 576/75 under The Health Disciplines Act, 1974 directs:

"A member in the practice of dentistry shall exercise generally accepted standards of practice and procedures in the performance of professional services, and shall,

(a) maintain the office in which the equipment with which the member engages in the practice of dentistry in a sanitary and hygienic condition;

(b) make and keep clinical and

financial records respecting his patients and the record for each patient shall contain not less than,

- (i) the patient's history,
- (ii) the examination procedures used,
- (iii) the clinical findings obtained,
- (iv) the treatment prescribed and provided, and
- (v) the member's fees and charges;

(c) keep the records required under clause b in a systematic manner and such records shall be retained for a period of at least ten years after the date of the last entry in the record or until two years following the death of the member, whichever first occurs;"

The lack of proper and adequate records, some to the point of being almost non-existent, continues to plague this Committee. It forces the Complaints Committee into making decisions in a number of serious cases, without any means of substantiating the dentists' statements or claims. In some instances adequate records are kept, but are either ignored or disregarded during treatment.

In the past we have expressed our concerns and have encouraged the co-operation of all practitioners with respect to the intervention by third-party carriers, accordingly the number of complaints by them has decreased markedly. The availability of pretreatment x-rays to these carriers no longer

Record-keeping by some dentists is almost non-existent

appears to be the pressing issue and area of contention it has been in the past.

In the interest and welfare of patients the Committee hopes practitioners will co-operate in the transfer of records between dentists.

Although we are still faced with complaints regarding dentures, advertising, misuse of drugs and alcohol,

disputes between practitioners, etc., the number has remained quite constant, except in the case of crown and bridge which appears to be on the increase.

Prevention of Complaints

The number of dentists who lack proper knowledge or understanding of The Health Disciplines Act and the relevant regulations is very high. In addition, it seems that the number of dentists that read or retain the information sent out from time to time by the College is very low. To try to offset this, at least in part, we have requested both Faculties of Dentistry to emphasize to the graduating students the need to know and comprehend all relevant legislation to the practice of dentistry. We have also offered to meet with senior dental students in order to help ward off future complaints.

In the course of a year the Complaints Committee examines the dental services rendered to many patients. For the most part, the treatment is of a high calibre and reflects well on the dentists of Ontario.

discipline

Fifteen discipline hearings were held in 1978. Eleven of these, having been duly reported to Council at the May and November meetings, are contained in this report.

In addition, two other hearings are included. One was held in late 1977 and was reported to Council in 1978 and the other was alluded to in the 1977 Proceedings but, because an appeal was lodged, could not be mentioned in detail at that time.

The Committee met on March 16 & 17, 1977 to consider and determine allegations respecting the conduct of:

Dr. Arthur H. Rubinoff
2610 Eglinton Avenue West
Toronto, Ontario.

It was alleged that Dr. Rubinoff was guilty of professional misconduct in that, during the year 1976, in the course of his practice, he failed to maintain and keep adequate clinical and financial records and in particular those records required by Clause 37(b) of Ontario Regulation 576/75 under

Report of the Discipline Committee Chairman: R. Paul McCutcheon DDS

the Health Disciplines Act, 1974, in connection with 17 of his patients.

Dr. Rubinoff was found guilty of professional misconduct as alleged.

The penalty imposed was as follows:

1. That he be reprimanded and the fact of the reprimand be recorded on his personal record.

2. That he be fined \$1,000 payable to the Treasurer of Ontario for payment into the Consolidated Revenue Fund; this fine to be payable within 60 days from the date of this hearing.

3. That his certificate of licence be suspended for a period of twelve months, commencing May 1, 1977.

4. That six months of his penalty be suspended upon the following condition: That a representative of the College shall periodically examine his office to verify that adequate clinical and financial records are being maintained and, in particular, those records required by clause 37(b) of Ontario Regulation 576/75 under the Health Disciplines Act, 1974. These inspections will continue for a period of not less than two years.

5. Upon failure to comply with this condition, this Committee will reconvene to consider this matter, that is, to consider whether or not the remaining six months of his suspension should be imposed rather than suspended.

Decision appealed:

The decision of the Committee respecting its findings of guilt and the penalty imposed was appealed. The appeal was subsequently denied by the courts, and Dr. Rubinoff's licence suspension commenced November 1, 1978.

Committee Members: Roderick Jack DDS, Elliot Siegel MD, DMD, Robert White, R. Paul McCutcheon DDS.

2 The Committee convened on November 28, 29 and 30, 1977, to consider and determine allegations respecting the conduct of a member of the College. It was alleged that the member was guilty of professional misconduct in that during the years 1975 and 1976, in the course of his practice, he failed to maintain and keep adequate clinical and financial records; in particular those records required by Clause 37(b) of Ontario Regulation 576/75 under the Health Disciplines Act, 1974, in respect to 43 of his patients.

In addition to these charges, there were allegations that he was guilty of professional misconduct in the treatment of three of the above-mentioned patients, in that he performed services which failed to maintain the standards of practice of the profession by taking X-rays which were inadequate for proper diagnosis, and by charging fees for these services which were excessive or unreasonable in relation to the services performed.

The member was found guilty on all charges.

With respect to penalty, the decision of the Committee was as follows:

1. That he be reprimanded, and the fact of his reprimand be recorded on his personal record.

2. That his certificate of licence be suspended for a period of three months.

3. That the suspension of his licence be remitted if he complies with the following condition: That he will maintain and keep adequate clinical records and, in particular, those records required by Ontario Regulation 576/75 under the Health Disciplines Act, 1974, in respect of his practice; this condition to be complied with by March 30, 1978.

4. In the event that he fails to comply with the above condition, the suspension of his licence will commence on April 1, 1978.

5. There shall be no publication of his name in the Annual Proceedings of the College.

3 The Committee met on March 15, 1978, to consider and determine allegations respecting the conduct of a member. It was alleged that the member did permit, counsel and assist a dental hygienist to engage in the practice of dentistry contrary to the Act, on a number of occasions in 1977, without supervision or direction by a member of The Royal College of Dental Surgeons of Ontario.

Upon a finding of guilt respecting the above allegations and following due

deliberation and examination of the facts presented in the submission by both counsel with respect to penalty, imposed the following penalty:

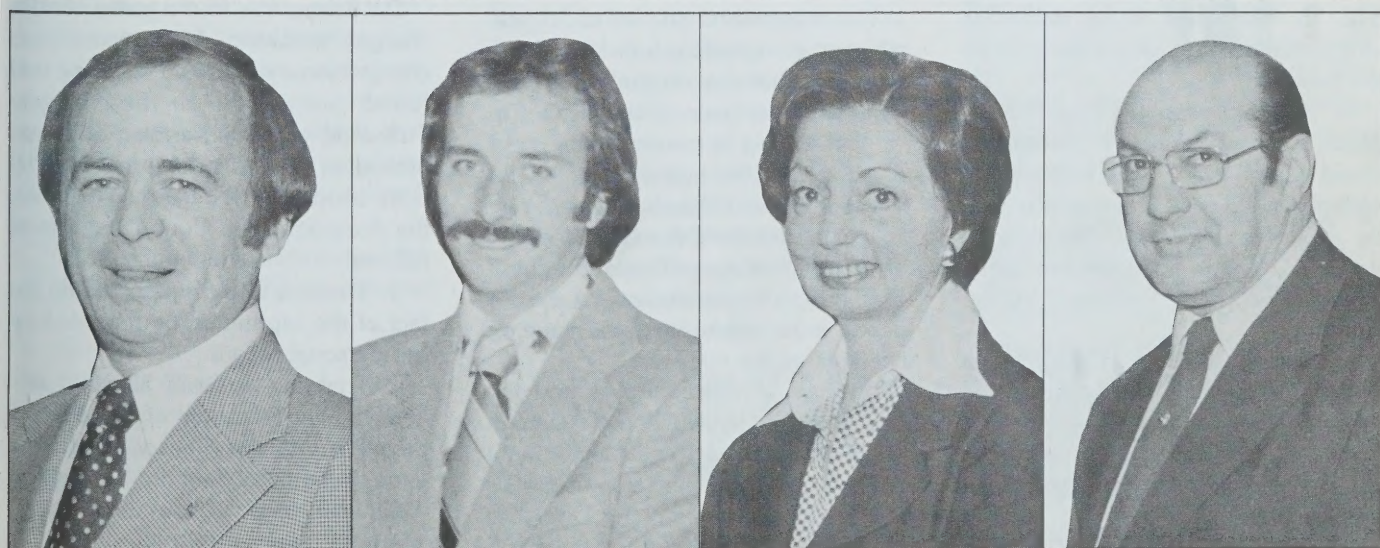

1. That he be reprimanded and the fact of his reprimand be recorded on his personal record.

2. There shall be no publication of his name in the Annual Proceedings of the College.

4 The Committee also met on March 15, 1978, to consider and determine allegations respecting the conduct of a dental hygienist. It was alleged that the dental hygienist was guilty of improper or dishonourable conduct in that on several occasions in 1977 she did perform certain duties of a dental hygienist at the dental office of Dr. without the supervision or direction of a member of The Royal College of Dental Surgeons of Ontario.

The Committee found said dental hygienist guilty as charged.

Note: It was stated in defence that there was confusion on the part of the hygienist and her employer regarding the interpretation of "supervision". However, no evidence was introduced that either the defendant or her employer made any effort at any time to seek clarification of legislation con-

Committee Members: George Shunock DDS, Claude Doughty DDS, Diane Stratas, Norman Levine DDS.

cerning supervision. Further exhibits were presented by counsel for the College which clearly showed that the R.C.D.S. constantly has kept all licensed dentists and hygienists informed regarding legislation by mailed notices.

These exhibits were:

1. Advisory Notice respecting the practice of Dentistry and the employment of auxiliary personnel, mailed late 1974 or early 1975, headed "Direct Control and Supervision." This notice advised members that Section 12(b) of the Dentistry Act provides "for the delegation to dental hygienists of the performance, under the direct control and supervision of a member of the College, of the services of cleaning and polishing teeth and the giving of instructions and demonstrations in oral hygiene and mouth care."

The notice advised that "the Board of Directors interpret 'direct control and supervision' as meaning that a dentist must be in the same office area as the hygienist."

2. A notice headed "Dental Hygienists and Preventive Dental Assistants employed by Corporations," mailed August, 1976.

3. "A Summary of the Health Disciplines Act as it Pertains to Dentistry," dated July, 1975. On the last page is a section titled "What Duties may be performed by Dental Auxiliary Personnel?" which repeats verbatim Sections 48 and 49 of Ontario Regulation 576/75; and there is no statement which changes the policy expressed by the Board.

4. "A Summary of the Health Disciplines Act as it Pertains to Dentistry," dated April, 1977. This notice dealt with minor changes in preventive dental assistants, and again Sections 48 and 49. There is no statement which changes the policy expressed by the Board.

5. "Dental Hygiene Highlights," a notice that provided the reminder that "we still have Section 12 of the Dentistry Act," and that this section is preserved in Section 44 of the Health Disciplines Act.

The notice reiterated the reference in Section 12 to "the delegation to dental hygienists of the performance, under the direct control and supervision of a member of the College, of

the services of cleaning and polishing teeth and the giving of instructions and demonstrations in oral hygiene and mouth care."

The notice also pointed out that associated with Section 12 is Regulation 163, which in more detail outlines qualifications of a dental hygienist, and repeated verbatim Sections 48 and 49 of Ontario Regulation 576/75, revised 10/77. (These two sections are referred to in Regulation 163.)

Members were informed in this notice that: "While the Discipline Committee realizes that Regulation 163 (sub. (3)) was 'running in tandem' with Section 48 and 49 from about July, 1975, to November, 1977, any change in wording did not bring about any change of intent. The dropping of the word 'direct' at no time changed the interpretation of 'supervision or direction' by the Council of the R.C.D.S. From the beginning and to this day 'supervision or direction' means that 'a dentist must be in the same office area as the hygienist.'"

6. "Malpractice Insurance," dated Jan. 1, 1977, to Jan. 1, 1978. This document, in listing persons covered by insurance, includes "any dental hygienist or registered nurse or other person while acting under the direct control and supervision of an Insured, whether or not employed by an Insured."

The presence of the word "direct" adopts the original Section 12 and corroborates that the original interpretation has never been changed; that is, "a dentist must be present in the same office area as the hygienist."

The above exhibits show that the interpretation of the Council or Board of The Royal College of Dental Surgeons of Ontario of "supervision" is that "a dentist must be present in the same office area as the hygienist."

Because of these notices and the fact that the hygienist had been in practice for almost 10 years and ought to have known her responsibilities relative to supervision, the Discipline Committee considered this case a flagrant violation of supervision. With respect to penalty, the Committee recommended:

1. That the hygienist be reprimand-

ed and the fact of her reprimand be recorded on her personal record;

2. That there shall be no publication of her name in the Annual Proceedings of the College.

5 The Committee met on April 10, 1978, to consider and determine allegations respecting the conduct of:

Dr. Eva Kustra

232 Main Street

Hawkesbury, Ontario.

It was alleged that Dr. Kustra was guilty of professional misconduct in that she:

(a) failed to maintain adequate clinical records; and

(b) failed to maintain the standards of practice by:

(i) failing to perform any or an adequate examination preliminary to treatment;

(ii) failing to take any or an adequate medical history preliminary to treatment;

(iii) failing to take any or adequate X-rays preliminary to treatment;

(iv) failing to keep or cause to be kept a record of her purchase(s) or acquisition(s) of drugs, as required by Clause 41 of Ontario Regulation 576/75 (as amended) under the Act;

(v) failing to maintain her professional office and equipment with which she engaged in the practice of dentistry in a sanitary and hygienic condition.

Dr. Kustra was found guilty on 121 charges involving 11 patients; two charges were withdrawn, and she was found not guilty on six charges. Following due deliberation and examination of the facts presented by both counsel with regard to penalty, the decision of the Committee was as follows:

1. That she be reprimanded and the fact of the reprimand be recorded on her personal record;

2. That she be fined \$2,500, payable to the Treasurer of Ontario for payment into the Consolidated Revenue Fund; this fine to be payable within 60 days of the date of this hearing;

3. That her certificate of licence be suspended for a period of five months, this suspension to commence August 1, 1978;

4. That two months of the suspension of her licence be remitted if she complies with the following conditions: That she take courses of study at her own expense, including oral diagnosis, practice management and oral radiology, the courses to be approved by the Registrar of the College and to be taken within 18 months from the commencement of her suspension.

6 The Committee met on April 13, 1978, to consider the case of: Dr. Joseph A. Miskin
22 King Road
Nobleton, Ontario.

It was alleged that Dr. Miskin was guilty of professional misconduct in that he:

- (a) charged fees for services not performed;
- (b) charged fees that were excessive or unreasonable in relation to the services performed;
- (c) failed to take any or adequate medical history prior to treatment;
- (d) failed to take any or adequate X-rays prior to treatment;
- (e) unnecessarily subjected a patient to prolonged surgical treatment;
- (f) failed to maintain any or adequate clinical records.

The evidence in support of these allegations involved one patient. Dr. Miskin was found guilty on five charges (a, b, c, d, f) and not guilty on one (e). The penalty imposed was a reprimand, a fine of \$2,500, and a six-month suspension from practice, with two months' remission conditional upon taking, at his own expense, courses in oral diagnosis which shall include examination, oral radiology, treatment planning and record-keeping.

7 The Committee met on April 28, and May 3, 1978, to consider the case of: Dr. Elias Wachna
386 Bathurst Street
Toronto, Ontario.

Dr. Wachna was charged with professional misconduct in that he:

- (a) without wilful intent, but with reckless disregard for the circumstances, charged fees for services not performed;
- (b) failed to maintain adequate clinical and financial records;

(c) failed to take adequate medical histories prior to treatment;

(d) failed to take adequate X-rays prior to treatment.

The evidence in support of these allegations involved 38 patients. Dr. Wachna pleaded guilty to the charges, and the penalty imposed was a reprimand and a five-month suspension from practice, with a two-month remission conditional upon taking, at his own expense, courses in oral diagnosis which shall include examination, oral radiology, treatment planning and record-keeping.

8 The Committee met on July 17, 1978, to consider the case of: Dr. Donald F. Crowe
37 Dunlop Street East
Barrie, Ontario.

Dr. Crowe was charged with professional misconduct in that he:

- (a) failed to maintain adequate clinical records;
- (b) failed to take adequate X-rays prior to treatment;
- (c) failed to treat or cause to be treated adequately, or at all, periodontal conditions;

(d) failed to treat or cause to be treated adequately, or at all, lesions of the hard and/or soft tissues;

(e) failed to treat or cause to be treated adequately, or at all, carious lesions.

The evidence in support of these allegations involved five patients. Dr. Crowe pleaded guilty to the charges, and the penalty imposed was a reprimand and a four-month suspension from practice, with a three-month remission, conditional upon taking, at his own expense, courses in oral diagnosis which shall include examination, oral radiology, treatment planning and record-keeping, and courses in practice management.

9 The Committee met on July 20 and August 10, 1978, to consider the case of: Dr. Gerald I. Williams
R.R. 1
Foxboro, Ontario.

Dr. Williams was charged with professional misconduct in that he:

- (a) failed to maintain adequate clinical records;

(b) failed to maintain adequate financial records;

(c) failed to take adequate medical histories prior to treatment;

(d) failed to take adequate X-rays prior to treatment;

(e) failed to take adequate X-rays with respect to certain treatment performed, namely, root canal therapy and/or the preparation and insertion of a crown;

(f) failed to maintain the standards of practice in respect of treatment and, in particular, prepared and inserted an inadequate bridge;

(g) failed to treat or cause to be treated adequately, or at all, certain teeth requiring extraction;

(h) failed to maintain the standards of practice in respect of treatment and, in particular, prepared and inserted an inadequate crown;

(i) failed to maintain the standards of practice in respect of treatment and, in particular, that the root canal therapy and/or one of the crowns inserted was inadequate;

(j) failed to treat or cause to be treated adequately or at all, certain teeth requiring restorative treatment.

The evidence in support of these allegations involved 27 patients. Dr. Williams pleaded guilty to the charges, and the penalty imposed was a reprimand and an eight-month suspension from practice, with a four-month remission conditional upon taking, at his own expense, courses in oral diagnosis which shall include examination, oral radiology, treatment planning and record-keeping, and courses in restorative dentistry and practice management.

10 The Committee met on August 30, 1978, to consider the case of: Dr. Robert E. Leigh
10 George Street North
Cambridge, Ontario.

Dr. Leigh was charged with professional misconduct in that he failed to maintain the standards of practice in respect of treatment and, in particular, failed to take any or adequate steps to post-operatively treat or cause to be treated an iatrogenic condition respecting the left maxillary third permanent molar and surrounding tissues.

The evidence in support of this allegation involved one patient.

Note: The left maxillary third permanent molar was inadvertently dislodged during the removal, into the post pharyngeal space and was left there for a period of about twelve months.

Dr. Leigh pleaded guilty to the charge, and the penalty imposed was a reprimand and a two-month suspension from practice, with a two-month remission conditional upon taking, at his own expense, courses in oral diagnosis which shall include examination, oral radiology and courses in oral surgery.

The Committee met on September 29 and October 6, 1978, to consider the case

of:

Dr. Pierre V. Seguin
45 Elm Street East, Suite 502
Sudbury, Ontario.

Dr. Seguin was charged with professional misconduct in that he:

(a) failed to maintain the standards of practice of the profession with respect to treatment and, in particular, purported to test for an allergic reaction to a certain drug or drugs rather than refer the patient to a qualified medical practitioner for this purpose; and

(b) failed to maintain the standards of practice of the profession with respect to treatment and, in particular, administered a certain drug or drugs

the administration of which was contra-indicated, without prior clearance by a qualified medical practitioner.

The evidence in support of these allegations involved one patient. Dr. Seguin was found guilty on both charges. The penalty imposed was a reprimand and a three-month suspension from practice. The suspension of his licence was remitted in total (a suspended sentence).

(The evidence showed that Dr. Seguin wiped Lidocaine on the patient's tongue, waited, then injected 1/4 cc. of Lidocaine into muco-buccal fold, waited; then on about three subsequent visits used Lidocaine as the local anaesthetic for restorative procedures. Standards of practice in the province of Ontario are that if a patient says he is allergic to a drug, the dentist must accept the patient's statement at face value even if the dentist doubts the patient's stated allergy. The dentist must never use that drug in any manner for that patient, the only exception to this being a life-and-death situation.)

A meeting of the Committee was held on October 13, 1978, to consider the case of:

Dr. Charles T. Peterson
18 Craig Street
London, Ontario.

Dr. Peterson was charged with professional misconduct in that he:

(a) failed to maintain adequate clinical records;

(b) failed to maintain adequate financial records;

(c) failed to take adequate medical history;

(d) failed to take adequate X-rays prior to treatment;

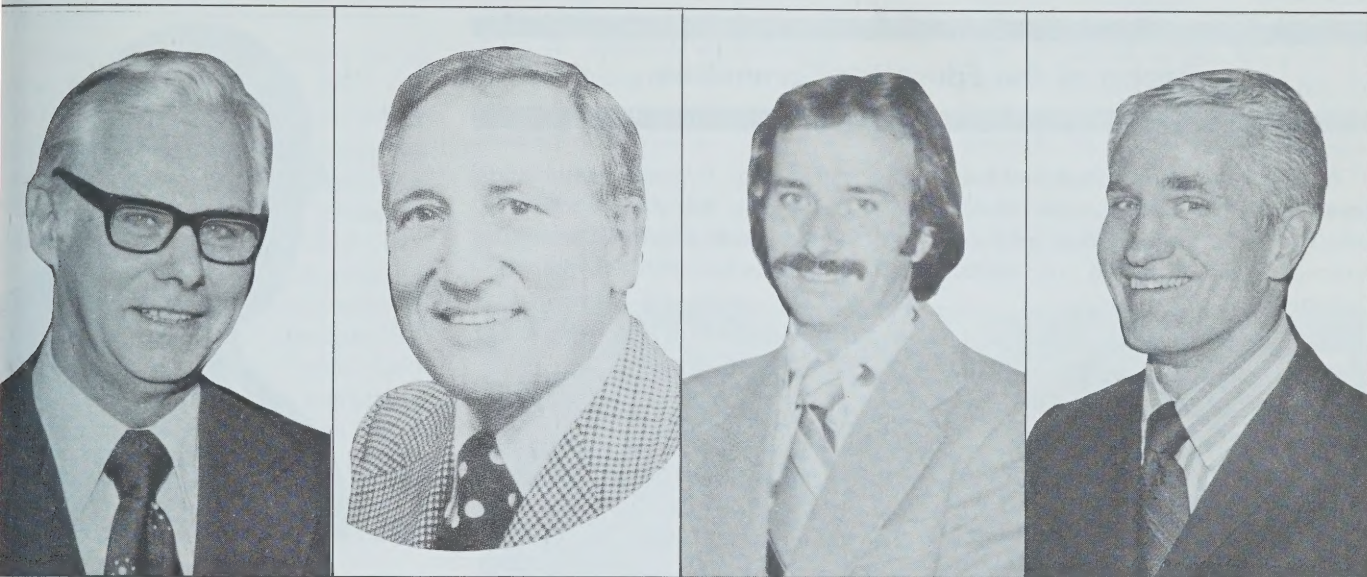

(e) failed to treat or cause to be treated adequately, or at all, lesions affecting certain teeth.

The evidence in support of these allegations involved one patient; four of the charges were applicable to the years 1975 and/or 1976, 1977. Dr. Peterson was found guilty on four charges (a, c, d, e) and not guilty on one (b). The penalty imposed was a reprimand and a four-month suspension from practice, with a two-month remission conditional upon taking, at his own expense, courses of study in oral diagnosis which shall include examination, oral radiology, treatment planning and record-keeping.

A hearing was conducted on October 24, 1978, in regard to an allegation of professional misconduct by a member of the College. The member was found guilty as charged and a penalty imposed. Subsequently, the member appealed the decision of the Committee in respect to penalty only. As the said appeal is pending, no report on this matter will be made until after the appeal decision is made.

Insurance

Report of the Professional Liability Insurance Committee

Robert White, Chairman, Neil Webster DDS, Claude Doughty DDS, Robert Johnson DDS.

The R.C.D.S. programme is working well and progressing towards the fulfillment of its long-range plans, i.e.

(a) to increase the limits of liability borne by the fund;

(b) to build reserves in the plan to an amount where the interest from the fund will cover a major portion of the cost of operating the plan; and

(c) to provide the maximum benefits for the lower cost.

The self-insuring limit has increased progressively from \$25,000 in 1973, \$35,000 in 1974, \$50,000 in 1975, \$75,000 in 1976, \$100,000 in 1977 and 1978, and again will be increased to \$150,000 in 1979.

This self-insuring limit has been met for the years 1973 to 1976 inclusive. In addition to the R.C.D.S. payments

of \$185,000 the insurance carrier has to date paid out over \$175,000.

Twenty-six cases remain outstanding for this period as compared to 41 at this time last year.

There was a 20 percent increase in the number of claims in 1977 over 1976. Another 20 percent increase was recorded in the number of claims in 1978 over 1977. This represents a 245 percent increase in the number of claims in the sixth year of operation of our plan as compared with the first.

Seventeen of the 83 cases recorded in 1977 are still outstanding.

The Committee recommends that in order to reduce or prevent claims members should:-

(a) Keep records as outlined and required by the regulations. Your

records are your main line of defence in a malpractice situation.

(b) Inform patients of costs, alternative treatments available, and prognosis. Record these facts.

(c) Inform patients of possible side-effects of treatment, e.g. tooth fracture, parasthesia, pain, discomfort, etc.

(d) Inform patients of your findings on examination. Do not speculate on past treatment.

(e) Know your plan. Read the material that is provided to you annually and be familiar with the insuring agreements, the coverage period and territory, the general and special conditions that are applicable to your plan.

education

Report of the Education Committee

The Education Committee met four times in 1978. The major issues revolved around the training and examination for licensure of dental hygienists.

Baseline Competencies

The members of the Committee spent a great deal of time in the revision and editing of the Ministry of Colleges and Universities' document entitled "Baseline Competencies for Dental Hygiene Programs". It is hoped that this document will allow for the standardization of all hygiene programs in the Colleges of Applied Arts and Technology (CAAT).

Examination Format Evolved

The Committee set a standard format for the examination of dental hygienists, both regular and expanded-duty. This format sets out the approximate dates for all examinations and the policy regarding supplementals. The out-of-province hygiene examination will be held in mid-December and mid-June, and the

expanded-duty hygiene examination will be held in late June each year. Establishing such a general schedule, the committee felt, will cause these approximate dates to become as automatic as the N.D.E.B. dates are to the dentists of Canada.

Manpower Needs

It is of some interest to note that in 1978, 257 new hygienists were licensed in Ontario and 21 received expanded-duty privileges.

Recognizing the large number of hygienists now licensed in Ontario, more than 1,260, the Provincial Consultative Committee on Dental Auxiliary Programs recommended a 15 per cent decrease in enrolment for 1978-79, and a further 10 per cent decrease for 1980-81. While these decreases show some attempt on the part of government to reduce the number of new hygienists being trained, sufficient manpower data does not yet exist to predict future needs accurately.

Norman Levine DDS
Committee Chairman

A recommendation has been put forth to the Ministry of Health that preventive dental assistants no longer be trained in Ontario. With this change, we would return to three types of auxiliaries, namely, dental assistant, dental hygienist and expanded-duty hygienist. Concern for dental manpower figures should involve all types of auxiliaries who form a part of the dental team.

Committee Members: Patricia Johnson, Claude Doughty DDS, Diane Stratas, Robert Johnson DDS.

Continuing Education

Another important area of concern in 1978 was formulization of a protocol for the R.C.D.S. extramural lecture and seminar programs. These programs continue to be popular, especially in the smaller dental societies.

Using the education survey forms sent to each dentist for 1977 and 1978, areas of special interest will be incorporated into future lectures and seminars. It is hoped, in this way, that the continuing education programs sponsored by the College will be made more relevant in 1979. Of particular interest will be the development of participation courses. Dialogue has also taken place with the Ontario Dental Hygienists' Association, and several one-day lectures for hygienists will be held around the province in the 1978-79 academic year.

Future Issues

The issues that the Education Committee will deal with in the coming term are:

- 1. A continuation of involvement with manpower problems as they per-

tain to auxiliaries and dental practitioners.

- 2. The establishment of a very strong continuing education program based within the R.C.D.S. and working with the universities and legitimate, recognized dental organizations. In this regard, a strong tie with the O.D.A., could be very effective.

- 3. A strong liaison with the O.D.A. on matters concerning manpower needs and resources.

Acknowledgements

I would like to thank my Committee members for a most cooperative and

progressive term and it has been a privilege for me to serve as Chairman. In addition, I would like to thank Drs. Pownall and Fox, as well as the secretarial staff at the R.C.D.S. for the assistance they have given. My final appreciation goes to Dr. John Brick, who retired in June, 1978, for his efforts on behalf of the R.C.D.S. Dr. D.J. McFarlane has succeeded Dr. Brick as Assistant-to-the-Registrar, primarily handling matters concerned with education, and we welcome Dr. McFarlane who in his short time with the College has put forth a superb effort.

Confederation College, Thunder Bay

U. of T. report

I am pleased to present this, my second report, to the Royal College of Dental Surgeons of Ontario. Last year I indicated that the Faculty had experienced a number of retirements and resignations which I felt was healthy for the Faculty as it permitted turnover of staff at a time of no growth. This trend has continued during the past year with two senior members of the Faculty resigning to assume decanal appointments elsewhere in Canada.

However this year I must express some concern about continued senior staff resignations as the possibility exists that such positions may not be renewed by the University as it attempts to cope with a continued decline in income. If staff attrition is used as a vehicle to achieve budgetary stability, a deterioration of an already poor staff: student ratio will threaten our ability to provide an adequate education for our students.

The following staff changes have occurred during the past year:

Resignations and Retirements

Dr. G.S. Beagrie has been appointed Dean at the University of British Columbia Dental School.

Dr. E.M. Madlener has retired from his full-time appointment.

Dr. G.W. Thompson has been appointed Dean at the University of Alberta's Dental School.

Appointments

Dr. Joseph Bielawski has been appointed Assistant Professor of Dentistry and will teach restorative dentistry, oral anatomy and histology (half-time).

Miss Helga Dettbarn-Renkenhagen has been appointed as tutor in the Department of Preventive Dentistry.

Dr. Edward D. Fillery has been appointed Assistant Professor (half-time) with the Division of Biological Sciences and will teach microbiology.

Dr. A. Murray Hunt has been appointed Director of the Division of Graduate and Postgraduate Dental

Education, replacing Dr. George S. Beagrie.

Dr. Hugh G. Jervis-Read has been appointed Associate in Dentistry at the School of Dental Therapy, Fort Smith, N.W.T.

Dr. Catherine Kilmartin has been appointed Assistant Professor (half-time) in the Department of Oral Medicine and Pathology.

Dr. Barry Korzen has been appointed Assistant Professor and Head of Endodontics (half-time).

Dr. Norman Levine has been appointed Professor and Chairman of the Department of Paedodontics (with tenure).

Dr. Barry Mitchell has been appointed Assistant Dean.

Dr. David Mock has been appointed Assistant Professor in the Division of Biological Sciences and will teach oral pathology.

Dr. Robert Pilliar has been appointed as Associate Professor (Health Sciences Award).

Dr. Frank Pulver has been appointed Assistant Professor in the Department of Paedodontics (half-time).

Dr. Barry Sessle has been appointed Chairman of the Division of Biological Sciences.

Dr. Douglas W. Stoneman has been appointed Chairman of the Department of Radiology.

Promotions

Dr. Johannes Heersche has been promoted to Full Professor (with tenure). Dr. John Mayhall has been promoted to Associate Professor (with tenure). Dr. John McComb, Dr. Donald Burnette, Dr. William J. Fleming and Dr. Jaroslav Sodeck has been promoted to Associate Professor. Tenure has been granted to: Dr. Roger Ellis, Dr. Eric Freeman and Dr. Phillip Watson.

As a consequence of these changes the Faculty now has 45 full-time staff who, when combined with a part-time

*Report of the Dean of
the Faculty of Dentistry,
University of Toronto.
A.R. TenCate DDS.*

staff, give the Faculty the equivalent of 83 full-time staff.

The student body now numbers 544 students, 507 of whom are undergraduates. Of the 37 postgraduate students, 10 are specializing in Oral surgery and anaesthesia, 11 in Orthodontics, five in Paedodontics, and eight in Periodontics; one is studying for a B.Sc.D. (anaesthesia) and two are engaged in Special studies (part-time).

There are also 22 interns, 16 M.Sc. students, six Ph.D. students and six students in the B.Sc.D. dental hygiene programme.

Last year 126 students graduated with the D.D.S. degree; 21 students with diplomas; five students with M.Sc. and three with the Ph.D. degree. Also, the first two students from the B.Sc.D. (dental hygiene) programme have graduated. Thus the Faculty has maintained its role in providing a broad perspective of dental education.

As a result of this wide scope of educational activity nearly 20,000 patients were seen in 40,000 visits last year, a significant service to the community.

Academic Distinctions

It is always a pleasure to record academic distinction.

Dr. Marjorie Jackson was elected a Fellow in the International College of Dentists in recognition of conspicuous services rendered in the Art of Science of Dentistry. Dr. Jackson is the first Canadian woman to receive this honour.

Dr. J.H.P. Main has been elected Secretary of the International Association of Pathologists.

Dr. A.H. Melcher has been granted honorary life membership in the American Academy of Periodontics.

Dr. H. Guy Poyton has been granted a Distinguished Life Membership in the American Academy of Dental Radiology.

Dr. A.R. Ten Cate was named recipient of the Isaac Schour Memorial Award at the Annual Meeting of the International Association of Dental Research.

Research

In the research sphere the Faculty has had an excellent year with continued publications in many areas. We have also benefited significantly from the Provincial lottery. In competition with the other health science faculties this faculty received a Health Sciences Award (salary for Dr. Pilliar), a major equipment grant for the purchase of scanning electron microscope and several awards for the purchase of minor equipment. The M.R.C. Group in periodontal physiology, under the directorship of Dr. A.H. Melcher, has had its grant renewed for a further five years. This renewal is a major accomplishment achieved in the face of stiff competition from all health science faculties across Canada. In summary, the Faculty attracted \$926,000 in research funds last year, making it the leading dental research centre in Canada. There can be no doubt that this high level of research activity spills over and benefits our teaching programme, especially since most of the staff doing research also have significant teaching functions.

Issues

Many issues have faced the Faculty over the last year. A curriculum task force report was presented and accepted by Faculty Council. It introduced the concept of a fourth-year clerkship and recognized that teaching is the prerogative of Departments. Implementation of the task force's recommendations is now occurring wherever possible but much is contingent on our capital development programme and on future staffing patterns.

A Presidential Users' Committee also spent many long hours in the past year compiling an extensive report concerning the remodelling of the Faculty. Their report has now received the full approval of the Governing Council of the University of Toronto, and will be implemented when funds become available.

The report is an important document and the Council should understand our need for expansion and remodelling of our present facilities. In 1969 a Users' Report on the needs of graduate and postgraduate dentistry documented the desperate need for both additional staff and space if the Faculty of Dentistry, University of Toronto, was to fulfill its mandate as the major undergraduate and graduate dental school in Canada, and also as the primary center for den-

tal research in this country. This central role for our Faculty in Canada was confirmed by the MacDonald Report (1969) which clearly stated the critical position the University of Toronto held not only in preparing practitioners for specialized service to the public of Ontario, but also in supplying staff with advanced qualifications for teaching and research for other dental faculties in Canada.

In spite of this key role, the Forster Report (1969) on undergraduate programmes in the Faculty of Dentistry pointed out that our programmes suffered from having the worst staff:student ratio of any dental faculty in Canada. This report also emphasized that the immediate effect of that staff shortage was a minimum of clinical experience for undergraduate students and an over-reliance on minor part-time staff for clinical instruction. The paucity of small group instruction and discussion even in clinically-related subjects was also pointed out. The University reacted to these criticisms and provided some relief by modestly increasing the complement of full-time staff and by providing an additional 13,500 sq. ft. leased space. The increased space was used to provide much needed space for staff offices and for seminar teaching. However, Faculty operations have been hampered by the location of staff and

facilities in leased space in a completely separate building. As recently as 1975, a provincial task force, looking at Health Care Research in Ontario, stressed the central role that the Faculty plays for dental research in Canada and recommended a major addition of space for research in the Faculty.

As well as a deficiency of space, the Faculty's equipment is also dated. Our clinics were designed towards the end of an era in dental education, and were therefore equipped to teach dentistry in the manner of the 30's and 40's with patients seated upright and the dentist working alone at the chair in a standing position. Dental operations are now carried out with the patient in a reclining position and with the dentist and a chairside assistant operating together as a team. Both work in a seated position for maximum efficiency and minimum physical strain. Practically all of the major dental schools in North America and Europe have recognized this shift in the pattern of practice and have been rebuilt or refurbished over the past ten years so that students can be trained to conduct and provide modern dental services.

Our clinical facilities are therefore outmoded in design and are equipped with outdated units for which replacement parts are impossible to obtain.

The Users' Committee Report presents modest proposals to overcome these deficiencies. Modest in the sense that our entitlement, based on the Council of Ontario Universities Space Entitlement Formula, should be an additional 49,900 net assignable square feet (NASF) of space. However, recognizing the present financial constraints, a smaller addition of 34,500 sq. ft. which includes the 13,500 sq. ft. of leased space, is proposed. The net new space accruing to the Faculty is therefore only 21,000 sq. ft.

This request for additional space is not linked to any increased enrollment. Indeed, the report trims operatory numbers thereby reducing our flexibility, and if enrollment were to drop temporarily in the 1980's there would be very little, if any, excess capacity in the school. The point at

issue is that we are endeavouring to teach dentistry for the 80's and 90's with outdated equipment in facilities designed for an outmoded concept of dental practice, and this situation must be rectified.

"We are teaching dentistry for the 80's and 90's with outdated equipment and facilities"

Unfortunately the release of Ontario Health Resources Funds for dentistry before 1984 is not anticipated unless the urgency of our needs can be demonstrated to Government. I therefore ask the College to assist us in our quest for early release of OHRD funds so that we can maintain a level of dental education expected by the population of Ontario and which has established us as the leading dental educational and research facility in Canada.

Manpower

An issue which has surfaced consistently over the past year is the issue of dental manpower. The Faculty must reserve judgement on this issue for several reasons. First, all informa-

tion on this subject received so far is anecdotal and we welcome the Government's initiative in commissioning a detailed study of the issue by Dr. Lewis of this Faculty. Second, any response within the University system takes time to affect wider public issues. If we were to reduce enrollment in, for example, 1980, it would not be felt until 1984. If an erroneous decision was made, it would not be until 1990 that any correction could be achieved. Remember that only ten years ago there was active talk for a third dental school in the Province of Ontario. As an educational institution it would be foolish for us to make any manoeuvres without first having access to properly researched studies.

There are many other issues which have surfaced, such as continued student litigation, accreditation, third party insurance, and patient management, which need not be discussed here. I must, however, conclude with an issue with which the Council must be fully aware and about which it must show deep concern and this is the continued decline of funds being applied to the University system.

I find myself in a dilemma as Dean of a professional faculty and also a member of a wider academic community. President Ham, in his inaugural address, placed the

humanities as central to the University with the professional schools occupying a peripheral boundary and a responsibility to teach the scientific and humane roots that characterize a capacity for service to the public good. I agreed with this expression and clearly see the need to protect the humanistic ideal of a University in times of reduced fiscal support. But I must also protect the interests of a profession and I have the responsibility to ensure the graduation of students who are competent to serve the public well, not only when they graduate, but also twenty years on in their professional career.

This coming year we are threatened with a reduction of \$200,000 in our

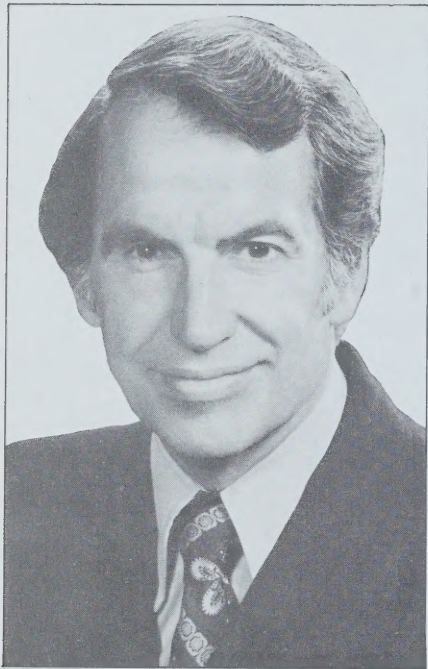

operating budget. Budget reductions have become a way of life in the University system and last year I forecasted for the Council the effect of such cuts on the activities of a professional faculty. The University recognized the seriousness of such cuts and our budget reduction last year was minimal. Inflation however exacerbates even a minimal reduction in budget and we coped last year by making "across-the-board" cuts. Even though I will strenuously resist any move to decrease our budget I recognize that, no matter how persuasive our arguments may be, some reduction is inevitable. "Across-the-board" reductions provide an "easy" response to budget cuts, but in my

view would threaten steady erosion of the quality of all our programmes.

We must therefore consider the possibility of eliminating some programmes in order to protect the quality of others. Since we regard the undergraduate programme as central to the Faculty's objectives we will be forced to review in detail the postgraduate programmes with a view to drastically reducing costs in this area.

I thank the Council for its support of the Faculty, not only for the direct support the College provides, but also for the more intangible, but equally as important, support I have received from you during my first year of office.

U.W.O. report

*Report of the Dean of
the Faculty of Dentistry,
University of Western Ontario.
Wesley J. Dunn DDS.*

It is a privilege to present the fourteenth Annual Report of the Faculty of Dentistry of The University of Western Ontario to the Council of the Royal College of Dental Surgeons of Ontario.

Merger - Departments of Oral Medicine and Oral Surgery

Because of budgetary constraints, the Faculty was unable to provide for a full-time oral surgery replacement for Dr. Hy Goldberg following his resignation from the full-time academic staff of the Department of Oral Surgery. Dr. A.G. Parnell, Professor and then Chairman of the Department of Oral Surgery, understandably, advised the dean he could no longer continue as Chairman of the Department following the end of that current academic year. It was with deep regret that Dr. Parnell's resignation was accepted.

For sound academic and administrative reasons, the Council of

the Faculty, during its June 1978 meeting, gave approval to the merger of the Department of Oral Medicine and Department of Oral Surgery. Assuming both Senate and Board approval, a new Department of Oral Medicine with four divisions - Oral Medicine, Oral Radiology, Oral Surgery, and Periodontics - will be operable during the 1978-1979 academic year.

It is obvious that the viability of any department depends on a "critical mass." Very small departments are almost virtually incapable of responding to budget reductions without something approaching irreparable damage to whatever programs they offer. It is hoped that through this merger both the discipline of Oral Surgery and this Faculty will find it a little easier to cushion any further financial constraints which may be imposed.

Curricular Modifications

Attributable to a motion adopted by the Faculty Council in March 1976, efforts have been made toward the establishment of a "diagonal" structure for the undergraduate curriculum. The purpose was to permit the introduction of clinical courses to the first two years of the program and provide time in the senior years for a reinforcement of the teaching of basic science material. Improved integration between basic sciences and clinical subjects was one of the chief goals of the approved change. Another was that with clinical experience extending over the four years of the program there could be an enhancement of the diagnostic skills and technical capabilities of the students.

The Committee on Undergraduate Dental Curriculum has assiduously addressed itself to the charge of establishing a diagonal curriculum and at times problems were so enormous that the committee could have been

forgiven if it had abandoned the project. It is unnecessary, in this report, to document the many changes which have had to be made. Sufficient for our purpose is to report that, although the program could not be classified as truly diagonal, it has been possible, at least in part, to meet the will of Council as established in March 1976. For the myriad of changes both major and minor which have been made, changes, incidentally, which received the approval of Senate, reference should be made to the 1978-1979 *Calendar* of the Faculty.

Lecture Material - Fourth Quarter, Fourth Year

The Committee on Undergraduate Dental Curriculum suggested to the Executive Committee of Council that no new *examinable* material be introduced in lectures within the fourth quarter of the fourth year. In approving this recommendation it was made clear by the Executive Committee that departments are not precluded from mounting seminars and like instructional sessions.

Distribution of Curriculum Hours

The Committee on Undergraduate Dental Curriculum reviewed the distribution of hours in all four years of the program. The total number of assigned hours is 4,210. First year have 987; second year, 1034; third year, 1236; and fourth year, 953.

Courses and Supplemental Privileges

As considerable confusion has characterized the identification of courses and subjects and as this confusion has had implications on deciding on the applicability of supplemental examination privileges, the Committee on Undergraduate Dental Curriculum addressed itself to this important topic.

A "course" is now defined as a discrete division of a general subject and is characterized by specific instruc-

tion and by examinations specific to the said course. Where a general subject is not divided into discrete divisions it shall, for the purpose of the regulations, be considered a course.

For supplemental examination purposes, courses have been designated as "half courses" or "full courses." In any given year the total number of supplemental examinations permitted shall not exceed two full courses. A student may be eligible to take supplemental examinations if he or she fails in no more than two full courses or in one full and two half courses or in four half courses.

In the calculation of a student's composite grade for a given year full courses are weighted twice as much as half courses.

Academic Awards

Two new awards were approved within the academic year. They are:

The Academy of Operative Dentistry Award. A certificate and a one-year subscription to the "*Journal of Operative Dentistry*" are awarded on the recommendation of the Department of Restorative Dentistry to a third year student demonstrating outstanding achievement in operative dentistry.

Alpha Omega Award. A plaque inscribing the honor is awarded on the recommendation of the Examinations Committee to the graduating student who, in the fourth year, attains a high degree of both academic and clinical prowess and who has made significant and meaningful contributions to the extracurricular activities within the Faculty and the University.

The Faculty is deeply grateful to the Academy of Operative Dentistry and the Alpha Omega International Fraternity for their contributions to the promotion of academic excellence in this school.

Student Interviews

From time to time, the Admissions Committee has addressed itself to the desirability and feasibility of mandatory student interviews for admission. In March, following a request from the Executive Committee of Council, the Admissions Committee again directed itself to the topic. The subject generated a discussion that

was wide-ranging in its scope and searching in its probing into the several factors which must be recognized as being a necessary component of an interview mechanism, such factors being, among other things, the source and availability of "interview team" members, the time frame to be adopted for interviews within the academic year and the total cost of the exercise. The Committee attempted to come to grips with the question, "does an interview element in an admissions' process provide greater potential for better selection of applicants than would a system lacking a mandatory interview mechanism?"

The problem of the Admissions Committee is compounded by the fact that there appears to be no empirical evidence, anywhere, attesting to the value of a mandatory interview system. Although the subject is not closed, the committee is not optimistic that, at an early date, it will find a satisfactory answer to the question.

Admissions' Policy

In November 1977, the Executive Committee of the Council of the Faculty unanimously approved a recommendation received from the Admissions Committee of the Faculty, as follows: "Whereas Landed Immigrants are now eligible to apply for Canadian citizenship after three years

of residency, and whereas the Admissions Committee has given lengthy consideration over a period of years to this matter, together with all its ramifications, the Faculty of Dentistry Committee on Admissions unanimously confirms that the priorities of application for entry to the Faculty of Dentistry should remain as they are at present:

'Priority consideration shall be given, all other things being equal, firstly to Canadian citizens who are resident in Ontario; secondly to Canadian citizens resident elsewhere and to all Landed Immigrants irrespective of the province in which they reside; and thirdly, to all others. (One position is available for applicants supported by the Canadian International Development Agency or similar agency).'

The Senate Committee on Admissions and Academic Programs Policy (SCAAPP), did not agree with the position taken by the Faculty. It subsequently recommended to Senate amendments to the admissions' priorities wherein all Landed Immigrants in Ontario will be considered equal to Canadian citizens resident in Ontario and in a position of priority over Canadian citizens residing elsewhere.

During the meeting of Senate, at which this issue was debated, the position of SCAAPP prevailed. Thus it

was necessary for the Faculty to establish new priorities concerning the admission of applicants. Accordingly, the following policy was approved:

"Priority No. 1 - at least 90% of the incoming class will comprise Canadian citizens and Landed Immigrants who meet the residency regulations applicable to Ontario, and

Priority No. 2 - up to 10% of the incoming class *may* comprise Canadian citizens and Landed Immigrants who do not meet the said residency regulation. (One position is available for applicants supported by the Canadian International Development Agency or similar agency)."

To meet the residency regulation approved by Senate, an applicant must be able to demonstrate that his or her home residency was in Ontario on January 1st of the year prior to that in which admission is being sought to the first year of the undergraduate program.

Acting on a recommendation from the Faculty, Senate approved a policy wherein on computer print-out forms employed by Admissions Committees across the University, the citizenship or landed immigrant status of applicants would not be shown.

Student Membership - Admissions Committee

The Senate Committee on Admissions and Academic Programs Policy requested that "the composition of Admissions Committees of the various professional schools include at least one undergraduate student representative." The Admissions Committee was of the unanimous opinion that in its application to dental students, the proposal, although meritorious and accepted in principle as it has been in the past, was not practicable. This view was buttressed by a letter from the President of the Dental Students' Society who, having obtained the views of his Executive, clearly enunciated several valid reasons why a student representative would not be able to function with competence and purpose as a member of the Admissions Committee. The salient reason was that such a representative could not devote sufficient time during the year to the work of the Admissions Com-

mittee without serious loss to clinical and/or other already committed time.

The Faculty continues to remain responsive to any student interest in terms of serving on the Admissions Committee but students, themselves, recognize that they cannot deal with only part of the process. Decisions can be made only by members who have the time and opportunity to attend all the meetings at which judgements on admissions are exercised.

Student Performance

Fourth Year: 58 students, of which one achieved honours, 49 passed, six passed with conditions and two failed.

Third Year: 51 students, of which five achieved honours, 36 passed, seven passed with conditions and three failed.

Second Year: 58 students, of which five achieved honours, 38 passed, 13 passed with conditions and two failed.

First Year: 56 students, of which eight achieved honours, 36 passed, 12 passed with conditions and there were no failures.

Graduate Orthodontic Program Appraised

The Appraisals Committee of the Ontario Council of Graduate Studies recommended to that Council that "on the basis of the four-year report, the MCID (Orthodontics) program at The University of Western Ontario be approved to continue and that a report be submitted by 1 January 1983 discussing the further development of the program particularly with respect to such matters as student theses and staff workloads."

The Graduate Program in Orthodontics, established in 1973, enjoys the status of "approval" of the Council on Education of The Canadian Dental Association.

Graduate Program in Pathology

During the year, the Council on Education of The Canadian Dental Association arranged for a Survey Team to visit the campus of The University of Western Ontario for the purpose of evaluating the Graduate Program in Pathology with Training in Oral Pathology. It is a pleasure to report that, acting on the recommen-

dation of the Survey Policy Committee of The Canadian Dental Association, the Council on Education conferred the status of "approval" on the program for a five-year period. Dr. D.G. Gardner, Chairman of the Division of Oral Pathology, and his colleagues, Dr. J.P. Sapp and Dr. G.P. Wysocki, deserve commendation for having established a program which received full approval on its first evaluation.

Graduate Program in Periodontics

After several years of conscientious efforts, circumstances were such that it was necessary for the Chairman of the Division of Periodontics, in May of 1978, to report to the Executive Committee of Council that it was the consensus of the faculty of the Division of Periodontics and the Department of Oral Medicine that the proposal to establish a graduate program in Periodontics not be pursued at this time. The bases for the decision were to a very limited extent, the reports of the external appraisers and, more particularly, the recommendations of the Subcommittee on Dentistry of the Postgraduate Manpower Committee of the Council of Ontario Faculties of Medicine.

The Faculty was not particularly impressed with the reports of the external appraisers but as a societal need could not be identified within the report of the Subcommittee on Dentistry, it seemed judicious that further efforts be abandoned at this time.

Lorne E. MacLachlan Endowment Fund

It was with overwhelming gratitude that the Faculty of Dentistry learned from the Executive Director of the Canadian Fund for Dental Education that the Lorne E. MacLachlan Endowment Fund had been increased, by the on-going generosity of Dr. MacLachlan, from \$45,000 to \$100,000 and that Western's Faculty of Dentistry would be the recipient, along with Toronto, McGill, and Dalhousie of an equal portion of the interest accruing annually from the principal sum.

The terms of reference of the Fund are such that it is fairly restricted in its

use. The purpose of the establishment of the Fund by Dr. MacLachlan was to produce some money to make it possible to provide for teacher-training in the area of prosthodontics - both complete and partial and maxillo-facial prostheses. By the terms of reference, the faculty member responsible for the area of prosthodontics within this school, Dr. P.S. Sills, in conjunction with the dean, will, within the terms of reference, decide of the use of the funds.

The Faculty expresses its most sincere thanks and appreciation to Dr. MacLachlan for his extraordinary generosity.

Alpha Omega Foundation

Dr. Gordon Perlmutter, of Toronto, made verbal contact with the dean suggesting that a proposal might be offered to the Alpha Omega Foundation for a grant to support worthwhile activities within the school. As a consequence of the suggested action, the Alpha Omega Foundation, most generously, made a grant to the Faculty of Dentistry, in the amount of \$1,000, to enable the Faculty to make certain equipment and teaching aids' purchases in the areas of oral radiology, oral surgery, and paediatric and community dentistry.

The generosity of the Alpha Omega Foundation is most warmly appreciated and gratefully acknowledged.

Research Activities Within the Faculty

The following research projects, funded by various granting agencies, were initiated or approved for ongoing support during 1977:

Department of Oral Medicine Dr. R.I. Brooke and Dr. Peter Stenn - "Myofascial Pain Dysfunction Syndrome", Ministry of Health - \$36,525;

Division of Oral Pathology Dr. D.G. Gardner and Dr. J.P. Sapp - "Dysplastic Changes in Odontogenesis" UWO Academic Development Fund - \$8,418, Dr. G.P. Wysocki - "Ultrastructure of the Epithelial-Connective Tissue Interface", Medical Research Council - \$20,200;

Department of Oral Surgery, Dr. I.D.F. Schofield, Dr. B.A. Warren, Dr. J. Rozanis - "An Investigation of the problem of dry socket following tooth extraction", Ministry of Health - \$35,000, Dr. A.G. Parnell - "Comparison of Lidocaine and Bupivacaine (Marcaine) as Local Anaesthetics for Use in Dentistry". All costs involved in this study are provided by Winthrop Laboratories;

Department of Paediatric and Community Dentistry, Dr. D.W. Banting - "Longitudinal Study of Dental Caries", National Health and Welfare - \$15,376, Dr. R.A. Latham - "Study and Treatment of Oro-facial Anomalies," Medical Research Council - \$20,472, Dr. G.Z. Wright - "Dental Floss Study", Johnson and Johnson - \$30,311;

Department of Restorative Dentistry, Dr. L.N. Johnson and Dr. R.E. Jordan - "Physical Properties of Dental Materials which Determine Clinical Management" - Ministry of Health, \$32,169, Dr. R.E. Jordan - "Arrest of Various Lesions by Means of Fissure Sealant Application", Ministry of Health - \$19,120, Dr. M. Suzuki, Dr. R.E. Jordan, and Dr. A.J. Gwinnett - "Restoration of Fractured and Hypoplastic Incisors by means of Acid Etch Resin Technique" - Ministry of Health - \$12,100, Dr. R.E. Jordan and Dr. L.N. Johnson - "Amalgam Alloy Restorations" - Ministry of Health - \$12,700.

In addition to the above, various other non-funded research activities took place in the Faculty, as well. The MRC General Support Grant was employed for the following purposes: Drs. B.A. Warren and J. Rozanis - "Dry Socket" - \$2,900; Dr. Barry Tepperman - start-up grant "Physiology Research" - \$900; Dr. D.W. Banting and Dr. John Stamm - "Investigation of fluoride concentration of cementum in fluoridated and non-fluoridated areas" - \$2,500; Dr. David W. Johnston - "Demand and supply of dental services throughout the London and Middlesex area and the factors influencing the choice of practice location by graduates of UWO" - \$3,000; Dr. D.G. Montemurro - grant-in-aid of

anatomical research - \$1,500, Dr. J.A. Reid and Dr. J.C.F. MacDonald - "Shielding Requirements for Dental X-ray Protection" - \$2,500; Dr. W.S. Hunter - for support of research pertaining to graduate program in Orthodontics - \$900.

MRC Visiting Professor

Professor George S. Beagrie of the Faculty of Dentistry of the University of Toronto and, at the time, dean-elect of the Faculty of Dentistry of the University of British Columbia, conferred a privilege on this Faculty by accepting its invitation to be the MRC Visiting Professor for the 1977-78 academic year. Dr. Beagrie visited the school from 4 through 6 April 1978 and, in addition to many discussions and other activities within the various departments, presented the Annual Public Lecture on April 5th.

The Faculty expresses deep appreciation to Dr. Beagrie and to the Medical Research Council which made his visit possible.

MRC Summer Undergraduate Research Scholarships

Four students were the recipients of MRC Summer Undergraduate Research Scholarships and one student was awarded the Undergraduate Research Award for 1978. They were: Ms. Leslie Dayneka, II Year, who will work with Dr. D.G. Gardner in Oral Pathology; Mr. John Kalbfleisch, II Year, and Mr. James Parker, III Year, who will be associated with Dr. Jacob Rozanis in Microbiology and Immunology; Mr. Daniel Tomlak, III Year, who will be engaged in the Department of Oral Surgery with Dr. A.G. Parnell and; Mr. John Lott, who will work with Dr. A.C. Wallace, Professor of Pathology.

UWO Clinic Night

Again, the Faculty was privileged to be requested to present a Student Clinic Night as part of the formal program of the London and District Dental Society. On 1 February 1978, seven students offered varied topics for the interest of the members of the society.

The presentation of Ms. Donna Gregorash on Periapical Cemental Dysplasia was adjudged to be the most

meritorious and, as a consequence, she had the privilege of being selected to represent the Faculty at the Student Table Clinic Program at the Annual Convention of The Canadian Dental Association to be held in Winnipeg, Manitoba, from 10-13 September 1978.

Continuing Education

Again, this year, several valuable continuing education programs had to be cancelled because of inadequate participating interest on the part of the profession. The following five courses were withdrawn even though considerable effort had been made toward their presentation:

- Adhesive Resin Restorations
- Treating the Child Patient
- What's New in Restorative Dentistry
- Management of Dental Materials and Restorative Dentistry
- Dental Anatomy and Occlusion.

Fourteen courses were presented during the 1 July 1977 through 30 June 1978 period.

Advisory Committee to the Faculty of Dentistry

The Annual Meeting of the Advisory Committee took place on

Wednesday, 12 October 1977. Dr. Harvey W. Reid, an original member of the Committee, was again persuaded to act as Chairman. Fourteen members were present.

The committee employed the 1976-1977 Report of the Faculty of Dentistry as its resource document. Although there were no specific recommendations accruing from the discussions, the exchange of views on such topics as Curriculum, Admissions, Continuing Education, Research, and Professional Conduct Code were most helpful.

The Faculty of Dentistry continues to be most appreciative of the contributions of the members of the Advisory Committee. This annual opportunity for an exchange of views is of great importance to the school. We hope that it is useful, as well, to the various constituencies represented on the committee.

Colombia Exchange Program

The third year of the exchange program with the Facultad Odontologia of the Universidad de Antioquia embraced visits, in the fall of 1977, from two members of the academic staff of

our South American exchange partner. Dr. Raul Cadavid and Dr. Nury Ossa, whose main interest found itself in the discipline of Oral Radiology, visited this Faculty for two weeks. The Faculty was able to arrange, through the co-operation of Dr. R.N. Shervill, Chairman of the Department of Spanish and Italian, for Mrs. Patricia Leishman to serve as translator for the two-week period.

Dr. David G. Gardner, Chairman of the Division of Oral Pathology, enjoyed and benefited from his visit to Colombia in the spring of 1978.

It is anticipated that Dr. Gabriel Martinez and Dr. Jamie Echeverri will visit Western in the fall of 1978 thereby concluding the three-year exchange program sponsored by the Canadian International Development Agency.

Founders' Day - 7 March 1978

Classes were cancelled during the afternoon of 7 March 1978 to permit faculty, administrative staff, and students to attend the Founders' Day Convocation which celebrated the 100th anniversary of the founding of The University of Western Ontario. The University was honoured on that occasion by the acceptance of the Governor-General of Canada, the Right Honourable Jules Leger, of an honorary degree.

Open House

As one of its contributions to the celebration of Western's Centenary, the Faculty of Dentistry joined with the other Faculties and Programs of the Health Sciences to mount a highly-successful Open House on 11 and 12 March 1978. There were in excess of twenty-five displays each of which was manned by one or more students. Many of the exhibits entailed active involvement on the part of the interested visitors. No attendance tally was maintained but hundreds of people visited the school during the two days of Open House.

Dr. David W. Johnston of the Division of Community Dentistry served as Chairman of the Faculty/Student Arrangements Committee and from the enthusiastic reaction of the visitors it was obvious that the committee's efforts were warmly received and appreciated.

**Tenth Biennial Conference -
Dental Education and Research**

As its major contribution to the celebration of the University's Centenary, the Faculty of Dentistry acted as the host for the Xth Biennial Conference on Dental Education and Research held on the campus of The University of Western Ontario from 18-21 June 1978.

The arrangements for the Conference were the responsibility of a Local Arrangements Committee under the effective and competent chairmanship of Dr. G.Z. Wright, Professor of Paediatric Dentistry.

Director of Patient Services

It is a pleasure to report that Dr. Donald F. Mulcahy accepted the appointment of Director of Patient Services, effective 1 August 1977. In addition, Dr. Mulcahy holds an academic appointment as Assistant Professor in the Departments of Oral Medicine and Restorative Dentistry.

**Division of Removable
Prosthodontics**

It is with regret that the resignation of Dr. James E. Ryan, the original chairman of the Division of Removable Prosthodontics, must be reported as having occurred within the 1977-78 academic year. The Faculty was fortunate, however, in being able to persuade Dr. Paul S. Sills, Associate Professor of Removable Prosthodontics, to assume the chairmanship of the division.

**Appointments, Resignations,
and Retirements**

It is a pleasure to report on the following full-time appointment, to this Faculty's academic complement, during 1977-1978: Dr. David H. Charles, Assistant Professor, Department of Restorative Dentistry, effective 1 December 1977.

In addition to the above, the Faculty experienced its first faculty appoint-

ment through a "Geographic Full-Time" arrangement with Southwest Middlesex Health Centre. Dr. R.A. Brandon, a 1974 graduate of the school, was appointed as an Instructor in the Department of Paediatric and Community Dentistry, effective 1 August 1977.

The Faculty was pleased, also, to enjoy the services of Dr. V.K. Maini during the 1977-78 academic year. Dr. Maini was appointed on 1 September 1977 as an Instructor (full-time) in the Department of Oral Surgery for a nine-month limited term concluding 30 May 1978, such appointment being occasioned by the resignation, in the previous academic year, of Dr. Hy Goldberg.

In addition, the Faculty was pleased to enjoy and benefit from the contributions of two distinguished colleagues from King's College Hospital Dental School, England, during the past academic year. Drs. B.C. Leighton and R.D. Howard undertook four-month limited term appointments as Visiting Professors in the Department of Paediatric and Community Dentistry in the Division of Orthodontics. These appointments were necessitated by the medical leave of absence of Dr. A.W. Eastwood. The Faculty is indebted to King's College Hospital Dental School for permitting Drs. Leighton and Howard to visit our school and contribute to the offerings of our undergraduate and graduate programs.

The following accepted appointments to the part-time faculty during the 1977-78 academic year:

Oral Medicine Dr. Robert Walthers, Clinical Instructor.

Oral Surgery Dr. K.A. Galil, Associate Professor of Anatomy, accepted a cross-appointment as Clinical Instructor.

Paediatric and Community Den-
tistry Dr. L.K. Davidge, Dr. J.P.

Demarco, Dr. W.G. Lindley, Dr. D.H. Smith, Clinical Instructors.

Restorative Dentistry Dr. K.M. Baird (Professor Emeritus 1977) at the rank of Associate Professor, part-time, Dr. W.G. Kost, Dr. O.B. Plotzke, Dr. W.C. Slinger, Clinical Instructors.

The Faculty, with regret, records the following resignations from the full-time and part-time faculty complement:

Full-Time Dr. A.W. Eastwood, Professor, Department of Paediatric and Community Dentistry.

Part-Time Dr. L.K. Davidge, Dr. J.D. Jones, Dr. J.P. Kerr, Clinical Instructors, Department of Paediatric and Community Dentistry. Dr. J.G. Kozoriz, Clinical Instructor, Department of Restorative Dentistry, Dr. W.G. Lindley, Dr. F. Mader, Dr. W.C. Slinger, Dr. D.H. Smith, Clinical Instructors, Department of Paediatric and Community Dentistry.

Appreciation

It is difficult adequately to express the appreciation of the Faculty of Dentistry to the Council of the Royal College of Dental Surgeons of Ontario for its most effective support and encouragement. The grants for student awards and for certain contingency activities for which it is impossible to provide coverage within the normal operating budget of the school add, immeasurably, to the academic program of the school.

The participation of Council members on the Advisory Committee and the effective involvement of the Registrar of the College on the Admissions Committee are also contributions which enhance the academic life of this Faculty.

It is this school's continuing hope that the cordial and co-operative relationship which exists between the College and the Faculty may continue, unimpaired, throughout the future.

finance

The Committee met on October 19, 1978 and prepared the budgets for 1979. They follow this report as Appendix A and B. These budgets were approved by Council at the November 1978 meeting.

Comment

Although 1978 was budgeted for a deficit, the year ended with a slight surplus.

1979 Budget Highlights

1. Salary increases range from between six and eight percent.

2. The basement at 230 St. George Street is to be renovated and furnished as an extra room for committee meetings.

3. Honoraria for counsel members and extra mural lectures will remain at \$300 per day for 1979.

4. Although the number of R.C.D.S. sponsored extra mural lectures are diminishing slightly as some of the larger urban dental societies conduct their own courses, it is anticipated that lectures for hygienists will increase in 1979 as will participation courses.

5. Legal and auditing fees are increasing. The increase in discipline hearing costs are borne in total by the College. As well, all fines that are levied are payable to the Consolidated Revenue Fund of the Province of Ontario. It is hoped someday that government might again allow costs to be recoverable and fines payable to the R.C.D.S. treasury.

6. The insurance portion of the Professional Liability Insurance seems to be stabilizing. The fee for 1979 is \$23 per dentist. One hundred dollars per dentist will be put into the reserve

Report of the Finance and Property Committee

Roderick Jack DDS, Albert Calzonetti DDS, Chairman, Jack Berman DDS.

fund. This reserve should surpass \$400,000 in 1979.

7. A special grant of seventy-five cents per member is being made for a feasibility study of organizing a national organization of dental licensing boards across Canada.

8. The government's fiscal restraint on universities may have affects on this College. If restraint is so severe that the quality of new graduates is affected, we may have to get back into the examination field in order to assess these future graduates.

9. The value of the Willmott Scholarship to the University of Toronto and the R.C.D.S. Scholarship to the University of Western Ontario will be increased in 1979 from

\$300 to \$500. The R.C.D.S. Oral Biology Scholarship to both faculties will be increased from \$100 to \$200 in 1979.

10. Monies of the College are invested in triple A rated investments earning the best interest possible. These investments are set up to yield the money needed each month for current expenditures.

Acknowledgements

I would like to express gratitude to my fellow committee members Dr. Jack Berman and Dr. Rod Jack and to our president, Dr. Ed Sonley. I would also like to thank Dr. Ken Pownall and his staff for the hours spent in evaluating every item of the budget.

APPENDIX A

THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO BUDGET 1979

	Budget 1978	Total 1978	Budget 1979
Income			
Fees - Dentists	\$1,181,225	\$1,194,125	\$1,335,000
Fees - Hygienists	63,400	69,955	77,500
Interest	40,000	46,000	45,000
Examination fees	44,000	57,620	45,000
Sundry	3,000	6,160	4,000
Professional Liability Insurance	—	14,200	5,600
Total	\$1,331,625	\$1,388,060	\$1,512,100
Expenses			
Salaries & Charges	261,000	269,490	291,000
Postage	16,000	16,553	17,000
Stationery & Supplies	55,000	47,686	60,000
Telephone	10,000	9,031	10,000
Equipment	70,000	73,536	25,000
*Property	39,200	26,025	43,400
Honoraria	75,000	82,700	95,000
Extramural Lectures	15,000	11,308	15,000

registration

Application for Certification

An appeal by a foreign dentist concerning the refusal of the Registration Committee to grant him certification in orthodontics on the grounds that he had not met the required qualifications was heard by the Health Disciplines Board.

The Board confirmed the decision of the Registration Committee citing that the twelve month general practice prerequisite for certification prescribed by Regulation 35(1)(b) is a licensing requirement.

Application for Registration and Licensure

(1) A licensed dentist from another province applied for registration in Ontario.

Having been unsuccessful in the N.D.E.B. examination on two occasions, the dentists asked the Registration Committee if it would be prepared to waive the requirement for an N.D.E.B. Certificate and permit him to take an examination set by the R.C.D.S.

After reviewing his application, curriculum vitae and letters of recommendation and meeting with the dentist, the Committee decided to allow him

to take an oral and practical examination to be conducted by clinicians selected by the Registrar.

The dentist failed to meet the minimum standards and, accordingly, under Section II of the Health Disciplines Act, the Committee refused to grant him licensure.

(2) An application by a dentist who was last licensed in Ontario in 1966, was reviewed and approved by the Committee. Since that time he has held high academic posts in the U.S.A. His reason for requesting renewal of his licence is interesting. In order to maintain his academic licence in the State where he is teaching, he must have a valid licence in another jurisdiction either in the U.S.A. or Canada.

Change in Regulation Recommended

A change in the wording of Regulation 35, Section 1 (Paragraph B) was proposed by the Registration Committee. The present wording reads:

"Completion of at least twelve months' experience in the general practice of dentistry before the commencement of specialist training in the branch of dentistry,"

The Committee recommended to Council that this section be amended to read:

"Completion of at least twelve consecutive months in the full-time practice of general dentistry before the commencement of specialist training in the branch of dentistry."

The present wording of this regulation has led to some differences in interpretation, and consequently difficulties for the Registration Committee. It should be recalled that reaffirmation of support for this Regulation was given by the Specialists' Committee of the O.D.A. approximately one year ago. This suggested amendment would clarify the interpretation of this Section and prevent ambiguity.

Specialist Societies Advised

All specialists have been advised that commencing in January 1979, the term of office of their consultants to the Registration Committee will coincide with the term of office of the members of Council.

Acknowledgement

I am grateful to fellow Committee members Dr. George Shunock and Mr. Robert White for assisting in the effective operation of the Registration Committee.

Applications for Certification Approved in 1979:

Oral Radiology, Dr. George C. Stirling.

Dental Public Health, Dr. Alan S.M. Wu.

Oral Surgery, Dr. Michael Buba, Dr. Thomas V. Disney, Dr. Oleh V. Korol, Dr. Vytautas Lenauskas, Dr. Scott C. Shafer, and Dr. Richard G. Stapleford.

Periodontics, Dr. Fred Fagan and Dr. Russell G.C. Stephens.

Orthodontics, Dr. Duncan Y. Brown, Dr. Peter Brown, Dr. Martin B. Chin, Dr. Arlene P. Dagys, Dr. John T. Fasken, Dr. Solomon B. Laski, Dr. Kevin P. McSweeney, Dr. Rolf Majjer, Dr. Adrian S. Marko, Dr. Saide Molayen, Dr. Michael D. Taylor, and Dr. Morris H. Weckler.

Report of the Registration Committee

George Shunock DDS.*

Inspection

Illegal Practice of Dentistry

(a) Gerald Laurin, age 40, of Mississauga, Ontario was charged with illegal practice of dentistry. He was fabricating dentures in a hotel room in Mississauga, Ontario. He pleaded guilty to the charge on November 22, 1977 and was given a fine of \$1,200.00 or three months in jail.

Previously, he had been charged under the Denture Therapist Act in Mississauga, on October 19, 1977. He was fined \$1,000.00 or three months in jail.

(b) On November 24, 1977 Nick Demetere, age 77, of 104 Sherbourne Avenue, Toronto appeared in court charged with the illegal practice of dentistry. He pleaded guilty and was given a \$250.00 fine or thirty days in jail. He was also ordered to remove all dental equipment from the basement of his home.

(c) In June, 1978 Christos Markou of Cornwall, Ontario was charged with the illegal practice of dentistry. This was the result of a complaint received by the College from a dissatisfied patient. He was found guilty on October 10, 1978 and given a \$750.00 fine or sixty days in jail.

Complaints

Complaints from patients about illegal practitioners are investigated promptly and where applicable, charges are laid. At the present time there are cases before the courts in many parts of the province. There are twelve in Toronto alone.

Appeals

Many provincial judges have delayed decisions on cases involving denture therapists who have fabricated partial dentures in their offices. There is a question of law involving the interpretation of the wording in the Health Disciplines Act and the Denture Therapists Act related to jurisdiction. This matter is before the Court of Appeals and a decision is expected early in 1979.

Denture Therapists Legislation

If anyone has any questions about the legal scope of practice of denture therapists, do not hesitate to contact the R.C.D.S. headquarters for advice.

Alcohol and Drug Addicted Dentists

There is an increase in the number of reports concerning dentists who are having problems related to improper use of alcohol or drugs.

Report of Inspector Frank M. Greer

Unhygienic Offices

From time to time the College receives complaints from members of the public informing us that a dentist's office is unhygienic. We investigate these complaints and find in most cases that they are unfounded but in a few offices caretaking standards are less than adequate.

Dentistry review

*Nyle Diefenbacher DDS,
Chairman, reports on behalf of
members Frances Botham,
W.E. Allen, Victor Drenfeld DDS,
and James Guest DDS.*

Since the last report presented, the Committee has had only two matters referred for investigation and review.

The one situation involved an oral surgeon. After a very thorough and comprehensive investigation, it was determined that any concerns that had existed on the part of O.H.I.P. were totally unfounded. It was decided by the Committee to advise the General Manager of O.H.I.P. that the com-

plaint that led to this investigation had to be of a frivolous and unsupported nature.

The second matter involved a general practitioner. While at present a final resolution has not been achieved, the recommendation of the Committee will be for a return of overpayment of a certain percentage of the fees received, basically resulting from improper utilization of procedure codes.

I believe I expressed the opinion last year that I felt the need for activity of this Committee would be very minimal. This should be borne out by this report. Compared to other health professions, I understand that the Review Committee for dentistry is one of the least, if not the least, involved in this area of investigation.

The following is the membership of the National Dental Examining Board of Canada for 1978-79.

President

— Dr. N.J. Layton - Nova Scotia

Vice-President

— Dr. R. Coulombe - Quebec

Past President

— Dr. J.M. Calvert - Alberta

Executive Member

— Dr. G.A. Freeze - British Columbia

Executive Member

— Dr. W.J. O'Driscoll -
Newfoundland

Representatives:

Dr. P.R. Crawford - Manitoba

Dr. R.B. Gilliland - Saskatchewan

Dr. A.L. MacIsaac - Prince Edward
Island

Dr. L.G. Zed - New Brunswick

Dr. E.G. Sonley - Ontario

Dr. G. Kravis - Registrar

Ms. J.B. Matte - Executive Secretary
Treasurer

The annual Board Meeting was held at the Inn of the Provinces, Ottawa, June 27, 28 and 29, 1978 and the following comments arise from the minutes of that Board Meeting.

In 1978, out of a total graduating year of 441 Canadian students, 427 took out an N.D.E.B. certificate. Of the 10 Faculties of Dentistry, 4 had every graduating student taking out a certificate - U.B.C., Dalhousie, Laval and Manitoba.

In June 1978, there were 24 graduates of American schools trying examinations (written only) and 22 were successful.

Report of the National Dental Examining Board of Canada

**Edward G. Sonley DDS,
R.C.D.S. Representative.**

Also in June 1978, there were 2 graduates of Canadian schools taking the written examinations and they both were successful.

Request by Employment and Immigration Canada that the N.D.E.B. conduct written examinations outside of Canada and the U.S.A. for the convenience of foreign trained dentists who are prospective immigrants - Denied.

The current graduate certificate fee will be \$225.00, effective January 1, 1979.

It was moved by the Board that a maximum of six years may elapse between successful completion of the *written* portion of the comprehensive examination and successful completion of the *clinical* examination, after which all results are void.

Graduates of Approved undergraduate dental programs in the U.S.A. will be required to successfully complete *both* the *written* and *clinical* components of the comprehensive examination in order to qualify for the N.D.E.B. certificate, effective, January 1, 1979.

The C.D.A. Council on Student Affairs are now invited to send a student representative-observer to the N.D.E.B. Annual Board Meetings with the understanding that:

(a) Attendance would be at the expense of the C.D.A. Council on Student Affairs;

(b) Attendance and participation in the meeting would be at the discretion of the Chairman.

The R.C.D.S. recognizes the N.D.E.B. certificate as a qualification for licensure in Ontario, thus eliminating the need to establish provincial examinations for these candidates. Without a National Board, the College would have to reinstitute qualifying examinations for all potential licensees, a retrograde step, and an expensive one.

Again, it has been my privilege to represent this College at the National Dental Examining Board during the past year, and for this I thank you very much.

Revenue

The increase in revenue from licensing reflects the increased number of licensed dentists. The item marked "Hygienists" is a net number. It is composed of revenue from licensing, registration and examination fees, less the costs of conducting dental hygiene licensing examinations.

All dental hygienists seeking licensure in Ontario must sit for an examination. The costs of conducting so many examinations are not met by the examination fee, albeit this is a substantial fee. Accordingly, it is subsidized from the general fund by approximately \$20,000.

The income from the dental assistants' course is a net figure. The expenses for the course include textbooks and other publications, plus the costs of conducting challenge examinations. The net amount is considerably different from the 1976

**Report of the Treasurer
Kenneth F. Pownall DDS**

figure because the number of candidates is decreasing, plus the fact that the amount for 1976 covered both 1975 and 1976.

Property rent in 1977 was for space rented to the organizational Committee for the F.D.I. Congress, held in Toronto in October.

During part of 1976, the O.D.A. and the Toronto Academy of Dentistry were tenants in the R.C.D.S. building.

"Sundry" revenue is derived mainly from the sale of copies of the list of members.

Expenses

Expenditures in 1977 increased considerably over 1976. Most increases reflect the usual increases in an inflationary economy, plus the added costs due to an increased work-load.

"Professional fees" include both legal and auditing expenses.

Excess of Expenses over Revenue

The College spent over \$37,000 more than it received during 1977. This is one of the reasons the College sought an increase in the licence fee for 1978.

Surplus

The surplus in the general funds of the College dropped to just over \$163,200. This is not very much when you consider the responsibilities of the College.

Professional Liability Insurance Plan

The plan continues to operate very successfully in every respect. The revenue represents the sum of \$50.00 per licensed dentist, plus the usual revenue from interest.

The expenses of the plan are increasing. The surplus at the end of the year was reduced to \$234,000. This is a truer picture of surplus than reported in 1976, because the statement this year separates the provision for unsettled claims from the surplus.

Harry R. Abbott Memorial Fund

Thus Fund continues to assist the library at the Faculty of Dentistry, University of Toronto. The revenue from the Fund is the interest on a capital fund established in 1924 by the late Mrs. Dorinda Tully as a memorial to her brother, Dr. H.R. Abbott, a former President of the College.

Centennial Fund

This Fund was established in 1968 to commemorate the Centennial of

he R.C.D.S. The purpose of the fund
s to provide an up-to-date dental ex-
hibit at the Ontario Science Centre in
Toronto, or for such other purposes as
he Council may decide.

Re-Appointment of Auditors

The firm of Thorne Riddell and
Company continues to provide very

efficient and capable auditing services.
They have assisted us with auditing
and security advice whenever it was
requested.

It is recommended that they be re-
appointed Auditors for 1978 for all
accounts under the jurisdiction of the
R.C.D.S.

Appreciation

At this time each year I bring to your
attention that the College is very for-
tunate to have a staff of loyal and
devoted people. There are no "clock-
watchers". At all times they go about
their duties cheerfully and efficiently. I
am very grateful to all of them.

Thorne
Riddell
& Co.

CHARTERED ACCOUNTANTS

AUDITORS' REPORT

To the Members of the Council of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of The Royal College of Dental Surgeons
of Ontario as at December 31, 1977 and the statements of revenue and expenses
and surplus for the year then ended. Our examination was made in accordance
with generally accepted auditing standards, and accordingly included such tests
and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial
position of the College as at December 31, 1977 and the results of its operations
for the year then ended in accordance with the accounting principles described
in note 1 to the financial statements applied on a basis consistent with that
of the preceding year.

SURPLUS AT BEGINNING OF YEAR	1,111	1,535
SURPLUS AT END OF YEAR	<u>\$ 993</u>	<u>\$ 1,111</u>

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1977**

1. Accounting Policies

The College follows generally accepted accounting principles except that the cost of furniture, equipment and leasehold improvements is included in expenses as incurred (1977, \$13,530; 1976, \$78,357).

2. Long Term Lease

In 1972 the land and building at 230 St. George Street was sold to The Ontario Dental Association for \$2. The Royal College of Dental Surgeons of Ontario has leased the land and building from The Ontario Dental Association for a period of twenty-five years expiring September 30, 1997 for \$1 plus various operating charges as specified in the lease with an option to renew for an additional twenty-five years and a right of first refusal on any offer for purchase of the property.

3. Professional Liability Insurance Fund

Under the terms of the Professional Liability Insurance Fund, the College is liable for the deductible portion of claims or incidents which subsequently give rise to validated claims determined on an annual basis (1977, \$100,000; 1976, \$75,000). Claims in excess of this deductible amount are paid by the insuring company. Effective for 1977, the College adopted the policy of making full provision in the accounts for the maximum liability with respect to any unsettled claims outstanding at December 31, 1977.

4. Reclassification of Comparative Figures

Certain of the 1976 figures presented for comparative purposes have been reclassified to conform with the financial statement presentation adopted for 1977.

5. Subsequent Event

Early in 1978, the College completed the purchase of data processing equipment in the amount of \$42,166. This amount together with set-up, programming and other related costs will be expensed in 1978.

THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
STATISTICAL REPORT,
YEAR ENDING DEC. 31, 1978

Licensed Dentists Deceased

Dr. G.A. Lee (*)	January 10, 1978

Council Meetings: January 22, April 23-24 and November 12-13, 1979

elections

In accordance with the Health Disciplines Act and Ontario Regulation 576/75 the biennial elections of the Council of the Royal College of Dental Surgeons of Ontario was held in the late fall of 1978.

Nominations were called for on October 11, 1978 by circular letter to all licensed dentists residing in Ontario as of October 1, 1978.

Valid nominations were received for at least one candidate in each electoral district.

The following candidates were declared elected by acclamation:

- District No. 2 - Dr. James I. Fawcett
- District No. 3 - Dr. Richard L.J. Filion
- District No. 5 - Dr. Claude A. Doughty
- District No. 6 - Dr. Lorne V. Taylor
- District No. 7 - Dr. Roderick N. Jack

The results of the election held in Districts No. 1, No. 4 and No. 8 are as follows:

District No. 1 - Dr. Abraham Aberback	21
- Dr. Jack Berman	274
- Invalid ballots	4

Dr. Jack Berman was declared elected.

District No. 4 - Dr. Mark L. Hatt	293
- Dr. Norman Levine	654
- Dr. Elliott J. Siegel	624
- Dr. Zaven Tahtadjian	59
- Invalid ballots	2

Dr. Norman Levine and **Dr. Elliott Siegel** were declared elected.

District No. 8 - Dr. Albert J. Calzonetti	293
- Dr. Walter Misek	180
- Invalid ballots	3

Dr. Albert Calzonetti was declared elected.

The above election results were validated by the Returning Officers, Dr. R.J. Godfrey and Dr. A.M. Hord on December 13, 1978.

COMMITTEES

Statutory Committees

Executive: A.J. Calzonetti, Chairman; E.G. Sonley, J. Berman, E. Gudgeon.

Registration: N. Levine, Chairman; R.N. Jack, J.A. Monteith.

Discipline: E.G. Sonley, Chairman; J. Berman, R.L.J. Filion, J.I. Fawcett, R.H. Johnson, E.J. Siegel, E. Bowden, J.A. Monteith.

Complaints: C.A. Doughty, Chairman; N. Levine, E. Gudgeon.

Standing Committees

Education: R.H. Johnson, Chairman; R.L.J. Filion, L.V. Taylor, Mrs. P. Johnson.

Finance and Property: J. Berman, Chairman; R.N. Jack, C.A. Doughty.

Legal and Legislation: E.J. Siegel, Chairman; J. Berman, J.I. Fawcett.

Professional Liability Insurance Committee: R.N. Jack, Chairman; L.V. Taylor, N. Webster, E. Bowden.

District Representatives

Montreal-born **Jack Berman, D.D.S.** is the representative for District 1 and currently is the Vice-President of the Council. District 1 includes the counties of Dundas, Frontenac, Glengarry, Grenville, Lanark, Leeds, Lennox, Addington, Prescott, Renfrew, Russell and Stormont and the Regional Municipality of Ottawa-Carleton.

Jack attended Baron Byng high school in Montreal, received his pre-dental B.Sc. degree from Sir George Williams College and earned his D.D.S. from McGill in 1954.

He is married, has four children and enjoys music, boating, skating and skiing. Jack is also active in the B'nai B'rith Youth Organization in the Ottawa area. These activities plus a general practice keep him extremely busy.

He has been a member of Council since 1974 and serves as Chairman of the Finance and Property and Ad Hoc Dental Hygiene Committees and, as well, sits on the Discipline, Executive and Legal and Legislation Committees.

James I. Fawcett, D.D.S. from Lindsay is the representative for District 2. His constituency includes the Regional Municipality of Durham and the counties of Hastings, Northumberland, Peterborough, Prince Edward, Victoria and Haliburton.

He was born in Toronto and, after attending Vaughan Road Collegiate, graduated from the University of Toronto's Faculty of Dentistry in 1959. Jim was a dental intern at Philadelphia General Hospital for one year and established a general practice in Lindsay after a 1 1/2 year stay in Toronto.

He served as President of the Peterborough and District Dental Society in 1966-67 and is active in local politics. Jim was a member of Lindsay Town Council from 1965-1970 and is presently Chairman of the Board of Parks Management. He is also an elder of Cambridge Street United Church.

Membership on the Discipline and Legal and Legislation Committees are part of his College responsibilities.

Richard L.J. Filion, D.D.S. represents Northern Ontario. District 3 includes the Districts of Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Rainy River, Sudbury, Thunder Bay and Timiskiming.

Dick was born in Sudbury and, after receiving his high school education in Sturgeon Falls, attended the University of Toronto's Faculty of Dentistry, graduating in 1966. He has practised in Sudbury since that time.

His interest in flying, fishing, photography and gardening occupy this bilingual bachelor's leisure hours. He also is very active in the Academy of General Dentistry.

In addition to serving on the Education and Discipline Committees of this College, he sits on the O.D.A.'s Health Care Committee.

4 The Municipality of Metropolitan Toronto and the Regional Municipality of York makes up District 4. Because of its large population, this district has two representatives. They are **Norman Levine, D.D.S.** and **Elliott J. Siegel, M.D., D.M.D.**

Norm Levine was born in Whitby and attended high school there, graduating in 1950. He received a B.A. from University College in 1955 and a D.D.S. from Toronto's Faculty of Dentistry in 1960. Further study led to a Diploma in Paedodontics and a M.Sc.D. in 1962 and 1967 respectively.

In 1967 he received Fellowship in the Royal College of Dentists of Canada and in 1979 he was elected Fellow of the International College of Dentists. At present he is Professor and Chairman of the Department of Paedodontics, and Assistant Dean (Academic Affairs) at the Faculty of Dentistry, University of Toronto.

Norm has a special interest in handicapped children and has written many articles and briefs on the subject. He also has given numerous clinics and lectures. Chairmanship of the Registration Committee and membership on the Complaints Committee are his major Council responsibilities.

Toronto-born Elliott Siegel, attended high school in Hamilton and in 1944, received his M.D. from the Faculty of Medicine in Toronto. He interned at the Hamilton General Hospital and then practised general medicine in Saskatchewan and British Columbia.

Elliott received a dental degree from Harvard in 1951, and subsequently had a two-year appointment at New York's Bellview Hospital. In 1953 he returned to Ontario, became certified as an oral surgeon and began his specialty practice.

He was one of those instrumental in the reorganizing of the O.D.A. in the 1960's and has served both that Association and the R.C.D.S. diligently over the past two decades.

He is married with three children and among many interests, enjoys antique cars and sailing.

Chairmanship of the Legal and Legislation Committee and service on the Discipline and Anaesthesia and Sedation Committees occupy Elliott's hours at the R.C.D.S.

5 District 5's representative on Council is **Claude A. Doughty, D.D.S.** He represents the counties of Bruce, Dufferin, Grey, Huron and Simcoe and the Districts of Muskoka and Parry Sound.

He graduated from Walkerton District Secondary School in 1966 and received his dental degree from the University of Toronto in 1971. After graduation, he commenced practice in Huntsville.

Claude is an active member of the Muskoka Simcoe Dental Society and participation in many sports and business interests keep his life in Huntsville interesting and extremely busy.

He serves as Chairman of the Complaints and Anaesthesia and Sedation Committees and sits on the Property and Finance and Ad Hoc Dental Hygienist Committees.

6 The representative for South-western Ontario is **Lorne V. Taylor, D.D.S.** District 6 consists of Elgin, Essex, Kent, Lambton and Middlesex counties, including the City of London.

Lorne was born in Toronto and, after graduating in dentistry from the University of Toronto in 1944, served in the Canadian Army Dental Corps for two years. He practised general dentistry in London until 1966 when he limited his practice to Endodontics.

He has taught at both Faculties of Dentistry in Ontario and is a past-president of the London and District Dental Society and a past-governor of the Ontario Dental Association.

Lorne's activities with the R.C.D.S. include membership on the Education and Professional Liability Insurance Committees. He also serves on the Advisory Committee to the Faculty of Dentistry at the University of Western Ontario.

7 **Roderick Jack, D.D.S.** represents District 7 which includes the counties of Brant, Oxford, Perth, Wellington and the Regional Municipalities of Haldimand Norfolk and Waterloo.

He was born in Listowel and attended high school there before obtaining his D.D.S. from the University of Toronto in 1959. Rod practised in Guelph for a short time and then returned to Toronto to study for a Diploma in Periodontics.

He began his specialty practice in Kitchener in 1963, has taught periodontics at both Faculties of Dentistry in Ontario, and is a former president of the Waterloo-Wellington Dental Society. Membership in local racquet, golf and ski clubs take up Rod's leisure time, along with a busy family life.

He chairs the Professional Liability Insurance Committee and is a member of the Finance and Property, Registration and Anaesthesia and Sedation Committees.

8 **Albert Calzonetti, D.D.S.** is the President of the Council and represents District 8, which includes the Regional Municipalities of Halton, Hamilton-Wentworth, Niagara and Peel. He was born in Hamilton, attended Cathedral High School and received his D.D.S. from the University of Toronto in 1953.

He has practised in Hamilton since graduation and in addition to an active family life, he has devoted much of his energy to church and community work. A keen interest in sports, music and cooking add to Albert's enjoyment of life.

He has been a member of Council since 1973 and as President, serves as an ex-officio member of many committees.

University Representatives

Edward G. Sonley, D.D.S. represents the University of Toronto's Dental Faculty on the Council of the College. He was born in Toronto, attended Lawrence Collegiate Institute and graduated with honours from the faculty he now represents in 1956.

A one year stint on the Red Cross Dental Coach at Bruce Mines, Bar River and Echo Bay led to a general practice in Willowdale which he still maintains. In 1957-58 he was half-time with the Dental Division, Department of Health, City of Toronto and was on staff at the Hospital for Sick Children for six years.

He has served with distinction as President of the North Toronto Dental Society, O.K.U. Honour Dental Society and the Ontario Chapter of the Canadian Society of Dentistry for Children. He currently is dentistry's representative on the Ontario Council of Health. He has been associated with the undergraduate teaching program at the Faculty since 1960, holding the rank of Associate in Dentistry since 1962.

Ed is married, has three children, and enjoys gardening, wood-working, and modern history.

As past-president of the College, he chairs the Discipline Committee and sits on the Executive Committee.

The University of Western Ontario's representative to Council is **Robert H. Johnson, D.D.S.** He was born in Montreal, attended high school there, and received a B.Sc. cum laude from McGill University in 1958. He obtained a D.D.S. from the same university in 1962 and studied Oral Diagnosis and Medicine at Indiana, leading to a M.Sc.D. degree in 1964.

He served as Assistant Professor in Oral Pathology at McGill from 1964-66 and in Oral Diagnosis and Medicine at the University of Kentucky at Lexington from 1966-1969. Bob obtained his Certificate in Periodontics at the University of Washington in Seattle in 1971.

From 1971 to the present he has been on staff at the University of Western Ontario's Faculty of Dentistry and currently is Professor and Chairman of the Division of Periodontics, Department of Oral Medicine. He maintains a part-time practice in Periodontics, is actively engaged in dental research, lectures extensively and has many publications to his credit.

He is Chairman of the Education Committee and is a member of the Discipline and Ad Hoc Dental Hygienist Committees.

Lay Representatives

Provincial legislation provides that the Council shall include between three and five persons who are not members of the College. The current lay representatives, appointed

by the Lieutenant Governor in Council are, **Mr. Edward H. Bowden, Mr. Eric Gudgeon and Mr. James A. Monteith.**

Edward Bowden of Mississauga was born in Toronto and attended public and secondary schools there. He attended the University of Toronto and served in the Canadian Army from 1943-1949.

He is the President of a large General Insurance Agency in Mississauga and very active in Community affairs. He has served on the Board of the West End Y.M.C.A., the Mississauga Library Board and was the Fund-raising Chairman for the Burnhamthorpe Community Centre.

He is past-president of the Mississauga Industrial Association and serves on the Peel Region Board of Health. He is first Vice-President of the Mississauga Real Estate Board.

Membership on the Port Credit Rotary Club, the Port Credit Yacht Club and the Mississauga Golf and Country Club occupy his leisure time. His College activities include membership on the Professional Liability Insurance and Discipline Committees.

Eric Gudgeon of Milton, was born in England and attended Appleby College upon moving to Canada. He graduated with honours in textile chemistry from Philadelphia Textile Institute. He later attended the Wharton School of Finance. He held several positions with the family-owned Canadian Aniline and Extract Co. Ltd., becoming General Manager and President. His company pioneered several organic chemical products.

After retiring, Eric was asked to help organize the Association of Canadian Chemical Producers. He is active in community affairs and local politics, having served as Deputy-Reeve. He also was one of those instrumental in the formation of Joseph Brant Hospital in Burlington. An active Kiwanian, he presently owns a golf course north of Burlington where he enjoys visits from his three children and five grandchildren.

He is a member of the Complaints and Executive Committees.

James Monteith was born in Fort Frances and obtained his elementary and secondary education in Petrolia. He was an honour graduate in civil engineering from the University of Toronto in 1950.

Experience as a Soils Engineer in Ontario and as a Field Engineer for a construction firm in New Zealand and Australia led to his present role as a Consulting Civil Engineer with his own firm in Petrolia.

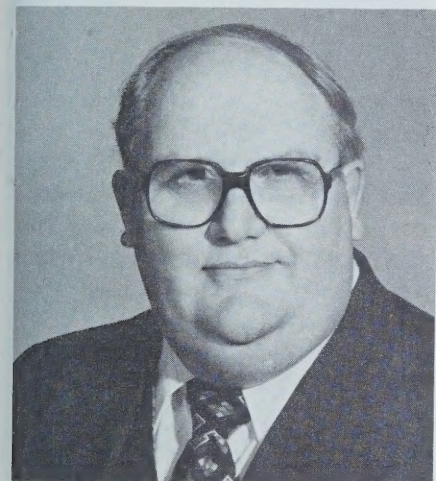

Jim has a keen interest in flying and is a member of several professional associations such as the Association of Professional Engineers of Ontario, the Ontario Drainage Consultants Association and the Canadian Good Roads Association.

He has served on the Petrolia School Board, is a member of the St. Andrew's Society and enjoys hockey, golf and curling. He is married with two daughters.

He sits on the Discipline, Registration and Ad Hoc Dental Hygiene Committees.

the president

Report of R.C.D.S. President Albert J. Calzonetti, DDS

Albert J. Calzonetti, DDS.

As I prepare this report for the "Proceedings", the decade of the Seventies is fast drawing to a close. Was it a decade of progress? Is the public better served than ever before? What will the next decade bring?, are a few of the thoughts that are racing through my mind at this time.

When we entered the Seventies, the College was anxiously awaiting the Report of the Committee on the Healing Arts. This study, commenced in 1966, was long-past due. All legislation had been halted, pending this report being brought down in the Legislature. The Legislative doldrums soon ended in 1971, with the tabling of the report with its myriads of recommendations.

The Health Disciplines Act, 1974, was the end result of the furious activities precipitated by these recommendations and other factors.

Has the Act been a success? I am still ambivalent on some facets of the subject. A good argument can be put, that the presence of lay people on the Council and Statutory Committees has enhanced the credibility of the

Colleges. It can no longer be said that we operate a "professional closed shop". The Health Disciplines Board has given the public and dentists another venue for appeal against decisions of the Complaints Committee and the Registration Committee. It has created an extra burden of bureaucracy, but it blocks the argument that practitioners cover up their confreres' mistakes. One of the main objects of the new Act, was to improve relations and co-operation between the health disciplines. I do not believe this object has been accomplished to date. The subject of "professional misconduct" is covered very well in the regulations under the new Act. Every practitioner knows, or ought to know, the type of offences which can put his licence to practise in jeopardy.

Early in this past decade, the illegal practise of dentistry by certain dental technicians and others, took on enormous proportions. At the time, many persons felt that they had the "right" to fabricate complete and partial dentures directly for the public because they had been employed in a dental laboratory. On the other hand, this College felt it had an obligation to prosecute anyone violating the Act which we were delegated by the Legislature to administer. Chaos and confusion reigned. A compromise, was the solution, and that compromise was called the Denture Therapists Act, 1974. Some denture therapists are not content with the terms of this Act and already are pressing to be permitted to perform other aspects of dentistry. It seems that they would like to be dentists, without the bother of going to Dental School.

The RCDS has the responsibility to the public to bring to the attention of

our Courts, anyone who is practising dentistry in Ontario without a licence. During the latter part of the 70's, a few denture therapists who had exceeded their legal limits of practice, had been found guilty in Provincial Judges' Courts, of the illegal practise of dentistry. This decision was appealed through many Courts, on the grounds that the offence was a violation of the Denture Therapists Act, not the Dentistry part of the Health Disciplines Act. It was only late in 1979 that Justices of the Supreme Court of Ontario ruled that the offence was a violation of the Health Disciplines Act. This clarification will be helpful in future cases.

***"The 1970's, as far
as dentistry is
concerned, might be
called the 'Us Decade.'
Both the public and
the profession
have done well."***

In 1970, who would have thought that, by the end of the decade, we would be concerned that we may have too many dentists and too many dental hygienists? Since the start of World War II, the constant cry has been "What are we going to do about the shortage of dentists?" In my opinion, the ultimate responsibility falls to the RCDS to see that a proper ratio of supply of dentists to demand for dental services is achieved. A surplus of dentists and dental auxiliaries, can create almost as many problems as a shortage. On January 1st, 1970, there were 3,041 licensed dentists and 348 licensed dental hygienists in Ontario. On December 31st, 1979, those numbers increased to 4,409 dentists and 1,491 dental hygienists. The increase in general population of the province, has not increased nearly in proportion. In the Summer of 1980, the official manpower study of the profession will

be completed and we will bring our concerns to the government without delay.

On the positive side in the 1970's, was the increased role of the Community Colleges in the training of dental auxiliaries. There is little need for on-the-job training of dental assistants today.

Ten years ago, hearings before the Discipline Committee of this College were rare. That is not so today. Our lawyer tells me that, with the number of cases heard and pending in 1979, this College hears more cases than some County Courts. There are many reasons for the increase in cases. One of the main reasons is, that the "halo effect" which used to surround the professions has gone. The day when no one questioned the actions of his physician, his priest, his lawyer or his dentist, has gone. Perhaps the pendulum was swung too much the other way, because our receiving frivolous or vexatious complaints is not uncommon.

I am often asked if I think there has been a lowering of professional standards. I really do not think there has been. Certainly, the present-day graduate is more highly trained than his predecessors. Nonetheless, it cannot be denied that we have a few practitioners who see dollars before service. Chances are we have always had a few, but, thank goodness it is only a few. I am very proud to be a dentist and I rate the members of the dental profession second to none.

On April 19th, 1951, the regulations to govern dental hygienists in Ontario came into force. That means, for nearly 30 years, the RCDS has licensed dental hygienists. In the mid-1970's, the College requested the Minister of Health to permit an hygienist to be elected to the Council of the College, as they are, at present, not represented. This would require the Health Disciplines Act to be amended. It might be precedent-setting for other Colleges. For these and other reasons, the Ministry has delayed acting on this request. I feel certain that the 1980's will bring about changes in legislation, so that a co-operative relationship between dentists and dental hygienists will continue.

*"I am very proud to
be a dentist and
I rate the members
of the dental
profession second
to none."*

It seems that the 1970's are being referred to as the "Me Decade". It has been a good decade for the profession of dentistry. Most of our anxieties about the possible problems of socialized dentistry have been unfounded; most of our incomes have kept pace with inflation; most of us are as busy as we want to be. It has also been a good decade for the public. More people are receiving dental care than ever before. Preventive measures such as balanced

diets, fluoridation and good oral hygiene, have made an enormous improvement in the dental health of the citizens of Ontario. Dental equipment, techniques and materials, have improved to the point where going to the dentist is not something to be dreaded.

Yes, the 1970's, as far as dentistry is concerned, might be called the "Us Decade". Both the public and the profession have done well.

In concluding these comments, I request you to read the "Proceedings". It tells the story of the College's activities. May I remind you that the Members of Council devote hundreds of hours of their time to the welfare of this College, the public and the profession. They deserve your commendation. I particularly want to make reference and give thanks to our government-appointed members - Mr. E. Gudgeon, Mr. E.H. Bowden and Mr. J.A. Monteith. After over ten years of service to this College, Mrs. Kathryn Shand, our senior secretary retired this year. I do not have the words adequate to express my admiration for her. She was the "perfect secretary" in every respect. She will long be remembered for her tireless efforts on behalf of the College. I hope she has many years of good health to enjoy her retirement. Finally, to the Registrar and the entire staff at our headquarters building, I say "Bless You"; you make the load which the President must carry, very light.

Dental Hygienists

At the November, 1979 Council meeting, the membership of the Ad Hoc Committee studying the regulation of dental hygienists was expanded. The Committee now has four dental hygienists, appointed by the Ontario Dental Hygienists' Association, as full voting members.

They are: Ailsa Wood (Toronto), Linda Berry (Mississauga), Dale Scanlan (Ottawa), and Carole Ono (Toronto).

It is expected that this Committee will have a report ready for the spring meeting of Council, dealing with supervision of dental hygienists and possible representation on Council.

Dentistry Review Committee

In 1979, the Dentistry Review Committee had four matters referred for investigation and review by the General Manager of O.H.I.P.

Two of these cases have been resolved. They involved two dentists whose practice profiles appeared to be at wide variance from the average. After investigation, specific natures of their practices showed obvious reasons for the variance. The other two cases are still under investigation.

The activity of this Committee, under the chairmanship of Dr. Nyle Diefenbacher continues to be minimal, reflecting great credit to the profession. The other committee members are Mr. W.E. Allen, Mrs. Frances Botham, Dr. Victor Dierenfeld and Dr. James Guest.

Anaesthesia and Sedation Committee

Guidelines:

In late August 1979, every licensed dentist in Ontario was sent a revised copy of the Anaesthesia and Sedation Guidelines of this College. The major changes in these guidelines was the recommended requirement that an R.N. be present whenever I.V. sedation or general anaesthesia is given.

Those practitioners who had responded previously that they used one or both of these modalities were also sent questionnaire(s) in which the methods and drugs used in their practices were sought. Those questionnaires will be reviewed by the Committee early in 1980 to ascertain the degree of compliance with the Guidelines.

From the figures available to the R.C.D.S. the following numbers of practitioners use various forms of anaesthesia and sedation in their offices:

Nitrous Oxide - 992; I.V. Sedation - 193; General Anaesthesia - 164; Intra-muscular - 17.

These numbers may involve some overlap, i.e. a dentist using both nitrous oxide and general anaesthesia would be counted in both areas.

Acupuncture

Acupuncture and its application in dentistry was also discussed in great length and it is expected that a policy statement on this subject will be presented to the Council of the College in April, 1980.

Malignant Hyperthermia

A recent coroner's jury report recommended that "counteracting drugs such as dantrolene sodium" be available in the event of a patient reacting to general anaesthesia and developing malignant hyperthermia.

Since this drug is only available at present for hospital use, the R.C.D.S. is investigating the possibility of increasing the availability to oral surgeons and dental anaesthetists for use in their offices.

National Dental Examining Board

The N.D.E.B., incorporated by Act of Parliament in 1952, has as its purpose to issue certificates of qualifications to dentists who meet the standards of the Board. The certificates are issued to three groups of dentists:

1. Current Canadian graduates of which there were 435 in 1979. These graduates are not examined by the N.D.E.B. but must successfully graduate from a Canadian School. They pay a fee of \$225.00.

2. Graduates from approved schools in the U.S.A. who must pass a written and a clinical examination. Total fee of \$1,500.00. There were 2 in 1979.

3. Graduates from any university-based dental school other than Canada and the U.S.A. These candidates are required to take a three part examination . . . written, pre-clinical and clinical. They pay a total fee of \$2,025.00. It is a successive exam in which they proceed from written to pre-clinical to clinical. In 1979, 38 attempted written, 27 passed; 71 at-

tempted pre-clinical, 27 passed; 35 attempted clinical and 12 passed.

The Board is composed of 12 Members . . . 1 from each province and 2 appointed by C.D.A. Council on Education. Dr. E.G. Sonley is Ontario's representative.

Negotiations are underway to re-enact the N.D.E.B./R.C.D.S. specialists certificate. Presently there are 130 holders of this certificate which allows portability for dental specialists. The agreement between N.D.E.B. and R.C.D.S. expired on December 21st, 1978 and negotiations to date have been unsuccessful to re-establish the examination procedures.

The National Dental Examining Board of Canada serves a most im-

portant function in maintaining a national standard of dentistry, and in addition, providing a vehicle for examination of graduates from dental schools outside of Canada.

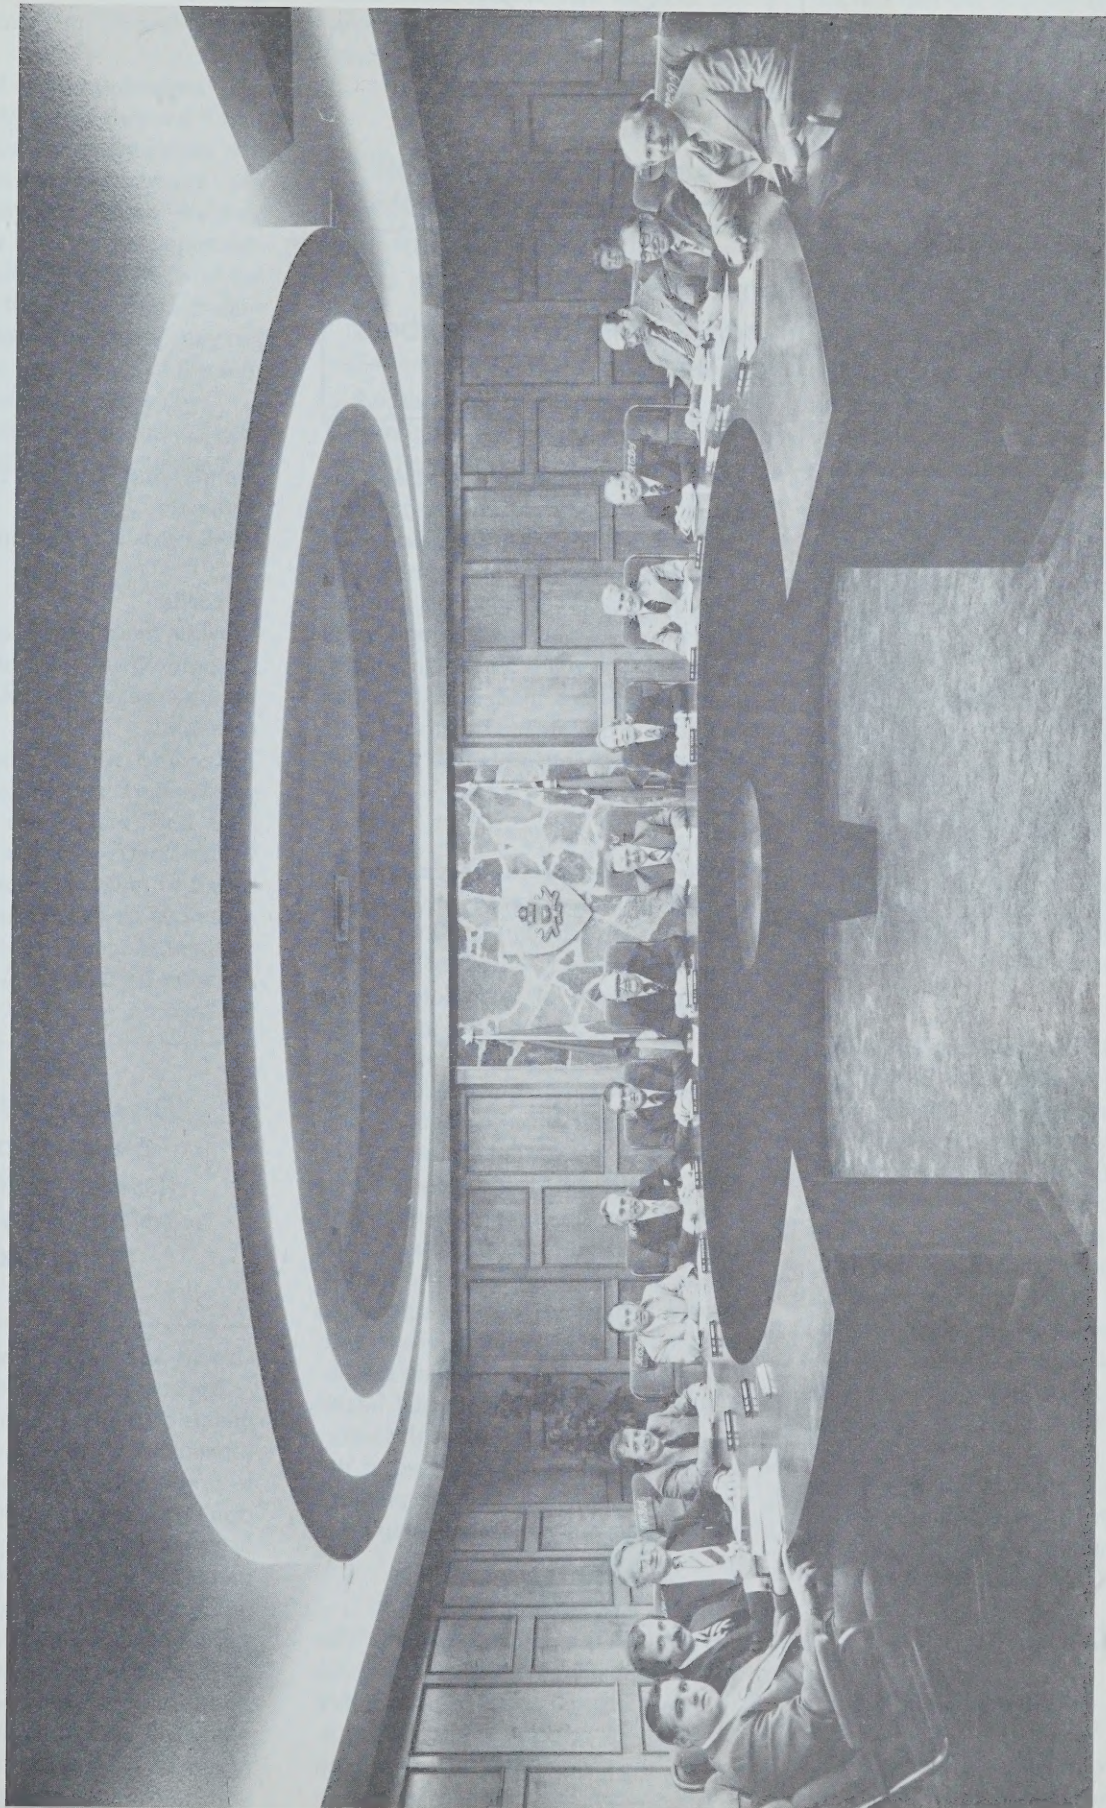

Licence Check's Recommended

From time to time, this College learns that a dental hygienist, although still working in Ontario, has not renewed her licence for the current year.

This often is due to the fact that changes of address have not been sent to the College and, therefore, the licence renewal notice is not received.

It is up to the individual dentist and hygienist to inform the College of any address change. Dentist employers are also advised to verify each year that their hygienists are duly licensed.

COUNCIL OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO 1979-1980

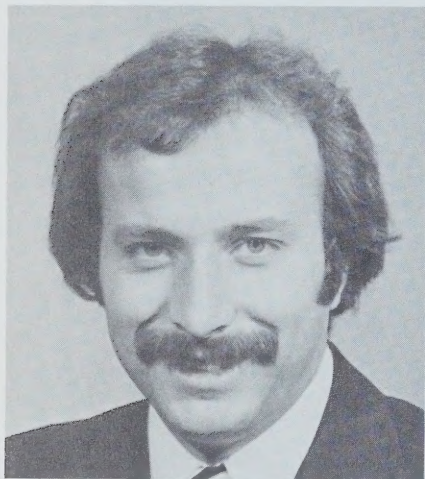

L. to R.: Richard Filion DDS, Claude Doughty DDS, Eric Gudgeon, James Fawcett DDS, James Monteith, Edward Sonley DDS (Past President), Jack Berman DDS (Vice-President), Albert Calzonetti DDS (President), Kenneth Pownall DDS (Registrar-Secretary-Treasurer), Lorne Taylor DDS, Robert Johnson DDS, Edward Bowden, Norman Levine DDS, Elliott Siegel MD, DMD, Roderick Jack DDS.

complaints

Report of the Complaints Committee

*Claude Doughty DDS, Chairman. Committee Members:
Norman Levine DDS and Eric Gudgeon.*

Claude Doughty DDS

During 1979, the Complaints Committee met for 23 full-day sessions and one evening meeting. One hundred and ninety-nine complaints have been reviewed by the Committee with the dentist(s) and patient(s) being interviewed in most instances.

In 17 cases, the Committee felt it necessary to refer the dentist(s) and/or hygienist involved to the Discipline Committee of the College.

To date 22 or 11 per cent of the decisions of the Committee have been appealed to the Health Disciplines Board. As a point of interest, several dentists who appealed the decision of the Committee were referred to the Discipline Committee by the Board.

Areas of Concern:

Excessive Fees Relative to Time Spent

Many complaints of excessive fees have come to the attention of the Committee. In viewing these com-

plaints, the Committee assesses the actual time spent in rendering a professional service; the fee guide then gives us a generally appropriate fee. Fees appreciably greater than those so computed should have prior patient approval. Disregard for the time factor in assessing fees in dentistry is often the source of conflict. Again we urge the dentists to inform before they perform!

Neglected Periodontal Treatment

The frequency of cases in which patients allege that their dentists (usually of long standing), have not explicitly informed them of their deteriorating periodontal condition is increasing. The Committee strongly urges the professional to unequivocally tell patients when periodontal disease is present and to record that the patient has been so advised. If the dentist is not getting good home care co-operation from the patient and the periodontal health is not improving, the dentist should suggest a possible referral to another member of the College who may be better able to motivate the patient and treat the periodontal health of the patient. Again, all of this information must be duly recorded in the patient's chart, including the patient's response to any suggested referrals.

Indirect Advertising

Although the regulations under The Health Disciplines Act do not spell out to whom cards announcing practice openings or relocations can be distributed, the Committee feels that such cards should only be sent to fellow health professionals, family and close

friends and current patients. Indiscriminate widespread distribution of these cards is not permitted.

Records

While record-keeping has improved in some offices, lack of complete and accurate patient records is still of great concern.

Records are the main defense of practitioners in both complaints hearings and malpractice actions. The Complaints Committee has been compelled to make decisions in a number of serious cases without any means of substantiating the dentist's statements or claims because of the inadequacy of the records.

***"Disregard for the
time factor in
assessing fees is
often a source
of conflict."***

Crown and Bridge Failures

Approximately one-third of all complaints originate from crown and bridge procedures. Dentists must be cautioned to prepare their patients adequately - don't promise the world - you can only come up short, especially in your patients' eyes! Secondly, any dentist doing major reconstructive prosthetics should be well qualified; we often see gross disregard for basic principles of occlusion, retention and aesthetics. Be ready to admit to your failures and be prepared to remake those cases that you have not succeeded in! In most cases, crown and bridges that become

loose are failures - recementation is usually no solution to the problem.

Breakdown of Communication

A great many cases that the Committee has to mediate have begun as a "breakdown in communications" between the patient and dentist. We urge dentists to take heed where communication is difficult with patients who are not fluent in the dentist's own language(s) or where the patient may not understand the philosophy of the rendering of a professional service.

The Committee would like to caution dentists NOT to send patients to

commercial laboratories to have any procedures carried out which require a dentist to perform.

***"Records are the main
defense of practitioners
in both complaints
and malpractice actions."***

Another area of concern to the Committee although not directly related to the practice of dentistry, is

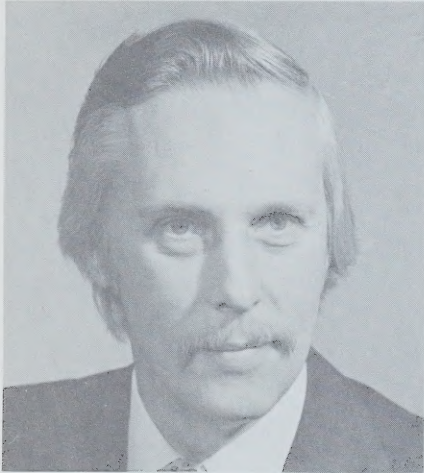

the fact that the majority of dentists interviewed by this Committee have been under intense personal stress concurrent with the time of the complaint. We feel this underlying stress often indirectly precipitates complaints to this College.

The practice of dentistry will survive in this age of "consumerism". The above areas of concern are presented to alert members of the College to their professional responsibilities and to compliment the majority of dentists for maintaining the high standards expected of them.

discipline

Report of the Discipline Committee.

Edward Sonley DDS, Chairman. Committee Members: Jack Berman DDS, Richard Filion DDS, James Fawcett DDS, Robert Johnson DDS, Elliott Siegel MD, DMD, Edward Bowden and James Monteith.

Edward Sonley DDS

Eighteen discipline hearings were held in 1979, a record number for one year in the history of the College. This is due, in part, to the large increase in the number of licensed practitioners in Ontario over the last decade.

In general, the cases heard in the past year fall into certain categories, which include:

- (a) Inadequate professional standards of practice;
- (b) Drug and alcohol abuse;
- (c) Fraud;
- (d) Criminal Court convictions leading to charges of professional misconduct.

Some cases involve some or all of these categories.

Only those cases that have been reported to Council at the May and November meetings and are not under appeal will be reported at this time. In addition, several hearings held in late 1978 are contained in this report.

The Committee met on October 10 and November 8, 1978 to consider and determine allega-

tions respecting the conduct of: Dr. Noel E. Malyon, 131 Bloor Street West, Suite 411, Toronto, Ontario.

It was alleged that Dr. Malyon was guilty of professional misconduct in that during the years 1975 and/or 1976 and/or 1977, in the course of his practice he:

- (a) failed to maintain any or adequate clinical records;
- (b) failed to take any or adequate medical history prior to treatment performed, namely, the preparation and insertion of a bridge and/or root canal therapy;
- (c) failed to take any or adequate X-rays prior to treatment, namely, the preparation and insertion of a bridge;
- (d) failed to take any or adequate X-rays with respect to treatment performed, namely root canal therapy;
- (e) failed to maintain the standards of practice in respect of treatment and, in particular, the root canal therapy was inadequate;
- (f) failed to maintain the standards of practice in respect of treatment and, in particular, failed to treat or cause to be treated adequately or at all, certain teeth requiring root canal therapy;
- (g) failed to maintain financial records;
- (h) failed to maintain the standards of practice in respect of treatment and, in particular, failed to treat or cause to be treated adequately or at all, certain teeth requiring root canal treatment and/or restorative treatment.

The evidence in support of these allegations involved four patients. A plea of "Not Guilty" was entered as neither Dr. Malyon nor his legal coun-

sel were present. Dr. Malyon was found guilty on seventeen out of twenty counts.

Note: Reason for not guilty on three counts involved one patient whose records were unavailable and in that particular case there was no evidence that clinical and financial records, as well as medical history, were inadequate in respect to that patient.

The penalty imposed was a reprimand and a twelve-months' suspension from practice, with a six-months' remission conditional upon taking, at his own expense, courses of study in Fixed Prosthodontia, Endodontia and Oral Diagnosis (which shall include examination, oral radiology, treatment planning and record-keeping). The courses are to be approved by the Registrar and are to be taken within eighteen months from the commencement of the suspension.

2 The Committee convened on November 9, 1978 to consider and determine allegations respecting the conduct of a member of the College. It was alleged that the member was guilty of professional misconduct in that he:

(a) failed to take any or an adequate medical and clinical history preliminary to treatment performed;

(b) failed to maintain the standards of practice in respect of treatment and in particular, did not in the giving of directions to a person for the making, producing, reproducing, constructing, furnishing, supplying, altering or repairing of any prosthetic denture, bridge, appliance or similar thing, give the direction in writing, and sign the direction;

(c) permitted a person not licensed under Part II of the Act or otherwise qualified, to engage in the practice of dentistry.

The member was guilty on one count (c) and not guilty on two others (a) and (b). (Three other counts were withdrawn).

For reasons of mitigating circumstances peculiar to this case, the Committee assessed no penalty and no publication of his name in the Proceedings.

3 A hearing was convened on November 24, 1978 at the request of Dr. Lawrence W. Marquis to reinstate his licence to practise. (His licence had been suspended on January 10th, 1975).

After hearing the evidence, and following due deliberation, the Discipline Committee of the Royal College of Dental Surgeons of Ontario reinstated Dr. Marquis' licence to practise upon the following conditions:

1. That he show proof of passing the clinical portion of the examination of the National Dental Examining Board of Canada, at his own expense;

2. That he practise under supervision (within the same dental suite of a practising member in good standing of the Royal College of Dental Surgeons of Ontario.

Supervision in this case means:

(a) the supervising member shall monitor Dr. Marquis' behavioural characteristics, particularly with respect to the use of alcohol and/or drugs;

(b) in the event of non-compliance in this respect, the supervising member will be under the onus of reporting this forthwith to the Registrar of the College;

(c) the supervising member must be made fully aware of the nature of the evidence of this hearing;

(d) upon request by the Registrar, the supervising member shall submit a verbal or written report to the Registrar;

(e) the supervising member shall be required to sign a document of undertaking to fulfill the above obligations (a), (b) and (d);

(f) upon the agreement of all parties (College, supervising dentist and Dr. Marquis), the role of the supervising

dentist may be assigned to another member in good standing.

3. That Dr. Marquis cannot apply to return to solo practice for a period of twelve months from commencement of the supervised practice, as described above;

4. That he continues with psychiatric treatment for a period of twelve months from this date, or for such duration as may be deemed necessary by the attending psychiatrist, and with the concurrence of a psychiatrist chosen by The Royal College of Dental Surgeons of Ontario;

5. That he maintain his membership in Alcoholics Anonymous.

The following restriction was placed on Dr. Marquis' licence: That his prescribing privileges be withdrawn.

Dr. Marquis met again with the Committee on October 11, 1979 to request that the restrictions set out above be amended.

This request was denied.

4 The Committee met on November 27th and 28th, 1978 to consider the case of: Dr. David A. Devine,
4 1/2 Main Street,
Hagersville, Ontario.

Dr. Devine was charged with professional misconduct in that he:

(a) failed to diagnose and/or treat or cause to be treated adequately or at all, caries and decay;

(b) failed to maintain the standards of practice by:

(i) performing unsatisfactory fillings;

(ii) preparing and inserting unsatisfactory crowns;

(iii) preparing and inserting unsatisfactory bridges;

(iv) performing unsatisfactory extractions;

(v) not treating or causing to be treated avulsed teeth;

(vi) using improper anaesthetic procedures;

(vii) not treating overhanging restorations.

(c) failed to take any or adequate X-rays preliminary to dental treatment (extractions, crown and bridge work);

(d) failed to itemize accounts where a commercial laboratory was involved with respect to services rendered;

(e) failed to maintain any or adequate financial records;

(f) submitted a claim to a third party with respect to a patient wherein he charged fees for services not rendered;

(g) falsified records submitted to a third party regarding treatment of several of his patients;

(h) knowingly submitted false or misleading accounts or charges to a third party for services rendered to several of his patients;

(i) submitted a claim to a third party wherein he charged fees that were excessive or unreasonable for services allegedly performed.

The evidence in support of these allegations involved twenty-three patients. Dr. Devine was found guilty on 38 Counts and not guilty on 21 Counts. The penalty imposed by the Committee was a reprimand and a six-months suspension from practice.

Four months of this suspension was remitted conditional upon the taking, at his own expense, courses in Radiology (technique and interpretation), Restorative Dentistry and treatment of young fractured permanent teeth. Courses are to be approved by the Registrar of the College and to be taken within eighteen months from December 15th, 1978.

5 The Committee met on October 12th, 1977 and January 15th, 1979 to consider the case of: Dr. Stephen H. Jones,
250 Lawrence Avenue West,
Suite 303,
Toronto, Ontario.

Dr. Stephen H. Jones was charged with professional misconduct in that he:

(a) failed to treat or cause to be treated adequately or at all, periodontal conditions;

(b) failed to treat or cause to be treated adequately or at all carious lesions;

(c) failed to take adequate X-rays with respect to certain treatment performed, namely, pre-operative radiographs for preparation and insertion of crowns;

(d) failed to maintain the standards of practice in respect of treatment and, in particular, crowns prepared and inserted were inadequate;

(e) failed to maintain the standards of practice in respect of treatment and, in particular, crown and bridgework was inadequate;

(f) failed to maintain the standards of practice in respect of treatment and in particular, partial denture treatment was inadequate.

The evidence in support of these allegations involved one patient. Dr. Jones pleaded guilty to the charges and the penalty imposed was a reprimand and a four month suspension from practice. Three months of this suspension was remitted conditional upon taking, at his own expense, courses in Oral Diagnosis, Fixed and Removable Prosthodontics and Occlusion. These courses are to be approved by the Registrar and taken within eighteen months from March 1, 1979. Dr. Jones must, at his own expense, demonstrate clinical competence in the areas of study to the satisfaction of an examiner chosen by the R.C.D.S. Failure to demonstrate this competence will result in a restriction of his licence, for an indefinite period, in respect of any crown and bridge services. No new crown and bridge services are to be initiated until clinical competence is demonstrated.

6 The Committee met on March 23rd, 1979 to consider the conduct of a member of the College. Dr. was charged with professional misconduct in that he:

(a) engaged in the practice of dentistry under employment by a person other than a member of The Royal College of Dental Surgeons of Ontario;

(b) engaged in the practice of dentistry under employment by a corporation.

The member was found guilty on both Counts and the penalty imposed was a reprimand. The Committee directed that Dr. 's name not be published.

7 The Committee convened on April 3rd, 1979 to consider and determine allegations respecting the conduct of a member. Dr.

. was charged with professional misconduct in that he:

(a) failed to take any or adequate medical history prior to the preparation and insertion of a bridge and extraction of teeth;

(b) failed to maintain the standards of practice of the profession in that the bridge prepared and inserted was inadequate;

(c) failed to maintain the standards of practice of the profession in that he failed to take any or adequate post-operative X-rays;

(d) failed to keep any or adequate clinical records.

The charges were withdrawn on the undertaking of Dr. to restrict his dental practice to that part of dentistry which does not include the preparation, impression-taking and insertion of bridges.

8 The Committee met on April 20th, 1979 to consider and determine allegations respecting the conduct of:

Dr. Paul Chapnick,
265 St. Clair Avenue West,
Toronto, Ontario.

It was alleged that he had been guilty of professional misconduct in that during the years 1975 and/or 1976 and/or 1977 and/or 1978, he did engage in conduct or perform acts relevant to the practice of dentistry that, having regard to all the circumstances, would reasonably be regarded by members as disgraceful, dishonourable or unprofessional.

Dr. Chapnick pleaded guilty to this charge and following due deliberation and examination of the facts, the penalty imposed was a reprimand, a six month suspension of his licence to practice and recognition of a specialist status in oral surgery. Three months were remitted conditional upon that he undertake in writing in a form satisfactory to this College to continue psychiatric treatment and at his own expense to forward copies of his psychiatric progress reports to this College on the 15th day of July and October 1979 and on the 15th day of January and April 1980.

This suspension is to take effect on June 15th, 1979.

9 The Committee met on April 20th, 1979 to consider and determine allegations respecting the conduct of a member. It was alleged that Dr. was guilty of professional misconduct in that he:

(a) did administer to himself certain drugs including demerol, cocaine hydrochloride and dilaudid, thereby misusing his right to dispense said drugs, which conduct or acts were relevant to the practice of dentistry and would reasonably be regarded by members as disgraceful, dishonourable or unprofessional;

(b) did intentionally falsify records regarding the treatment of 51 of his patients in respect to the actual amounts of drugs administered to them in order to obtain a quantity of said drugs for his own personal use, which conduct or acts were relevant to the practice of dentistry and would reasonably be regarded by members as disgraceful, dishonourable or unprofessional;

(c) during the year 1978, failed to maintain the standards of practice of the profession in respect of his treatment of a patient and in particular, his administration of drugs to said patient was, considering all the circumstances, improper (4 Counts).

A plea of guilty was tendered regarding all of the said charges. The penalty imposed by the Committee was a five year suspension from practice commencing on July 1st, 1979, and a reprimand.

Four years and nine months of this suspension was remitted conditional upon the member continuing psychiatric treatment for as long as necessary. He must provide the College with written reports, respecting this psychiatric treatment at three month intervals and, if deemed warranted, he shall submit to psychiatric assessment(s), at his own expense, by a psychiatrist selected by the College. Other terms of the penalty include the maintenance of a clear record during the period of May 3rd, 1979 to June 30th, 1984 with respect to the mis-use of drugs and a continued prohibition of the right to dispense or prescribe Schedule "G" or Schedule "N" drugs until June 30th, 1984.

10 The Committee met on May 9th and 10th, 1979 to consider the case of:

Dr. Gerrard A. Lyn,
4800 Leslie St., No. 413,
Willowdale, Ontario.

Dr. Lyn was charged with professional misconduct in that he:

(a) failed to maintain the standards of practice of the profession in respect of his treatment of a patient by and in particular failed to maintain any or adequate clinical records respecting the patient;

(b) failed to maintain the standards of practice of the profession in respect of his treatment of the patient and in particular failed to take any or an adequate medical history preliminary to treatment to be performed namely the extraction of teeth;

(c) failed to maintain the standards of practice of the profession in respect of his treatment of the patient and in particular failed to take any X-rays preliminary to treatment to be performed on the patient namely the extraction of teeth;

(d) engaged in the practice of dentistry under employment of a person other than a member of The Royal College of Dental Surgeons who is engaged in the practice of dentistry and other than an employee or agent of a municipal or other government, a university or hospital;

(e) engaged in the practice of dentistry under employment of a corporation other than a member of The Royal College of Dental Surgeons which is engaged in the practice of dentistry and other than an employee or agent of a municipal or other government, agency of a municipal or other government, a university or hospital;

(f) did permit a person not licensed under Part II of the Act or otherwise qualified, to engage in the practice of dentistry except as provided for in the Act or Ontario Regulation 576/75 or under Section 12 of The Dentistry Act;

(g) did counsel a person not licensed under Part II of the Act or otherwise qualified, to engage in the practice of

dentistry except as provided for in the Act or Ontario Regulations 576/75 or under Section 12 of The Dentistry Act;

(h) did assist a person not licensed under Part II of the Act or otherwise qualified, to engage in the practice of dentistry except as provided for in the Act or Ontario Regulation 576/75 or under Section 12 of The Dentistry Act.

Dr. Lyn was found guilty of charges (a), (b), (f), and (h). The Committee found him not guilty of charges (c), (d), (e), and (g). The penalty imposed was a reprimand and a one month's suspension commencing July 1st, 1979.

11 The Committee met on June 11, 1979 to consider and determine allegations respecting the conduct of a member. It was alleged that he:

(a) has been guilty of professional misconduct in that on various occasions during the years 1977 and/or 1978 and/or 1979 he improperly used his authority to prescribe a drug or drugs;

(b) has been guilty of professional misconduct in that on various occasions during the years 1977 and/or 1978 and/or 1979 he improperly used his authority to dispense a drug or drugs.

Dr. pleaded guilty to the above charges and the Committee assessed as penalty, a reprimand and a twelve month suspension from practice. This suspension was remitted in full with the following conditions:

(a) that he continue with psychiatric treatment at his expense until such time as treatment is no longer required in the opinion of his psychiatrist;

(b) that upon the request of the College, it be provided with progress reports at his expense. He shall forthwith provide the College with all necessary medical directions and authorizations;

(c) that he be required, if deemed warranted by the College, to submit psychiatric assessments, conducted by a practitioner selected by the College, at his own expense, at any time up to and including one month after receipt of a written report from his psychiatrist stating that no further treatment is necessary;

(d) that should the College exercise its right under paragraph (a) above, then for the purpose of this remission of penalty, the question as to whether he shall or shall not require further psychiatric treatment shall be determined solely by the psychiatrist selected by the College conclude that further treatment is necessary, then he shall continue such treatment with a psychiatrist selected by the College at his own expense until such time as such psychiatrist is of the opinion that no further treatment is necessary;

(e) that he will submit to periodic testing of blood and urine samples by a medical practitioner chosen by this College, at his expense and at such times as selected by this College for a period of one year. He shall forthwith provide the College with such medical authorizations and directions as may be required to attain the results of such tests.

He shall also not be permitted to have any inventory of drugs referred to in Schedule "G" or Schedule "N" referred to in Clause 38 of Ontario Regulations 576/75 as amended under The Health Disciplines Act, until June 30, 1982.

12 The Committee met on June 29th, 1979 to consider the case of:

Dr. Jan Smits,
49 Main Street West,
Markdale, Ontario.

It was alleged that Dr. Smits was guilty of professional misconduct in that during the year 1976, 1977 and 1978, he:

(a) failed to maintain any or adequate clinical records;

(b) failed to maintain the standards of practice of the profession by:

(i) failing to take any or adequate medical history prior to treatment;

(ii) failing to take any or adequate X-rays prior to treatment.

The evidence in support of these allegations involved 19 patients. Dr. Smits pleaded guilty to sixty-four charges (five charges were withdrawn). The penalty imposed was a reprimand and a one month's suspension from practice commencing September 15th, 1979.

13 The Committee convened on September 18th and 19th, 1979 to consider the case of:

Dr. David A. Devine,
4 1/2 Main Street,
Hagersville, Ontario.

Dr. Devine was charged with professional misconduct in that:

(a) on various occasions during the years 1975 and/or 1976 and/or 1977 and/or 1978 and/or 1979, he improperly used his authority to prescribe a drug or drugs;

(b) on various occasions during the years 1975 and/or 1976, and/or 1977 and/or 1978 and/or 1979, he improperly used his authority to dispense a drug or drugs.

Dr. Devine pleaded guilty to the above charges and the penalty imposed was a reprimand, a twelve month suspension and the prohibition from having any inventory or prescribing Schedule "G" or Schedule "N" drugs, until September 30, 1984. Eleven months of the suspension are to be remitted if Dr. Devine signs and carries out an undertaking to:

(i) complete the drug rehabilitation program at the Donwood Institute and provide the College with periodic reports at his own expense;

(ii) submit to periodic blood, urine or other drug and/or alcohol screening tests over the 2 years commencing September 19, 1979;

(iii) continue psychiatric treatment for as long as required and provide reports quarterly to the College at his expense;

(iv) submit to independent psychiatric assessment and examination

by a psychiatrist chosen by the College over the 2 year period commencing September 19, 1979, at his expense.

The suspension is to terminate on October 19, 1979.

14 The Committee met on October 5, 1979 to consider the case of:

Dr. Jerry Isenberg,
111 Richmond Street West,
Suite 220,
Toronto, Ontario.

It was alleged that Dr. Isenberg was guilty of professional misconduct in that during the year 1979:

(a) he used and permitted the publishing, display distribution and use of an advertisement related to the practice of dentistry other than allowed by the Act and Ontario Regulation 576/75 such advertisement in **The Toronto Sun** newspaper for Friday, June 8, 1979 headed:

"3 a.m. toothache?
Now there's relief
DENTISTS
SAY THEY
FILL GAP
IN SERVICE".

(b) he distributed and used and permitted the distribution and use of an advertisement related to the practice of dentistry for a purpose other than allowed by the Act and Ontario Regulation 576/75 namely the handing out from door to door of an announcement respecting the opening of his practice at 111 Richmond Street West, Suite 220, Toronto;

(c) he used and permitted the use of an advertisement related to the practice of dentistry for the purpose other than allowed by the Act and Ontario Regulation 576/75 such advertisement concerning your practice of dentistry and being in the form of a news broadcast on radio station CF-100 in Halifax, Nova Scotia;

(d) he used and permitted the use of an advertisement related to the practice of dentistry for a purpose other than allowed by the Act and Ontario Regulation 576/75 such advertisement concerning his practice of dentistry and being in the form of a news broadcast on radio station CKFM in Toronto, Ontario;

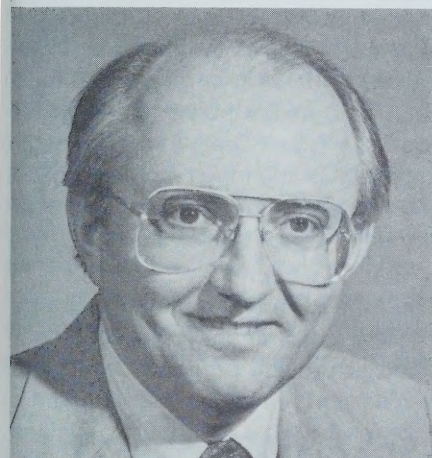

(e) he published, displayed, distributed and used and permitted the publishing, display, distribution and use of an advertisement related to the practice of dentistry other than allowed by the Act and Ontario Regulation 576/75 such advertisement appearing in the **Ontario Reports** (Weekly Edition) for the week of June 15, 1979.

Dr. Isenberg pleaded guilty to charges (a) and (b). Charges (c), (d) and (e) were withdrawn by the College. The penalty imposed by the Committee was a reprimand and the fact of the reprimand to be recorded on his record.

Four additional hearings were held in 1979 and have duly been reported to Council. The finding and/or penalties imposed in these matters are currently under appeal and as such, no report will be made until after the appeals are heard.

insurance

Report of the Professional Liability Insurance Committee.
Roderick Jack DDS, Chairman. Committee Members:
Lorne Taylor DDS, Neil Webster DDS and Edward Bowden.

Roderick Jack DDS

The R.C.D.S. Professional Liability Insurance Plan continues to progress satisfactorily towards the fulfillment of its long-range plans:

- (a) to increase the self-insuring aspect borne wholly by the fund;
- (b) to build reserves in the plan to an amount where the interest from the fund will cover a major portion of the cost of operating the plan; and
- (c) to provide the maximum benefits for the lower cost.

To this end the self-insuring limit will be increased to \$200,000 in 1980.

The following statistics are provided for your information:

Year	Claims Filed	Claims Outstanding
1973	29	0
1974	60	3
1975	43	2
1976	69	7
1977	84	10
1978	98	38
1979	119	84

Assets and Liabilities as of December 31st, 1979:

ASSETS	
Cash in bank	\$ 52,297.81
Securities	970,000.00
Total assets	\$1,022,297.81
LIABILITIES	
(1) Provision for unsettled claims	\$221,009.60
(2) Provision for adjusters fees (estimated)	58,984.52
Total liabilities	\$279,994.12
Estimated surplus as of December 31st, 1979	\$742,303.69

Explanatory Notes

(1) Provision for Unsettled Claims

The difference between the monies paid to date in the settlement of claims and our stop-loss limit for the years covered. In this case 1977 to 1979 inclusive.

(2) Provision for Adjusters Fees

An estimate based on the number of outstanding claims and what, on experience to date, we estimate that it will cost to settle these claims.

The audited figures for revenue and expenses for the Professional Liability Insurance Fund can be found in the Treasurer's Report, Appendix D.

Prevention of Claims

The Committee recommends that in order to reduce or prevent claims members should: -

- (a) Inform patients of your findings on examination. Do not speculate on past treatment.
- (b) Inform patients of costs, alternative treatments available, and prognosis. Record these facts.

(c) Keep records as outlined and required by the regulations. Your records are your main line of defence in a malpractice situation.

(d) Inform patients of possible side-effects of treatment, e.g. tooth fracture, parasthesia, pain, discomfort, etc.

(e) Know your plan. Read the material that is provided to you annually and be familiar with the insuring agreements, the coverage period and territory, the general and special conditions that are applicable to your plan.

Possible claims include: -

(i) any occasion where a patient is injured (real or imaginary) and there might be an allegation of your being negligent, or at fault;

(ii) when you receive a letter from a lawyer implying you might have been negligent or at fault;

(iii) when you are served with a summons;

(iv) when a mediations committee recommends that you refund money for unsatisfactory treatment.

education

Report of the Education Committee.

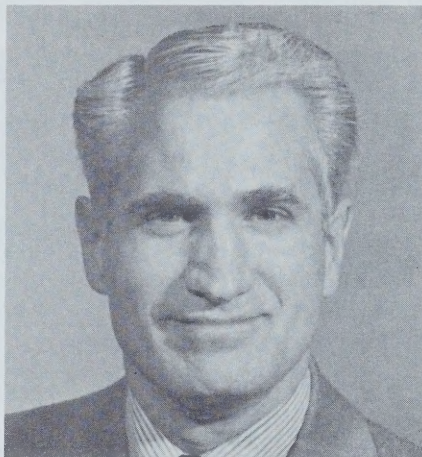

*Robert Johnson DDS, Chairman. Committee Members:
Richard Filion DDS, Lorne Taylor DDS and Patricia Johnson.*

During the past year the Education Committee has focused its attention on a gradual expansion of the Continuing Education Programs offered to dentists and hygienists, the examination of hygienists seeking licensure in Ontario, and the redefinition of duties performed by the various dental auxiliaries.

Continuing Education

In 1979 the RCDS offered two 1-day extramural lectures and one 2-day seminar (the latter is interdisciplinary in approach and features 2 clinicians) to each of the 38 local societies of the O.D.A. These lectures and seminars are open to all licensed dentists in the province and are advertised to those practicing "within a reasonable distance" of the host society. Participants help to underwrite the cost of the programs with a registration fee of \$25/day, which includes lunch, and the RCDS covers any deficit incurred (speaker's stipend and travel expenses, meeting room costs, and equipment rental to say nothing of the many administrative and publicity costs involved in conducting these sessions). The Education Committee is happy to report that a great majority of the programs are well attended and well received and much of the success is due not only to the dedicated clinicians but to the fine efforts of the involved dental societies which have accepted responsibility for local arrangements. We are very grateful for this support.

As the number of dental hygienists licensed in the province continues to grow (at time of writing 1,490 were registered) and as they become more organized so do their continuing edu-

Robert Johnson DDS

cation programs. Fourteen regional societies of the ODHA now exist and each is offered the same opportunity of two 1-day extramural lectures and one 2-day seminar. The ground rules are identical with those already outlined except the daily registration fee is \$20.

Some coordination of efforts in continuing education by the ODA, ODHA and RCDS began during the past year. Sensing our colleagues' desire to have more *participation courses* held throughout the province a cautious beginning was attempted. Interested dental/dental hygiene societies have been encouraged to approach the RCDS on an individual basis.

The 1977 and 1978 RCDS Continuing Education Surveys sent to all licensed dentists in the province have been analysed. Fifty percent of the dentists returned the questionnaires and 35% of these stated that they did not attend a formal course during the 2 years. Although not necessarily so, it seems reasonable that the 50% who took the time to answer the surveys

may represent that part of the profession most involved in Continuing Education. It therefore might be assumed that a far greater percentage than 35 took no formal Continuing Education courses. Clearly much more emphasis must be placed on this very important aspect of a professional's career.

Dental Auxiliary Training Programs

Eleven Community Colleges continue to provide programs leading to certification as a dental assistant and a subsequent year in dental hygiene training. Each May successful graduates of the hygiene programs sit RCDS written and clinical examinations for licensure in the province. In June and December Out-of-Province hygiene examinations are held, and once a year, in June, Expanded Duty Dental Hygiene examinations take place. In 1979, 218 (200 from the Community Colleges and 18 from Out-of-Province) Dental Hygienists gained licensure and 12 Expanded Duty Dental Hygienists became qualified. The Royal College appreciates the role played by the Community Colleges and Universities in securing patients, providing facilities, and welcoming examiners for these examinations.

The Community Colleges are to be complimented for preparing their students well because the failure rate was very low especially in the written component. As ours is a litigious society, the Education Committee did, however, spend many hours considering appeals from unsuccessful candidates. Hopefully, everyone was treated fairly.

The last *Challenge Examinations* for Certification as a Dental Assistant by

the ODN&AA were conducted by the RCDS in 1979. Well over 400 candidates took the examinations and the Education Committee extends its congratulations to all those who were successful.

Proposed Changes in Dental Auxiliaries' Duties

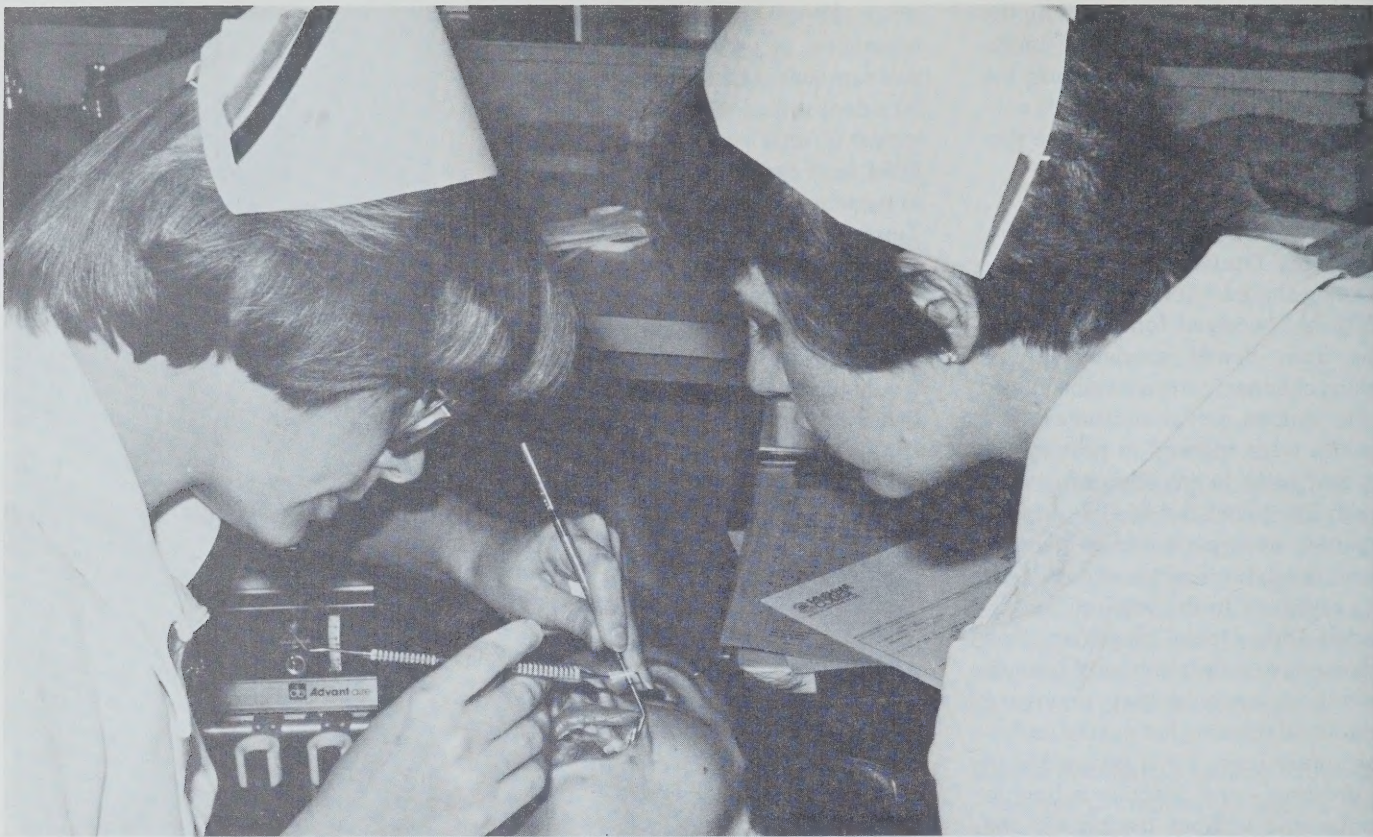

During the past couple of years the RCDS has received formal presentations from dental specialty groups seeking changes in the allowable duties of the various dental auxiliaries. The requests were sparked in part by the fact that prior to introduction of the Health Disciplines Act in 1974, dental hygienists were permitted to perform certain procedures which after the Act were restricted to the level of the Expanded Duty Dental Hygienist. One such example is the removal of sutures; currently a hygienist may remove a periodontal dressing *but not the underlying suture even if it is embedded in the dressing* - the difficulty is how to remove one without tearing out the

other. Minor orthodontic duties (the separation of teeth, the cementation and removal of bands previously fitted by a dentist, and the placement and removal of arch wires again previously fitted by a dentist) at one time taught to hygiene students at the University of Toronto and performed by hygienists in the work force, also were included in the changes recommended to the Minister of Health. The procedures are reversible and the public of course would benefit because by utilizing a hygienist orthodontic treatment becomes less expensive.

The RCDS has been in constant dialogue with the Community Colleges, the ODHA, and the Ministry and hopefully approval soon will be granted.

In conclusion may I say we have experienced a very interesting year and have benefitted greatly by the expert guidance of Drs. Pownall and McFarlane with the superb secretarial assistance and administrative know-how of Mrs. Olive Henry.

U. of T. report

**Report of the Dean of the Faculty of Dentistry,
University of Toronto**
A.R. TenCate, DDS.

A.R. TenCate, DDS.

I am pleased to present this report on the activities of the Faculty of Dentistry, University of Toronto, to the Royal College of Dental Surgeons of Ontario.

The following staff changes have occurred during the past year:

Resignations

Dr. Donald Brunette has taken an appointment at the University of British Columbia's Dental School.

Dr. Roger L. Ellis has been appointed Chairman of Dental Health Care at the University of Alberta's Dental School.

Dr. John B. Houston has resigned from the Faculty.

Each contributed to the Faculty in a significant way and we regret losing them.

Appointments

Dr. Gurkan Altuna has been appointed Assistant Professor in Dentistry and will teach Orthodontics.

Dr. Jane Aubin has been appointed Assistant Professor with the MRC

Group in Periodontal Physiology.

Dr. Jack Ferrier has been appointed Assistant Professor with the MRC Group in Periodontal Physiology.

Dr. L. Frances Greenwood has been appointed Assistant Professor of Dentistry and she will teach restorative dentistry and physiology.

Dr. Dorothy McComb has been appointed Assistant Professor of Dentistry and she will teach dental materials, restorative dentistry and dental anatomy.

Dr. David Mock has been appointed Assistant Professor and will teach oral pathology.

I have also made the following internal administrative appointments for the session 1979-1980:

Dr. Norman Levine has been appointed Assistant Dean (Academic).

Dr. J.D. Anderson is the new Director of Clinics.

Dr. D.B. McAdam is the Acting Chairman of Restorative Dentistry.

Promotions

Dr. C. Douglas Beierl has been promoted to the rank of Associate Professor.

Dr. Douglas Deporter has been promoted to the rank of Associate Professor.

Dr. Eric Freeman has been promoted to rank of Full Professor.

Tenure has been granted to:

Dr. Aaron Fenton, Dr. Bernard Hemrend and Dr. Hugh F. MacKay.

Currently a search is under way to find a replacement for Dr. Ellis's position and I anticipate that two other searches for Faculty positions will soon be instituted. The net result should be that the Faculty has a full-time staff of 50. The part-time academic staff, who

represent 30 full-time equivalents, are also an essential and important asset to the Faculty's teaching programmes. They bring an important perspective to dental education and I would like to take this opportunity to recognize publicly their role in the affairs of the School.

Academic Distinctions

It is always a pleasure to record academic distinction gained by the Faculty.

Dr. Marjorie Jackson was elected Honorary Fellow in the Royal College of Dentists of Canada.

Dr. D.C. Smith was awarded the D. Sc. degree of the University of London.

Dr. George Zarb was Federal Lecturer of the Australian Dental Association.

Dr. Jack Dale was elected the President of the Tweed Society.

Research

Last year 31 grants, totalling \$1,345,000, were received by the Faculty and 117 publications resulted from our research activity. Among new initiatives established last year I signal out but two. First a project dealing with the long-term evaluation of, and further research into, an implant technique involving osseous integration has been established in conjunction with Dr. Branemark and the Swedish Medical Research Council. This Faculty is the only School outside Sweden selected to co-operate in this programme. Second is the establishment of a T.M.J. Clinic for both service and research. I mention these projects as examples of research enquiry involving faculty from different disciplines which are also linked to the provision of improved service to the public of Ontario.

I should also mention that the Atkinson Foundation has now fully funded the construction of a mobile clinic from which the Faculty will be providing dental services to the handicapped population of Ontario. This project is under the supervision of Dr. Norman Levine.

Education

In the past year the Faculty graduated 121 students with the D.D.S. degree, 22 with Specialty Diplomas, 4 with the B.Sc. degree (Dental Hygiene), 6 with the M.Sc. and finally, 5 with Ph.D's.

I wish to make special recognition of two students in the graduating class. First, Dr. Grace Chau, who graduated with 27 out of a possible 39 honors. A "Dean's Medal" has been struck for the first time which will be awarded only to graduates of exceptional academic distinction, and Dr. Chau is the first recipient. Second, Dr. Bernardette Jaeger who received the Bourassa Cup for academic excellence and all-round extra-curricular activity.

For the 1979-80 session, the Faculty's enrolment is: 508 undergraduate students, 34 postgraduate students, 7 B.Sc.D. (Dental Hygiene) students, 11 M.Sc. students and 7 Ph.D. students. In addition, there are 20 interns associated with the Faculty.

Finally, it should be noted that the postgraduate programmes in Periodontics and Oral Pathology received full accreditation from the Canadian Dental Association last year. Currently, our undergraduate programme is fully accredited as are the specialty programmes of, Paedodontics, Orthodontics, Periodontics and Oral Pathology. The Oral Surgery programme has provisional approval.

The Undergraduate Programme and the Oral Surgery Postgraduate Programmes both receive accreditation visits this fall, and I am confident that full accreditation will be bestowed upon both.

Issues

Last year I placed before members of the Council a number of issues which concern this faculty and which also, properly, are the concern of the College with its mandate to ensure

that the people of Ontario are provided with quality dental care.

The main issue I discussed a year ago was the chronic underfunding of the School which threatens the provision of high quality education and I regret that I have to report that little has changed. It is true that media exposure has helped us to obtain sufficient funds from the University to enable the commission of architects to prepare detailed plans for the consolidation and improvement of our facilities. These plans are now being costed before transmission to Government. It is, however, rather a sad commentary to read in the press that the only way dentistry will obtain funds for redevelopment is to make sufficient fuss! An interesting commentary on this issue may be found in the Editorial of the September 1979 issue of the British Dental Journal. I quote:

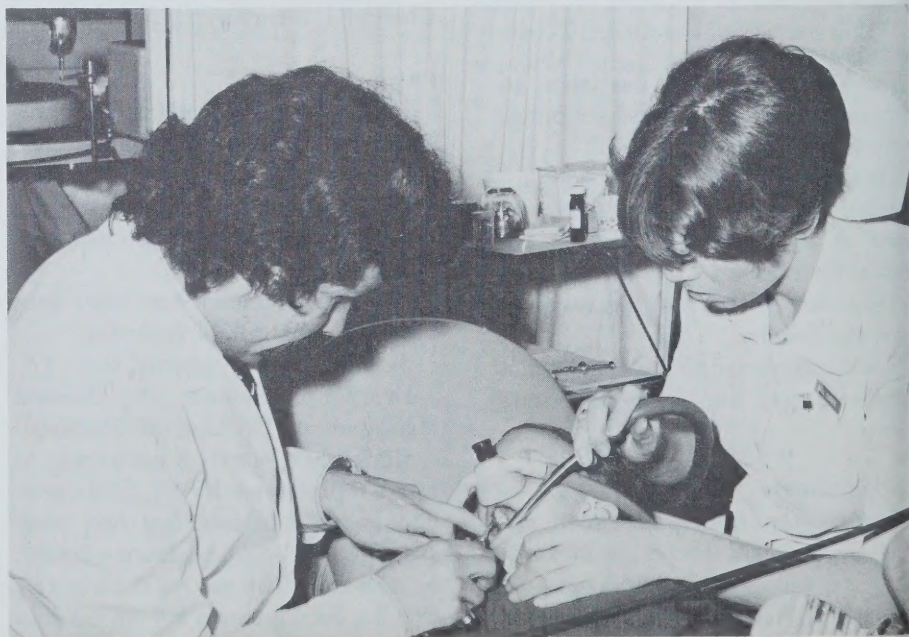

"Dental Schools are among the most expensive university buildings to construct, mainly because of the amount of weight of equipment which must be installed often over large floor areas, and the many services which need to be supplied to each operator. Frequently, costs increase so dramatically between the design stage and the commencement of building that economies are demanded for and plans have to be modified. In retrospect, such economies often prove to be shortsighted. Costs continue to rise and later it becomes obvious that the cheapest time at which to provide adequate facilities would have been when the building was under construction.

The euphoria of the opening ceremony often coincides with an official sigh of relief and a conviction that there will be no more expense at that particular school for many years. But dental school equipment is subject to hard use and in a relatively short time replacement will be necessary. The cost of equipment is now staggeringly high and any alterations naturally cause considerable disruption to teaching and to the treatment of patients.

To appreciate the speed of change in dental practice it is only necessary to think back over the last decade or to refer to the pages of past volumes of the Journal. Dental students who on qualification can anticipate a practising life of forty years must be taught in an up-to-date way. Therefore, each school will need to undergo major reconstruction from time to time, preferably as a phased exercise, so as to allow appropriate changes in the course to be introduced."

An especially bitter pill for me to swallow is that this issue recounts how my old School, which had a new facility in 1965, has been completely re-equipped - and this in a country whose economic plight, by all accounts, is worse than that of Ontario.

I would also reiterate that this need for modernization and modest expansion is not linked to any increase in enrolment. Indeed, as I informed the Council last year, our proposals trim operator numbers and should enrolment drop in the 80's there would be no excess capacity in the School.

It is also true that the Ministry of Education has accepted that the service operation of our clinics results in a \$1,000,000 deficit made up from University funds, but are not willing to recognize this deficit as a Governmental responsibility. Instead this deficit continues to be made up at the expense of a chronic staff shortage, the inability to amortize our equipment and a reduction in scholarly activity.

It is also true that we have been unable to implement the Fourth Year clerkship to provide our students with increased exposure to working with auxiliaries and to provide postgraduate programmes in prosthodontics and endodontics, all initiatives important to the profession.

Am I being unduly alarmist about the chronic underfunding for the support of dental education? I think not. Over the past six years funds flowing to support education in Ontario have declined drastically. Ontario, the second richest province in Canada, now ranks eighth, whereas in 1974 it stood second, in the dollar support of Universities per student enrolled. Put another way, Ontario now provides about \$1,000 less operating grant per full-time equivalent student than the rest of Canada - \$1,800 below Quebec for 1979-1980. The Universities in Ontario have responded to this declining fiscal support by managing on less and have applied reductions "across the board" - a policy which eventually results in mediocrity.

In the case of the Faculty of Dentistry, the decline in funding can be translated into a reduction of 4 full-time staff, and 10 non-academic staff plus an inability to pursue innovative ideas. And again this year I am being asked to consider budget reductions.

I am concerned that the stress now occurring to the University system will have a damaging impact upon the practice of dentistry not only here in Ontario but also for Canada. From the 128 dentists a year graduating in Toronto come many future specialists and academic staff. Our postgraduate courses constitute almost 60% of those available, thereby providing the major source of Canadian trained specialists, and through its combined programmes (Ph.D plus specialty training) we provide many future academic staff for Canadian dental schools. Our staff also provide a consultative resource which is widely used at the provincial, national and international level.

This report also shows that Toronto contributes a significant role to the national research effort. Such research activity, of course, provides an essential background for our graduate, postgraduate and undergraduate programmes. That Toronto has developed in this way over the years has been because of a recognition that all faculty need not be directly involved in undergraduate education and educational dollars were provided to support research. If this support is abolished other Canadian schools will have to step in and make up the deficit. Not only

must they be prepared to step in, but they must be capable of stepping in. By this I mean that schools will have to be prepared to assemble strong research strengths at the expense of educational dollars. If this is not possible (strong research strengths are not achieved overnight) and only if shown not to be possible or practical, steps must be taken to ensure that Toronto is capable of maintaining its present national role.

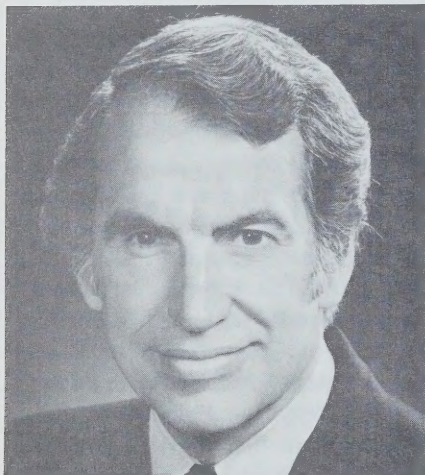

It is unfortunate that the actions of a single province can have such a dramatic impact on the total dental scene, especially as Ontario was a pioneer in the establishment of a professional and academic image for dentistry. An academic base for dentistry has been painstakingly established over a hundred year period and its erosion can occur rapidly. Indeed, it has been suggested by some that the proper place for dental education is in community clinics and the Community College system. Already we have denture therapy divorced from an academic base and expanding its horizons, and I must ask how long will it be before we hear the argument that the rest of dental education should be divorced from a university setting for reasons of political expediency?

"It is . . . rather a sad commentary to read in the press that the only way dentistry will obtain funds for redevelopment is to make sufficient fuss!."

Unless the profession recognizes and rallies to support its academic base, dentistry as a profession could be markedly different in a very few short years. Certainly I cannot argue against change, but I must argue for a continued academic foundation for dentistry and I am receiving full support from the University of Toronto in my endeavours to maintain the stature of this faculty. I ask that the College, with its responsibility for the delivery of quality dental care in Ontario, also do all it can to prevent the erosion of the scientific and artistic bases of dentistry.

Report of the Dean of the Faculty of Dentistry, University of Western Ontario *Wesley J. Dunn, DDS.*

Wesley J. Dunn, DDS.

It is a privilege to present the fifteenth Annual Report of the Faculty of Dentistry of The University of Western Ontario to the Council of the Royal College of Dental Surgeons of Ontario.

Accreditation Undergraduate Program

In terms of the complement of the CDA Survey Team, the Faculty of Dentistry was privileged to enjoy and benefit from two "firsts." This was the first survey in which the newly-appointed Director of Accreditation, Dr. J.V. Chatwin was involved and it was the first time in Canada in which a provincial registrar served in an observership capacity. It was a pleasure for the school to welcome Dr. Kenneth F. Pownall as part of the survey team. The team Chairman was Dr. Mervyn A. Rogers, formerly of McGill, and Dr. C.L.B. Levelle, of the University of Manitoba, was the other member.

The team exercised its important responsibilities with knowledgeable effectiveness and the Faculty benefited

greatly from the several meetings and discussions which were held with the members of the team.

As a consequence of the team's report to the Committee on Survey Policy and thence to the Canadian Dental Association's Council on Education, approval for a five year period was granted. In view of the obvious budget constraints being experienced by the school, concern was expressed about possible future budget reductions and the Council on Education, accordingly, expressed its expectation that it would be advised if such reductions were implemented.

Oral Pathology

Western's Graduate Program in Pathology with Training in Oral Pathology, after a comprehensive on-site visit was awarded the status of 'approval' by the CDA Council on Education.

Hospitals

The dental services of St. Joseph's Hospital, University Hospital and Victoria Hospital, institutions with formal affiliation agreements with The University of Western Ontario, each received the status of 'approval' for its dental service. The internship programs of St. Joseph's Hospital and University Hospital were surveyed as well and, as a result, 'provisional approval' ensued. Subsequently, by meeting some of the suggestions for a strengthening of the internship programs, the status was elevated to 'approval' on the basis of documentary information.

Admissions

Although the total number of applications was down by approximately 10% there was little or no reduction in the total number of applications from

academically and aptitudinally competitive students.

Student Performance

The following is a brief synopsis of the academic performance of the students in each of the four years of the under-graduate program:

Fourth Year: 49 students, out of which five achieved honours, 41 passed, one passed with conditions and two failed.

Third Year: *59 students, of which three achieved honours, 39 passed, 15 passed with conditions and one failed.

*Includes special student for whom no results are presented.

Second Year: 58 students, out of which four achieved honours, 42 passed, 12 passed with conditions and there were no failures.

First Year: 55 students, out of which four achieved honours, 43 passed, six passed with conditions and two failed.

UWO Clinic Night

Again, a most successful meeting of the London and District Dental Society was held at which the Faculty was privileged to present a series of student clinics. On 7 December 1978, six presentations were offered.

Although, in view of the high calibre of all, it was extra-ordinarily difficult for the judges to decide on the presentation of greatest merit, that of Mr. Frederick Zietsma on 'Impressions for Immediate Dentures' was selected. It will be presented at the Student Table Clinic Program at the Annual Convention of the Canadian Dental Association in Quebec in September, 1979.

Awards

Academy of General Dentistry Award. The Academy of General Dentistry, with Head Office in Chicago, Illinois, and the Ontario Division of the Academy of General Dentistry both expressed a wish to establish awards within the Faculty. Approval was received from the donors to combine the Certificate of the AGD (Chicago) and the text book of the Ontario Division and joint terms and conditions reflected the wishes of both. Thus, the Academy of General Dentistry Senior Student Award may be awarded to the fourth year student adjudged as having displayed, in the senior year, a high degree of competence in the clinical courses of the Departments of Oral Medicine, Paediatric and Community Dentistry, and Restorative Dentistry and who has made meaningful contributions to the extracurricular life of the Faculty and/or University.

The award is a certificate and a text book (or equivalent) to the value of \$50.00.

Canadian Fund for Dental Education Awards. Through the kindness of Cooper Laboratories Limited of St. Therese, Quebec, four awards, two in first year and two in second year were established to give recognition to students demonstrating a high interest in and concern for preventive dentistry. The awards are valued at \$150.00 for first place and \$100.00 for second.

Royal College of Dental Surgeons of Ontario. It is with considerable gratitude that the Faculty acknowledges increases in the value of the awards granted by the Royal College of Dental Surgeons of Ontario. The RCDS scholarships were increased from \$150.00 to \$250.00 and the Award in Oral Biology from \$100.00 to \$200.00.

Mosby Book Awards. The C.V. Mosby Company has advised the Faculty that, effective in the 1979-1980 year it would be providing three book awards rather than five.

Alumni Bulletin

Although efforts have been made in the past to establish an Alumni Bulletin or Newsletter for, at least, annual transmission to the graduates of the school, it has heretofore been difficult to generate sufficient interest and enthusiasm

to make the project a viable one. It was decided to try again.

A request for editorial committee volunteers from graduates who are members of the part-time faculty elicited three positive responses. Drs. Igor Bolta, Robert Brandon and Peter Fendrich have offered their services and, with the co-operation of the Alumni Affairs Office and the Office of the Dean it is hoped that the first issue of the **Alumni Bulletin** will be distributed soon. The Faculty is most grateful to these graduates for their participating interest in this important project.

Continuing Education

Since the Faculty of Dentistry was established in 1965, it has benefited from the London and District Dental Society Memorial Scholarship Fund established, by the local society, to provide for a senior student award. Over the years the fund has grown to the extent that its purposes can be broadened to include other areas of activity. Following study by the Trustees of The Fund and in consultation with the Dean of the Faculty, a recommendation was approved during the 7 December 1978 meeting of the London and District Dental Society that the scope of the fund be broadened to include not only undergraduate excellence but continuing education that would benefit the members of the London and District Dental Society and the faculty and student body of the school. The name of the fund, henceforth, will be the London and District Dental Society Memorial Fund for Scholarship and Professional Development.

The Faculty's Committee on Education will work co-operatively with the London and District Dental Society in its planning for the operation of the Annual London and District Seminar, a source of continuing education available to the members of the profession in the area served by the Society. The financial support for the seminar shall be derived from such interest as is earned in the preceding twelve month period from the principal sum of the fund less such amount as will be required for the purchase of the London and District Dental Society Award.

The first London and District Seminar was held on Friday, 26 October 1979.

Again this year, several continuing education programs had to be cancelled due to a lack of interest and support.

Eleven courses were presented during 1 November 1978 through 30 April 1979 period.

Several members of the faculty made presentations to local dental societies.

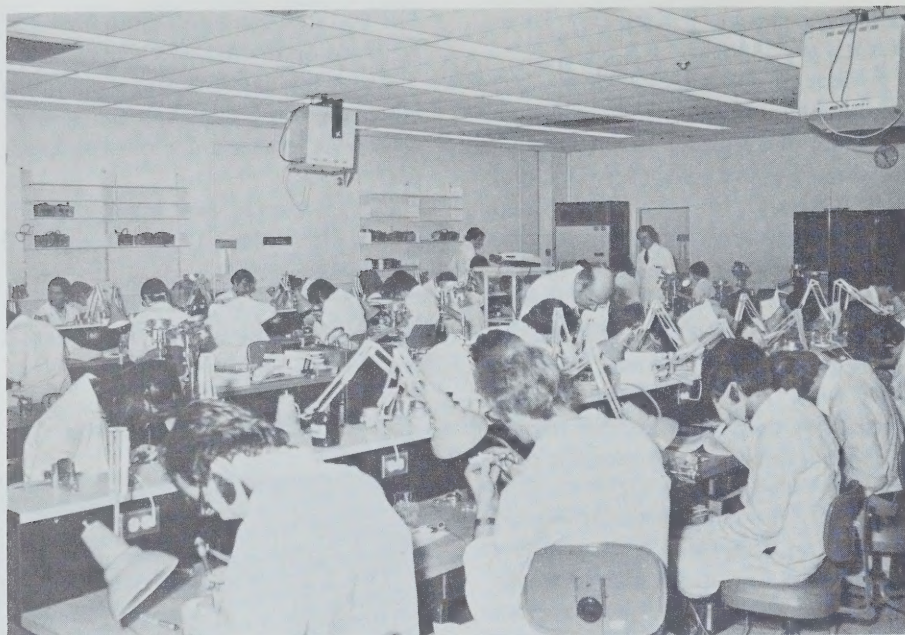

Research Activities Within the Faculty

The following research projects, funded by various granting agencies, were initiated or were approved for ongoing support during 1978.

Department of Oral Medicine. Dr. B.J. Zulqar-nain and Dr. R.H. Johnson - "Treatment of Hypersensitivity" 3M Company - \$3,032. Dr. R.I. Brooke and Dr. P.G. Stenn - "Biofeedback Assisted Relaxation Training in the Treatment of Myofascial Pain Dysfunction Syndrome" Ontario Ministry of Health - \$37,077. Dr. J.A. Reid, "Shield Protection in Radiation", ODA and the Canadian Fund for Dental Education - \$2,500. Dr. J. Rozanis, Dr. I.D.F. Schofield, "Investigation on the Possible Contribution of Oral Bacteria in the Etiology of Fibrinolytic Alveolitis", Ontario Ministry of Health - \$37,173. Dr. B.A. Warren, Dr. I.D.F. Schofield, "Dry Socket Following Tooth Extraction", Ontario Ministry of Health - \$22,102.

Department of Paediatric and Community Dentistry. Dr. D.W. Banting, "Longitudinal Study of Dental Root Surface Caries", Health Education and Welfare - \$5,306. Dr. R.A. Latham, "Study and Treatment of Orofacial Malformations", M.R.C. - \$38,864. Dr. G.Z. Wright, Dr. D.W. Banting, Dr. W.H. Feasby, "Dental Flossing with Children Using Either a Fluoride or Non-fluoride Dentifrice", Johnson and Johnson - \$14,826. Dr. G.Z. Wright, Dr. E.R. Ecclestone, "Improving Discoloured Dentitions", Canadian Cystic Fibrosis Foundation - \$2,500.

Department of Restorative Dentistry. Dr. R.E. Jordan, "Arrest of Carious Lesions by Means of Fissure

Sealant", Ontario Ministry of Health - \$18,120. Dr. R.E. Jordan, "Comparative Marginal Integrity of High Copper Amalgam Alloys", Ontario Ministry of Health - \$16,900. Dr. M. Suzuki, Dr. L.N. Johnson, "Immediate Polish of High Copper Amalgam Alloys", Ontario Ministry of Health - \$15,900. Dr. R.E. Jordan, Dr. P.S. Sills, Dr. D.R. Gratton, "Long Term Temporary Fixed Prosthesis Fabricated by means of Resin Acid Etch Technique" Provincial Lottery Research Funds - \$10,000. Dr. R.E. Jordan, "Clinical Evaluation of Micro Particle Filled Composite Resins", Provincial Lottery Research Funds - \$8,400. Dr. M. Suzuki "A Clinical Evaluation of Treatment Procedures for Tetracycline Stained Anterior Teeth", Provincial Lottery Research Funds - \$14,600. Dr. D.H. Charles, Dr. R.H. Johnson, "Stabilization of Periodontally Involved Teeth by means of Reinforced Acid Etch Resin Splints", Provincial Lottery Research Funds - \$8,200.

L.D. Caulk Co. - for unrestricted research purposes - \$5,000.

In addition, the Faculty was again grateful to receive the annual General Support Grant from the Medical Research Council in the amount of \$10,000. This money is utilized, in the main, as a source of "seeding" money for a variety of research interests with the ultimate purpose being a formal application to an external granting agency for support in respect of on-

going research in these areas of interest.

Coordinator of Research

It is with considerable regret that the Faculty received the resignation of Dr. J.P. Sapp, Associate Professor of Oral Pathology, from the position of Coordinator of Research. Dr. Sapp accepted a teaching appointment in the United States.

Following receipt of Dr. Sapp's resignation, a committee was established to review the terms of reference of the position, to consider the feasibility and desirability of continuing with the post and to report its findings to Faculty Council.

It is a pleasure to announce that Dr. Peter G. Dellow, Professor of Physiology, has accepted the appointment of Coordinator of Research for a three year, renewable term.

Dr. M.C.G. Bebee Bequest

Although Dr. M.C.G. Bebee's death occurred in 1977, the settlement of his estate was sufficiently protracted that his generous bequest of \$25,000 was not received until August, 1978. The Faculty is deeply grateful to the late Dr. M.C.G. Bebee, a Past President of the Royal College of Dental Surgeons of Ontario, for his generosity and his thoughtfulness in making provision within his estate for a substantial bequest, the interest from which will be used for research purposes.

Committee of Review - Office of the Dean - Clinic Administration

Implicit in the adoption by Council in September 1976 of the report of the Ad Hoc Committee of Review - Department of Clinics was the requirement of a review of the organizational structure following a reasonable period of operation. An Ad Hoc Advisory Review Committee was established by the Dean to review the terms of reference of the Director of Patient Services and the Clinic Administrator and to review, as well, the structure of Clinic Administration as such structure was depicted in the report on which the reorganization was based. The Chairman of the three clinical departments have been constituted the complement of the Advisory Review Committee and a report is expected early in the 1979-1980 academic year.

Appointments, Resignations and Retirements

The Faculty records, with regret, the departure of two colleagues from the Faculty during the 1978-1979 academic year. Dr. James E. Stakiw, Associate Professor of Periodontology, resigned to return to private practice in the City of London. Dr. J. Philip Sapp tendered his resignation as Associate Professor of Oral Pathology, to take up a position at the University of California, Los Angeles.

In the opposite vein, the Faculty is pleased to report the appointment to the full-time faculty complement of Dr. G.S. Taylor as an Assistant Professor in the Department of Paediatric and Community Dentistry. Dr. Taylor came to the Faculty from Scotland where he was a Consultant Orthodontist at Glasgow Dental Hospital and School and an Honorary Clinical Lecturer in Orthodontics at the University of Glasgow. Dr. Taylor's appointment at Western was effected 1 November 1978 and was the result of the resignation of Dr. A.W. Eastwood who, during the previous year, was on medical leave from the school.

The following accepted appointments to the part-time faculty as clinical instructors during the 1978-1979 academic year:

Oral Medicine Dr. A.J. Harris, Dr. P. Nagle, Dr. S. Rumble, Dr. S. Schafer and Dr. K.H. Wright.

Paediatric and Community Dentistry Dr. B.L. Prichard, Dr. S. Rumble and Dr. R.L. Scott.

Restorative Dentistry Dr. F.V. Currie and Dr. M. Paiement.

The following resignations from the part-time faculty as clinical instructors were recorded:

Oral Medicine Dr. N.B. Applebaum, Dr. C.J. Armstrong, Dr. G.D. Glennie, Dr. J.H. Greenfield, Dr. W. Kivlichen and Dr. R. Walthers.

Paediatric and Community Dentistry Dr. M.B. Wood and Dr. O.A. Tucker

Restorative Dentistry Dr. M. Bodnar, Dr. R.C. Hillary, Dr. K.G. Kozoriz and Dr. D.R. O'Hara.

In addition to the above, the Faculty is pleased to announce the following administrative appointments during 1978-1979:

Dr. R.H. Johnson, Professor of Periodontics, Department of Oral Medicine, appointed Chairman, Division

of Periodontics for a three-year, renewable term.

Dr. A.H. Martin, appointed Chairman of the Department of Anatomy effective 15 November 1978 for five years, renewable.

Dr. A.C. Wallace, following the resignation of Dr. R. Goyer, undertook the responsibility of the Acting Chairmanship of the Department of Pathology pending the selection of a successor for Dr. Goyer.

Early Staff Retirements

It is with regret that the Faculty announces the early retirement of two members of its administrative staff. Mr. E.R. Clark, an administrative officer in the Office of the Dean and Mr. J.F. Heard, a technician assigned to clinic administration in the Faculty's Stores completed their service with the school on 30 April and began their retirement on 1 May. The Faculty is most appreciative of the service rendered by Mr. Clark and Mr. Heard over the years of their employment.

Chief of Dentistry - Victoria Hospital

The warmest thanks and appreciation of the Faculty were extended to Dr. W.H. Feasby, Professor and Chairman of the Department of Paediatric and Community Dentistry, for his years of outstanding service as Chief of Dentistry of Victoria Hospital and for his continuing service one year beyond his requested resignation date while the search for a successor was taking place.

It is a pleasure to report that Dr. A.J. Harris, a practitioner of long standing in London, Ontario and a Past President of the Ontario Dental Association, was appointed as Dr. Feasby's successor.

Appreciation

Again, the Faculty of Dentistry wishes to express its deep and abiding appreciation to the Council of the Royal College of Dental Surgeons of Ontario for its many acts of kindness and support. It continues to be one of the strengths of dental education in Ontario that the dental schools enjoy and benefit from the cooperative and participating interest of the provincial licensing and regulatory authority. There are many jurisdictions in which such relationships do not exist to the detriment of the educational institutions, the profession and, as a consequence, the public which both serve.

The grants made by the Council of the College for student awards and for certain contingencies, which cannot be accommodated within the normal operating budget, contribute, very substantially, to the quality of the programs we are capable of offering.

The continuing interest of the Council of the College in participating actively on the Advisory Committee and the contributions made by the Registrar to the Admissions Committee are warmly appreciated and gratefully acknowledged.

finance

Report of the Finance and Property Committee Jack Berman DDS, Chairman. Committee Members: Claude Doughty DDS and Roderick Jack DDS.

Jack Berman DDS

The Committee met on October 10th, 1979 and prepared the budget for 1980 - Appendix A. A schematic diagram of the budget is shown below.

Comment

Budgets are educated guesses. In 1980 a small surplus is expected although it is not as large as anticipated.

Budget Highlights Income

The income of the College is derived almost exclusively from licence fees. The high interest rates in 1979 will likely continue throughout 1980 so interest income is becoming more significant. A fee is paid to the general account from the professional liability insurance account for staff time used for administration of the plan.

Expenses

1. Salary increases reflect an increase in staff as well as annual adjustments.

2. Property expenses may increase in 1980 as repairs to the foundation of the headquarters building may be necessary. The building is over 80 years old.

3. Allowance has been made for investigation into the possibility of pub-

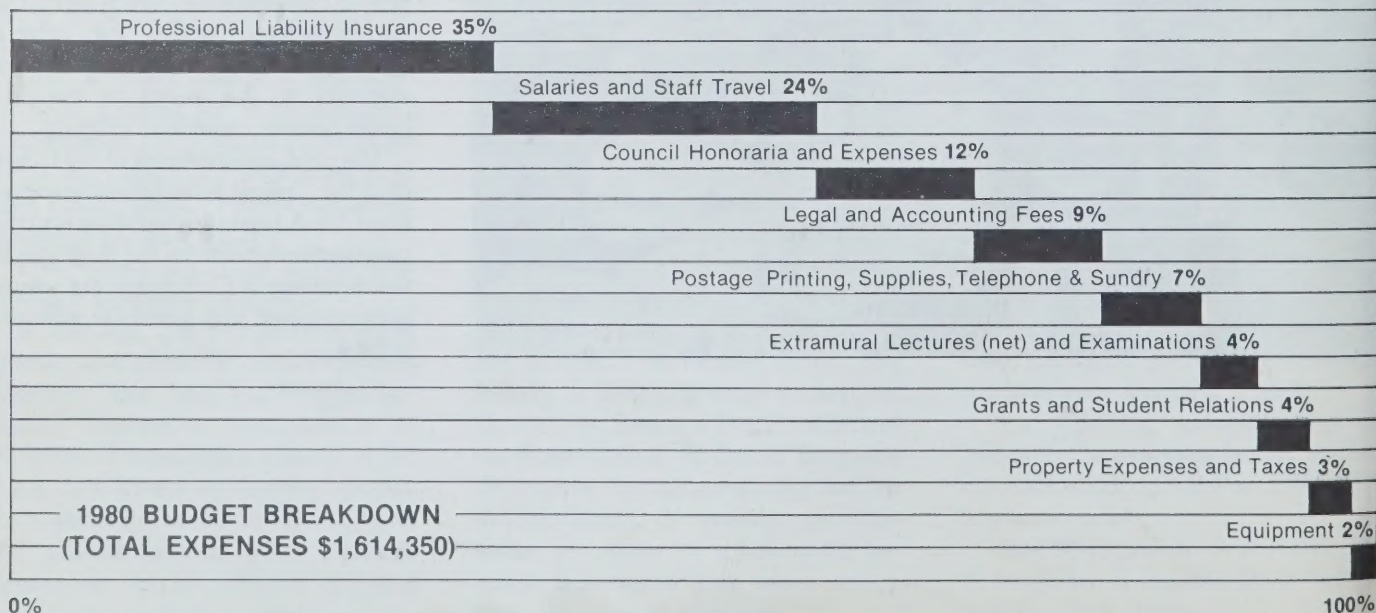

lishing a "Manual of Practice Standards and Guidelines". It is hoped that such a publication might decrease misunderstandings.

4. A small increase in "honorarium" will be paid to members of Council and the travel expenses will be increased to .19¢ per kilometer.

5. Professional fees are fees paid to our auditors and our lawyers. The increase reflects increased activities.

6. As well as the usual grants, a special grant will be given the library at the Faculty of Dentistry, University of Toronto to assist in the cost of recataloguing of books in the Harry R. Abbot section of the library.

7. A sum of \$25,000 is being made available to assist in the preparation and publishing of an education book on dentistry for the public.

APPENDIX A

THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

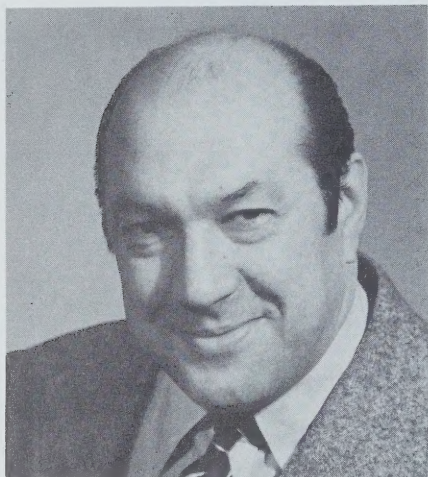

BUDGET - 1980

	Budget 1979	Est. Total 1979	Budget 1980
Income			
Fees - Dentists	\$1,335,000	\$1,352,040	\$1,492,550
Hygienists	77,500	79,520	89,000
Interest	45,000	45,209	65,000
Exam Fees	45,000	87,331	37,000
P.L.I.	5,600	5,600	10,000
Sundry	4,000	5,310	5,000
Total	<u>\$1,512,100</u>	<u>\$1,575,010</u>	<u>\$1,698,550</u>
Expenses			
Salaries etc.	\$ 291,000	\$ 278,879	\$ 330,000
Postage	17,000	17,180	22,000
Stationery	60,000	66,883	70,000
Telephone	10,000	10,744	13,000
Equipment	25,000	36,034	35,000
Property	43,400	40,043	53,200
Honoraria	95,000	91,111	130,000
Extramural Lectures	15,000	14,032	35,000
Professional Fees	120,000	107,338	150,000
Board Expenses	50,000	41,478	55,000
Sundry	3,000	4,696	5,000
Examinations	78,000	59,212	30,000

Total	<u>\$44,050</u>	<u>\$16,540</u>	<u>\$55,900</u>
		Surplus	<u>\$84,200</u>

registration

Report of the Registration Committee

*Norman Levine DDS, Chairman. Committee Members:
Roderick Jack DDS and James Monteith*

Norman Levine DDS

Application for Certification

(1) As reported in the 1978 Proceedings, the Health Disciplines Board upheld the decision of the Registration Committee not to grant a foreign dentist certification in orthodontics on the grounds that he had not met the twelve month general practice prerequisite for certification.

This decision was overruled in the Supreme Court of Ontario with instructions to the R.C.D.S. to certify the dentist as an orthodontist forthwith. The reason briefly is that the applicant had already commenced his training at the time of changes in the Regulations and that there was no retroactive clause intended.

(2) A foreign-trained orthodontist who had been unsuccessful in the N.D.E.B. examinations requested a special provincial licensing examination. This request was granted and, in due course, he successfully completed the R.C.D.S. examination and was able to be licensed in Ontario.

Change in Regulation Recommended

Because some teaching hospitals now require that full-time graduate students be licensed in Ontario, the Registration Committee has suggested a change in Section 30, Subsection (b) (i) of the Regulations.

This change, as recommended to Council, is as follows:

"Those students enrolled in a full-time graduate programme associated with the provincial faculties of dentistry be given an education licence".

Dental Internship Programs

Since all dental interns are licensed under the Education Licence section of the Regulations, the Registration Committee has recommended that the educational component of these pro-

grams be monitored by the R.C.D.S. This monitoring will include both the content of each program and the time allotted for this education.

Applications for Certification Approved in 1979

Orthodontics, Dr. Saied Molayem, Dr. Lincoln K. Johnson, Dr. Charles R.L. Brown, Dr. Marvino H. Steinberg, Dr. Paul A. Milne, Dr. Gordon M. Organ, Dr. Reijo E. Peltoniemi, Dr. Gerry R. Solomon, Dr. George Rothenstein, Dr. Mark D. Pus, Dr. Donald G. Cronin, Dr. Carrol A. Fenn, Dr. Donald Taylor, Dr. William B. McLaird, Dr. Alan D. Bobkin, Dr. Edward J. Pong.

Paedodontics, Dr. Douglas H. Johnston, Dr. Mario Palermo, Dr. Arja L. Peltoniemi, Dr. Jack Maltz, Dr. Pete Pannozzo.

Specialty Consultants

Applicants for certification must have their credentials reviewed by two Specialty Consultants: one appointed by the R.C.D.S. and one appointed by each specialty group. The Registration Committee depends a great deal on the comments and recommendations of these consultants in making their decisions regarding the granting of certification.

The current list of Specialty Consultants is as follows:

	Appointed by R.C.D.S.	Appointed by Specialty Group
1. Prosthodontics	- Dr. E.J. Rajczak	Dr. L.G. Lawrence
2. Paedodontics	- Dr. G.Z. Wright	Dr. F. Pulver
3. Endodontics	- Dr. A.H. Thompson	Dr. J.S. Smith
4. Oral Surgery	- Dr. I.D.F. Schofield	Dr. J. Becker
5. Periodontics	- Dr. R.G. Golden	Dr. H. Freedman
6. Public Health	-	Dr. R.K. Ryan
7. Orthodontics	- Dr. B. Hemrend	Dr. R.T. Lang
8. Oral Pathology	- Dr. R.I. Brooke	Dr. R.J. McComb
9. Oral Radiology	- Dr. J.A. Reid	Dr. S.M. Fireman

The term of office of these consultants coincides with the terms of office of the members of Council.

Oral Radiology, Dr. Jack W. Halip.

Periodontics, Dr. Gerald J. Quint, Dr. Anthony M. Mazzatto, Dr. Gerald E. Pearson, Dr. Frederick M. Dawson, Dr. Frank D.W. Csik, Dr. Steven C. Corber, Dr. Thomas R. McIntyre, Dr.

Christopher H. Hawkins.

Oral Surgery, Dr. Marion J. Morgan, Dr. Thomas R. Stevenson, Dr. Terence A. Summers, Dr. Daniel K.L. Yip, Dr. Howard Chung, Dr. Harry M. Amos.

Prosthodontics, Dr. Karl H. Lederman.

Dental Public Health, Dr. James W. Shosenberg.

Acknowledgement

I wish to thank the members of the Registration Committee for their efforts this year on behalf of the College.

legal

Report of the Legal and Legislation Committee *Elliott Siegel MD, DMD, Chairman. Committee Members: Jack Berman DDS and James Fawcett DDS*

Elliott Siegel MD, DMD

Report of Legal and Legislation Committee

The year to year work of this Committee largely encompasses consideration of progressive and continuous change in the Regulations which by and large determine the rules under which Dentistry may be practised in this Province - the Health Disciplines Act is under control of the Legislature and change comes far more slowly.

In the case of the Regulations, while several years may elapse from the proposal of a change by the R.C.D.S., the final approval only comes at the pleasure of the cabinet and the

Ministry of Health - "the wheels of justice grind slowly but they grind exceedingly fine".

The present Regulations, revised as recently as 1974, arose largely from conditions which reflected professional life in Ontario for the preceding twenty to forty years.

It must be obvious that the politico-economic and professional practise climate has undergone considerable change in the past few years and it was considered appropriate for the Committee to review certain regulations to reflect present realities and future pressures being brought to bear upon the profession. These pressures included:

1. A rapidly increasing number of dentists with a relatively static population growth.
2. A harsher economic climate.
3. The rise of consumerism.

We must however pause to reflect on the other side of the coin - that all the self governing professions have been granted a virtual economic monopoly in their respective fields - this factor along with the privilege of self government is sure to excite distrust and criticism in today's climate of public opinion. That which was perfectly acceptable twenty years ago has become wide open to attack today.

This calls for a heightened degree of responsibility on the part of our profession if we are to continue to deserve these unique privileges. From this fact stems many of the actions, legislative and otherwise, of the R.C.D.S., and the public interest must remain paramount or the *raison d'être* of the R.C.D.S. ceases to exist.

Practically speaking, often, any change in regulations involving major policies of the R.C.D.S. raises more questions than it solves and this is the dilemma in which the R.C.D.S. now finds itself.

It is in this area that input from the profession and the public is of considerable importance.

Issues

Advertising

An attempt has been made to liberalize certain portions of the regulations respecting signs and other advertising. This consideration has opened wider issues which will not quickly be resolved and will require wider input and prolonged debate.

Credit Cards

This issue will be raised again in 1980, following an expression of opinion by the profession in 1979.

Emergency Dental Clinics

This seems to be mainly an issue involving Metro Toronto at present - with the subsidiary problem of advertising underlying the resolution of the problem. It would appear that consideration must be given to adding to the regulations to encompass this new entity.

Capitation and Closed Panel Schemes for Prepaid Dentistry

This concept, while not new, promises to be a subject of some interest and concern to the profession.

Union Clinics

(Sudbury, St. Catharines and Local 183 Labourers Union - Toronto) - are being monitored by the R.C.D.S. and are in accord with R.C.D.S. regulations.

Dental Offices in Department and Other Stores - are not contrary to the

regulations. It is not appropriate that the College control the location of Dental Offices.

Oral Surgery - An application from the Ontario Society of Oral & Maxillo Facial Surgeons to change the official designation of Oral Surgeon to Oral & Maxillo Facial Surgeon has met with opposition from the College of Physicians and Surgeons. It is unlikely that this issue will be resolved quickly.

Health Disciplines Appeal Board

A difference of opinion with respect to the powers of the above Board has arisen. Resolution may take considerable time.

Minor Changes in Regulations

a. With respect to specialty certification - an amended regulation concerning one year's prior general practice has been passed and approved by Government.

b. A change in regulations respecting use of name for practice purposes has been passed by R.C.D.S. but not yet approved by government. This means that a dentist must practise under the name he/she used upon graduation. Requests for changes must be accompanied by: (a) Marriage Certificate, (b) Divorce Decree or (c) Legal Name Change Documents.

The purpose of the R.C.D.S. is to make the rules under which the public get protection and fair play in its relations with the practitioner. This Committee and the R.C.D.S. need sympathy, support and input from dentists if it is to do its job properly and continue to maintain the degree of responsible self-government that we have enjoyed heretofore.

inspection

Report of the Inspector Frank M. Greer

Frank M. Greer

Illegal Practice of Dentistry

(a) Benjamin Sweet, 2387 Eglinton Avenue East, Scarborough, Ontario, appeared in Old City Hall Court on July 30, 1979 and pleaded not guilty to illegal practice of dentistry. His defence was "lack of jurisdiction" on the grounds that the offence was not one that came under Part 2, of the Health Disciplines Act. He was found guilty by Judge Ross and fined \$1,000.00 or 14 days in jail. Mr. Sweet has filed an appeal on this conviction.

(b) George Rytwinski, 479 Roncesvalles Avenue, Toronto, Ontario, appeared in Old City Hall Court on July 30, 1979 and pleaded not guilty to illegal practice of dentistry. He was found guilty by Judge Ross and fined \$500.00 or 7 days in jail.

(c) Wilfrid Manelli, 261 Ch. Marier Street, Vanier, Ontario, appeared in Ottawa Court on November 19, 1979 and pleaded not guilty to illegal prac-

tice of dentistry. He was found guilty and fined \$400.00 or 30 days in jail.

(d) Zeljko Popovic, 264 Third Avenue, Timmins, Ontario appeared in Timmins Court on December 5, 1979 and pleaded guilty to illegal practice of dentistry. He was fined \$250.00 or 15 days in jail.

(e) Len Vermeulen, 72 Pine Street, Collingwood, Ontario appeared in Collingwood Court on January 8, 1980 and pleaded guilty to illegal practice of dentistry. He was fined \$250.00 or 20 days in jail.

Note: The above cases involved fabrication of partial dentures by Denture Therapists without the necessary supervision of a dentist.

Appeals

(1) An appeal in the case of Hary Blank a denture therapist came to the Divisional Court on October 2, 1979. He had appealed the decision of Mr. Justice J. Linden of the Supreme Court of Ontario. Arguments were heard

and the Divisional Court consisting of three Supreme Court Judges, dismissed the appeal and upheld the decision of Mr. Justice J. Linden.

(2) The Royal College of Dental Surgeons had appealed the dismissal of a charge of illegal practice of dentistry against Dhian Thapar, a denture therapist in Whitby, Ontario. This appeal was heard on December 13, 1979 before Judge O'Flynn. The decision of Judge N. Edmondson was reversed and a conviction registered. Mr. Thapar was given a fine of \$350.00

(3) Four dentists have appealed the decision of the Discipline Committee of the Royal College of Dental Surgeons. These cases are presently waiting to be heard in the Supreme Court of Ontario, Division Court.

Denture Therapist Legislation

Several dentists are now using the services of Denture Therapists. It should be brought to your attention the proper procedure for these services. The Act clearly states that supervision must be done in the dentist's office. The patient's treatment is the responsibility of the dentist and the dentist must render all accounts. Clarification of this subject with the College prior to employing a denture therapist could prevent many problems.

Regulations - Signs

The increase in the number of complaints received about illegal signs and advertising has become a concern. For information on these subjects, read

Section 37 of the Ontario Regulations 576/75 under the Health Disciplines Act, 1974. Most of the complaints with signs involve oversized lettering and inclusion of improper information such as telephone numbers and designation of the practice.

Alcohol and Drug Abuse

On occasion, complaints regarding unsatisfactory dentistry can be linked to alcohol and/or drug addiction by the practitioner. The College continues to maintain a close working relationship with the Bureau of Dangerous Drugs. They report the name of any practitioner whose prescribing habits are unusual.

Notes to Financial Statements

— Appendix G.

Revenue

The increase in revenue from licensing reflects the increase in the licence

fee of \$125 per member, and the increase in the number of licensed dentists. The item marked "Hygienists" (net) is composed of the fee derived from licensure and registration, less the costs of conducting dental hygiene examinations.

The dental assistants' upgrading course (net) is composed of the gross revenue, less expenses, less a carry forward to 1979 of revenue towards examinations to be taken in 1979.

Interest is given as a net figure because it represents interest on notes maturing in 1978, plus accruals for 1978 on notes which do not mature until 1979 or later.

Property rent is for space rented to the F.D.I. Congress for a few weeks in 1978, while the administration details of the convention held in Toronto in October 1977 were finalized.

Sundry revenue consists mainly of penalties for late payment of fees, plus the sale of membership lists to dental-related companies.

Expenses

Expenditures in 1978 increased considerably over 1977. Inflation, an increased work-load and general increases in the costs of doing business account for the major part of the increase. Equipment costs in 1978 include the major costs of a computer which will be a non-recurring expense. Honoraria and expenses for members of Council increased because of an increase in the number of committee meetings, particularly the Discipline Committee. The increase in professional fees, which include legal, accounting and audit, is largely due to an increase in legal services required in respect to discipline hearings. Sundry expenses include student relations expenditures, witnesses' fees, a fidelity bond, as well as other miscellaneous expenses.

Excess of Revenue over Expenses

The College received \$31,000 more than it expended in 1978. This

contrasts favourably with 1977, when \$37,000 more was spent than was received.

Surplus

At the end of 1978 the surplus in the general fund stood at \$194,000.

Professional Liability Insurance Plan

The plan continues to operate very successfully in every respect. The revenue represents the sum of \$122.50 per licensed dentist, plus interest.

The expenses of the plan appear to be levelling at just less than \$300,000 per year.

The increase from \$50 per member to \$122.50 has resulted in an excess of revenue over expenses in 1978 as compared to a deficit in 1977.

The surplus at the end of 1978 stands at \$516,728 - after five years of operation. It is the intent of the College to build this surplus fund to a point where a major portion of the expenses of the plan can be met by interest from the surplus fund.

Centennial Fund

This fund was established in 1968 to commemorate the centennial of the founding of the R.C.D.S. The purpose of the fund was to provide an up-to-date dental exhibit at the Ontario Science Centre in Toronto, or for such other purposes as the Council might decide.

In 1978 consideration was given to using the funds for the publishing of a book for the general public, highlighting the scientific aspects of dentistry, but to date no final decision has been made.

The only expenses of the fund were bank charges and the auditors' fee.

Harry R. Abbott Memorial Library Fund

Dr. Harry R. Abbott was President of the R.C.D.S. from 1903 to 1907. In 1924, as a memorial to him, his sister, Mrs. Dorinda Tully, in her will established a fund, the interest on

which was to be used to purchase books for the library of The Royal College of Dental Surgeons of Ontario. In 1925 the R.C.D.S. library became the library of the Faculty of Dentistry of the University of Toronto, and since then this fund each year has assisted the library of the Faculty.

The funds are administered by the R.C.D.S. in compliance with Mrs. Tully's will. The library of the Faculty

has expressed on several occasions its appreciation for these funds.

Re-appointment of Auditors

The firm of Thorne Riddell & Company continues to provide capable and efficient auditing services, as well as accounting advice when requested.

It is recommended that they be re-appointed Auditors for 1979 for all ac-

counts under the jurisdiction of the R.C.D.S.

Appreciation

At this time each year I take the opportunity to bring to your attention that the College is served by a staff of loyal and devoted people, who are genuinely concerned about those we serve. They go about their duties efficiently and courteously. I am very grateful to all of them.

Riddell
& Co.**

CHARTERED ACCOUNTANTS

AUDITORS' REPORT

To the Members of the Council of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of The Royal College of Dental Surgeons of Ontario as at December 31, 1978 and the statements of revenue and expenses and surplus for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the College as at December 31, 1978 and the results of its operations for the year then ended in accordance with the accounting principles described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1978**

1. Accounting Policies

The College follows generally accepted accounting principles except that the cost of furniture, equipment and leasehold improvements is included in expenses as incurred (1978, \$69,851; 1977, \$13,530).

2. Long Term Lease

In 1972 the land and building at 230 St. George Street was sold to The Ontario Dental Association for \$2. The Royal College of Dental Surgeons of Ontario has leased the land and building from The Ontario Dental Association for a period of twenty-five years expiring September 30, 1997 for \$1 plus various operating charges as specified in the lease with an option to renew for an additional twenty-five years and a right of first refusal on any offer for purchase of the property.

3. Professional Liability Insurance Fund

Under the terms of the Professional Liability Insurance Fund, the College is liable for the deductible portion (\$100,000) of claims or incidents which subsequently give rise to validated claims determined on an annual basis. Claims in excess of this deductible amount are paid by the insuring company. As well, the College is liable for all insurance adjuster fees related to claims arising since January 1, 1977. Full provision has been recorded in the accounts for the maximum liability with respect to unsettled claims and insurance adjuster fees related thereto.

4. Reclassification of Comparative Figures

Certain of the 1977 figures presented for comparative purposes have been reclassified to conform with the financial statement presentation adopted for 1978.
